PROSPECTUS SUMMARY

The following summary is qualified in its entirety by, and should be read in conjunction with, the more detailed information, financial statements and related notes appearing elsewhere in this prospectus. In addition to this summary, we urge you to read the entire prospectus carefully, especially the risks of investing in the ADSs discussed under "Risk Factors," before deciding whether to buy the ADSs. This prospectus contains certain estimates and information from an industry report commissioned by us and prepared by Frost & Sullivan, an independent market research firm, regarding our industries and our market positions in China. This prospectus also contains information and statistics relating to China's economy and the industries in which we operate which are derived from various publications issued by market research companies and the PRC governmental entities, and have not been independently verified by us, the underwriters or any of their respective affiliates or advisers. The information in such sources may not be consistent with other information compiled in or outside of China.

Our Business

We operate in China's junior English Language Training, or ELT, market, which refers to after-school English teaching and tutoring services provided by training institutions to students aged three to 18. We are a leader in China's junior ELT market according to Frost & Sullivan, and we ranked second in 2016 with a market share of 10.7% in terms of gross billings in the premium segment. Furthermore, in 2016, we ranked first in the junior ELT market in Beijing with a market share of 11.4% and ranked second in the junior ELT market in tier-one cities with a market share of 5.9%, both in terms of gross billings according to Frost & Sullivan.

We pioneered the "subject-based learning" teaching philosophy in China, whereby various subject matters, such as language arts, math, natural science and social science are used to teach English. Our course offerings use interactive courseware to create an immersive English learning environment that helps students learn to speak and think like a native speaker. In addition, our curricula are designed to foster leadership and critical thinking skills in students while developing their self-confidence and sense of independence. This innovative and holistic approach to teaching English is increasingly attractive to Chinese parents who are looking for alternatives to traditional ELT programs in China, which are more test-oriented.

In 2016 and for the six months ended June 30, 2017, we had 36,173 and 26,600 student enrollments, respectively, in self-owned learning centers. We currently offer three flagship courses, namely Rise Start, Rise On and Rise Up, that are designed for students aged three to six, seven to twelve and 13 to 18, respectively. The curricula of Rise Start and Rise On use courseware that we have licensed from Houghton Mifflin Harcourt Publishing Company, or HMH, a leading American educational publisher, along with other self-developed content, while the curriculum of Rise Up is primarily based on our self-developed content. We also offer a number of complementary products to further enhance our students' learning experience, including Can-Talk, Rise Library Online, Rise Camp, Rise Workshop and Rise Overseas Study Tour.

We devote significant resources to curriculum development to ensure that our course offerings are up-to-date, engaging and effective. We also focus on teacher training through a set of rigorous and systematic processes and programs so that teachers in both self-owned learning centers and franchised learning centers are able to deliver our curricula at a level consistent with our standards. As of June 30, 2017, we had 1,315 teachers in self-owned learning centers. Collectively, the quality of our course offerings and our unique teaching philosophy has helped us develop a strong and powerful brand that is attractive to parents.

Our business model is highly scalable. We have a network of both self-owned learning centers as well as franchised learning centers. As of June 30, 2017, we had a network of 246 learning centers across 80 cities in China, among which 56 were self-owned centers primarily located in tier-one cities and 190 centers were

franchised learning centers primarily located in non-tier-one cities. RISE Education Cayman Ltd is a holding company without substantive operations and we conduct our operations through PRC entities, including our variable interest entity, or VIE, and its subsidiaries and schools. We have enjoyed significant growth over the past few years. Our revenues increased from RMB529.5 million in 2015 to RMB711.0 million (US\$104.9 million) in 2016, and increased from RMB315.0 million for the six months ended June 30, 2016 to RMB437.1 million (US\$64.5 million) for the six months ended June 30, 2017, largely as a result of the growth of self-owned learning centers. As our network of learning centers has expanded, our brand has also strengthened. This has allowed us to maintain our position as a market leader, command premium pricing, improve profitability and enjoy a highly loyal customer base. In 2016, we had a 67% student retention rate, 63% higher than the industry average of 41%, according to Frost & Sullivan and our student retention rate improved further to 70% in the six months ended June 30, 2017. We recorded EBITDA of RMB40.8 million and RMB142.3 million (US\$21.0 million) in 2015 and 2016, respectively, and RMB58.6 million and RMB109.6 million (US\$16.2 million) for the six months ended June 30, 2016 and 2017, respectively. We recorded a net loss of RMB31.7 million in 2015 while we recorded net income of RMB50.8 million (US\$7.5 million) in 2016, and we recorded a net income of RMB18.3 million and RMB57.8 million (US\$8.5 million) for the six months ended June 30, 2016 and 2017, respectively.

Our Industry

China's junior ELT market is rapidly growing, driven by favorable government policies, supportive economic conditions, and increasing cultural and societal emphasis on English education. According to Frost & Sullivan, China's junior ELT market, is expected to grow to RMB239.8 billion in 2021 from RMB85.2 billion in 2016, representing a CAGR of 23.0%.

- *China's Age 3-6 ELT Market*. Provides English language training mainly for students in preschool. It is expected to be the fastest growing segment in the junior ELT market in China, expanding from RMB18.6 billion in 2016 to RMB62.8 billion in 2021, representing a CAGR of 27.6%.
- *China's Age 7-12 ELT Market*. Provides English language training mainly for students in elementary school. It is the largest segment in terms of gross billings in the junior ELT market in China. The 7-12 ELT market is expected to grow from RMB45.0 billion in 2016 to RMB125.3 billion in 2021, representing a CAGR of 22.7%.
- China's Age 13-18 ELT Market. Provides English language training mainly for students in middle school and above. This segment is
 expected to grow from RMB21.6 billion in 2016 to RMB51.7 billion in 2021, representing a CAGR of 19.1%.
- *China's Premium Junior ELT Market*. According to Frost & Sullivan, within China's junior ELT market, the premium segment, which includes providers offering products with annual fees above RMB16,000 per year, is expected to outpace the overall junior ELT market in terms of growth. The premium junior ELT market is expected to grow in terms of gross billings from RMB8.1 billion in 2016, to RMB22.8 billion in 2021, representing a CAGR of 23.0%.

Despite its rapid development, the junior ELT market in China remains highly fragmented and there is significant opportunity to gain market share. According to Frost & Sullivan, the top ten junior ELT providers in China only accounted for 6.7% of the market by gross billings in 2016. Moreover, based on a survey by Frost & Sullivan, parents prefer junior ELT providers with strong branding, course content, and course offerings focused on the English conversational ability of students.

Implications of Being an Emerging Growth Company

As a company with less than US\$1.07 billion in revenue for our last fiscal year, we qualify as an "emerging growth company" pursuant to the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. An emerging growth company may take advantage of specified reduced reporting and other requirements compared to those that are otherwise applicable generally to public companies. These provisions include exemption from the auditor

attestation requirement under Section 404 of the Sarbanes-Oxley Act of 2002 in the assessment of the emerging growth company's internal control over financial reporting. The JOBS Act also provides that an emerging growth company does not need to comply with any new or revised financial accounting standards until such date that a private company is otherwise required to comply with such new or revised accounting standards. However, we have elected to "opt out" of this provision and, as a result, we will comply with new or revised accounting standards as required when they are adopted for public companies. This decision to opt out of the extended transition period under the JOBS Act is irrevocable.

We will remain an emerging growth company until the earliest of (a) the last day of the fiscal year during which we have total annual gross revenue of at least US\$1.07 billion; (b) the last day of our fiscal year following the fifth anniversary of the completion of this offering; (c) the date on which we have, during the preceding three-year period, issued more than US\$1.07 billion in non-convertible debt; or (d) the date on which we are deemed to be a "large accelerated filer" under the Exchange Act, as amended, which would occur if the market value of our ADSs that are held by non-affiliates exceeds US\$700 million as of the last business day of our most recently completed second fiscal quarter. Once we cease to be an emerging growth company, we will not be entitled to the exemptions provided in the JOBS Act discussed above.

(2) EBITDA margin is calculated by dividing EBITDA by revenues.

RISK FACTORS

An investment in our ADSs involves significant risks. You should carefully consider all of the information in this prospectus, including the risks and uncertainties described below, before making an investment in our ADSs. Any of the following risks could have a material adverse effect on our business, financial condition, results of operations and prospects. In any such case, the market price of our ADSs could decline, and you may lose all or part of your investment.

Risks Related to Our Business and Industry

We may not be able to attract new students or retain our existing students.

The success of our business depends largely on the number of students. Therefore, our ability to continue to attract new students and retain existing students is critical to our continued success and growth. Being able to do so is dependent on a variety of factors, including our ability to maintain and enhance product and service quality, refine our teaching methodologies and innovate and develop new products to respond to our customers' demands and changing market trends. If we are unable to continue to attract new students or retain existing students, our revenues may decline, or we may not be able to maintain profitability, either of which could have a material adverse effect on our business, financial condition and results of operations.

We may not be able to maintain or enhance our brand.

We believe that our "RISE" brand has contributed significantly to the success of our business and thus it is one of our key competitive advantages. We undertake a number of initiatives and invest significant capital and other resources to promote our brand. However, our branding efforts may not be successful or may even inadvertently damage our brand. Moreover, our brand may be materially and adversely affected if our franchise partners fail to properly maintain the operations of their franchised learning centers. Furthermore, any negative publicity relating to our company, products, teachers, employees and students, self-owned learning centers, franchise partners, franchised learning centers or their teachers, employees and students, regardless of its veracity, could harm our brand image and reputation and even expose us to adverse legal and regulatory consequences. If we are unable to maintain or enhance our brand, eliminate incidents of negative publicity, or manage our marketing and branding spend, our business and results of operations may be materially and adversely affected.

We face intense competition in our industry, and we may fail to maintain or gain market share.

The junior ELT market in China is rapidly evolving, highly fragmented and intensely competitive. Competition in this industry may persist and even intensify. We compete with other junior ELT service providers in a number of areas, such as brand image, course content and structure and service quality. Some of these competitors may have greater financial or other resources than we do. We cannot assure you that we will be able to compete successfully against existing or potential competitors, and if we fail to gain or maintain, or if we lose market share, our business, financial condition and results of operations may be materially and adversely affected.

We may not be able to grow as rapidly as we have in the past, or effectively execute our growth strategies.

We aim to continue to open new self-owned learning centers, and cooperate with franchise partners to open new franchised learning centers. We also aim to continue enrolling new students, recruiting new teachers, increasing the operating efficiency of our existing and new learning centers and investing in complementary products. However, we may not be able to continue to grow as rapidly as we have in the past.

Furthermore, if we fail to execute our growth strategies effectively, our financial condition and results of operations may be materially and adversely affected.

Our profitability may decline due to various factors.

We may face challenges in maintaining our profitability due to a rise in either or both of our fixed and variable costs as a percentage of our overall revenues. Our fixed costs largely comprise rental and personnel costs while variable costs primarily include teacher and sales and marketing costs. The rise in fixed or variable costs may be due to increasing competition, a result of operational decisions or unexpected. Any of these factors may negatively affect our profitability and have a material adverse effect on our financial condition and results of operations.

We may not be successful in introducing new products or enhancing our existing products.

We currently offer three flagship courses Rise Start, Rise On and Rise Up, as well as a series of complementary products. We intend to continue developing new products, as well as further enhancing our existing products. This process is subject to risks and uncertainties, such as unexpected technical, operational, logistical or other problems that could delay the process temporarily or permanently. Moreover, we cannot assure you that any of these new products or enhancement of existing products will fulfill customer needs, match the quality or popularity of those developed by our competitors, achieve widespread market acceptance or generate incremental revenues.

In addition, introducing new products or enhancing existing products requires us to make various investments in curriculum and courseware development and management, incur personnel expenses and potentially reallocate other resources. If we are unable to develop new products or cannot do so in a cost-effective manner, or are otherwise unable to manage effectively the operations of those products, our financial condition and results of operations could be adversely affected.

A number of learning centers operate without the required licenses, permits, filings or registrations.

In order to operate our business, we must receive a number of licenses, permits, and approvals, make filings or complete registrations. These include receiving private school operating permits and private non-enterprise entity certificates, receiving approvals from or making filings to local education bureaus, and passing fire control assessments. Given the significant amount of discretion held by local PRC authorities in interpreting, implementing and enforcing relevant rules and regulations, as well as other factors beyond our control, we cannot guarantee you that we will be able to obtain and maintain all requisite licenses, permits, approvals, filings, or pass all requisite assessments. While we are in the process of bringing our operations into compliance, among all our self-owned learning centers, those that as of the date of this prospectus do not possess the required private school operating permit or private non-enterprise entity certificates, have not obtained approvals from or made filings to local education bureaus, or have not passed the required fire control assessments, as a whole, were responsible for 24.7% of our total revenues in the six months ended June 30, 2017. Further, new learning centers that we open may have similar compliance issues for a period of time after their opening. Though as of the date of this prospectus no action has been taken against us or any of our learning centers, if any of our current or future learning centers fail to receive the requisite licenses, permits and approvals, make the necessary filings, or complete all requisite registrations, that learning center may be subject to penalties. These may include fines, orders to promptly rectify the non-compliance, or if the non-compliance is deemed by the regulators to be serious, the school may be ordered to return tuition and fees collected and pay a multiple of the amount of returned tuition and fees to regulators as a penalty or may even be ordered to cease operations.

Moreover, under PRC laws and regulations, we may be required to obtain an ICP license, an audio or video program transmission license, an internet culture permit and an online publishing services permit for the operation of our online educational products, such as Rise Up and Can-Talk. Although we have not received any material fines or other penalties for non-compliance in the past, if we are not able to comply with all applicable

legal requirements, we may be subject to fines, confiscation of the gains derived from our non-compliant operations, suspension of our non-compliant operations or revocation of the operating permits of the non-compliant schools, any of which may materially and adversely affect our business, financial condition and results of operations.

We may fail to successfully grow or operate our franchise business as our franchise partners may fail to operate the franchised learning centers effectively or we may be unable to maintain our relationships with our franchise partners.

We derive revenues from our franchise business through initial or renewal franchise fees, recurring franchise fees based on an agreed percentage of each franchised learning center's collected tuition fees, and the sale of individual course materials. We expect our franchise revenues to increase as we grow. We rely on our franchise partners to open and operate new learning centers and our results of operations depend on our ability to attract as well as retain franchise partners. Our franchise partners are independent operators and are responsible for the profitability and financial viability of their learning centers. If our franchise partners fail to operate their learning centers effectively or grow their operations, then our financial condition and results of operations may be materially and adversely affected.

We typically sign a five-year franchise agreement with our franchise partners. Upon expiration of the franchise agreement, we may not be able to renew because it is subject to mutual agreement by both parties. If we fail to renew the franchise agreement, it may also adversely impact our financial condition and results of operations.

We may not effectively monitor or manage the operations of franchised learning centers.

Our franchise partners are required to use our standardized curricula and teaching methodologies and to comply with other standardized operating procedures and requirements for the franchised learning centers. However, we may not be able to effectively monitor or control the operations of these learning centers as our franchise partners may deviate from our standards and requirements. Moreover, we do not control the actions of their employees, including their teachers. As a result, the quality of franchised learning center operations may be adversely affected by any number of factors beyond our control.

While we ultimately can take actions to terminate or choose not to renew existing franchise agreements with franchise partners who do not comply with the terms and conditions stipulated by our franchise agreements, including standardized operating procedures, we may not be immediately aware or able to identify problems or take actions quickly enough to resolve these problems. This may lead to potential legal and regulatory non-compliance incidents. For instance, lack of the requisite permits and licenses to operate the franchised learning centers or a failure in registration of franchise agreements with PRC authorities may subject our franchise partners to regulatory risks, which may significantly affect our brand, the results of operations of the franchised learning centers and in turn adversely and materially affect our financial condition.

Our success depends on the continuing efforts of our senior management team and other key personnel and our business may be harmed if we lose their services.

Our success depends in part on the continued application of services, efforts and motivation of our senior management team and key personnel. If one or more of our senior management members or key personnel are unable to continue in their present positions, we may not be able to find replacements successfully, and our business may be disrupted.

We will need to continue to hire additional personnel as our business grows. A shortage in the supply of personnel with requisite skills could negatively impact our ability to manage our existing products and services, launch new products and expand our operations. There is competition for experienced personnel in the private education industry and key personnel could leave us to join our competitors. Losing the services of our experienced personnel may be disruptive to and cause uncertainty for our business, which may have a material adverse effect on our business, financial condition and results of operations.

We may not be able to continue to recruit, train and retain a sufficient number of qualified teachers.

Teachers help us maintain the quality of our education and services, as well as our brand and reputation. Our ability to continue to attract teachers with the necessary experience and qualifications is a key factor in the success of our operations. We seek to hire qualified teachers who are dedicated to teaching and are able to follow our teaching procedures and deliver effective instruction. The market for teacher recruitment in China is competitive, and we must also provide continued training to ensure that teachers stay abreast of changes in student demands, our teaching methodologies and other key trends necessary. Further, the Measures of Punishment for Violation of Professional Ethics of Primary and Secondary School Teachers, promulgated by the PRC Ministry of Education, or MOE, on January 11, 2014, prohibits teachers of primary and secondary schools from providing paid tutoring in schools or in out-of-school learning centers. Although we do not particularly target public school teachers in our teacher recruitment and we typically do not hire part-time teachers, in order to recruit qualified full-time teachers, including those with public school experience, we must provide candidates with competitive compensation packages and offer attractive career development opportunities. Although we have not experienced major difficulties in recruiting or training qualified teachers in the past, we cannot guarantee we will be able to continue to recruit, train and retain a sufficient number of qualified teachers in the future, which may have a material adverse effect on our business, financial condition and results of operations.

We may encounter disputes from time to time relating to the use of third party intellectual properties.

We cannot assure you that our products, courseware, course materials or any intellectual property developed or used by us do not or will not infringe the intellectual property rights held by third parties.

Under our intellectual property arrangements with HMH, we have an exclusive, subject to certain pre-existing third party rights, and royalty-free license from HMH to use certain HMH courseware developed before October 2011 in China permanently for after-school tutoring services for the primary purpose of teaching the English language to non-native English speaking students. The curricula of Rise Start and Rise On uses HMH courseware along with other self-developed content. The arrangements with HMH also entitle us to develop derivative products based on this HMH courseware.

Furthermore, we are subject to certain sublicensing restrictions under our arrangements with HMH. For example, we cannot sublicense to any party that has been finally adjudged as liable for willful copyright infringement in the last five years and we cannot guarantee that the sublicensing restrictions have been fully complied with when we sublicense our curricular to our franchise partners. As a result, we may be deemed liable for breaching our obligations under the license arrangements with HMH.

As of the date of this prospectus, we are not aware of any ongoing legal proceedings or disputes alleging our infringement of third-party intellectual properties. However, we may encounter disputes from time to time over rights and obligations concerning intellectual property, and we may not prevail in those disputes. Any such intellectual property infringement claim could result in costly litigation and divert our management attention and resources.

We may fail to adequately protect our intellectual property rights, and we may be exposed to intellectual property infringement claims by third parties.

Since our inception, our trademarks, copyrights, domain names, trade secrets and other intellectual property rights have distinguished us from our competitors and strengthened our competitive advantages.

Under our arrangements with HMH, we are entitled to develop and have developed derivative products based on licensed HMH courseware, and we own the intellectual property rights for all of these derivative products, including trademarks and copyrights, subject to HMH's ownership of the intellectual property rights in its underlying courseware. We hold a variety of intellectual property rights, including ten registered domain names, 202 registered trademarks in China, 67 copyright registrations in China and one patent in China as of June 30, 2017. Unauthorized use of any of our intellectual property by third parties, including our franchise

partners, may adversely affect our business and reputation. We rely on a combination of copyright, trademark and trade secrets laws, and confidentiality agreements with our employees and contractors, to protect our intellectual property rights. We also regularly monitor any infringement or misappropriation of our intellectual property rights. Nevertheless, third parties may obtain and use our intellectual property without due authorization. The practice of intellectual property rights enforcement by the PRC regulatory authorities is in its early stage of development and is subject to significant uncertainty. We may also need to resort to litigation and other legal proceedings to enforce our intellectual property rights. Any such action, litigation or other legal proceedings could result in substantial costs and diversion of our management's attention and resources and could disrupt our business. In addition, we cannot assure you that we will be able to enforce our intellectual property rights effectively or otherwise prevent others from the unauthorized use of our intellectual property. Failure to adequately protect our intellectual property could materially and adversely affect our business, financial condition and results of operations.

Accidents, injuries, suspension of service or other harm may occur at our learning centers or the events we organize.

We could be held liable if any student, employee or other person is injured in any accident at any of our learning centers or the events we organize. Although we believe we take appropriate measures to prevent these risks, we may still be held liable if any such incident occurs. Parents may perceive our facilities or events to be unsafe, which may discourage them from sending their children to our learning centers or events. Although we maintain liability insurance, the insurance coverage may not be adequate to fully protect us from claims of all kinds and we cannot guarantee that we will be able to successfully claim under our existing liability insurance policies or obtain sufficient liability insurance in the future. We have historically encountered isolated student-related accidents on our learning center premises. Any criminal or liability claim against us or any of our employees could adversely affect our reputation and ability to attract and retain students. Any of these incidents may create unfavorable publicity, cause us to incur substantial expenses and divert the time and attention of our management.

We may not be able to integrate businesses that we may acquire in the future.

We may make acquisitions to facilitate our business growth, such as expanding into other geographic markets, serving different age groups of students and extending our product portfolio. We cannot assure you that we will be able to integrate the acquired businesses with our existing operations, and we may incur significant financial resources to streamline the operation of the acquired businesses under our internal control requirements and divert substantial management attention to the transition of the acquired businesses before achieving full integration. In addition, the businesses we acquire may be loss making or have existing liabilities or other risks that we may not be able to effectively manage or may not be aware of at the time we acquire them, which may impact our ability to realize the expected benefits from the acquisition or our financial performance. If we fail to integrate the acquired businesses in a timely manner or at all, we may not be able to achieve the anticipated benefits or synergies from the acquired businesses, which may adversely affect our business growth.

Our results of operations are subject to seasonal fluctuations.

