

NaaS Technology Inc. to Hold Extraordinary General Meeting on April 29, 2026

BEIJING, April 2, 2026 /PRNewswire/ -- NaaS Technology Inc. (Nasdaq: NAAS) ("NaaS" or the "Company"), the first U.S.-listed EV charging service company in China, today announced that it will hold an extraordinary general meeting of shareholders (the "EGM") at 10:30 AM Beijing time on April 29, 2026 at Conference Room 5, 2/F Arcadia International Hotel, No. 83 Xiangyun Road, Developing Area, Langfang City, Hebei Province, People's Republic of China, for the purposes of considering and, if thought fit, passing each of the proposed resolutions set forth in the notice of the EGM (the "EGM Notice"). The EGM Notice, which contains details of these proposed resolutions, and the form of proxy cards for the EGM are available on the Company's investor relations website at <https://ir.enaas.com> and are also being furnished today on a Form 6-K to the U.S. Securities and Exchange Commission ("SEC"). The Board of Directors of the Company fully supports the proposed resolutions set out in the EGM Notice and recommends that shareholders and holders of the Company's American depositary shares ("ADSs") vote in favor of these resolutions.

Holders of record of the Company's ordinary shares at the close of business on April 3, 2026 (Cayman Islands time) are entitled to attend and vote at the EGM and any adjournment or postponement thereof. Holders of the ADSs at the close of business on April 3, 2026 (New York City time) who wish to exercise their voting rights for the underlying Class A ordinary shares must act through the depositary of the Company's ADS program, JPMorgan Chase Bank, N.A.

Shareholders and ADS holders may access the Company's public filings free of charge at the Company's investor relations website <https://ir.enaas.com>, and on the SEC's website <http://www.sec.gov>.

About NaaS Technology Inc.

NaaS Technology Inc. is the first U.S. listed EV charging service company in China. The Company is a subsidiary of Newlinks Technology Limited, a leading energy digitalization group in China. The Company is one of the leading providers of new energy asset operation services. The Company utilizes advanced technology to intelligently match charging supply with demand, offering electric vehicle users a seamless, efficient, and smart charging experience. Furthermore, NaaS empowers charging stations and charging station operators to optimize their operations, driving greater efficiency and enhancing profitability.

Safe Harbor Statement

This press release contains statements of a forward-looking nature. These statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify these forward-looking statements by terminology such as "will," "expects," "believes," "anticipates," "intends," "estimates" and similar statements. These forward-looking statements involve known and unknown risks and uncertainties and are based on current expectations, assumptions, estimates and projections about the Company and the industry. All information provided in this press release is as of the date hereof, and the Company undertakes no obligation to update any forward-looking statements to reflect subsequent occurring events or circumstances, or changes in its expectations, except as may be required by law. Although the Company believes that the expectations expressed in these forward-looking statements are reasonable, it cannot assure you that its expectations will turn out to be correct, and investors are cautioned that actual results may differ materially from the anticipated results. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: NaaS' goals and strategies; its future business development, financial conditions and results of operations; its ability to continuously develop new technology, services and products and keep up with changes in the industries in which it operates; growth of China's EV charging industry and EV charging service industry and NaaS' future business development; demand for and market acceptance of NaaS' products and services; NaaS' ability to protect and enforce its intellectual property rights; NaaS' ability to attract and retain qualified executives and personnel; the COVID-19 pandemic and the effects of government and other measures that have been or will be taken in connection therewith; U.S.-China trade war and its effect on NaaS' operation, fluctuations of the RMB exchange rate, and NaaS' ability to obtain adequate financing for its planned capital expenditure requirements; NaaS' relationships with end-users, customers, suppliers and other business partners; competition in the industry; relevant government policies and regulations related to the industry; and fluctuations in general economic and business conditions in China and globally. Further information regarding these and other risks is included in NaaS' filings with the SEC.