Our industry generally experiences seasonality. Seasonal fluctuations have affected, and are likely to continue to affect, our business. In general, we generate higher revenues in the third quarter as we generate revenues from summer overseas study tours during the summer holiday. We also generally generate lower revenues in the first quarter as we deliver fewer classes due to the Chinese New Year holiday, which is partially offset by revenues generated from our winter overseas study tours. Overall, although the historical seasonality of our business has been relatively mild, we expect to continue to experience seasonal fluctuations in our results of operations. These fluctuations may result in volatility in and adversely affect the price of our ADSs.

We may not be able to conduct our selling and marketing activities effectively.

Our selling and marketing activities may not be well received by parents or students and may not result in the level of sales that we anticipate. In addition, we may not be able to retain or recruit experienced selling and marketing staff, or to efficiently train junior staff. Moreover, selling and marketing methods and tools in the junior ELT market in China continue to evolve. This may require us to experiment with new methods to keep pace with industry developments and student needs. Failure to refine our existing approaches or to implement new approaches in a cost-effective manner may reduce our market share, cause our revenues to decline and negatively impact our profitability.

We may have to relocate our learning centers.

As of June 30, 2017, we leased a total area of approximately 67,800 square meters for self-owned learning centers across China, and we may have to relocate for a number of reasons.

Our lease arrangements are typically for a term of at least five years, and are renewable upon mutual consent at the end of the period. We may not be able to successfully renew leases upon expiration of the current term, and may decide to move to more premium locations or have to relocate our operations for various other reasons, including increase of rentals and failure in passing the fire prevention assessment in certain locations. In those cases, we may not be able to locate desirable alternative sites for our learning centers or at a reasonable price.

We have not been able to receive from our lessors of some of our leased properties copies of title certificates or proof of authorization to lease the properties to us. In addition, we have not registered most of our lease agreements with relevant government authorities as required by PRC law. As of the date of this prospectus, we are not aware of any actions, claims or investigations threatened against us or our lessors with respect to the defects in our leasehold interests. However, if any of our leases is terminated as a result of challenges by third parties or governmental authorities for lack of title certificates or proof of authorization to lease, we do not expect to be subject to any fines or penalties but we may be forced to relocate the affected learning centers and incur additional expenses relating to such relocation. In addition, failure to complete the lease registration will not affect the legal effectiveness of the lease agreements according to PRC law, but the real estate administrative authorities may require the parties to the lease agreements to complete lease registration within a prescribed period of time and the failure to do so may subject the parties to fines from RMB1,000 to RMB10,000.

Our data management system may have weakness and personal data that we collect and retain may be publicly disclosed due to a system failure or otherwise.

We maintain personal data, such as academic records, address and family information of students, teachers and other employees. If the security measures we use to protect personal data are ineffective due to a system failure or other reasons, we could be liable for claims of invasion of privacy, impersonation, unauthorized purchases or other claims. In addition, we could be held liable for the misuse of personal data, fraudulent or otherwise, by students, teachers and other employees. We could incur significant expenses in connection with rectifying any security breaches, settling any resulting claims and providing additional protection to prevent additional breaches. In addition, any failure to protect personal information may adversely impact our ability to attract and retain students, harm our reputation and materially and adversely affect our business, results of operations and prospects.

Our relationships with overseas education service providers may deteriorate.

We collaborate with various overseas schools and institutions to provide overseas study tours to students where we are the operator who set the price. We organize tours for students to attend classes abroad, in preschools, elementary schools and middle schools, primarily in the United States and Canada. These

relationships help us offer more diverse products, and charge a premium for the products we offer with other overseas education service providers. These relationships also help us enhance our brand and reputation and provide exposure to international educational best practices and methods.

If our relationships with any of these overseas education service providers deteriorate or are otherwise damaged or terminated, or if the benefits we derive from these relationships diminishes, whether as a result of our own actions or the actions of others, including our competitors, or of regulatory authorities or other entities beyond our control, our business, prospects, financial condition and results of operations could be adversely affected.

We have limited insurance coverage with respect to our business and operations.

We are exposed to various risks associated with our business and operations, and we have limited insurance coverage. See "Business—Insurance" for more information. We are exposed to risks including, among other things, accidents or injuries in our learning centers, loss of key management and personnel, business interruption, natural disasters, terrorist attacks and social instability or any other events beyond our control. The insurance industry in China is still at an early stage of development, and as a result insurance companies in China offer limited business related insurance products. We do not have any business interruption insurance, product liability insurance or key-man life insurance. Any business disruption, legal proceeding or natural disaster or other events beyond our control could result in substantial costs and diversion of our resources, which may materially and adversely affect our business, financial condition and results of operations.

Our employees may engage in misconduct or other improper activities.

Like all companies, we face the risk of employee misconduct or other improper activities. Employee misconduct could include intentional failures to comply with laws and regulations, unauthorized activities, attempts to obtain reimbursement for improper expenses, or submission of falsified time records. Negative press reports regarding employee misconduct could harm our reputation, and if our reputation is negatively affected, our future revenues and growth prospects would be adversely affected. It is not always possible to deter employee misconduct, and the precautions we take to prevent and detect this activity may not be effective in controlling unknown or unmanaged risks or losses, which could harm our business, financial condition, results of operations and our ability to meet our financial obligations

We have granted options, and we may continue to grant options under our share incentive plans, which may result in increased share-based compensation expenses.

In 2016, we approved a share incentive plan, or the ESOP Plan, that permits the granting of options to purchase our ordinary shares. The maximum aggregate number of ordinary shares that may be issued pursuant to all awards under the ESOP Plan was 7,000,000. In 2017, we approved a new share incentive plan, or the 2017 ESOP Plan, that permits the granting of options, restricted shares, restricted share units, dividend equivalents, deferred shares, share payment and share appreciation rights. The 2017 ESOP Plan will become effective upon completion of this offering. As of the date of this prospectus, options to purchase 5,985,000 ordinary shares have been granted and outstanding under the ESOP Plan. The options granted are dependent on meeting the conditions of the ESOP Plan's exercisability event which includes the completion of the IPO or change of control. We will not recognize any compensation expense until the exercisability event occurs. As a result, we will incur future share-based compensation expenses upon the occurrence of the exercisability event, upon which the options will be accounted for as a cumulative compensation cost since the service inception date, with the remaining unrecognized compensation cost amortized over the remaining requisite service period.

As of June 30, 2017, the unrecognized compensation expenses related to the non-vested share options amounted to US\$11.9 million, which will be recognized over the remaining requisite period when the exercisability event becomes probable. Expenses associated with share-based compensation awards granted

under our share incentive plan may materially reduce our future net income. However, if we limit the size of grants under our share incentive plan to minimize share-based compensation expenses, we may not be able to attract or retain key personnel.

If we fail to implement and maintain an effective system of internal controls, we may be unable to accurately or timely report our results of operations or prevent fraud.

Prior to this offering, we were a private company with limited accounting personnel and other resources with which to address our internal controls and procedures. Our independent registered public accounting firm has not conducted an audit of our internal control over financial reporting. In connection with the audit of our consolidated financial statements for the years ended December 31, 2014, 2015 and 2016 and as of December 31, 2015 and 2016, we and our independent registered public accounting firm identified one material weakness in our internal control over financial reporting as of December 31, 2016. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Internal Control over Financial Reporting." We have subsequently adopted measures to improve our internal control over financial reporting. We cannot assure you, however, that these measures may fully address these deficiencies in our internal control over financial reporting or that we may conclude that they have been fully remedied. Our failure to correct these control deficiencies or our failure to discover and address any other control deficiencies could result in inaccuracies in our financial statements and could also impair our ability to comply with applicable financial reporting requirements and related regulatory filings on a timely basis. As a result, our business, financial condition, results of operations and prospects, as well as the trading price of our ADSs, may be materially and adversely affected. Moreover, ineffective internal control over financial reporting significantly hinders our ability to prevent fraud.

The audit report included in this prospectus is prepared by auditors who are not fully inspected by the Public Company Accounting Oversight Board, and, as such, you are deprived of the benefits of such inspection.

Our independent registered public accounting firm issues the audit report included in this prospectus filed with the Securities and Exchange Commission, or the SEC. As auditors of companies that are traded publicly in the United States and a firm registered with the Public Company Accounting Oversight Board (United States), or PCAOB, our independent registered public accounting firm, is required by the laws of the United States to undergo regular inspections by PCAOB to assess its compliance with the laws of the United States and professional standards. Because our auditors are located in China, a jurisdiction where PCAOB is currently unable to conduct full inspections without the approval of the Chinese authorities, our auditors are not currently inspected by PCAOB.

Inspections of other firms that PCAOB has conducted outside China have identified deficiencies in those firms' audit procedures and quality control procedures, which may be addressed as part of the inspection process to improve future audit quality. This lack of full PCAOB inspections in China prevents PCAOB from regularly evaluating our auditor's audits and its quality control procedures. As a result, investors may be deprived of the benefits of PCAOB inspections.

The inability of PCAOB to conduct full inspections of auditors in China makes it more difficult to evaluate the effectiveness of our auditor's audit procedures or quality control procedures as compared to auditors outside of China that are subject to PCAOB inspections. Investors may lose confidence in our reported financial information and procedures and the quality of our financial statements.

If additional remedial measures are imposed on the Big Four PRC-based accounting firms, including our independent registered public accounting firm, in administrative proceedings brought by the SEC alleging the firms' failure to meet specific criteria set by the SEC, we could be unable to timely file future financial statements in compliance with the requirements of the Exchange Act.

Beginning in 2011, the Chinese affiliates of the "big four" accounting firms (including our independent registered public accounting firm) were affected by a conflict between the U.S. and Chinese law. Specifically, for

certain U.S.-listed companies operating and audited in China, the SEC and PCAOB sought to obtain access to the audit work papers and related documents of the Chinese affiliates of the "big four" accounting firms. The accounting firms were, however, advised and directed that, under Chinese law, they could not respond directly to the requests of the SEC and PCAOB and that such requests, and similar requests by foreign regulators for access to such papers in China, had to be channeled through the China Securities Regulatory Commission, or CSRC.

In late 2012, this impasse led the SEC to commence administrative proceedings under Rule 102(e) of its Rules of Practice and also under the Sarbanes-Oxley Act of 2002 against the "big four" accounting firms (including our independent registered public accounting firm). A first instance trial of these proceedings in July 2013 in the SEC's internal administrative court resulted in an adverse judgment against the firms. The administrative law judge proposed penalties on the firms, including a temporary suspension of their right to practice before the SEC. Implementation of the latter penalty was postponed pending review by the SEC Commissioners. On February 6, 2015, each of the four China-based accounting firms agreed to a censure and to pay a fine to the SEC to settle the dispute and avoid suspension of their ability to practice before the SEC. The firms' ability to continue to serve all their respective clients is not affected by the settlement. The settlement requires the firms to follow detailed procedures to seek to provide the SEC with access to Chinese firms' audit documents via the China Securities Regulatory Commission. If the firms do not follow these procedures, the SEC could impose penalties such as suspensions, or it could restart the administrative proceedings. The settlement did not require the firms to admit to any violation of law and preserves the firms' legal defenses in the event the administrative proceeding is restarted.

In the event that the SEC restarts administrative proceedings, depending upon the final outcome, listed companies in the U.S. with major PRC operations may find it difficult or impossible to retain auditors in respect of their operations in China, which could result in their financial statements being determined to not be in compliance with the requirements of the Exchange Act, including possible delisting. Moreover, any negative news about any such future proceedings against the firms may cause investor uncertainty regarding China-based, U.S.-listed companies, including our company, and the market price of our shares may be adversely affected.

If our independent registered public accounting firm was denied, even temporarily, the ability to practice before the SEC and we were unable to timely find another registered public accounting firm to audit and issue an opinion on our financial statements, our financial statements could be determined not to be in compliance with the requirements of the Exchange Act. Such a determination could ultimately lead to the delisting of our shares from the Nasdaq or deregistration from the SEC, or both, which would substantially reduce or effectively terminate the trading of our shares in the United States.

Risks Related to Our Corporate Structure

The PRC government may find that the contractual arrangements that establish our corporate structure for operating our business do not comply with applicable PRC laws and regulations.

PRC laws and regulations currently require any foreign entity that invests in the education business in China to be an educational institution with relevant experience in providing education services outside China. Our Cayman Islands holding company is not an educational institution and does not provide education services. To comply with PRC laws and regulations, we operate our business through our PRC consolidated affiliates, including Beijing Step Ahead Education Technology Development Co., Ltd., or Beijing Step Ahead or VIE, and its subsidiaries and schools that operate self-owned learning centers. Beijing Step Ahead is 80% owned by Mr. Peng Zhang and 20% owned by Mr. Yiding Sun. Both shareholders of Beijing Step Ahead are PRC citizens. We entered into a series of contractual arrangements with Beijing Step Ahead and its schools and shareholders, which enable us to:

- exercise effective control over our consolidated affiliates;
- · receive substantially all of the economic benefits from our consolidated affiliates; and

have a call option to purchase all or part of the equity interests in Beijing Step Ahead when and to the extent permitted by the relevant laws.

Because of these contractual arrangements, we are the primary beneficiary of Beijing Step Ahead and its subsidiaries and schools and treat them as our PRC consolidated affiliates under U.S. GAAP. We consolidate the financial results of Beijing Step Ahead and its subsidiaries and schools in our consolidated financial statements in accordance with U.S. GAAP. For a detailed discussion of these contractual arrangements, see "Corporate History and Structure."

There are, however, substantial uncertainties regarding the interpretation and application of current or future PRC laws and regulations concerning foreign investment in the PRC, and their application to and effect on the legality, binding effect and enforceability of the contractual arrangements. In particular, we cannot rule out the possibility that PRC regulatory authorities, courts or arbitral tribunals may in the future adopt a different or contrary interpretation or take a view that is inconsistent with the opinion of our PRC legal counsel.

It is uncertain whether any new PRC laws, rules or regulations relating to VIE structures will be adopted or if adopted, what affect they may have on our corporate structure. In particular, in January 2015, the Ministry of Commerce, or MOFCOM, published a discussion draft of the proposed Foreign Investment Law, or the Draft Foreign Investment Law, for public review and comments. Among other things, the Draft Foreign Investment Law expands the definition of foreign investment and introduces the principle of "actual control" in determining whether a company is considered a foreign-invested enterprise, or an FIE. Under the Draft Foreign Investment Law, variable interest entities would be deemed as FIEs, if they are ultimately "controlled" by foreign investors, and would thus be subject to restrictions on foreign investments. We are controlled by a legal entity incorporated outside of PRC, and therefore, it increases the likelihood that our company may be deemed as controlled by foreigners. However, the draft law has not taken a position on what actions will be taken with respect to existing companies with a "variable interest entity" structure, whether or not these companies are controlled by Chinese parties. It is uncertain when the draft would be signed into law and whether the final version would have any substantial changes from the draft. See "Regulation—The Draft Foreign Investment Law" and "—We face uncertainties with respect to the interpretation and implementation of The Draft Foreign Investment Law, which proposes significant changes to the PRC foreign investment legal regime and has a material impact on businesses in China controlled by foreign invested enterprises primarily through contractual arrangements, such as our businesses."

If, as a result of such contractual arrangement, we or Beijing Step Ahead and its subsidiaries and schools are found to be in violation of any existing or future PRC laws or regulations, or such contractual arrangement is determined as illegal and invalid by the PRC court, arbitral tribunal or regulatory authorities, or we fail to obtain, maintain or renew any of the required permits or approvals, the relevant PRC regulatory authorities would have broad discretion to take action in dealing with such violations or failures, including:

- revoking the business licenses and/or operating licenses of Rise Tianjin Education Information Consulting Co., Ltd., or Rise Tianjin, and/or Beijing Step Ahead and its subsidiaries and schools;
- · discontinuing or restricting the conduct of any transactions between Rise Tianjin and Beijing Step Ahead and its subsidiaries and schools;
- limiting our business expansion in China by way of entering into contractual arrangements;
- imposing fines and penalties, confiscating the income from Beijing Step Ahead and its subsidiaries and schools, or imposing other requirements with which we or Beijing Step Ahead and its subsidiaries and schools may not be able to comply with;
- shutting down our servers or blocking our websites;
- requiring us to restructure our ownership structure or operations, including terminating the contractual arrangements with Beijing Step Ahead and its subsidiaries and schools and deregistering the equity pledges of Beijing Step Ahead;

- restricting or prohibiting our use of the proceeds of this offering to finance our business and operations in China;
- · restricting the use of financing sources by us or our consolidated affiliates or otherwise restricting our or their ability to conduct business;
- · imposing additional conditions or requirements with which we may not be able to comply with; or
- take other regulatory or enforcement actions against us that could be harmful to our business.

The imposition of any of these penalties could result in a material and adverse effect on our ability to conduct our business and on our results of operations. If any of these penalties results in our inability to direct the activities of our consolidated affiliates that most significantly impact their economic performance, and/or our failure to receive the economic benefits from our consolidated affiliates, we may not be able to consolidate them in our consolidated financial statements in accordance with U.S. GAAP.

We face uncertainties with respect to the interpretation and implementation of The Draft Foreign Investment Law, which proposes significant changes to the PRC foreign investment legal regime and has a material impact on businesses in China controlled by foreign invested enterprises primarily through contractual arrangements, such as our business.

On January 19, 2015, MOFCOM published the Draft Foreign Investment Law. At the same time, MOFCOM published an accompanying explanatory note of the draft Foreign Investment Law, which contains important information about the Draft Foreign Investment Law, including its drafting philosophy and principles, main content, plans to transition to the new legal regime and treatment of business in China controlled by FIEs, primarily through contractual arrangements. The Draft Foreign Investment Law is intended to replace the current foreign investment legal regime consisting of three laws: the Sino-Foreign Equity Joint Venture Enterprise Law and the Foreign Owned Enterprise Law, as well as detailed implementing rules. The Draft Foreign Investment Law proposes significant changes to the PRC foreign investment legal regime and may have a material impact on Chinese companies listed or to be listed overseas. The Draft Foreign Investment Law is to regulate FIEs the same way as PRC domestic entities, except for those FIEs that operate in industries deemed to be either foreign "restricted" or "prohibited." The Draft Foreign Investment Law also provides that only FIEs operating in foreign restricted or prohibited industries will require entry clearance and other approvals that are not required of PRC domestic entities. As a result of the entry clearance and approvals, certain FIEs operating in foreign restricted or prohibited industries may not be able to continue their operations through contractual arrangements.

The specifics of the application of the Draft Foreign Investment Law to variable interest entity structures have yet to be proposed, but it is anticipated that the Draft Foreign Investment Law will regulate variable interest entities.

MOFCOM suggests both registration and approval as potential options for the regulation of variable interest entity structures, depending on whether they are "Chinese" or "foreign-controlled." One of the core concepts of the Draft Foreign Investment Law is "de facto control," which emphasizes substance over form in determining whether an entity is "Chinese" or "foreign-controlled." This determination requires considering the nature of the investors that exercise control over the entity. "Chinese investors" are natural persons who are Chinese nationals, Chinese government agencies and any domestic enterprise controlled by Chinese nationals or government agencies. "Foreign investors" are foreign citizens, foreign governments, international organizations and entities controlled by foreign citizens and entities. In its current form, the Draft Foreign Investment Law will make it difficult for foreign financial investors, including private equity and venture capital firms, to obtain a controlling interest of a Chinese enterprise in a foreign restricted industry.

We rely on contractual arrangements with our consolidated affiliates and the shareholders of Beijing Step Ahead for our operations in China, which may not be as effective in providing control as direct ownership.

We have relied and expect to continue to rely on the contractual arrangements with our consolidated affiliates and the shareholders of Beijing Step Ahead to operate our junior ELT business. For a description of these contractual arrangements, see "Corporate History and Structure—Corporate Structure." In 2014, 2015 and 2016 and for the six months ended June 30, 2017, the revenue contribution of our consolidated affiliates accounted for 97%, 95%, 95% and 95%, respectively, of our total revenues. However, these contractual arrangements may not be as effective as direct equity ownership in providing us with control over our consolidated affiliates. Any failure by our consolidated affiliates or the shareholders of Beijing Step Ahead to perform their obligations under the contractual arrangements would have a material adverse effect on the financial position and performance of our company. For example, the contractual arrangements are governed by PRC law and provide for the resolution of disputes through arbitration in China. Accordingly, these contracts would be interpreted in accordance with PRC law and any disputes would be resolved in accordance with arbitral procedures as contractually stipulated. The commercial arbitration system in China is not as developed as some other jurisdictions, such as the United States.

As a result, uncertainties in the commercial arbitration system or legal system in China could limit our ability to enforce these contractual arrangements. In addition, if the legal structure and the contractual arrangements were found to violate any existing or future PRC laws and regulations, we may be subject to fines or other legal or administrative sanctions.

If the imposition of government actions causes us to lose our right to direct the activities of our consolidated affiliates or our right to receive substantially all the economic benefits from our consolidated affiliates and we are not able to restructure our ownership structure and operations in a satisfactory manner, we would no longer be able to consolidate the financial results of our consolidated affiliates.

Our consolidated affiliates and their shareholders may fail to perform their obligations under the contractual arrangements.

Our consolidated affiliates and their shareholders may fail to take certain actions required for our business or to follow our instructions despite their contractual obligations to do so. If they fail to perform their obligations under their respective agreements with us, we may have to rely on legal remedies under PRC law, including seeking specific performance or injunctive relief, which may not be effective.

The shareholders of Beijing Step Ahead may have actual or potential conflict of interest with us and not act in the best interests of our company.

The shareholders of Beijing Step Ahead, namely, Mr. Peng Zhang and Mr. Yiding Sun, may have actual or potential conflicts of interest with us. These shareholders may refuse to sign or breach, or cause our consolidated affiliates to breach, or refuse to renew, the existing contractual arrangements we have with them and our consolidated affiliates, which would have a material and adverse effect on our ability to effectively control our consolidated affiliates and receive economic benefits from it. For example, the shareholders may be able to cause our agreements with our consolidated affiliates to be performed in a manner adverse to us by, among other things, failing to remit payments due under the contractual arrangements to us on a timely basis. We cannot assure you that when conflicts of interest arise any or all of these shareholders will act in the best interests of our company or such conflicts will be resolved in our favor. Currently, we do not have any arrangements to address potential conflicts of interest between these shareholders and our company. If we cannot resolve any conflict of interest or dispute between us and these shareholders, we would have to rely on legal proceedings, which could result in disruption of our business and subject us to substantial uncertainty as to the outcome of any such legal proceedings.

We rely on dividends, fees and other distributions paid by our PRC subsidiaries to fund any cash and financing requirements we may have, and any limitation on the ability of our PRC subsidiaries to make payments to us could hinder our ability to conduct our business.

We are a holding company and rely principally on dividends and fees paid by our subsidiaries in China for our cash needs, including paying dividends and other cash distributions to our shareholders to the extent we choose to do so, servicing any debt we may incur and paying our operating expenses. The income for our offshore and PRC subsidiaries, especially Bain Capital Rise Education (HK) Limited, or Rise HK, Rise IP (Cayman) Limited, or Rise IP, and Rise Tianjin, in turn depends on the service fees and IP royalty fees paid by our consolidated affiliates. Current PRC regulations permit our subsidiaries in China to pay dividends to us only out of their accumulated profits, if any, determined in accordance with Chinese accounting standards and regulations. Under the applicable requirements of PRC law, our PRC subsidiaries may only distribute dividends after they have made allowances to fund certain statutory reserves. These reserves are not distributable as cash dividends. In addition, at the end of each fiscal year, each of our schools is required to allocate a certain amount to its development fund for the construction or maintenance of the school properties or purchase or upgrade of school facilities. In particular, our schools that require reasonable returns must allocate no less than 25.0% of their annual net income, and our schools that do not require reasonable returns must allocate no less than 25.0% of their annual increase in the net assets of the school as determined in accordance with generally accepted accounting principles in the PRC. Furthermore, if our subsidiaries or our consolidated affiliates in China incur debt on their own behalf in the future, the instruments governing the debt may restrict their ability to pay dividends or make other payments to us. Any such restrictions may materially affect such entities' ability to make dividends or make payments, in IP royalty, service fees or otherwise, to us, which may materially and adversely affect our business, financial condition and results of o

Contractual arrangements between our consolidated affiliates and us may be subject to scrutiny by the PRC tax authorities who may find that we or our consolidated affiliates owe additional taxes.

Under PRC laws and regulations, transactions between related parties should be conducted on an arm's-length basis and may be subject to audit or challenge by the PRC tax authorities. We could face material adverse tax consequences if the PRC tax authorities determine that the contractual arrangements among our subsidiary in China, our consolidated affiliates and the shareholders of Beijing Step Ahead are not conducted on an arm's-length basis and adjust the income of our consolidated affiliates through the transfer pricing adjustment. A transfer pricing adjustment could, among other things, result in, for PRC tax purposes, increased tax liabilities of our subsidiary in China and consolidated affiliates. In addition, the PRC tax authorities may require us to disgorge our prior tax benefits, and require us to pay additional taxes for prior tax years and impose late payment fees and other penalties on our subsidiary in China and consolidated affiliates for underpayment of prior taxes. To date, similar contractual arrangements have been used by many public companies, including companies listed in the United States, and, to our knowledge, the PRC tax authorities have not imposed any material penalties on those companies. However, we cannot assure you that such penalties will not be imposed on any other companies or us in the future. Our net income may be reduced if the tax liabilities of our consolidated affiliates materially increase or if they are found to be subject to additional tax obligations, late payment fees or other penalties.

Our consolidated affiliates may become the subject of a bankruptcy or liquidation proceeding.

We currently conduct our operations in China through contractual arrangements with our consolidated affiliates and the shareholders of Beijing Step Ahead. As part of these arrangements, substantially all of our education-related assets that are critical to the operation of our business are held by our consolidated affiliates. If any of these entities goes bankrupt and all or part of their assets become subject to liens or rights of third-party creditors, we may be unable to continue some or all of our business activities, which could materially and adversely affect our business, financial condition and results of operations. If any of our consolidated affiliates undergoes a voluntary or involuntary liquidation proceeding, its equity owner or unrelated third-party creditors may claim rights relating to some or all of these assets, which would hinder our ability to operate our business and could materially and adversely affect our business, our ability to generate revenue and the market price of our ADSs.

The custodians or authorized users of our controlling non-tangible assets, including chops and seals, may fail to fulfill their responsibilities, or misappropriate or misuse these assets.

Under PRC law, legal documents for corporate transactions, including agreements and contracts that our business relies on, are executed using the chop or seal of the signing entity or with the signature of a legal representative whose designation is registered and filed with the relevant PRC industry and commerce authorities.

In order to maintain the physical security of our chops, we generally have them stored in secured locations accessible only to authorized employees. Although we monitor such authorized employees, the procedures may not be sufficient to prevent all instances of abuse or negligence. There is a risk that our employees could abuse their authority, for example, by entering into a contract not approved by us or seeking to gain control of one of our subsidiaries or consolidated affiliates. If any employee obtains, misuses or misappropriates our chops and seals or other controlling intangible assets for whatever reason, we could experience disruption to our normal business operations. We may have to take corporate or legal action, which could involve significant time and resources to resolve and divert management from our operations.

PRC regulation of loans to and direct investment in PRC entities by offshore holding companies and governmental control of currency conversion may delay or prevent us from using the proceeds of this offering to make loans or additional capital contributions to our PRC subsidiaries and consolidated affiliates, which could materially and adversely affect our liquidity and our ability to fund and expand our business.

Any funds we transfer to our PRC subsidiaries and consolidated affiliates, either as a shareholder loan or as an increase in registered capital, are subject to approval by or registration with relevant governmental authorities in China. According to the relevant PRC regulations on foreign-invested enterprises, or FIEs, the combined amount of offshore capital contributions and loans cannot exceed the FIE's approved total investment amount. Any capital contributions to our PRC subsidiaries must be filed with MOFCOM or its local counterparts, and registered with a local bank authorized by the State Administration of Foreign Exchange, or SAFE. In addition, (a) any loan provided by us to Rise Tianjin, our WFOE, which is a FIE, cannot exceed the difference between its total investment amount and registered capital, and must be registered with SAFE or its local counterparts, and (b) any loan provided by us to our VIE, its subsidiaries and schools, which are domestic PRC entities, over a certain threshold, must be approved by the relevant government authorities and must be registered with SAFE or its local counterparts. Given that the registered capital and total investment amount of Rise Tianjin are currently the same, if we seek to make a capital contribution to Rise Tianjin we must first apply to increase both its registered capital and total investment amount, while if we seek to provide a loan to Rise Tianjin, we must first increase its total investment amount. Although we currently do not have any immediate plans to utilize the proceeds from this offering to make capital contribution into Rise Tianjin or provide any loan to Rise Tianjin or to our VIE, its subsidiaries or schools, if we seek to do so in the future, we may not be able to obtain the required government approvals or complete the required registrations on a timely basis, if at all. If we fail to receive such approvals or complete such registrations, our ability to use the proceeds of this offering and to capitalize our PRC operations may be negatively

On March 30, 2015, SAFE promulgated the Circular on Reforming the Management Approach Regarding the Foreign Exchange Capital Settlement of Foreign-Invested Enterprises, or SAFE Circular 19. SAFE Circular 19 launched a nationwide reform of the administration of the settlement of the foreign exchange capitals of FIEs and allows FIEs to settle their foreign exchange capital at their discretion, but continues to prohibit FIEs from using the Renminbi fund converted from their foreign exchange capitals for expenditure beyond their business scopes, providing entrusted loans or repaying loans between non-financial enterprises. Violations of these Circulars could result in severe monetary or other penalties. SAFE Circular 19 and relevant foreign exchange regulatory rules may significantly limit our ability to use Renminbi converted from the net proceeds of this

offering to fund the establishment of new entities in China by our consolidated affiliates, to invest in or acquire any other PRC companies through our PRC subsidiaries or consolidated affiliates or to establish new consolidated affiliates in the PRC, which may adversely affect our business, financial condition and results of operations.

Risks Related to Doing Business in China

PRC economic, political and social conditions, as well as changes in any government policies, laws and regulations, could adversely affect the overall economy in China or the education services market.

Substantially all of our operations are conducted in China, and substantially all of our revenues are derived from China. Accordingly, our business, prospects, financial condition and results of operations are subject, to a significant extent, to economic, political and legal developments in China.

The PRC economy differs from the economies of most developed countries in many respects. Although the PRC economy has been transitioning from a planned economy to a more market-oriented economy since the late 1970s, the PRC government continues to play a significant role in regulating the industry. The PRC government continues to exercise significant control over China's economic growth through allocating resources, controlling the incurrence and payment of foreign currency-denominated obligations, setting monetary policy and providing preferential treatment to particular industries or companies. Uncertainties or changes in any of these policies, laws and regulations, especially those affecting the private education industry in China, could adversely affect the economy in China or the market for education services, which could harm our business. For example, under the previous Law on the Promotion of Private Education and its implementing rules, a private school should elect to be either a school that does not require "reasonable returns" or a school that requires "reasonable returns." A private school must consider factors such as the school's tuition, ratio of the funds used for education-related activities to the course fees collected, admission standards and educational quality when determining the percentage of the school's net income that would be distributed to the investors as reasonable returns. However, the previous PRC laws and regulations provide no clear guideline for determining "reasonable returns". In addition, the previous PRC laws and regulations do not set forth any different requirements for the management and operations of private schools that elect to require reasonable returns as compared to those that do not. On September 1, 2017, the Amended Law on the Promotion of Private Education came into effect, under which the concept "reasonable returns" is no longer applicable and a private school should elect to be either a for-profit school or a non-profit school. A for-profit school will be registered as a corporation and can distribute its profits to its sponsors pursuant to relevant corporate laws, while a non-profit school can only use its profits for the operation of schools. As the implementation rules for the Amended Law on the Promotion of Private Education are not yet available as of the date of the prospectus, it remains uncertain how the relevant government authorities will implement the new laws and how long the grace period will be.

While the PRC economy has experienced significant growth in the past two to three decades, growth has been uneven, both geographically and among various sectors of the economy. Demand for our education services depends, in large part, on economic conditions in China and especially the regions where we operate, including Beijing, Shanghai, Shenzhen and Guangzhou. Any significant slowdown in China's economic growth may adversely affect the disposable income of the families of prospective students and cause prospective students to delay or cancel their plans to enroll in our learning centers, which in turn could reduce our revenues. In addition, any sudden changes to China's political system or the occurrence of social unrest could also have a material adverse effect on our business, financial condition, results of operations and prospects.

We may be subject to significant limitations on our ability to operate learning centers, or otherwise be materially and adversely affected by changes in PRC laws and regulations governing private education providers. PRC rules and regulations issued by government authorities may restrict or prohibit after-school tutoring services; and similar or more stringent rules or regulations that limit our ability to offer our services may be introduced in the future.

Our junior ELT business is subject to certain regulations in China. The PRC government regulates various aspects of our business and operations, such as curriculum content, education materials, tuition and other fees. The laws and regulations applicable to the private education sector are subject to frequent change, and new laws and regulations may be adopted, some of which may have a negative effect on our business, either retroactively or prospectively.

Foreign ownership in education services is subject to significant regulations in China. The PRC government regulates the provision of education services through strict licensing requirements. We are a company incorporated in the Cayman Islands. Our PRC subsidiary, Rise Tianjin, is a foreign-owned enterprise and is currently ineligible to apply for and hold licenses and permits to operate, or otherwise own sponsorship interests in, our schools. Due to these restrictions, we conduct our junior ELT business in China primarily through contractual arrangements among (1) Rise HK, (2) Rise Tianjin, (3) our consolidated affiliates, including Beijing Step Ahead, its subsidiaries and schools operating self-owned learning centers, and (4) the shareholders of Beijing Step Ahead, namely, Mr. Peng Zhang and Mr. Yiding Sun. We hold the required licenses and permits necessary to conduct our junior ELT business in China through the schools controlled by Beijing Step Ahead. We have been and expect to continue to be dependent on our consolidated affiliates to operate our junior ELT business. See "Corporate History and Structure—Corporate Structure" for more information.

As of the date of this prospectus, similar ownership structure and contractual arrangements have been used by many China-based companies listed overseas, including a number of education companies listed in the United States. To our knowledge, none of the fines or punishments listed above has been imposed on any of these public companies, including companies in the education industry. However, we cannot assure you that such fines or punishments will not be imposed on us or any other companies in the future. If any of the above fines or punishments is imposed on us, our business, financial condition and results of operations could be materially and adversely affected. If any of these penalties results in our inability to direct the activities of Beijing Step Ahead and its subsidiaries and schools that most significantly impact their economic performance, and/or our failure to receive the economic benefits from Beijing Step Ahead and its subsidiaries and schools, we may not be able to consolidate Beijing Step Ahead and its subsidiaries and schools in our financial statements in accordance with U.S. GAAP. However, we do not believe that such actions would result in the liquidation or dissolution of our company, our whollyowned subsidiaries in China or Beijing Step Ahead or its subsidiaries or schools.

We face uncertainties with respect to the PRC legal system.

The PRC legal system is a civil law system based on written statutes. Unlike the common law system, prior court decisions in a civil law system may be cited as reference but have limited precedential value. Since 1979, newly introduced PRC laws and regulations have significantly enhanced the protections of interest relating to foreign investments in China. However, since these laws and regulations are relatively new and the PRC legal system continues to evolve rapidly, the interpretations of such laws and regulations may not always be consistent, and enforcement of these laws and regulations involves significant uncertainties, any of which could limit the available legal protections.

In addition, the PRC administrative and judicial authorities have significant discretion in interpreting, implementing or enforcing statutory rules and contractual terms, and it may be more difficult to predict the outcome of administrative and judicial proceedings and the level of legal protection we may enjoy in the PRC than under some more developed legal systems. These uncertainties may affect our decisions on the policies and actions to be taken to comply with PRC laws and regulations, and may affect our ability to enforce our

contractual or tort rights. In addition, the regulatory uncertainties may be exploited through unmerited legal actions or threats in an attempt to extract payments or benefits from us. Such uncertainties may therefore increase our operating expenses and costs, and materially and adversely affect our business and results of operations.

Under the PRC Enterprise Income Tax Law, or the EIT Law, we may be classified as a PRC "resident enterprise," which could result in unfavorable tax consequences to us and our non-PRC shareholders.

The PRC enterprise income tax law and its implementing rules provide that enterprises established outside of China whose "de facto management bodies" are located in China are considered "resident enterprises" under PRC tax laws. The implementing rules define the term "de facto management bodies" as a management body which substantially manages, or has control over the business, personnel, finance and assets of an enterprise. On April 22, 2009, the State Administration of Taxation issued Circular 82, which provides that a foreign enterprise controlled by a PRC company or a group of PRC companies will be classified as a "resident enterprise" with its "de facto management body" located within China if all of the following requirements are satisfied: (1) the senior management and core management departments in charge of its daily operations function are mainly in China; (2) its financial and human resources decisions are subject to determination or approval by persons or bodies in China; (3) its major assets, accounting books, company seals, and minutes and files of its board and shareholders' meetings are located or kept in China; and (4) at least half of the enterprise's directors with voting right or senior management reside in China. The State Administration of Taxation issued a bulletin on August 3, 2011 to provide more guidance on the implementation of Circular 82. The bulletin clarifies certain matters relating to resident status determination, post-determination administration and competent tax authorities.

In addition, the State Administration of Taxation issued a bulletin on January 29, 2014 to provide more guidance on the implementation of Circular 82. This bulletin further provides that, among other things, an entity that is classified as a "resident enterprise" in accordance with the circular shall file the application for classifying its status of residential enterprise with the local tax authorities where its main domestic investors are registered. From the year in which the entity is determined to be a "resident enterprise," any dividend, profit and other equity investment gain shall be taxed in accordance with the enterprise income tax law and its implementing rules.

As the tax resident status of an enterprise is subject to the determination by the PRC tax authorities, if we are deemed a PRC "resident enterprise," we will be subject to PRC enterprise income tax on our worldwide income at a uniform tax rate of 25.0%, although dividends distributed to us from our existing PRC subsidiaries and any other PRC subsidiaries which we may establish from time to time could be exempt from the PRC dividend withholding tax due to our PRC "resident recipient" status. This could have a material adverse effect on our overall effective tax rate, our income tax expenses and our net income. Furthermore, dividends, if any, paid to our shareholders and ADS holders may be decreased as a result of the decrease in distributable profits. In addition, if we were to be considered a PRC "resident enterprise," dividends we pay with respect to our ADSs or ordinary shares and the gains realized from the transfer of our ADSs or ordinary shares may be considered income derived from sources within China and be subject to PRC withholding tax, at a rate of 10.0% in the case of non-PRC enterprises or 20.0% in the case of non-PRC individuals, which could have a material adverse effect on the value of your investment in us and the price of our ADSs.

There are significant uncertainties under the EIT Law relating to the withholding tax liabilities of our PRC subsidiaries, and dividends payable by our PRC subsidiaries to our offshore subsidiaries may not qualify to enjoy certain treaty benefits.

Under the PRC enterprise income tax and its implementation rules, the profits of a foreign-invested enterprise generated through operations, which are distributed to its immediate holding company outside China, will be subject to a withholding tax rate of 10.0%. Pursuant to a special arrangement between Hong Kong and China, such rate may be reduced to 5.0% if a Hong Kong resident enterprise owns more than 25.0% of the equity interest in the PRC company. Our current PRC subsidiaries are wholly owned by our Hong Kong subsidiary,

Rise HK. Accordingly, Rise HK may qualify for a 5.0% tax rate in respect of distributions from its PRC subsidiaries. Under the Notice of the State Administration of Taxation on Issues regarding the Administration of the Dividend Provision in Tax Treaties promulgated on February 20, 2009, the taxpayer needs to satisfy certain conditions to enjoy the benefits under a tax treaty. These conditions include: (1) the taxpayer must be the beneficial owner of the relevant dividends, and (2) the corporate shareholder to receive dividends from the PRC subsidiaries must have continuously met the direct ownership thresholds during the 12 consecutive months preceding the receipt of the dividends. Further, the State Administration of Taxation promulgated the Notice on How to Understand and Recognize the "Beneficial Owner" in Tax Treaties on October 27, 2009, which limits the "beneficial owner" to individuals, enterprises or other organizations normally engaged in substantive operations, and sets forth certain detailed factors in determining the "beneficial owner" status.

Entitlement to a lower tax rate on dividends according to tax treaties or arrangements between the PRC central government and governments of other countries or regions is subject to SAT Circular 60 which provides that non-resident enterprises are not required to obtain pre-approval from the relevant tax authority in order to enjoy the reduced withholding tax. Instead, non-resident enterprises and their withholding agents may, by self-assessment and on confirmation that the prescribed criteria to enjoy the tax treaty benefits are met, directly apply the reduced withholding tax rate, and file necessary forms and supporting documents when performing tax filings, which will be subject to post-tax filing examinations by the relevant tax authorities. As a result, we cannot assure you that we will be entitled to any preferential withholding tax rate under tax treaties for dividends received from our PRC subsidiaries.

We may be subject to discontinuation or revocation of any of the preferential tax treatments and government subsidies or imposition of any additional taxes and surcharges.

Rise Tianjin, or the WFOE, was granted certain governmental subsidies in 2016 and these governmental subsidies remain effective as of the date of this prospectus. Pursuant to the letter agreement that we entered into with the local government in Tianjin, the local government agreed to provide us subsidies based on the value-added tax, business tax and enterprise income tax until 2020. Nevertheless, the government agencies may decide to reduce, eliminate or cancel subsidies at any time. We cannot assure you of the continued availability of the government incentives and subsidies currently enjoyed by the WFOE. The discontinuation of these governmental incentives and subsidies could adversely affect our financial condition and results of operations. We face uncertainties with respect to indirect transfers of the equity interests in PRC resident enterprises by their non-PRC holding companies.

Pursuant to the Notice on Strengthening Administration of Enterprise Income Tax for Share Transfers by Non-PRC Resident Enterprises, or Circular 698, issued by the State Administration of Taxation on December 10, 2009, where a foreign investor transfers the equity interests in a PRC resident enterprise indirectly via disposition of the equity interests of an overseas holding company, and such overseas holding company is located in a tax jurisdiction that (1) has an effective tax rate less than 12.5% or (2) does not tax foreign income of its residents, the foreign investor shall report the indirect transfer to the competent PRC tax authority. The PRC tax authority will examine the nature of such indirect transfer, and if the tax authority considers that the foreign investor has adopted an "abusive arrangement" in order to reduce, avoid or defer PRC taxes, it may disregard the existence of the overseas holding company and re-characterize the indirect transfer such that gains derived from such indirect transfer may be subject to PRC withholding tax at a rate of up to 10.0%. Circular 698 also provides that, where a non-PRC resident enterprise transfers its equity interests in a PRC resident enterprise to its related parties at a price lower than the fair market value, the competent tax authority has the power to make a reasonable adjustment to the taxable income of the transaction. Circular 698 is retroactively effective from January 1, 2008.

There is uncertainty as to the application of Circular 698. For example, while the term "indirect transfer" is not clearly defined, it is understood that the relevant PRC tax authorities have jurisdiction regarding requests for information over a wide range of foreign entities having no direct contact with China. Moreover, the relevant authority has not yet promulgated any formal provisions or formally declared or stated how to calculate the

effective tax rates in foreign tax jurisdictions, and the process and format of the reporting of an Indirect Transfer to the competent tax authority of the relevant PRC resident enterprise remain unclear. In addition, there are no formal declarations with regard to how to determine whether a foreign investor has adopted an abusive arrangement in order to reduce, avoid or defer PRC tax.

The State Administration of Taxation issued Bulletin on Several Issues concerning the Enterprise Income Tax on the Indirect Transfers of Properties by Non-Resident Enterprises, or Bulletin 7, on February 3, 2015, which replaced or supplemented certain previous rules under Circular 698. Under Bulletin 7, an "indirect transfer" of assets, including equity interests in a PRC resident enterprise, by non-PRC resident enterprises may be re-characterized and treated as a direct transfer of PRC taxable assets, if such arrangement does not have a reasonable commercial purpose and was established for the purpose of avoiding payment of PRC enterprise income tax. As a result, gains derived from such indirect transfer may be subject to PRC enterprise income tax. According to Bulletin 7, "PRC taxable assets" include assets attributed to an establishment in China, immoveable properties in China, and equity investments in PRC resident enterprises. In respect of an indirect offshore transfer of assets of a PRC establishment, the relevant gain is to be regarded as effectively connected with the PRC establishment and therefore included in its enterprise income tax filing, and would consequently be subject to PRC enterprise income tax at a rate of 25.0%. Where the underlying transfer relates to the immoveable properties in China or to equity investments in a PRC resident enterprise, which is not effectively connected to a PRC establishment of a non-resident enterprise, a PRC enterprise income tax at 10.0% would apply, subject to available preferential tax treatment under applicable tax treaties or similar arrangements, and the party who is obligated to make the transfer payments has the withholding obligation. There is uncertainty as to the implementation details of Bulletin 7. If Bulletin 7 was determined by the tax authorities to be applicable to some of our transactions involving PRC taxable assets, our offshore subsidiaries conducting the relevant transactions might be required to spend valuable resources to comply with Bullet

As a result, we and our non-PRC shareholders may have the risk of being taxed for the disposition of our ordinary shares or ADS and may be required to spend valuable resources to comply with Circular 698 and Bulletin 7 or to establish that we or our non-PRC shareholders should not be taxed as an indirect transfer, which may have a material adverse effect on our financial condition and results of operations or the investment by non-PRC investors in us.

Restrictions on currency exchange may limit our ability to receive and use our revenues effectively.

Substantially all of our revenue is denominated in Renminbi. As a result, restrictions on currency exchange may limit our ability to use revenue generated in Renminbi to fund any business activities we may have outside China in the future or to make dividend payments to our shareholders and ADS holders in U.S. Dollars. Under current PRC laws and regulations, Renminbi is freely convertible for current account items, such as trade and service-related foreign exchange transactions and dividend distributions. However, Renminbi is not freely convertible for direct investment or loans or investments in securities outside China, unless such use is approved by SAFE. For example, foreign exchange transactions under our subsidiary's capital account, including principal payments in respect of foreign currency-denominated obligations, remain subject to significant foreign exchange controls and the approval requirement of SAFE. These limitations could affect our ability to obtain foreign exchange for capital expenditures.

Our PRC subsidiaries are permitted to declare dividends to our offshore subsidiary holding their equity interest, convert the dividends into a foreign currency and remit to its shareholder outside China. In addition, in the event that our PRC subsidiaries liquidate, proceeds from the liquidation may be converted into foreign currency and distributed outside China to our overseas subsidiary holding its equity interest. Furthermore, in the event that Beijing Step Ahead or any of its subsidiaries liquidates, our PRC subsidiary, Rise Tianjin, may, pursuant to the Proxy Agreement executed by Mr. Peng Zhang and Mr. Yiding Sun, require Beijing Step Ahead or any of its subsidiaries to pay and remit the proceeds from such liquidation to Rise Tianjin. Rise Tianjin then

may distribute such proceeds to us after converting them into foreign currency and remit them outside China in the form of dividends or other distributions. Once remitted outside China, dividends, distributions or other proceeds from liquidation paid to us will not be subject to restrictions under PRC regulations on its further transfer or use.

Other than the above distributions by and through our PRC subsidiaries which are permitted to be made without the necessity to obtain further approvals, any conversion of the Renminbi-denominated revenue generated by our consolidated affiliates for direct investment, loan or investment in securities outside China will be subject to the limitations discussed above. To the extent we need to convert and use any Renminbi-denominated revenue generated by our consolidated affiliates not paid to our PRC subsidiaries and revenues generated by our PRC subsidiaries not declared and paid as dividends, the limitations discussed above will restrict the convertibility of, and our ability to directly receive and use such revenue. As a result, our business and financial condition may be adversely affected. In addition, we cannot assure you that the PRC regulatory authorities will not impose more stringent restrictions on the convertibility of Renminbi in the future, especially with respect to foreign exchange transactions.

We face fluctuations in the value of the Renminbi.

The change in value of the Renminbi against the U.S. Dollar and other currencies is affected by, various factors, such as changes in China's political and economic conditions. On July 21, 2005, the PRC government changed its decade-old policy of pegging the value of the Renminbi to the U.S. Dollar. Under such policy, the Renminbi was permitted to fluctuate within a narrow and managed band against a basket of certain foreign currencies. Later on, the People's Bank of China has decided to further implement the reform of the Renminbi exchange regime and to enhance the flexibility of Renminbi exchange rates. Such changes in policy have resulted in a significant appreciation of the Renminbi against the U.S. Dollar since 2005. There remains significant international pressure on the PRC government to adopt a more flexible currency policy, which could result in a further and more significant adjustment of the Renminbi against the U.S. Dollar. Any significant appreciation or revaluation of the Renminbi may have a material adverse effect on the value of, and any dividends payable on, our ADSs in foreign currency terms. More specifically, if we decide to convert our Renminbi into U.S. Dollars, appreciation of the U.S. Dollar against the Renminbi would have a negative effect on the U.S. Dollar amount available to us. To the extent that we need to convert U.S. Dollars we receive from our initial public offering into Renminbi for our operations, appreciation of the Renminbi against the U.S. Dollar would have an adverse effect on the Renminbi amount we would receive from the conversion. In addition, appreciation or depreciation in the exchange rate of the Renminbi to the U.S. Dollar could materially and adversely affect the price of our ADSs in U.S. Dollars without giving effect to any underlying change in our business or results of operations.

We may be required to obtain prior approval of CSRC of the listing and trading of our ADSs on the NASDAQ Global Select Market, or Nasdaq.

On August 8, 2006, six PRC regulatory authorities, including MOFCOM, the State Assets Supervision and Administration Commission, the State Administration of Taxation, the State Administration for Industry and Commerce, CSRC and SAFE, jointly issued the Regulations on Mergers and Acquisitions of Domestic Enterprises by Foreign Investors, or the M&A Rules. This regulation, among other things, requires that the listing and trading on an overseas stock exchange of securities in an offshore special purpose vehicle formed for purposes of holding direct or indirect equity interests in PRC companies and controlled directly or indirectly by PRC companies or individuals be approved by CSRC.

While the implementation and interpretation of the M&A Rules remains unclear, we believe, based on the advice of our PRC counsel, that approval by CSRC is not required for this offering. However, we cannot assure you that the relevant PRC regulatory authorities, including CSRC, would reach the same conclusion as our PRC counsel. If CSRC or other PRC regulatory authority subsequently determines that we need to obtain CSRC's approval for this offering, we may face sanctions by CSRC or other PRC regulatory authorities. In such event,

these regulatory authorities may, among other things, impose fines and penalties on or otherwise restrict our operations in China or delay or restrict any remittance of the proceeds from this offering into China. CSRC or other PRC regulatory agencies may also take actions requiring us, or making it advisable for us, to suspend or terminate this offering before settlement and delivery of the ADSs. Any such or other actions taken could have a material adverse effect on our business, financial condition, results of operations, reputation and prospects, as well as the trading price of our ADSs.

Certain PRC regulations, including the M&A Rules and national security regulations, may require a complicated review and approval process which could make it difficult for us to pursue growth through acquisitions in China.

The M&A Rules established additional procedures and requirements that could make merger and acquisition activities in China by foreign investors more time-consuming and complex. For example, MOFCOM must be notified in the event a foreign investor takes control of a PRC domestic enterprise. Although the amendment to the M&A Rules in 2016 generally eased the restrictions imposed on merger and acquisition activities, certain acquisitions of domestic companies by offshore companies that are related to or affiliated with the same entities or individuals of the domestic companies, are still subject to approval by MOFCOM.

The Anti-Monopoly Law promulgated by the Standing Committee of the National People's Congress, or NPC, on August 30, 2007 (effective on August 1, 2008) requires certain concentrated transactions or transactions involving parties above specified turnover thresholds to be reported to MOFCOM. On February 3, 2011, the General Office of the State Council promulgated a Notice on Establishing the Security Review System for Mergers and Acquisitions of Domestic Enterprises by Foreign Lenders, which officially established a security review system to monitor such transactions. In addition, the Implementing Rules Concerning Security Review on Mergers and Acquisitions by Foreign Investors of Domestic Enterprises, issued by MOFCOM in August 2011, require that mergers and acquisitions by foreign investors in "any industry with national security concerns" be subject to national security review by MOFCOM. In addition, any activities attempting to circumvent such review process, including structuring the transaction through a proxy or contractual control arrangement, are strictly prohibited.

There is significant uncertainty regarding the interpretation and implementation of these regulations relating to merger and acquisition activities in China. In addition, complying with these requirements could be time-consuming, and the required notification, review or approval process may materially delay or affect our ability to complete merger and acquisition transactions in China. As a result, our ability to seek growth through acquisitions may be materially and adversely affected.

PRC regulations relating to foreign exchange registration of overseas investment by PRC residents may subject our PRC resident beneficial owners or our PRC subsidiary to liability or penalties, limit our ability to inject capital into these subsidiaries, limit PRC subsidiary's ability to increase their registered capital or distribute profits to us, or may otherwise adversely affect us.

SAFE has promulgated regulations, including the Notice on Relevant Issues Relating to Foreign Exchange Control on Domestic Residents' Investment and Financing and Round-Trip Investment through Special Purpose Vehicles, or Circular 37, effective on July 4, 2014, and its appendices, that require PRC residents, including PRC institutions and individuals, to register with local branches of SAFE in connection with their direct establishment or indirect control of an offshore entity, for the purpose of overseas investment and financing, with such PRC residents' legally owned assets or equity interests in domestic enterprises or offshore assets or interests, referred to in Circular 37 as a "special purpose vehicle." The term "control" under Circular 37 is broadly defined as the operation rights, beneficiary rights or decision-making rights acquired by the PRC residents in the offshore special purpose vehicles by such means as acquisition, trust, proxy, voting rights, repurchase, convertible bonds or other arrangements. Circular 37 further requires amendment to the registration in the event of any significant changes with respect to the special purpose vehicle, such as increase or decrease of capital contributed by PRC

individuals, share transfer or exchange, merger, division or other material event. In the event that a PRC shareholder holding interests in a special purpose vehicle fails to fulfill the required SAFE registration, the PRC subsidiaries of that special purpose vehicle may be prohibited from making profit distributions to the offshore parent and from carrying out subsequent cross-border foreign exchange activities, and the special purpose vehicle may be restricted in its ability to contribute additional capital into its PRC subsidiaries. Further, failure to comply with the various SAFE registration requirements described above could result in liability under PRC law for foreign exchange evasion.

These regulations apply to our direct and indirect shareholders who are PRC residents and may apply to any offshore acquisitions or share transfers that we make in the future if our shares are issued to PRC residents. However, in practice, different local SAFE branches may have different views and procedures on the application and implementation of SAFE regulations, and since Circular 37 was recently issued, there remains uncertainty with respect to its implementation. We cannot assure you that any shareholders or beneficial owners of our company who are PRC residents will be able to successfully complete the registration or update the registration of their direct and indirect equity interest as required in the future. If any of them fail to make or update the registration, our PRC subsidiaries could be subject to fines and legal penalties, and SAFE could restrict our cross-border investment activities and our foreign exchange activities, including restricting our PRC subsidiaries' ability to distribute dividends to, or obtain loans denominated in foreign currencies from, our company, or prevent us from contributing additional capital into our PRC subsidiaries. As a result, our business operations and our ability to make distributions to you could be materially and adversely affected.

We face regulatory uncertainties in China that could restrict our ability to grant share incentive awards to our employees or consultants who are PRC citizens.

Pursuant to the Notices on Issues concerning the Foreign Exchange Administration for Domestic Individuals Participating in a Stock Incentive Plan of an Overseas Publicly-Listed Company issued by SAFE on February 15, 2012, or Circular 7, a qualified PRC agent (which could be the PRC subsidiary of the overseas-listed company) is required to file, on behalf of "domestic individuals" (both PRC residents and non-PRC residents who reside in China for a continuous period of not less than one year, excluding the foreign diplomatic personnel and representatives of international organizations) who are granted shares or share options by the overseas-listed company according to its share incentive plan, an application with SAFE to conduct SAFE registration with respect to such share incentive plan, and obtain approval for an annual allowance with respect to the purchase of foreign exchange in connection with the share purchase or share option exercise. Such PRC individuals' foreign exchange income received from the sale of shares and dividends distributed by the overseas listed company and any other income shall be fully remitted into a collective foreign currency account in China, which is opened and managed by the PRC domestic agent before distribution to such individuals. In addition, such domestic individuals must also retain an overseas entrusted institution to handle matters in connection with their exercise of share options and their purchase and sale of shares. The PRC domestic agent also needs to update registration with SAFE within three months after the overseas-listed company materially changes its share incentive plan or make any new share incentive plans.

When we grant share options to our employees under our ESOP Plan, from time to time, we need to apply for or update our registration with SAFE or its local branches on behalf of our employees or consultants who receive options or other equity-based incentive grants under our share incentive plan or material changes in our share incentive plan. However, we may not always be able to make applications or update our registration on behalf of our employees or consultants who hold any type of share incentive awards in compliance with Circular 7, nor can we ensure you that such applications or update of registration will be successful. If we or the participants of our share incentive plan who are PRC citizens fail to comply with Circular 7, we and/or such participants of our share incentive plan may be subject to fines and legal sanctions, there may be additional restrictions on the ability of such participants to exercise their share options or remit proceeds gained from sale of their shares into China, and we may be prevented from further granting share incentive awards under our share incentive plan to our employees or consultants who are PRC citizens.

Labor contract laws and Social Insurance Law in China may adversely affect our results of operations.

The current PRC labor contract law imposes greater liabilities on employers and significantly affects the cost of an employer's decision to reduce its workforce. Further, it requires certain terminations be based on the mandatory retirement age. In the event we decide to significantly change or decrease our workforce, the Labor Contract Law could adversely affect our ability to enact such changes in a manner that is most advantageous to our business or in a timely and cost-effective manner, thus materially and adversely affecting our financial condition and results of operations.

Failure to make adequate contributions to various employee benefit plans as required by PRC regulations may subject us to penalties.

The PRC economy has been experiencing significant growth, leading to inflation and increased labor costs. China's overall economy and the average wage in China are expected to continue to grow. In addition, we are required by PRC laws and regulations to pay various statutory employee benefits, including pensions, housing fund, medical insurance, work-related injury insurance, unemployment insurance and maternity insurance to designated government agencies for the benefit of our employees. It is subject to the determination of the relevant government agencies whether an employer has made adequate payments of the requisite statutory employee benefits, and employers that fail to make adequate payments may be subject to late payment fees, fines and/or other penalties. Future increases in China's inflation and material increases in labor costs and employee benefits may materially and adversely affect our profitability and results of operations unless we are able to pass on these costs to students by increasing tuition.

We face risks related to natural disasters, health epidemics or terrorist attacks in China.

Our business could be materially and adversely affected by natural disasters, such as earthquakes, floods, landslides, tornados and tsunamis, outbreaks of health epidemics such as avian influenza and severe acute respiratory syndrome, or SARS, and Influenza A virus, such as H5N1 subtype and H5N2 subtype flu viruses, as well as terrorist attacks, other acts of violence or war or social instability in the regions in which we operate or those generally affecting China. If any of these occur, our learning centers and facilities may be required to temporarily or permanently close and our business operations may be suspended or terminated. Students, teachers and staff may also be negatively affected by such event. In, addition, any of these could adversely affect the PRC economy and demographics of the affected region, which could cause significant declines in the number of students in that region and could have a material adverse effect on our business, financial condition and results of operations.

Risks Related to Our ADSs and this Offering

We are an emerging growth company within the meaning of the Securities Act and may take advantage of certain reduced reporting requirements.

We are an "emerging growth company," as defined in the JOBS Act, and we may take advantage of certain exemptions from requirements applicable to other public companies that are not emerging growth companies including, most significantly, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 for so long as we are an emerging growth company until the fifth anniversary from the date of our initial listing. As a result, if we elect not to comply with such auditor attestation requirements, our investors may not have access to certain information they may deem important.

The JOBS Act also provides that an emerging growth company does not need to comply with any new or revised financial accounting standards until such date that a private company is otherwise required to comply with such new or revised accounting standards. However, we have elected to "opt out" of this provision and, as a result, we will comply with new or revised accounting standards as required when they are adopted for public companies. This decision to opt out of the extended transition period under the JOBS Act is irrevocable.

An active trading market for our ordinary shares or our ADSs may not develop and the trading price for our ADSs may fluctuate significantly.

Prior to this offering, there has been no public market for our ADSs or the ordinary shares underlying our ADSs. We intend to apply for listing our ADSs on the Nasdaq, but we cannot assure you that a liquid public market for our ADSs will develop. If an active public market for our ADSs does not develop following the completion of this offering, the market price and liquidity of our ADSs may be materially and adversely affected. The initial public offering price for our ADSs was determined by negotiation among us and the underwriters based upon several factors, and the trading price of our ADSs after this offering may decline below the initial public offering price. As a result, investors in our securities may experience a significant decrease in the value of their ADSs due to insufficient or a lack of market liquidity of the ADSs.

The trading price of our ADSs is likely to be volatile, which could result in substantial losses to investors.

The trading price of our ADSs is likely to be volatile and could fluctuate widely due to factors beyond our control. This may happen because of broad market and industry factors, akin to the performance and fluctuation of the market prices of other companies with business operations located mainly in China that have listed their securities in the United States. A number of Chinese companies have listed or are in the process of listing their securities on U.S. stock markets. The securities of some of these companies have experienced significant volatility, including price declines in connection with their initial public offerings. The trading performances of these Chinese companies' securities after their offerings may affect the perception and attitudes of investors toward Chinese companies listed in the United States in general and consequently may impact the trading performance of our ADSs, regardless of our actual operating performance.

In addition to market and industry factors, the price and trading volume for our ADSs may be highly volatile due to a number of factors, including the following:

- regulatory developments affecting us or our industry, and customers of our education services;
- · actual or anticipated fluctuations in our quarterly results of operations and changes or revisions of our expected results;
- changes in the market condition, market potential and competition in education services;
- announcements by us or our competitors of new education services, expansions, investments, acquisitions, strategic partnerships or joint ventures;
- fluctuations in global and Chinese economies;
- changes in financial estimates by securities analysts;
- adverse publicity about us;
- additions or departures of our key personnel and senior management;
- · release of lock-up or other transfer restrictions on our outstanding equity securities or sales of additional equity securities; and
- potential litigation or regulatory investigations.

Any of these factors may result in large and sudden changes in the volume and price at which our ADSs will trade.

In the past, shareholders of public companies have often brought securities class action suits against those companies following periods of instability in the market price of their securities. If we were involved in a class action suit, it could divert a significant amount of our management's attention and other resources from our business and operations and require us to incur significant expenses to defend the suit, which could harm our

results of operations. Any such class action suit, whether or not successful, could harm our reputation and restrict our ability to raise capital in the future. In addition, if a claim is successfully made against us, we may be required to pay significant damages, which could have a material adverse effect on our financial condition and results of operations.

Substantial future sales or perceived potential sales of our ADSs in the public market could cause the price of our ADSs to decline.

Sales of substantial amounts of our ADSs in the public market after the completion of this offering, or the perception that these sales could occur, could adversely affect the market price of our ADSs. In connection with this offering, we and our officers, directors, shareholders and certain option holders have agreed not to sell any ordinary shares or ADSs for 180 days after the date of this prospectus without the prior written consent of the underwriters, subject to certain exceptions. Upon the completion of this offering, we will have ordinary shares outstanding, all of which are represented by ADSs, assuming the underwriters do not exercise their option to purchase additional ADSs. The ADSs sold in this offering will be freely tradable without restriction or further registration under the Securities Act. The remaining ordinary shares outstanding immediately after this offering will be available for sale, upon the expiration of the 180-day lock-up period, subject to volume and other restrictions as applicable under Rules 144 and 701 under the Securities Act. In addition, the underwriters may exercise the discretion to release the securities held by the parties subject to the lock-up restriction prior to the expiration of the lock-up period. If the securities subject to lock-up are released before the expiration of the lock-up period, their sale or perceived sale into the market may cause the price of our ADSs to decline. See "Underwriting" and "Shares Eligible for Future Sale" for a more detailed description of the restrictions on selling our securities after this offering.

If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, the market price for our ADSs and trading volume could decline.

The trading market for our ADSs will depend in part on the research and reports that securities or industry analysts publish about us or our business. If research analysts do not establish and maintain adequate research coverage or if one or more of the analysts who covers us downgrades our ADSs or publishes inaccurate or unfavorable research about our business, the market price for our ADSs would likely decline. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which, in turn, could cause the market price or trading volume for our ADSs to decline.

Because we do not expect to pay dividends in the foreseeable future after this offering, you must rely on price appreciation of our ADSs for return on your investment.

We currently intend to retain most, if not all, of our available funds and any future earnings after this offering to fund the development and growth of our business. As a result, we do not expect to pay any cash dividends in the foreseeable future. Therefore, you should not rely on an investment in our ADSs as a source for any future dividend income.

Our board of directors has complete discretion as to whether to distribute dividends, subject to applicable laws. Even if our board of directors decides to declare and pay dividends, the timing, amount and form of future dividends, if any, will depend on, among other things, our future results of operations and cash flow, our capital requirements and surplus, the amount of distributions, if any, received by us from our subsidiaries, our financial condition, contractual restrictions and other factors deemed relevant by our board of directors. Accordingly, the return on your investment in our ADSs will likely depend entirely upon any future price appreciation of our ADSs. We cannot guarantee that our ADSs will appreciate in value after this offering or even maintain the price at which you purchased the ADSs. You may not realize a return on your investment in our ADSs and you may even lose your entire investment in our ADSs.

Because the initial public offering price is substantially higher than the pro forma net tangible book value per share, you will experience immediate and substantial dilution.

If you purchase ADSs in this offering, you will pay more for each ADS on a per share basis than the corresponding amount paid by existing shareholders for their ordinary shares. As a result, you will experience immediate and substantial dilution of approximately US\$ per ADS. This number represents the difference between our proforma net tangible book value per ADS as of June 30, 2017, after giving effect to this offering and the assumed initial public offering price of US\$ per ADS, which is the mid-point of the estimated range of the initial public offering price shown on the cover page of this prospectus. See "Dilution" for a more complete description of how the value of your investment in our ADSs will be diluted upon the completion of this offering.

We may be a passive foreign investment company for United States federal income tax purposes, which could result in adverse United States federal income tax consequences to United States investors in the ADSs or ordinary shares.

We will be a "passive foreign investment company," or PFIC, if, in the case of any particular taxable year, either (1) 75.0% or more of our gross income for such year consists of certain types of passive income, or (2) 50.0% or more of the average quarterly value of our assets during such year produce or are held for the production of passive income. Although the law in this regard is unclear, we treat our consolidated affiliates as being owned by us for United States federal income tax purposes, not only because we exercise effective control over the operation of such entities but also because we are entitled to substantially all of their economic benefits, and, as a result, we consolidate their results of operation in our financial statements. Assuming that we are the owner of our consolidated affiliates for United States federal income tax purposes, and based upon our current income and assets (taking into account the expected proceeds from this offering) and projections as to the market value of our ADSs immediately following the offering, we do not expect to be a PFIC for the current taxable year or the foreseeable future. If it were determined, however, that we are not the owner of any of our consolidated affiliated entities for United States federal income tax purposes, the composition of our income and assets would change and we may be a PFIC for the current or any subsequent taxable year.

While we do not expect to be a PFIC in the current or future taxable years, the determination of whether we are or will become a PFIC will depend upon the composition of our income (which may differ from our historical results and current projections) and assets and the value of our assets from time to time, including, in particular, the value of our goodwill and other unbooked intangibles (which may depend upon the market value of our ADSs from time-to-time and may be volatile). In estimating the value of our goodwill and other unbooked intangibles, we have taken into account our anticipated market capitalization following the close of this offering. Among other matters, if our market capitalization is less than anticipated or subsequently declines, we may be a PFIC for the current or future taxable years. It is also possible that the Internal Revenue Service may challenge our classification or valuation of our goodwill and other unbooked intangibles, which may result in our company being, or becoming, a PFIC for the current taxable year or future taxable years.

The determination of whether we will be or become a PFIC may also depend, in part, on how, and how quickly, we use our liquid assets and the cash raised in this offering. Under circumstances where we retain significant amounts liquid assets including cash raised in this offering, or if our consolidated affiliates were not treated as owned by us for United States federal income tax purposes, our risk of being a PFIC may substantially increase. Because there are uncertainties in the application of the relevant rules and PFIC status is a factual determination made annually after the close of each taxable year, we cannot assure you that we will not be a PFIC for the current taxable year or any future taxable year. If we are a PFIC in any taxable year, a United States Holder (as defined in "Taxation—United States Federal Income Tax Considerations") may incur significantly increased United States federal income tax on gain recognized on the sale or other disposition of the ADSs or ordinary shares and on the receipt of distributions on the ADSs or ordinary shares to the extent such gain or distribution is treated as an "excess distribution" under the United States federal income tax rules, and such

holders may be subject to burdensome reporting requirements. Further, if we are a PFIC for any year during which a United States Holder holds our ADSs or ordinary shares, we generally will continue to be treated as a PFIC for all succeeding years during which such U.S. Holder holds our ADSs or ordinary shares. For more information, see "Taxation—United States Federal Income Tax Considerations—Passive Foreign Investment Company Rules."

Our memorandum and articles of association that will become effective immediately prior to the completion of this offering contain anti-takeover provisions that could have a material adverse effect on the rights of holders of our ordinary shares and ADSs.

We plan to adopt an amended and restated memorandum and articles of association that will become effective immediately prior to the completion of this offering. Our post-offering memorandum and articles of association contain provisions to limit the ability of others to acquire control of our company or cause us to engage in change-of-control transactions. These provisions could have the effect of depriving our shareholders of an opportunity to sell their shares at a premium over prevailing market prices by discouraging third parties from seeking to obtain control of our company in a tender offer or similar transaction. For example, our board of directors has the authority subject to any resolution of the shareholders to the contrary, to issue preferred shares in one or more series and to fix their designations, powers, preferences, privileges, and relative participating, optional or special rights and the qualifications, limitations or restrictions, including dividend rights, conversion rights, voting rights, terms of redemption and liquidation preferences, any or all of which may be greater than the rights associated with our ordinary shares, in the form of ADS or otherwise. Preferred shares could be issued quickly with terms calculated to delay or prevent a change in control of our company or make removal of management more difficult. If our board of directors decides to issue preferred shares, the price of our ADSs may fall and the voting and other rights of the holders of our ordinary shares and ADSs may be materially and adversely affected.

You may face difficulties in protecting your interests, and your ability to protect your rights through U.S. courts may be limited, because we are incorporated under Cayman Islands law.

We are an exempted company incorporated under the laws of the Cayman Islands. Our corporate affairs are governed by our memorandum and articles of association, the Cayman Islands Company Law (2016 Revision as amended) and the common law of the Cayman Islands. The rights of shareholders to take action against the directors, actions by minority shareholders and the fiduciary responsibilities of our directors to us under Cayman Islands law are to a large extent governed by the common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands as well as from the common law of England, the decisions of whose courts are of persuasive authority, but are not binding, on a court in the Cayman Islands. The rights of our shareholders and the fiduciary responsibilities of our directors under Cayman Islands law are not as clearly established as they would be under statutes or judicial precedent in some jurisdictions in the United States. In particular, the Cayman Islands has a less developed body of securities laws than the United States. Some U.S. states, such as Delaware, have more fully developed and judicially interpreted bodies of corporate law than the Cayman Islands. In addition, Cayman Islands companies may not have standing to initiate a shareholder derivative action in a federal court of the United States. The Cayman Islands courts are also unlikely (1) to recognize or enforce against us judgments of courts of the United States based on certain civil liability provisions of U.S. securities laws that are penal in nature. There is no statutory recognition in the Cayman Islands of judgments obtained in the United States, although the courts of the Cayman Islands will in certain circumstances recognize and enforce a non-penal judgment of a foreign court of competent jurisdiction without retrial on the merits.

As a result of all of the above, our public shareholders may have more difficulty in protecting their interests in the face of actions taken by management, members of the board of directors or large shareholders than they would as public shareholders of a company incorporated in the United States. For a discussion of significant

differences between the provisions of the Cayman Islands Company Law (2016 Revision as amended) and the laws applicable to companies incorporated in the United States and their shareholders, see "Description of Share Capital—Differences in Corporate Law."

Certain judgments obtained against us by our shareholders may not be enforceable.

We are a Cayman Islands company and all of our assets are located outside of the United States.

Substantially all of our current operations are conducted in China. In addition, a majority of our current directors and officers are nationals and residents of countries other than the United States. Substantially all of the assets of these persons are located outside the United States. As a result, it may be difficult or impossible for you to bring an action against us or against these individuals in the United States in the event that you believe that your rights have been infringed under the U.S. federal securities laws or otherwise. Even if you are successful in bringing an action of this kind, the laws of the Cayman Islands and of China may render you unable to enforce a judgment against our assets or the assets of our directors and officers. For more information regarding the relevant laws of the Cayman Islands and China, see "Enforceability of Civil Liabilities."

We are a foreign private issuer within the meaning of the rules under the Exchange Act, and as such we are exempt from certain provisions applicable to United States domestic public companies.

Because we are a foreign private issuer under the Exchange Act, we are exempt from certain provisions of the securities rules and regulations in the United States that are applicable to U.S. domestic issuers, including:

- the rules under the Exchange Act requiring the filing of quarterly reports on Form 10-Q or current
- reports on Form 8-K with the SEC;
- the sections of the Exchange Act regulating the solicitation of proxies, consents, or authorizations in respect of a security registered under the Exchange Act;
- the sections of the Exchange Act requiring insiders to file public reports of their stock ownership and trading activities and liability for insiders who profit from trades made in a short period of time; and
- the selective disclosure rules by issuers of material nonpublic information under Regulation FD.

We will be required to file an annual report on Form 20-F within four months of the end of each fiscal year.

In addition, we intend to publish our results on a quarterly basis through press releases, distributed pursuant to the rules and regulations of the Nasdaq. Press releases relating to financial results and material events will also be furnished to the SEC on Form 6-K. However, the information we are required to file with or furnish to the SEC will be less extensive and less timely compared to that required to be filed with the SEC by U.S. domestic issuers. As a result, you may not be afforded the same protections or information, which would be made available to you, were you investing in a U.S. domestic issuer.

As a company incorporated in the Cayman Islands, we are permitted to adopt certain home country practices in relation to corporate governance matters that differ significantly from Nasdaq corporate governance listing standards; these practices may afford less protection to shareholders than they would enjoy if we complied fully with Nasdaq corporate governance listing standards.

As a Cayman Islands company listed on the Nasdaq, we are subject to Nasdaq corporate governance listing standards. However, the Nasdaq rules permit a foreign private issuer like us to follow the corporate governance practices of its home country. Certain corporate governance practices in the Cayman Islands, which is our home country, may differ significantly from Nasdaq corporate governance listing standards. Shareholders of Cayman Islands exempted companies like us have no general rights under Cayman Islands law to inspect corporate

records or to obtain copies of lists of shareholders of these companies. Our directors have discretion under our articles of association to determine whether or not, and under what conditions, our corporate records may be inspected by our shareholders, but are not obliged to make them available to our shareholders. This may make it more difficult for you to obtain the information needed to establish any facts necessary for a shareholder motion or to solicit proxies from other shareholders in connection with a proxy contest. Certain corporate governance practices in the Cayman Islands, which is our home country, differ significantly from requirements for companies incorporated in other jurisdictions such as the United States. To the extent we choose to follow home country practice with respect to corporate governance matters, our shareholders may be afforded less protection than they otherwise would under rules and regulations applicable to U.S. domestic issuers.

The voting rights of holders of ADSs are limited by the terms of the deposit agreement, and you may not be able to exercise your right to vote your ordinary shares.

As a holder of our ADSs, you will only be able to exercise the voting rights with respect to the underlying ordinary shares in accordance with the provisions of the deposit agreement. Under the deposit agreement, you must vote by giving voting instructions to the depositary. Upon receipt of your voting instructions, the depositary will vote the underlying ordinary shares in accordance with these instructions. You will not be able to directly exercise your right to vote with respect to the underlying shares unless you withdraw the shares. Under our amended and restated memorandum and articles of association that will become effective immediately upon completion of this offering, the minimum notice period required for convening a general meeting is 10 days. When a general meeting is convened, you may not receive sufficient advance notice to withdraw the shares underlying your ADSs to allow you to vote with respect to any specific matter. If we ask for your instructions, the depositary will notify you of the upcoming vote and will arrange to deliver our voting materials to you. We cannot assure you that you will receive the voting materials in time to ensure that you can instruct the depositary to vote your shares. In addition, the depositary and its agents are not responsible for failing to carry out voting instructions or for their manner of carrying out your voting instructions. This means that you may not be able to exercise your right to vote and you may have no legal remedy if the shares underlying your ADSs are not voted as you requested.

The depositary for our ADSs will give us a discretionary proxy to vote our ordinary shares underlying your ADSs if you do not vote at shareholders' meetings, except in limited circumstances, which could adversely affect your interests and the ability of our shareholders as a group to influence the management of our company.

Under the deposit agreement for the ADSs, if you do not vote, the depositary will give us a discretionary proxy to vote our ordinary shares underlying your ADSs at shareholders' meetings unless:

- we have failed to timely provide the depositary with notice of meeting and related voting materials;
- we have instructed the depositary that we do not wish a discretionary proxy to be given;
- we have informed the depositary that there is substantial opposition as to a matter to be voted on at the meeting; or
- a matter to be voted on at the meeting would have a material adverse impact on shareholders.

The effect of this discretionary proxy is that if you do not vote at shareholders' meetings, you cannot prevent our ordinary shares underlying your ADSs from being voted, except under the circumstances described above. This may make it more difficult for shareholders to influence the management of our company. Holders of our ordinary shares are not subject to this discretionary proxy.

You may not receive dividends or other distributions on our ordinary shares and you may not receive any value for them, if it is illegal or impractical to make them available to you.

The depositary of our ADSs has agreed to pay to you the cash dividends or other distributions it or the custodian receives on ordinary shares or other deposited securities underlying our ADSs, after deducting its fees

and expenses. You will receive these distributions in proportion to the number of ordinary shares your ADSs represent. However, the depositary is not responsible if it decides that it is unlawful or impractical to make a distribution available to any holders of ADSs. For example, it would be unlawful to make a distribution to a holder of ADSs if it consists of securities that require registration under the Securities Act but that are not properly registered or distributed under an applicable exemption from registration. The depositary may also determine that it is not feasible to distribute certain property through the mail. Additionally, the value of certain distributions may be less than the cost of mailing them. In these cases, the depositary may determine not to distribute such property. We have no obligation to register under U.S. securities laws any ADSs, ordinary shares, rights or other securities received through such distributions. We also have no obligation to take any other action to permit the distribution of ADSs, ordinary shares, rights or anything else to holders of ADSs. This means that you may not receive distributions we make on our ordinary shares or any value for them if it is illegal or impractical for us to make them available to you. These restrictions may cause a material decline in the value of our ADSs.

You may experience dilution of your holdings due to inability to participate in rights offerings.

We may, from time to time, distribute rights to our shareholders, including rights to acquire securities.

Under the deposit agreement, the depositary will not distribute rights to holders of ADSs unless the distribution and sale of rights and the securities to which these rights relate are either exempt from registration under the Securities Act with respect to all holders of ADSs, or are registered under the provisions of the Securities Act. The depositary may, but is not required to, attempt to sell these undistributed rights to third parties, and may allow the rights to lapse. We may be unable to establish an exemption from registration under the Securities Act, and we are under no obligation to file a registration statement with respect to these rights or underlying securities or to endeavor to have a registration statement declared effective. Accordingly, holders of ADSs may be unable to participate in our rights offerings and may experience dilution of their holdings as a result.

You may be subject to limitations on the transfer of your ADSs.

Your ADSs are transferable on the books of the depositary. However, the depositary may close its books at any time or from time to time when it deems expedient in connection with the performance of its duties. The depositary may close its books from time to time for a number of reasons, including in connection with corporate events such as a rights offering, during which time the depositary needs to maintain an exact number of ADS holders on its books for a specified period. The depositary may also close its books in emergencies, and on weekends and public holidays. The depositary may refuse to deliver, transfer or register transfers of our ADSs generally when our share register or the books of the depositary are closed, or at any time if we or the depositary thinks it is advisable to do so because of any requirement of law or of any government or governmental body, or under any provision of the deposit agreement, or for any other reason.

We will incur increased costs as a result of being a public company.

Upon completion of this offering, we will become a public company and expect to incur significant accounting, legal and other expenses that we did not incur as a private company. The Sarbanes-Oxley Act, as well as rules subsequently implemented by the SEC and the Nasdaq, have detailed requirements concerning corporate governance practices of public companies, including Section 404 of the Sarbanes-Oxley Act of 2002 relating to internal controls over financial reporting. We expect these rules and regulations applicable to public companies to increase our accounting, legal and financial compliance costs and to make certain corporate activities more time-consuming and costly. Our management will be required to devote substantial time and attention to our public company reporting obligations and other compliance matters. We are currently evaluating and monitoring developments with respect to these rules and regulations, and we cannot predict or estimate the amount of additional costs we may incur or the timing of such costs. Our reporting and other compliance

obligations as a public company may place a strain on our management, operational and financial resources and systems for the foreseeable future.

In the past, shareholders of a public company often brought securities class action suits against the company following periods of instability in the market price of that company's securities. If we were involved in a class action suit, it could divert a significant amount of our management's attention and other resources from our business and operations, which could harm our results of operations and require us to incur significant expenses to defend the suit. Any such class action suit, whether or not successful, could harm our reputation and restrict our ability to raise capital in the future. In addition, if a claim is successfully made against us, we may be required to pay significant damages, which could have a material adverse effect on our financial condition and results of operations.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS AND INDUSTRY DATA

This prospectus contains forward-looking statements that involve risks and uncertainties. All statements other than statements of current or historical facts are forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors, including those listed under "Risk Factors," that may cause our actual results, performance or achievements to be materially different from those expressed or implied by the forward-looking statements.

In some cases, you can identify these forward-looking statements by words or phrases such as "may," "will," "expect," "anticipate," "aim," "estimate," "intend," "plan," "believe," "likely to" or other similar expressions. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. These forward-looking statements include statements about:

- our goals and strategies;
- our ability to retain and increase our student enrollment;
- our ability to offer new courses and develop supplementary course materials;
- our ability to engage, train and retain new teachers;
- our future business development, financial condition and results of operations;
- the expected growth in, market size of and trends in the markets for our course offerings in China;
- expected changes in our revenues, costs or expenditures;
- our expectations for demand for and market acceptance of our brand;
- our expectations for the use of proceeds from this offering;
- growth of and trends of competition in the junior ELT market in China;
- · government policies and regulations relating to our corporate structure, business and industry; and
- general economic and business conditions in China.

You should read this prospectus and the documents that we refer to in this prospectus with the understanding that our actual future results may be materially different from and worse than what we expect. Other sections of this prospectus include additional factors which could adversely impact our business and financial performance. Moreover, we operate in an evolving environment. New risk factors and uncertainties emerge from time to time and it is not possible for our management to predict all risk factors and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. We qualify all of our forward-looking statements by these cautionary statements.

You should not rely upon forward-looking statements as predictions of future events. The forward-looking statements made in this prospectus relate only to events or information as of the date on which the statements are made in this prospectus. Except as required by law, we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You should read this prospectus and the documents that we refer to in this prospectus and have filed as exhibits to the registration statement, of which this prospectus is a part, completely and with the understanding that our actual future results may be materially different from what we expect.

This prospectus also contains statistical data and estimates that we obtained from industry publications and reports generated by government or third-party providers of market intelligence. Although we have not

independently verified the data, we believe that the publications and reports are reliable. See "Risk Factors—Risks Related to Our ADSs and this Offering—If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, the market price for our ADSs and trading volume could decline."

USE OF PROCEEDS

We estimate that we will receive net proceeds from this offering of approximately US\$ million, after deducting underwriting discounts and commissions and estimated offering expenses payable by us, including all of the underwriting discounts and commissions of the selling shareholders. These estimates are based upon an assumed initial offering price of US\$ per ADS, the mid-point of the estimated range of the initial public offering price shown on the front cover page of this prospectus. A US\$1.00 change in the assumed initial public offering price of US\$ per ADS would, in the case of an increase, increase and, in the case of a decrease, decrease the net proceeds of this offering by US\$ million, or approximately US\$ million if the underwriters exercise their option to purchase additional ADSs in full, under these assumptions. We will not receive any of the proceeds from the sale of ADSs by the selling shareholders

The primary purposes of this offering are to create a public market for our shares in the form of ADSs for the benefit of all shareholders, retain talented employees by providing them with equity incentives and obtain additional capital. We plan to use the net proceeds of this offering as follows:

- US\$ million for repayment of bank loans;
- US\$ million for business development, including business expansion through potential acquisitions;
- US\$ million for investment in product development; and
- the remainder for working capital and other general corporate purposes.

The terms of our US\$30 million short-term facility require us to repay it in full within ten business days of the completion of this offering. For details of this loan facility, see "Management's Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources—Cash Flows and Working Capital—Long-term loan." No portion of the proceeds will be used to make payments to our affiliates. The amounts and timing of any expenditures will vary depending on the amount of cash generated by our operations, and the rate of growth, if any, of our business, and our plans and business conditions. The foregoing represents our current intentions based upon our present plans and business conditions to use and allocate the net proceeds of this offering. Our management will have significant flexibility in applying and discretion to apply the net proceeds of the offering. If an unforeseen event occurs or business conditions change, we may use the proceeds of this offering differently than as described in this prospectus.

As an offshore holding company, we are permitted under PRC laws and regulations to provide funding to our PRC subsidiaries through loans or capital contributions, subject to applicable regulatory approvals. We currently cannot make loans or capital contributions to our PRC subsidiary, Rise Tianjin, without first obtaining regulatory approvals, and if we decide to use the proceeds from this offering within the PRC, we cannot assure you that we will be able to obtain these regulatory approvals on a timely basis, if at all. See "Risk Factors—Risks Related to Our Corporate Structure—PRC regulation of loans to and direct investment in PRC entities by offshore holding companies and governmental control of currency conversion may delay or prevent us from using the proceeds of this offering to make loans or additional capital contributions to our PRC subsidiaries and consolidated affiliates, which could materially and adversely affect our liquidity and our ability to fund and expand our business." However, we do not plan to use the proceeds from this offering to provide funding to Rise Tianjin or to our VIE, its subsidiaries or schools and the uses specified above can generally be accomplished without transferring funds into the PRC. Moreover, we believe the current cash reserves held by Rise Tianjin, our VIE and its subsidiaries and schools, combined with the cash generated from their operating activities, will be sufficient for our operating and expansion needs within the PRC over the foreseeable future.

DIVIDEND POLICY

We do not have any present plan to pay any cash dividends on our ordinary shares in the foreseeable future after this offering. We currently intend to retain most, if not all, of our available funds and any future earnings to operate and expand our business.

In September 2017, we paid cash dividends totaling US\$87 million to our shareholders. Our board of directors has discretion as to whether to distribute dividends, subject to certain requirements of Cayman Islands law. In addition, our shareholders may by ordinary resolution declare a dividend, but no dividend may exceed the amount recommended by our directors. Under Cayman Islands law, a Cayman Islands company may pay a dividend out of either profit or share premium account, provided that in no circumstances may a dividend be paid if this would result in the company being unable to pay its debts as they fall due in the ordinary course of business. Even if our board of directors decides to pay dividends, the form, frequency and amount will depend upon our future operations and earnings, capital requirements and surplus, general financial condition, contractual restrictions and other factors that the board of directors may deem relevant. If we pay any dividends on our ordinary shares, we will pay those dividends which are payable in respect of the ordinary shares underlying our ADSs to the depositary, as the registered holder of such ordinary shares, and the depositary then will pay such amounts to the ADS holders who will receive payment to the same extent as holders of our ordinary shares, subject to the terms of the deposit agreement, including the fees and expenses payable thereunder. See "Description of American Depositary Shares." Cash dividends on our ordinary shares, if any, will be paid in U.S. Dollars.

We are a holding company incorporated in the Cayman Islands. For our cash requirements, including any payment of dividends to our shareholders, we rely on dividends distributed by our subsidiaries in Hong Kong, Cayman Islands and the PRC. PRC regulations may restrict the ability of our PRC subsidiary to pay dividends to us. For example, dividend distributions from our PRC subsidiary to us are subject to PRC taxes, including withholding tax. In addition, regulations in the PRC currently permit payment of dividends of a PRC company only out of accumulated distributable after-tax profits as determined in accordance with its articles of association and the accounting standards and regulations in China. See "Risk Factors—Risks Related to our Corporate Structure—We rely on dividends, fees and other distributions paid by our PRC subsidiaries to fund any cash and financing requirements we may have, and any limitation on the ability of our PRC subsidiaries to make payments to us could hinder our ability to conduct our business."

CAPITALIZATION

The following table sets forth our capitalization as of June 30, 2017:

- on an actual basis;
- on a pro forma basis to reflect (i) the drawdown of US\$110.0 million under a loan facility agreement amended and restated in September 2017 and (ii) our payment of cash dividends of US\$87.0 million to our shareholders in September 2017; and
- on a pro forma as adjusted basis to reflect (i) the drawdown of US\$110.0 million under a loan facility agreement amended and restated in September 2017, (ii) our payment of cash dividends of US\$87.0 million to our shareholders in September 2017 and (iii) the issuance and sale of ordinary shares in the form of ADSs by us in this offering at an assumed initial public offering price of US\$ per ADS, the mid-point of the estimated range of the initial public offering price shown on the front cover of this prospectus, after deducting underwriting discounts and commissions and estimated offering expenses payable by us.

You should read this table together with our consolidated financial statements and the related notes included elsewhere in this prospectus and the information under "Management's Discussion and Analysis of Financial Condition and Results of Operations."

⁽¹⁾ In July 2016, we entered into a loan facility agreement with CTBC Bank Co. Ltd., as the lender, which was amended and restated in September 2017 to include a short-term facility of US\$30.0 million and a long-term facility of US\$110.0 million. Pursuant to the terms of the loan facility agreement, we will repay the short-term facility in full within ten business days of the completion of this offering. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources—Cash Flows and Working Capital—Long-term loan."

⁽²⁾ The proforma and proforma as adjusted information discussed above is illustrative only. Our additional paid-in capital, total shareholders' equity and total capitalization following the completion of this offering are subject to adjustment based on the actual initial public offering price and other terms of this offering determined at pricing.

- (3) A US\$1.00 increase (decrease) in the assumed initial public offering price of US\$ per ADS, the mid-point of the estimated range of the initial public offering price shown on the front cover of this prospectus, would increase (decrease) each of additional paid-in capital, total equity and total capitalization by US\$ million, assuming the number of ADSs offered by us, as set forth on the front cover of this prospectus, remains the same and after deducting underwriting discounts and commissions and estimated offering expenses payable by us.
- (4) Total capitalization means long-term loan plus total equity.

DILUTION

If you invest in the ADSs, your interest will be diluted to the extent of the difference between the initial public offering price per ADS and our net tangible book value per ADS after this offering. Dilution results from the fact that the initial public offering price per ordinary share is substantially in excess of the book value per ordinary share attributable to the existing shareholders for our presently outstanding ordinary shares.

Our net tangible book value as of June 30, 2017 was approximately US\$, or per ordinary share and US\$ per ADS. Net tangible book value per ordinary share represents the amount of total consolidated assets, minus the amounts of intangible assets, goodwill and total liabilities, divided by the total number of ordinary shares outstanding. Dilution is determined by subtracting pro forma net tangible book value per ordinary share, after giving effect to the additional proceeds we will receive from this offering, from the assumed initial public offering price per ordinary share.

Without taking into account any other changes in such net tangible book value after June 30, 2017, other than to give effect to the issuance and sale of ADSs in this offering at an assumed initial public offering price of US\$ per ADS, the mid-point of the estimated range of the initial public offering price shown on the front cover of this prospectus, and after deducting underwriting discounts and commissions and estimated offering expenses payable by us and assuming the underwriters' option to purchase additional ADSs is not exercised, our pro forma net tangible book value as of June 30, 2017 would have been US\$ per outstanding ordinary share, including ordinary shares underlying our outstanding ADSs, or US\$ per ADS. This represents an immediate increase in net tangible book value of US\$ per ordinary share, or US\$ per ADS, to existing shareholders and an immediate dilution in net tangible book value of US\$ per ordinary share, or US\$ per ADS, to investors purchasing ADSs in this offering. The pro forma information discussed above is illustrative only. The following table illustrates such dilution:

	Per Ordinary	
	Share	Per ADS
Assumed initial public offering price	US\$	US\$
Net tangible book value as of June 30, 2017	US\$	US\$
Amount of dilution in net tangible book value to new investors in the offering	US\$	US\$

A US\$1.00 change in the assumed public offering price of US\$ per ADS would, in the case of an increase, increase and, in the case of a decrease, decrease our pro forma net tangible book value as described above by US\$ million, the pro forma net tangible book value per ordinary share and per ADS by US\$ per ordinary share and by US\$ per ADS, and the dilution per ordinary share and per ADS to new investors in this offering by US\$ per ordinary share and US\$ per ADS, respectively, assuming no change to the number of ADSs offered by us as set forth on the front cover of this prospectus, and after deducting underwriting discounts and commissions and estimated offering expenses payable by us. Our net tangible book value following the completion of this offering is subject to adjustment based on the actual initial public offering price of the ADSs and other terms of this offering determined at pricing.

The following table summarizes, on a pro forma basis as of June 30, 2017, the differences between the existing shareholders as of June 30, 2017 and the new investors with respect to the number of ordinary shares (in the form of ADSs or ordinary shares) purchased from us in this offering, the total consideration paid and the average price per ordinary share paid and per ADS at an assumed initial public offering price of US\$ per ADS before deducting underwriting discounts and commissions and estimated offering expenses payable by us. The total number of ordinary shares does not include ordinary shares underlying the ADSs issuable upon exercise of the option to purchase additional ADSs which the selling shareholders granted to the underwriters.

ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated under the laws of the Cayman Islands as an exempted company with limited liability. We are incorporated in the Cayman Islands because of certain benefits associated with being a Cayman Islands company, such as political and economic stability, an effective judicial system, a favorable tax system, the absence of foreign exchange control or currency restrictions and the availability of professional and support services. However, the Cayman Islands has a less developed body of securities laws as compared to the United States and provides less protection for investors. In addition, Cayman Islands companies do not have standing to sue before the federal courts of the United States.

Our constitutional documents do not contain provisions requiring that disputes, including those arising under the securities laws of the United States, between us, our executive officers, directors and shareholders, be subject to arbitration.

All of our operations are conducted in China, and substantially all of our assets are located in China. Among our directors and officers, only Mr. David Benjamin Gross-Loh is a U.S. national, and all of our other directors and officers are Chinese nationals or Hong Kong residents and a substantial portion of their assets are located outside the United States. As a result, it may be difficult or impossible for you to effect service of process within the United States upon us or these persons, or to enforce judgments obtained in U.S. courts against us or them, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state in the United States. It may also be difficult for you to enforce judgments obtained in U.S. courts based on the civil liability provisions of the U.S. federal securities laws against us and our executive officers and directors.

We have appointed Cogency Global Inc. as our agent to receive service of process with respect to any action brought against us in the U.S. District Court for the Southern District of New York in connection with this offering under the federal securities laws of the United States or of any State in the United States or any action brought against us in the Supreme Court of the State of New York in the County of New York in connection with this offering under the securities laws of the State of New York.

Maples and Calder (Hong Kong) LLP, our counsel as to Cayman Islands law, and Haiwen & Partners, our counsel as to PRC law, have advised us that there is uncertainty as to whether the courts of the Cayman Islands or the PRC would, respectively, (i) recognize or enforce judgments of U.S. courts obtained against us or our directors or executive officers that are predicated upon the civil liability provisions of the securities laws of the United States or any state in the United States, or (ii) entertain original actions brought in the Cayman Islands or the PRC against us or our directors or executive officers that are predicated upon the securities laws of the United States or any state in the United States. Furthermore, Maples and Calder (Hong Kong) LLP and Haiwen & Partners have advised us that, as of the date of this prospectus, no treaty or other form of reciprocity exists between the Cayman Islands and China governing the recognition and enforcement of judgments.

Maples and Calder (Hong Kong) LLP, our counsel as to Cayman Islands law, has advised us further that although there is no statutory enforcement in the Cayman Islands of judgments obtained in the federal or state courts of the United States (and the Cayman Islands are not a party to any treaties for the reciprocal enforcement or recognition of such judgments), a judgment obtained in such jurisdiction will be recognized and enforced in the courts of the Cayman Islands at common law, without any re-examination of the merits of the underlying dispute, by an action commenced on the foreign judgment debt in the Grand Court of the Cayman Islands, provided such judgment (a) is given by a competent foreign court with jurisdiction to give the judgment, (b) imposes on the judgment debtor a liability to pay a liquidated sum for which the judgment has been given, (c) is final and conclusive, (d) is not in respect of taxes, a fine or a penalty; and (e) was not obtained in a manner and is not of a kind the enforcement of which is contrary to natural justice or the public policy of the Cayman Islands. However, the Cayman Islands courts are unlikely to enforce a judgment obtained from the U.S. courts under civil liability provisions of the U.S. federal securities law if such judgment is determined by the courts of the Cayman Islands to give rise to obligations to make payments that are penal or punitive in nature. Because

such a determination has not yet been made by a court of the Cayman Islands, it is uncertain whether such civil liability judgments from U.S. courts would be enforceable in the Cayman Islands.

Haiwen & Partners, our counsel as to PRC law, has advised us that the recognition and enforcement of foreign judgments are provided for under the PRC Civil Procedure Law. The PRC courts may recognize and enforce foreign judgments in accordance with the requirements under the PRC laws relating to the enforcement of civil liability, including the PRC Civil Procedure Law based either on treaties between China and the country where the judgment is made or on principles of reciprocity between jurisdictions. Haiwen & Partners has advised us further that under the PRC law, courts in the PRC will not recognize or enforce a foreign judgment against us or our directors and executive officers if they decide that the judgment violates the basic principles of the PRC law or national sovereignty, security or social public interest. As there exists no treaty or other form of reciprocity between China and the United States governing the recognition and enforcement of judgments as of the date of this prospectus, including those predicated upon the liability provisions of the United States federal securities laws, there is uncertainty whether and on what basis a PRC court would enforce judgments rendered by United States courts. In addition, because there is no treaty or other form of reciprocity between the Cayman Islands and China governing the recognition and enforcement of judgments as of the date of this prospectus, there is further uncertainty as to whether and on what basis a PRC court would enforce judgments rendered by a Cayman Islands court.

CORPORATE HISTORY AND STRUCTURE

Corporate History

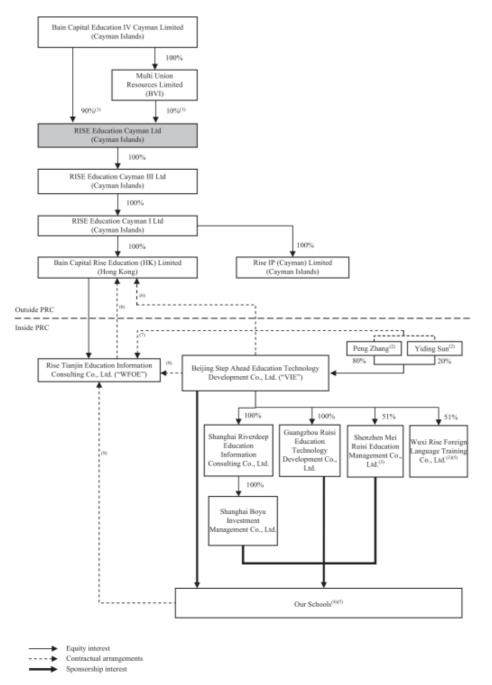

RISE Education Cayman Ltd is a holding company without substantive operations and we conduct our operations through PRC entities, including our variable interest entity, or VIE, and its subsidiaries and schools. Our first self-owned learning center opened in Beijing in October 2007. Over the last ten years, we have expanded our network of learning centers across China, including Shanghai in March 2010, Guangzhou in September 2012, Wuxi in June 2013 and Shenzhen in May 2014. As of June 30, 2017, we had 246 learning centers across 80 cities throughout China, including 56 self-owned learning centers operated by us and 190 franchised learning centers operated by our franchise partners through franchise arrangements.

In July 2013, Bain Capital Rise Education II Cayman Limited, or RISE Education, our current holding company, was incorporated as an exempted company under the laws of the Cayman Islands, and it was renamed as RISE Education Cayman Ltd in June 2017.

In July 2013, Rise IP (Cayman) Limited, or Rise IP, was incorporated as an exempted company under the laws of the Cayman Islands. Subsequently, a number of our wholly owned subsidiaries were established to acquire Rise IP and certain operating assets and entered a series of contractual arrangements with Beijing Step Ahead Education Technology Development Co., Ltd., or Beijing Step Ahead or our VIE, its schools and its shareholders. As a result, the VIE and its subsidiaries and schools have become our consolidated affiliates. See "—Contractual Arrangements among Our VIE, Its Schools, Its Shareholders and Us".

Corporate Structure

We conduct our businesses through our subsidiaries and our VIE and its subsidiaries and schools. The chart below summarizes our corporate structure and identifies the principal subsidiaries and consolidated affiliates described above and the places of incorporation as of the date of this prospectus:

- (1) Following the completion of this offering, Bain Capital Rise Education IV Cayman Limited, Multi Union Resources Limited and public shareholders will beneficially own %, % and % of our total ordinary shares, respectively. See "Principal and Selling Shareholder."
- (2) Mr. Peng Zhang, an employee of an affiliate of our principal shareholder, Bain Capital Rise Education IV Cayman Limited, and Mr. Yiding Sun, our chief executive officer and director, holding 80% and 20% of the VIE's equity interests, respectively.
- (3) The remaining 49% equity interests are owned by an unrelated third party.
- (4) Under PRC law, entities and individuals who establish and maintain ownership interests in private schools are referred to as "sponsors." The rights of sponsors vis-à-vis private schools are similar to those of shareholders vis-à-vis companies with regard to legal, regulatory and tax matters, but differ with regard to the rights to receive returns on investment and the distribution of residual properties upon termination and liquidation. As of June 30, 2017, we had established 16 private schools in China to operate our network of self-owned learning centers. For more information regarding school sponsorship and the difference between sponsorship and ownership under relevant laws and regulations, see "Regulation—The Law for Promoting Private Education and Its Implementation Rules."
- (5) Learning centers are not legal entities under PRC law. As of June 30, 2017, we had 56 self-owned learning centers across China, 54 of which were operated by the 16 schools for which we are the sponsor and two of which was operated by Wuxi Rise Foreign Language Training Co., Ltd., a non-school enterprise.

Contractual Arrangements among Our VIE, Its Schools, Its Shareholders and Us

Due to PRC legal restrictions on foreign investment in and ownership of entities engaged in the education industry, we operate our business through our VIE and its subsidiaries and schools. PRC laws and regulations currently require any foreign entity that invests in the education industry in China to be an educational institution with relevant experience in providing educational services outside of China. Our offshore holding companies are not educational institutions and do not provide educational services outside China. Accordingly, our offshore holding companies are not allowed to directly engage in the education industry in China. To comply with PRC laws and regulations, we have entered into a series of contractual arrangements with our VIE and its schools and its shareholders, through which we are able to consolidate the financial results of our VIE and its subsidiaries and schools. These contractual arrangements allow us to:

- exercise effective control over our VIE and its subsidiaries and schools;
- · receive substantially all of the economic benefits of our VIE and its subsidiaries and schools; and
- have a call option to purchase all or part of the equity interests in our VIE when and to the extent permitted by PRC law.

As a result of these contractual arrangements, we are the primary beneficiary of our VIE and its subsidiaries and schools and have consolidated their financial results in our consolidated financial statements in accordance with U.S. GAAP. However, these contractual arrangements may not be as effective in providing operational control as direct ownership and the use of the contractual arrangements exposes us to certain risks. For example, Beijing Step Ahead, its schools or its shareholders may breach the contractual arrangements with us. In such cases, we would have to rely on legal remedies under PRC law, which may not always be effective, particularly in light of uncertainties in the PRC legal system. See "Risk Factors—Risks Related to Our Corporate Structure."

If our PRC affiliated entities, Mr. Peng Zhang or Mr. Yiding Sun fail to perform their obligations under the contractual arrangements, we could be limited in our ability to enforce the contractual arrangements that give us

effective control over our affiliated entities. See "Risk Factors—Risks Related to Our Corporate Structure—We rely on contractual arrangements with our consolidated affiliates and the shareholders of Beijing Step Ahead for our operations in China, which may not be as effective in providing control as direct ownership." If we are unable to maintain effective control over our affiliated entities, we will not be able to continue consolidating the financial results of our affiliated entities into our financial results. In 2014, 2015, 2016 and the six months ended June 30, 2017, our consolidated affiliates contributed 97%, 95%, 95%, and 95%, respectively, of our total revenues. Further, we rely on dividends and other distributions paid to us by our offshore and PRC subsidiaries, which in turn depends on the service or royalty fees paid from our VIE, its subsidiaries and schools in the PRC. In practice, we evaluate on a case-by-case basis the performance and future plans of our VIE and schools before determining the amount of fees we will collect from them. We do not have unfettered access to the revenues from our PRC subsidiaries or affiliated entities due to the significant legal restrictions on the payment of dividends by PRC companies, foreign exchange control restrictions, and restrictions on foreign investment, among others. See "Risk Factors—We rely on dividends, fees and other distributions paid by our PRC subsidiaries to fund any cash and financing requirements we may have, and any limitation on the ability of our PRC subsidiaries to make payments to us could hinder our ability to conduct our business."

The following is a summary of the currently effective contractual arrangements by and among us, Beijing Step Ahead, its schools and its shareholders, namely Mr. Peng Zhang and Mr. Yiding Sun.

Agreements that provide us with effective control over the VIE

Loan agreements

The current shareholders of the VIE, Mr. Peng Zhang and Mr. Yiding Sun, acquired their respective equity interests in the VIE from its former shareholders in November 2016 and June 2017, respectively. In order to ensure that the VIE's shareholders are able to provide capital for the share acquisitions, we have entered into loan agreements with each of them. Pursuant to the loan agreements, we have granted a loan to each of them that may only be used for the purpose of acquiring their respective equity interest in the VIE or paying relevant taxes. Unless otherwise agreed by us, the loans may be repaid only by the shareholders transferring all of their respective equity interests in the VIE to us or our designee upon our exercise of the options under the call option agreement. The loan agreements also prohibit the shareholders from assigning or transferring to any third party, or from creating or causing any security interest to be created on, any part of their respective equity interests in the VIE without our prior consent. In the event that the shareholders sell their equity interests to us or our designee at a price which is equal to or lower than the principal amount of the loan will be interest-free. If the price is higher than the principal amount of the loans, the excess amount will be deemed to be interest on the loans payable by the shareholders to us. The loan has a term of ten years and the WFOE has sole discretion to extend the loan upon expiry.

Proxy agreement

In order to ensure that we are able to make all of the decisions concerning the VIE, we have entered into a proxy agreement with the shareholders of the VIE. Pursuant to the proxy agreement, each of its shareholders has irrevocably appointed us as such shareholder's attorney-in-fact to act for all matters pertaining to such shareholder's shares in the VIE and to exercise all of their rights as shareholders, including but not limited to attending and voting at shareholders' meetings. As such, we have the sole rights to designate and appoint directors and senior management members of the VIE. The proxy agreement will remain in effect until the respective shareholder ceases to hold any equity interest in the VIE.

Equity pledge agreement

In order to secure the performance of the VIE and its shareholders under the contractual arrangements, each shareholder of the VIE has undertaken to pledge all of their shares in the VIE to us. As of the date of this

prospectus, the share pledge has not been registered with local PRC authorities. If the VIE or any of its shareholders breaches or defaults under any of the contractual arrangements, we have the right to require the transfer of the pledged equity interests in the VIE to us or our designee, to the extent permitted by laws, or require a sale of the pledged equity interest and have priority in any proceeds from the auction or sale of such pledged interests. Moreover, we have the right to collect any and all dividends in respect of the pledged equity interests during the term of the pledge. Unless the VIE and its shareholders have fully performed all of their obligations in accordance with the contractual arrangements and all debts have been fully paid by them to us, the equity pledge agreement will continue to remain in effect.

Business cooperation agreement

Under this agreement, absent a prior written consent from the WFOE, the VIE may not itself or cause its subsidiaries or schools to sell, purchase, pledge or dispose of any assets, conduct any borrowings, or perform any transactions or activities that may cause a material effect on its assets, business and operations. In addition, the VIE agrees to follow the WFOE's instructions in its appointment and removal of directors and supervisors, and to cause its subsidiaries to engage candidates recommended by the WFOE as chief executives or principals. Moreover, if the VIE, its subsidiaries or schools desires a guarantee, it must first seek a guarantee from the WFOE. Only if the WFOE rejects or does not respond to its request within fifteen days can the VIE, its subsidiaries or schools, as applicable, seek a guarantee from a third party. If the WFOE agrees to provide a guarantee, it is entitled to a counter-guarantee, security or pledge from the VIE, its subsidiaries or schools, as applicable.

In addition, the VIE is entitled to pay a service fee to the WFOE, the amount of which is equal to its total revenue less any necessary costs, taxes and expenses. The WFOE has discretion to adjust and decide the amount to be paid by the VIE to the WFOE from time to time.

The initial term of this agreement is ten years, which will be automatically extended for another ten years unless otherwise notified by the WFOE.

All of the contractual arrangements as described above will be terminated once the respective shareholder has transferred all of such shareholder's equity interests in the VIE to us or our designee.

Agreements that enable us to receive economic benefits from our VIE and its subsidiaries and schools

In order to ensure that we receive the economic benefits of our VIE and its subsidiaries and schools, we have entered into a series of agreements with the VIE and schools. Under these agreements, we are entitled to substantially all of the economic benefits of our VIE and its subsidiaries and schools.

Business cooperation agreement

See "—Agreements that provide us with effective control over the VIE" for key terms and conditions.

Consulting services agreements

Rise HK has entered into a consulting agreement with each of the WFOE and the VIE, under which Rise HK provides technical and business support services to the WFOE or the VIE, including development of the annual teaching plans and courseware, reviewing the academic department's implementation plans and budgets, evaluating the development results, and making decisions to carry out the newly-developed teaching plans and courseware. In return, each of the WFOE and the VIE agrees to pay a service fee to Rise HK. The initial term of this agreement is five years, which will renew for another five years automatically unless one party does not consent.

Service agreement

The WFOE has entered into a service agreement with the VIE, under which the WFOE provides certain services to the VIE, including designing of teaching plans, licensed use of the business management system developed by the WFOE and sale of textbooks and training materials to our franchise partners who signed the franchise agreements with the VIE. In return, the VIE is required to pay certain service fees to the WFOE. The initial term of this agreement is five years, which will renew for another five years automatically unless the parties terminate this agreement in writing.

License agreements and comprehensive services agreements

The WFOE has entered into a license agreement and a comprehensive service agreement with each of the schools under the VIE pursuant to which the WFOE provides certain services to these schools, including design of teaching plans, licensed use of the business management system developed by the WFOE, market promotion and operation support, as well as authorizing these schools to use our courseware and schools. In return, each of the schools is required to pay certain service royalties and fees to the WFOE. The initial term of each of these agreements is five years, which will renew for another five years automatically unless the parties terminate this agreement in writing.

Agreement that provides us with the option to purchase the equity interests in Beijing Step Ahead

Call option agreement

In order to ensure that we are able to acquire all of the equity interests in the VIE at our discretion, we have entered into a call option agreement with the shareholders of the VIE. The option is exercisable by us at any time, provided that doing so is not prohibited by law. The exercise price under the option is the minimum amount required by law and any proceeds obtained by the respective shareholders through the transfer of their equity interests in the VIE shall be used for the repayment of the loans provided by us in accordance with the loan agreements. During the terms of the call option agreement, the shareholders will not grant a similar right or transfer any of the equity interests in the VIE to any party other than us or our designee, nor will such shareholder pledge, create or permit any security interest or similar encumbrance to be created on any of the equity interests. According to the call option agreement, the VIE cannot declare any profit distributions in any form without our prior consent. The call option agreement will remain in effect until the respective shareholder has transferred all of such shareholder's equity interests in the VIE to us or our designee.

Haiwen & Partners, our counsel as to PRC law is of the view that the contractual arrangements among Rise HK, the WFOE, the VIE and its schools and shareholders are governed by the laws of the PRC, currently in effect, and immediately after giving effect to this offering, are valid, binding and enforceable in accordance with their terms and applicable laws, regulations or rules currently in effect in the PRC, and do not result in any violation of such laws, regulations or rules currently in effect in the PRC, and the PRC regulatory authorities and PRC courts may in the future take a view that is contrary to the opinion of our counsel as to PRC law. Moreover, if the VIE, its subsidiaries and schools or its shareholders fail to perform their obligations under the contractual arrangements, we may have to incur substantial costs and expend resources to enforce our rights as the primary beneficiary under these agreements. See "Risks Factors—Risks Related to Our Corporate Structure."

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis of our financial condition and results of operations in conjunction with our consolidated financial statements and the related notes included elsewhere in this prospectus. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results and the timing of selected events could differ materially from those anticipated in these forward-looking statements as a result of various factors, including those set forth under "Risk Factors" and elsewhere in this prospectus.

Overview

We operate in China's junior ELT market, which refers to after-school English teaching and tutoring services provided by training institutions to students aged three to 18. We are a leader in China's junior ELT market according to Frost & Sullivan, and we ranked second in 2016 with a market share of 10.7% in terms of gross billings in the premium segment. Furthermore, in 2016, we ranked first in the junior ELT market in Beijing with a market share of 11.4% and ranked second in the junior ELT market in tier-one cities with a market share of 5.9%, both in terms of gross billings according to Frost & Sullivan.

We pioneered the "subject-based learning" teaching philosophy in China, whereby various subject matters, such as language arts, math, natural science and social science are used to teach English. In 2016 and for the six month ended June 30, 2017, we had 36,173 and 26,600 student enrollments, respectively, in self-owned learning centers. We currently offer three flagship courses, namely Rise Start, Rise On and Rise Up, that are designed for students aged three to six, seven to twelve and 13 to 18, respectively.

We devote significant resources to curriculum development to ensure that our course offerings are up-to-date, engaging and effective. As of June 30, 2017 we had 1,315 teachers in self-owned learning centers. The quality of our course offerings and our unique teaching philosophy has helped us develop a strong and powerful brand that is attractive to parents.

Our business model is highly scalable. We have a network of both self-owned learning centers as well as franchised learning centers. As of June 30, 2017 we had a network of 246 learning centers across 80 cities in China, among which 56 were self-owned centers primarily located in tier-one cities and 190 centers were franchised learning centers primarily located in non-tier-one cities. We have enjoyed significant growth over the past few years. Our revenues increased from RMB529.5 million in 2015 to RMB711.0 million (US\$104.9 million) in 2016, and increased from RMB315.0 million for the six months ended June 30, 2016 to RMB437.1 million (US\$64.5 million) for the six months ended June 30, 2017, largely as a result of the growth of self-owned learning centers. As our network of learning centers has expanded, our brand has also strengthened. This has allowed us to maintain our position as a market leader, command premium pricing, improve profitability and enjoy a highly loyal customer base. In 2016, we had a 67% student retention rate, 63% higher than the industry average of 41%, according to Frost & Sullivan and our student retention rate improved further to 70% in the six months ended June 30, 2017. We recorded EBITDA of RMB40.8 million and RMB142.3 million (US\$21.0 million) in 2015 and 2016, respectively, and RMB58.6 million and RMB109.6 million (US\$16.2 million) for the six months ended June 30, 2016 and 2017, respectively. We recorded a net loss of RMB31.7 million in 2015 while we recorded net income of RMB50.8 million (US\$7.5 million) in 2016, and we recorded a net income of RMB18.3 million and RMB57.8 million (US\$8.5 million) for the six months ended June 30, 2016 and 2017, respectively.

Major Factors Affecting Our Results of Operations

Our business and operating results are impacted by factors that affect China's junior ELT market generally. We have benefited from a number of market factors, including China's rising birth rate largely resulting from

adoption of the "two-child policy," rising population in large urban centers, increases in average household income as well as the number of higher income families, limited penetration of junior ELT across China, favorable government policies that support the growth of private-sector education enterprises and permit increased operational and pricing flexibility, and the continued focus on study-abroad opportunities by parents.

At the same time, our results are subject to changes in the regulatory regime governing China's education industry. The PRC government regulates various aspects of our business and operations, including the qualification and licensing requirements for entities that provide education services, standards for operating facilities and limitations on foreign investments in the education industry.

While our business is influenced by factors affecting the junior ELT market in China generally, we believe our results of operations are more directly affected by company-specific factors, including the major factors highlighted below.

Student Enrollments

We derive a large portion of our revenues from tuition and fees that we charge for our educational programs. Student enrollments at self-owned learning centers increased by 96.0% from 18,451 in 2014 to 36,173 in 2016, and by 48.1% from 17,958 for the six months ended June 30, 2016 to 26,600 for the six months end June 30, 2017. Growth in student enrollments is dependent on our ability to retain our current students and to recruit new students. Our ability to retain existing students is largely dependent on the variety and quality of our course offerings, the quality of teachers and the overall satisfaction of students and their parents with the educational services we offer. Our ability to recruit new students is largely dependent on our reputation and brand recognition, which are affected by our branding activities and other selling and marketing efforts.

Number of Self-Owned Learning Centers

Our revenue growth is also driven by the number of self-owned learning centers, which directly affects our overall student enrollment. Our ability to increase the number of self-owned learning centers depends on a variety of factors, including identifying suitable locations and hiring qualified teachers and other necessary personnel for the new learning centers.

The number of self-owned learning centers has grown steadily in recent years, increasing from 43 as of December 31, 2014 to 54 as of December 31, 2016 and further to 56 as of June 30, 2017. As our network grows in size, we believe that our large scale strengthens our brand, which in turn supports the further growth of our network.

Pricing and Student Spending

Our revenues are directly affected by the pricing of our products offered at self-owned learning centers and, to a lesser extent, at franchised learning centers. We aim to charge premium tuition and fees while keeping in mind the general income level of the relevant location, competition and the local demand of our services. Tuition and fees in franchised learning centers located in non-tier-one cities are generally lower than our self-owned learning centers, which are mostly located in tier-one cities. In addition to raising tuition, we also seek to increase average spending of students by offering online and other complementary products, such as overseas study tours.

Scale and Success of Our Franchise Business

We derive revenues from our franchise business through initial or renewal franchise fees, recurring franchise fees and the sale of individual course materials. Revenues from initial franchise fees are derived when we enter into arrangements with a franchise partner to open new franchised learning centers, and are mainly affected by the number of new franchised learning centers. We also receive renewal franchise fees from our

existing franchise partners when they renew their franchise agreements. We also derive revenues from the sale of individual course materials and recurring franchise fees based on an agreed percentage of each franchised learning center's collected tuition fees. Such revenues are primarily driven by the number of total franchised learning centers and students enrolled. The scale of our franchise business largely depends on our ability to attract and retain more franchise partners, the ability of our franchise partners to successfully launch new franchised learning centers, as well as the ability of our franchise partners to operate effectively, attract new students and retain existing students.

We have achieved steady growth of franchised learning centers in recent years. The number of franchised learning centers increased from 137 as of December 31, 2014 to 167 as of December 31, 2016 and further to 190 as of June 30, 2017. We expect the number of franchised learning centers to continue to grow.

Level of Our Costs and Expenses and Operating Efficiency

Our ability to manage the costs and expenses of our operations directly affects our profitability.

Our cost of revenues primarily consists of personnel costs and rental costs for our learning centers. Variable costs such as salary and benefits for teachers generally increase with the increase of student enrollment. We strive to utilize our complementary products and other online technologies to facilitate the teaching at our learning centers and to enhance overall operating efficiency. Fixed costs, such as rental costs and other employee costs at self-owned learning centers, remain relatively stable. In general, learning centers with higher student enrollment yield higher gross margins.

Our operating expenses consist of selling and marketing expenses, and general and administrative expenses. Largely as a result of our standardized management operations, together with increasing economies of scale as we have expanded our network of learning centers, operating expenses as a percentage of total revenues have decreased over the years.

Going forward, we expect that our total costs and expenses will increase in line with the expansion of our network of learning centers. We also expect to improve our operating efficiency and increase economies of scale.

Description of Certain Statement of Income Items

Revenues

We generate revenues primarily from educational programs, franchise fees and other revenues in China. The table below sets forth the breakdown of our revenues, both in absolute amount and as a percentage of revenues, for the periods indicated.

We provide junior English language training to students through our three flagship courses, namely, Rise Start, Rise On and Rise Up. We charge tuition and course material fees for our educational programs at self-

owned learning centers. Tuition fees are collected in full in advance and are initially recorded as deferred revenue and customer advances and recognized ratably as the classes for the related course are delivered. We recognize course material fees once the student attends the first class of the respective course.

We generate franchise revenues from franchised learning centers through authorizing our franchise partners to use our brand, as well as the provision of initial setup and ongoing franchise support services, including quality control of courses and centralized training for teachers from franchised learning centers. We receive an initial or renewal franchise fee when we enter into or renew a franchise agreement. During the term of the franchise, we charge each franchised learning center recurring franchise fees based on an agreed percentage of its collected tuition fees and related individual course materials fees.

As of December 31, 2015 and 2016 and June 30, 2017, we recorded deferred revenue and customer advances of RMB489.9 million, RMB601.3 million (US\$88.7 million) and RMB 786.2 million (US\$116.0 million)), respectively, which are primarily from our educational programs and, to a lesser extent, from our franchise business. Given that our tuition and fees are prepaid, we expect to generate sufficient cash from our operating activities to meet our working capital and capital expenditure needs.

We generate other revenues primarily from Rise Overseas Study Tours, Rise Camps and other complementary products, such as Rise Workshop.

Cost of Revenues

Our cost of revenues consists primarily of (i) personnel costs, including teachers' costs and, to a lesser extent, costs relating to our franchise service and supervision team and research and curriculum development team, (ii) rental costs, (iii) amortization of intangible assets and (iv) others, including construction and design costs, course materials cost and other operating costs incurred to operate self-owned centers. We expect cost of revenues to increase in line with our expansion of business. The table below sets forth a breakdown of our cost of revenues for the periods indicated:

Amortization of intangible assets includes amortization of courseware license, student base and franchise agreements that were acquired as part of the acquisition of our business by RISE Education in 2013, or the 2013 acquisition, amounting to RMB73.1 million, RMB59.7 million, RMB34.2 million (US\$5.0 million) and RMB7.0 million (US\$1.0 million) in 2014, 2015 and 2016 and for the six months ended June 30, 2017, respectively. See "Corporate History and Structure—Corporate History." Amortization of such acquired intangible assets is recognized using a straight-line method over the estimated useful lives of each intangible asset except for student base which is amortized on an accelerated basis.

Operating Expenses

Our operating expenses consist of selling and marketing expenses and general and administrative expenses. The table below sets forth our operating expenses, both in absolute amount and as a percentage of revenues, for the periods indicated.

Selling and marketing expenses

Our selling and marketing expenses consist primarily of (i) general marketing channel and personnel expenses, and (ii) branding and promotional expenses, including expenses related to our events such as Rise Cup and Rise Star. We expect that our selling and marketing expenses will continue to increase in absolute amounts as we continue to market our products and expand into new geographic regions. We also recorded amortization of trademarks used for brand promotion acquired as part of the 2013 acquisition under selling and marketing expenses. See "Corporate History and Structure—Corporate History."

General and administrative expenses

Our general and administrative expenses mainly consist of (i) personnel expenses related to management and other employees, (ii) fees paid to professional parties and (iii) rental expenses for administrative facilities. We expect that our general and administrative expenses will increase in absolute amounts in the foreseeable future as we incur additional costs for becoming and being a public company, but will in time decrease as a percentage of our net revenues as we continue to benefit from economies of scale and improve our operating efficiency.

Results of Operations

The table below sets forth a summary of our consolidated results of operations for the periods indicated, both in absolute amounts and as percentages of our revenues. This information should be read together with our consolidated financial statements and related notes included elsewhere in this prospectus. Six Months Ended June 30, 2017 Compared to Six Months Ended June 30, 2016

Revenues

Our revenues increased by 38.7%, from RMB315.0 million for the six months ended June 30, 2016 to RMB437.1 million (US\$64.5 million) for the six months ended June 30, 2017. This increase was primarily attributable to an increase of RMB103.5 million (US\$15.3 million) in revenues from educational programs.

- Revenues from educational programs. Our revenues from educational programs increased by 37.7%, from RMB274.3 million for the six months ended June 30, 2016 to RMB377.8 million (US\$55.7 million) for the six months ended June 30, 2017. This increase was primarily due to an increase in student enrollments at self-owned learning centers from approximately 17,958 for the six months ended June 30, 2016 to 26,600 for the six months ended June 30, 2017. The increase in our student enrollments was attributable to (i) higher student enrollments at existing learning centers as they matured and achieved a higher retention rate as well as due to greater sales and marketing efforts for the six months ended June 30, 2017 and (ii) the increase in the number of self-owned learning centers from 46 as of June 30, 2016 to 56 as of June 30, 2017. We expect student enrollments in our self-owned learning centers will increase as we expand. We also had a slight increase in average tuition and fees for the six months ended June 30, 2017.
- Franchise revenues. Our franchise revenues increased by 61.8%, from RMB32.2 million for the six months ended June 30, 2016 to RMB52.0 million (US\$7.7 million) for the six months ended June 30, 2017. This increase was primarily due to increases in the recurring franchise fees from our existing franchised learning centers for the six months ended June 30, 2017 as well as initial and renewal franchise fees. The number of franchised learning centers increased from 145 as of June 30, 2016 to 190 as of June 30, 2017. We expect the number of franchised learning centers and the recurring fees received from existing franchised learning centers will increase as we expand.
- *Other revenues*. Our other revenues decreased by 15.1%, from RMB8.6 million for the six months ended June 30, 2016 to RMB7.3 million (US\$1.1 million) for the six months ended June 30, 2017. The decrease was primarily due to a decrease in revenues from our winter camp in 2017.

Cost of revenues

Our cost of revenues increased from RMB169.8 million for the six months ended June 30, 2016 to RMB196.1 million (US\$28.9 million) for the six months ended June 30, 2017, primarily due to the increase in rental costs and personnel costs. Rental costs increased as we expanded our operations, while the increase in personnel costs was primarily attributable to an increase in the number of teachers and higher average compensation and utilization of our teachers as we expanded our network of self-owned learning centers. The number of teachers at self-owned learning centers increased from 1,181 as of June 30, 2016 to 1,315 as of June 30, 2017. Increases in the size of our franchise service and supervision team also contributed to the increase in our cost of revenues. In addition, we recorded amortization of certain intangible assets acquired as part of the 2013 acquisition of RMB19.9 million and RMB7.0 million (US\$1.0 million) for the six months ended June 30, 2016 and 2017, respectively. See "—Description of Certain Statement of Income Items—Cost of Revenues."

Gross profit

Our gross profit increased by 65.9%, from RMB145.3 million for the six months ended June 30, 2016 to RMB241.0 million (US\$35.6 million) for the six months ended June 30, 2017. We had gross margins of 46.1% for the six months ended June 30, 2016 and 55.1% for the six months ended June 30, 2017. The increase in our gross margin was primarily attributable to the increase of operating efficiencies and the decrease in amortization.

Selling and marketing expenses

Our selling and marketing expenses increased by 32.6%, from RMB53.7 million for the six months ended June 30, 2016 to RMB71.2 million (US\$10.5 million) for the six months ended June 30, 2017. This increase was primarily due to increases in (i) expenses relating to branding and promotional activities for our tenth anniversary in the first half of 2017 and (ii) general marketing channel expenses and personnel expenses as we expanded our network of self-owned learning centers and increased student enrollments. Our selling and marketing expenses constituted 17.1% and 16.3% of our revenues for the six months ended June 30, 2016 and 2017, respectively.

General and administrative expenses

Our general and administrative expenses increased by 24.3%, from RMB68.3 million for the six months ended June 30, 2016 to RMB84.9 million (US\$12.5 million) for the six months ended June 30, 2017. This increase was primarily due to an increase in the number of administrative personnel and other administrative expenses. Our general and administrative expenses constituted 21.7% and 19.4% of our revenues for the six months ended June 30, 2016 and 2017, respectively. The decrease was largely due to the increase in our operating efficiency as a result of our standardized management operations and increasing economies of scale.

Operating income

As a result of the foregoing, we had an operating income of RMB84.9 million (US\$12.5 million) for the six months ended June 30, 2017, compared to an operating income of RMB23.3 million for the six months ended June 30, 2016.

Interest income, interest expense, foreign currency exchange loss and other income, net

We had interest income of RMB6.1 million and RMB9.4 million (US\$1.4 million) for the six months ended June 30, 2016 and 2017, respectively, which are primarily from holdings of interest-bearing financial instruments. We had interest expense of RMB9.9 million (US\$1.5 million) for the six months ended June 30, 2017. We had foreign currency exchange loss of RMB1.2 million for the six months ended June 30, 2016 and foreign currency exchange gain of RMB0.2 million (US\$0.03 million) for the six months ended June 30, 2017. We had other expense, net of RMB0.04 million for the six months ended June 30, 2016 and other expense, net of RMB0.1 million (US\$0.02 million) for the six months ended June 30, 2017.

Income before income tax expense

As a result of the foregoing, we had income before income tax expense of RMB84.5 million (US\$ 12.5 million) for the six months ended June 30, 2017, compared to income before income tax of RMB28.1 million for the six months ended June 30, 2016.

Income tax expense

We had an income tax expense of RMB9.8 million and RMB26.6 million (US\$3.9 million) for the six months ended June 30, 2016 and 2017, respectively.

Net income

As a result of the foregoing, we had net income of RMB57.8 million (US\$8.5 million) for the six months ended June 30, 2017, compared to net income of RMB18.3 million for the six months ended June 30, 2016.

EBITDA

EBITDA, which is net income or loss before interest, taxes, depreciation and amortization, was RMB58.6 million for the six months ended June 30, 2016 and RMB109.6 million (US\$16.2 million) for the six months ended June 30, 2017. For a discussion of the limitations associated with using EBITDA rather than U.S. GAAP measures and a reconciliation to net income or loss, see "—Non-GAAP Financial Measures."

Year Ended December 31, 2016 Compared to Year Ended December 31, 2015

Revenues

Our revenues increased by 34.3%, from RMB529.5 million in 2015 to RMB711.0 million (US\$104.9 million) in 2016. This increase was primarily attributable to an increase of RMB166.9 million (US\$24.6 million) in revenues from educational programs.

- Revenues from educational programs. Our revenues from educational programs increased by 37.0%, from RMB451.4 million in 2015 to RMB618.3 million (US\$91.2 million) in 2016. This increase was primarily due to an increase in student enrollments at self-owned learning centers from approximately 26,951 in 2015 to 36,173 in 2016. The increase in our student enrollments was attributable to (i) higher student enrollments at existing learning centers as they matured and achieved a higher retention rate as well as due to greater sales and marketing efforts in 2016 and (ii) the increase in the number of self-owned learning centers from 46 as of December 31, 2015 to 54 as of December 31, 2016. We also had a slight increase in average tuition and fees in 2016.
- *Franchise revenues*. Our franchise revenues increased by 4.5%, from RMB60.8 million in 2015 to RMB63.5 million (US\$9.4 million) in 2016. This increase was primarily due to an increase in the recurring franchise fees from our existing franchised learning centers in 2016 as well as initial and renewal franchise fees. The number of franchised learning centers increased from 147 as of December 31, 2015 to 167 as of December 31, 2016. We expect student enrollments in those new franchised learning centers will increase as they grow.
- *Other revenues*. Our other revenues increased by 68.8%, from RMB17.3 million in 2015 to RMB29.1 million (US\$4.3 million) in 2016. The increase was primarily due to the increase in students enrolled in our overseas study tours.

Cost of revenues

Our cost of revenues increased from RMB346.7 million in 2015 to RMB363.6 million (US\$53.6 million) in 2016, primarily due to the increase in personnel costs and rental costs. Such increase was primarily attributable to an increase in the number of teachers and rental costs as we expanded our network of self-owned learning centers. The number of teachers at self-owned learning centers increased from 1,162 as of December 31, 2015 to 1,253 as of December 31, 2016, to staff new centers and expand existing centers. Increases in the size of our franchise service and supervision team and costs associated with our overseas study tours also contributed to the increase in our cost of revenues. In addition, we recorded amortization of certain intangible assets acquired as part of the 2013 acquisition of RMB59.7 million and RMB34.2 million (US\$5.0 million) in 2015 and 2016, respectively. See "—Description of Certain Statement of Income Items—Cost of Revenues."

Gross profit

Our gross profit increased by 90.0%, from RMB182.8 million in 2015 to RMB347.4 million (US\$51.2 million) in 2016. We had gross margins of 34.5% in 2015 and 48.9% 2016. The increase in our gross margin was primarily attributable to the increase of operating efficiencies and the decrease in amortization of the student base related to the 2013 acquisition that was amortized on a more accelerated basis in 2015 as compared to 2016.

Selling and marketing expenses

Our selling and marketing expenses increased by 32.9%, from RMB96.7 million in 2015 to RMB128.5 million (US\$19.0 million) in 2016. This increase was primarily due to increases in (i) general marketing channel expenses and personnel expenses and (ii) expenses relating to branding and promotional activities as we expanded our network of self-owned learning centers and increased student enrollments. Our selling and marketing expenses constituted 18.3% and 18.1% of our revenues in 2015 and 2016, respectively.

General and administrative expenses

Our general and administrative expenses increased by 9.2%, from RMB135.6 million in 2015 to RMB148.1 million (US\$21.8 million) in 2016. This increase was primarily due to an increase in the number of administrative personnel and other administrative expenses. Our general and administrative expenses constituted 25.6% and 20.8% of our revenues in 2015 and 2016, respectively. The decrease was largely due to the increase in our operating efficiency.

Operating (loss)/income

As a result of the foregoing, we had an operating income of RMB70.8 million (US\$10.5 million) in 2016, compared to an operating loss of RMB49.5 million in 2015.

Interest income, interest expense, foreign currency exchange loss and other income, net

We had interest income of RMB17.9 million and RMB16.6 million (US\$2.5 million) in 2015 and 2016, respectively, which are primarily from holdings of interest-bearing financial instruments. We had other income, net of RMB0.3 million and RMB4.4 million (US\$0.6 million) in 2015 and 2016, respectively. The increase in other income, net in 2016 was due to a government subsidy and one-off cash proceeds received from a litigation settlement.

(Loss)/income before income tax expense

As a result of the foregoing, we had income before income tax expense of RMB83.0 million (US\$12.3 million) in 2016, compared to a loss before income tax of RMB32.9 million in 2015.

Income tax benefit/(expense)

We had an income tax benefit of RMB1.1 million in 2015 as we did not have taxable income in that year and an income tax expense of RMB32.2 million (US\$4.8 million) in 2016.

Net (loss)/income

As a result of the foregoing, we had net income of RMB50.8 million (US\$7.5 million) in 2016, compared to net loss of RMB31.7 million in 2015.

EBITDA

EBITDA, which is net income or loss before interest, taxes, depreciation and amortization, was RMB40.8 million in 2015 and RMB142.3 million (US\$21.0 million) in 2016. For a discussion of the limitations associated with using EBITDA rather than U.S. GAAP measures and a reconciliation to net income or loss, see "—Non-GAAP Financial Measures."

See "—Description of Certain Statement of Income Items —Cost of Revenues."

Selling and marketing expenses

Our selling and marketing expenses increased by 30.0%, from RMB74.4 million in 2014 to RMB96.7 million in 2015. This increase was primarily due to increases in (i) general marketing channel expenses and personnel expenses and (ii) expenses relating to branding and promotional activities as we expanded our network of self-owned learning centers and increased student enrollments. As a percentage of revenues, our selling and marketing expenses remained at the same level at 18.3% in 2014 and 2015.

EBITDA

EBITDA was RMB14.8 million in 2014 and RMB40.8 million in 2015. For a discussion of the limitations associated with using EBITDA rather than U.S. GAAP measures and a reconciliation to net income or loss, see "—Non-GAAP Financial Measures."

To see how we define and calculate EBITDA, a reconciliation between EBITDA and net (loss)/income (the most directly comparable U.S. GAAP financial measure) and a discussion about the limitations of non-GAAP financial measures, see "Management's Discussion and Analysis of Financial Condition and Results of Operations—Non-GAAP Financial Measures. EBITDA margin is calculated by dividing EBITDA by revenues.

Seasonal fluctuations have affected, and are likely to continue to affect, our business. Our quarterly revenues overall were primarily generated from our educational programs and, to a lesser extent, from franchise revenues and other revenues. Generally, we generate higher revenues in the third quarter as we generate revenues from summer overseas study tours during the summer holiday, and we generate lower revenues in the first quarter as we deliver fewer classes due to the Chinese New Year holiday. The fluctuation in the first quarter is partially offset by revenues generated from our winter overseas study tours.

Our quarterly cost of revenues, selling and marketing expenses and general and administrative expenses generally increased in absolute amounts during the period from January 1, 2015 to June 30, 2017 as our revenues increased and we opened more self-owned learning centers, enhanced our marketing efforts and increased the headcount of our teachers and other administrative staff. Our operating income decreased from RMB33.9 million in the third quarter of 2016 to RMB13.7 million (US\$2.0 million) in the fourth quarter of 2016 mainly because we had increased selling and marketing expenses for branding and promotion activities relating to our tenth anniversary. Overall, although the historical seasonality of our business has been relatively mild, we expect to continue to experience seasonal fluctuations in our results of operations. See "Risk Factors—Risks Related to Our Business and Industry—Our results of operations are subject to seasonal fluctuations."

Non-GAAP Financial Measures

To supplement our consolidated financial statements, which are prepared and presented in accordance with U.S. GAAP, we use EBITDA and EBITDA margin, both non-GAAP financial measures, as described below, to understand and evaluate our core operating performance. These non-GAAP financial measures, which may differ from similarly titled measures used by other companies, are presented to enhance investors' overall understanding of our financial performance and should not be considered a substitute for, or superior to, the financial information prepared and presented in accordance with U.S. GAAP.

EBITDA is defined as net income or loss before interest, taxes, depreciation and amortization. EBITDA margin is defined as EBITDA as a percentage of revenues. We believe that EBITDA and EBITDA margin provide useful information to investors and others in understanding and evaluating our operating results. These non-GAAP financial measures eliminate the impact of items that we do not consider indicative of the performance of our business. While we believe that these non-GAAP financial measures are useful in evaluating our business, this information should be considered as supplemental in nature and is not meant as a substitute for the related financial information prepared in accordance with U.S. GAAP.

The tables below present reconciliations of EBITDA to net (loss)/income, the most directly comparable U.S. GAAP financial measure, as well as EBITDA margin, for the periods indicated.

The use of EBITDA and EBITDA margin has material limitations as an analytical tool, as EBITDA and EBITDA margin do not include all items that impact our net loss or income for the period.

Liquidity and Capital Resources

Cash Flows and Working Capital

Our principal sources of liquidity have been from cash generated from operating activities. As of December 31, 2015 and 2016 and June 30, 2017, we had RMB517.4 million, RMB640.0 million (US\$94.4 million) and RMB537.0 million (US\$79.2 million), respectively, in cash and cash equivalents. Cash and cash equivalents consist of cash on hand placed with banks or other financial institutions and highly liquid investment which are unrestricted as to withdrawal and use and have original maturities of three months or less when purchased. Our cash and cash equivalents are primarily denominated in Renminbi.

We intend to finance our future working capital requirements and capital expenditures from cash generated from operating activities, funds raised from financing activities, including the net proceeds we will receive from this offering. As an offshore holding company, we are permitted under PRC laws and regulations to provide funding to our PRC subsidiaries through loans or capital contributions, subject to applicable regulatory approvals. We cannot assure you that we will be able to obtain these regulatory approvals on a timely basis, if at all. See "Risk Factors—Risks Related to Our Corporate Structure—PRC regulation of loans to and direct investment in PRC entities by offshore holding companies and governmental control of currency conversion may delay or prevent us from using the proceeds of this offering to make loans or additional capital contributions to our PRC subsidiaries and consolidated affiliates, which could materially and adversely affect our liquidity and our ability to fund and expand our business." We believe that our current available cash and cash equivalents will be sufficient to meet our working capital requirements and capital expenditures in the ordinary course of business for the next twelve months without taking into account the proceeds from this offering.

However, we may require additional cash resources due to changing business conditions or other future developments, including any investments or acquisitions we may decide to selectively pursue. If our existing cash resources are insufficient to meet our requirements, we may seek to sell equity or equity-linked securities, sell debt securities or borrow from banks. We cannot assure you that financing will be available in the amounts we need or on terms acceptable to us, if at all. The sale of additional equity securities would result in additional dilution to our shareholders. The incurrence of indebtedness and issuance of debt securities would result in debt service obligations and could result in operating and financial covenants that restrict our operations and our ability to pay dividends to our shareholders.

We do not have any present plan to pay any cash dividends on our ordinary shares in the foreseeable future after this offering. We currently intend to retain most, if not all, of our available funds and any future earnings to

operate and expand our business. In September 2017, we paid cash dividends totaling US\$87 million to our shareholders.

As a holding company with no material operations of our own, we are a corporation separate and apart from our subsidiaries and our VIE and its subsidiaries and, therefore, must provide for our own liquidity. We conduct our operations in China primarily through our PRC subsidiary and our VIE and its subsidiaries and schools. As a result, our ability to pay dividends and to finance any debt we may incur depends upon dividends paid by our subsidiaries, our VIE and its subsidiaries and schools. If our PRC subsidiary or any newly formed PRC subsidiaries incur debt on their own behalf in the future, the instruments governing their debt may restrict their ability to pay dividends to us. In addition, our PRC subsidiaries are permitted to pay dividends to us only out of their respective retained earnings, if any, as determined in accordance with Chinese accounting standards and regulations.

Under applicable PRC laws and regulations, our PRC subsidiaries and schools are each required to set aside a portion of its after tax profits each year to fund certain statutory reserves, and funds from such reserves may not be distributed to us as cash dividends except in the event of liquidation of such subsidiaries. These statutory limitations affect, and future covenant debt limitations might affect, our PRC subsidiaries' ability to pay dividends to us. We currently believe that such limitations will not impact our ability to meet our ongoing short-term cash obligations although we cannot assure you that such limitations will not affect our ability to meet our short-term cash obligations and to distribute dividends to our shareholders in the future.

The following table sets forth a summary of our cash flows for the periods presented:

Operating activities

Net cash generated from operating activities amounted to RMB255.1 million (US\$37.6 million) for the six months ended June 30, 2017. The difference between our net income of RMB57.8 million (US\$8.5 million) and the net cash generated from operating activities was due to (i) an increase in deferred revenue and customer advances of RMB184.8 million (US\$27.3 million), (ii) an adjustment of RMB29.4 million (US\$4.3 million) in non-cash items, which mainly consisted of depreciation and amortization expense of RMB24.6 million (US\$3.6 million), (iii) an increase in accrued expenses and other current liabilities of RMB8.6 million (US\$1.3 million), partially offset by an increase in prepayments and other current assets of RMB11.1 million (US\$1.6 million) for prepayment to certain suppliers and rental expenses. Deferred revenue and customer advances mainly consists of the upfront tuition fee payments from students and initial franchise fees from our franchise partners, which

increased for the six months ended June 30, 2017 primarily due to an increased number of student enrollments and increased number of newly opened franchised learning centers as our business expanded.

Net cash generated from operating activities amounted to RMB240.1 million (US\$35.4 million) in 2016. The difference between our net income of RMB50.8 million (US\$7.5 million) and the net cash generated from operating activities was due to (i) an increase in deferred revenue and customer advances of RMB111.4 million (US\$16.4 million), (ii) an adjustment of RMB65.1 million (US\$9.6 million) in non-cash items, which mainly consisted of depreciation and amortization expense of RMB69.8 million (US\$10.3 million), partially offset by deferred income tax benefit of RMB4.8 million (US\$0.7 million), (iii) an increase in income taxes payable of RMB18.0 million (US\$2.6 million) and (iv) an increase in accrued expenses and other current liabilities of RMB20.5 million (US\$3.0 million), partially offset by an increase in prepayments and other current assets of RMB16.8 million (US\$2.5 million) for prepayment to certain suppliers and rental expenses. Deferred revenue and customer advances mainly consists of the upfront tuition fee payments from students and initial franchise fees from our franchise partners, which increased in 2016 primarily due to an increased number of student enrollments and increased number of newly opened franchised learning centers as our business expanded. Depreciation and amortization in 2016 consisted mainly of amortization of certain intangible assets acquired as part of the 2013 acquisition.

Net cash generated from operating activities amounted to RMB163.7 million in 2015. The difference between our net loss of RMB31.7 million and the net cash generated from operating activities was due to (i) an increase in deferred revenue and customer advances of RMB105.5 million and (ii) an adjustment of RMB80.0 million in non-cash items, which mainly consisted of depreciation and amortization expense of RMB91.5 million primarily due to the 2013 acquisition, partially offset by deferred income tax benefit of RMB12.0 million. Deferred revenue and customer advances increased in 2015 primarily due to increased number of student enrollments and increased number of newly opened franchised learning centers as our business expanded.

Net cash generated from operating activities amounted to RMB25.0 million in 2014. The difference between our net loss of RMB72.7 million and the net cash generated from operating activities was due to (i) an adjustment of RMB78.1 million in non-cash items, which mainly consisted of depreciation and amortization expense of RMB100.3 million primarily due to the 2013 acquisition and deferred income tax benefit of RMB22.3 million, (ii) an increase in deferred revenue and customer advances of RMB23.3 million and (iii) a decrease in prepayments and other current assets of RMB9.2 million, partially offset by an increase in other non-current assets of RMB10.2 million for lease deposits paid for self-owned learning centers. Deferred revenue and customer advances increased in 2014 primarily due to increased number of student enrollments and increased number of newly opened franchised learning centers as our business expanded.

Investing activities

Net cash used in investing activities amounted to RMB318.2 million (US\$46.9 million) for the six months ended June 30, 2017. This was primarily attributable to the (i) purchase of short-term investments of RMB290.0 million (US\$42.8 million), (ii) loans to a related party of RMB150.0 million (US\$22.1 million) and (iii) purchase of property and equipment of RMB25.9 million (US\$3.8 million) and purchase of intangible assets of RMB2.3 million (US\$0.3 million) as we opened new self-owned learning centers, partially offset by proceeds from maturity of short-term investments of RMB150.0 million (US\$22.1 million).

Net cash used in investing activities amounted to RMB42.5 million (US\$6.3 million) in 2016. This was primarily attributable to the (i) purchase of property and equipment of RMB35.5 million (US\$5.2 million) and (ii) purchase of intangible assets of RMB8.3 million (US\$1.2 million), as we opened new self-owned learning centers.

Net cash used in investing activities amounted to RMB38.2 million in 2015. This was primarily attributable to the (i) purchase of short-term investments of RMB308.0 million, (ii) purchase of property and equipment of RMB35.0 million and (iii) purchase of intangible assets of RMB8.4 million, as we opened new self-owned learning centers, partially offset by the proceeds from maturity of short-term investments of RMB313.0 million.

Net cash used in investing activities amounted to RMB46.8 million in 2014. This was primarily attributable to the (i) purchase of short-term investments of RMB397.5 million, (ii) purchase of property and equipment of RMB36.4 million and (iii) purchase of intangible assets of RMB4.2 million, as we opened new self-owned learning centers, partially offset by the proceeds from maturity of short-term investments of RMB391.5 million.

Financing activities

Net cash used in financing activities amounted to RMB38.4 million (US\$5.7 million) for the six months ended June 30, 2017, primarily attributable to an increase in restricted cash of RMB38.4 million (US\$5.7 million).

Net cash used in financing activities amounted to RMB38.2 million (US\$5.6 million) in 2016, primarily attributable to distribution of RMB426.0 million (US\$62.8 million) to our shareholders and an increase in restricted cash of RMB11.1 million (US\$1.6 million), partially offset by the proceeds of RMB356.9 million (US\$52.6 million) from a loan facility with CTBC Bank Co., Ltd. incurred in 2016.

Net cash generated from financing activities amounted to RMB0.1 million in 2015 and RMB3.9 million in 2014, primarily attributable to the capital injection from a non-controlling interest shareholder.

Long-term loan

In July 2016, we entered into a loan facility agreement with CTBC Bank Co. Ltd. as the lender, which was amended and restated in September 2017, for a short-term facility of US\$30.0 million and a long-term facility of US\$110.0 million. The long-term facility is guaranteed by Rise IP, Rise HK, the WFOE and the VIE. Rise HK also pledged its equity interests in the WFOE in favor of the lender as security for the long-term facility. We have registered the guarantee provided by the WFOE with SAFE. We did not register the guarantee provided by our VIE with SAFE pursuant to a waiver for such registration granted by the lender. In addition, we have deposited a certain amount of cash in a designated bank account as security for the interest payments under the long-term facility.

We drew down both facilities in full in September 2017. Pursuant to the loan facility agreement, we will repay the short-term facility in full within ten business days of the completion of this offering. The maturity date of the long-term facility is five years from the drawdown date. According to the repayment schedule, US\$8.25 million, US\$13.75 million US\$19.25 million, US\$24.75 million and US\$44.0 million are to be repaid by each respective anniversary from the drawdown date. The interest rate under the long-term facility is the sum of the London interbank offered rate plus a certain margin, of which the margin decreases as our leverage ratio (which is defined as the ratio of total net debt as of the last date of the relevant period to adjusted EBITDA in respect of the relevant period) decreases. As of the date of this prospectus, the interest rate is 4.81%. We will repay the first installment in September 2018.

We maintained deposits held in a designated bank account as security for interest payments amounting to US\$7.3 million as of June 30, 2017.

Capital expenditures

Our capital expenditures amounted to RMB40.6 million, RMB43.4 million, RMB43.8 million (US\$6.5 million) and RMB28.2 million (US\$4.2 million) in 2014, 2015 and 2016 and for the six months ended June 30, 2017, respectively, for purchases of property and equipment and intangible assets, such as course materials and

software, as we expanded existing and opened new self-owned learning centers. We will continue to make capital expenditures to meet the expected growth of our business and expect that cash generated from our operating activities and financing activities will meet our capital expenditure needs in the foreseeable future.

Contractual Obligations

The following table sets forth our contractual obligations as of June 30, 2017.

	Payment Due by Period				
	Less Than 1			More Than 5	
	Total	Year	2-3 Years	4-5 Years	Years

(1) Represented future minimum lease payments under non-cancelable operating leases in connection with the leases of offices and self-owned learning centers.

In addition, as of June 30, 2017, we had commitments for the construction of leasehold improvements associated with self-owned learning centers of RMB3.7 million (US\$0.5 million), which are expected to be paid within one year.

Other than the above, we did not have any significant capital and other commitments, long-term obligations, or guarantees as of June 30, 2017.

Internal Control Over Financial Reporting

Prior to this offering, we were a private company with limited accounting personnel and other resources to address our internal control over financial reporting. In connection with the audit of our consolidated financial statements for the years ended December 31, 2014, 2015 and 2016 and as of December 31, 2015 and 2016, we and our independent registered public accounting firm identified one material weakness as of December 31, 2016, in accordance with the standards established by PCAOB. As defined in standards established by the PCAOB, a "material weakness" is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis.

The material weakness identified relates to our lack of requisite knowledge of United States generally accepted accounting principles and SEC rules. Neither we nor our independent registered public accounting firm undertook a comprehensive assessment of our internal control over financial reporting under the Sarbanes-Oxley Act for purposes of identifying and reporting any weakness or significant deficiency in our internal control over financial reporting, as we and they will be required to do once we become a public company. Had we performed a formal assessment of our internal control over financial reporting or had our independent registered public accounting firm performed an audit of our internal control over financial reporting, additional control deficiencies may have been identified.

To remedy our identified material weakness, we will adopt several measures that will improve our internal control over financial reporting, including: (i) recruiting additional experienced personnel with relevant past experience working on U.S. GAAP and the SEC reporting; (ii) conducting regular and continuous U.S. GAAP accounting and financial reporting training programs for our accounting and financial reporting personnel, including sending our financial staff to attend external U.S. GAAP training courses; (iii) improving monitoring and oversight controls for non-recurring and complex transactions to ensure the accuracy and completeness of financial reporting; and (iv) updating and enhancing our accounting policy manual for our financial reporting personnel for recurring, non-recurring and complex transactions, and period-end closing processes.

We expect to complete the measures above as soon as practicable and we will continue to implement measures to remedy our internal control deficiencies in order to meet the deadline imposed under Section 404 of the Sarbanes-Oxley Act. The process of designing and implementing an effective financial reporting system is a continuous effort that requires us to anticipate and react to changes in our business and the economic and regulatory environments and to expend significant resources to maintain a financial reporting system that is adequate to satisfy our reporting obligations. If we fail to develop or maintain an effective system of internal controls over our financial reporting, we may not be able to accurately report our financial results, prevent fraud or meet our reporting obligations. As a result, investor confidence and the market price of our shares may be materially and adversely affected. See "Risk Factors—Risks Related to Our Business—If we fail to implement and maintain an effective system of internal controls, we may be unable to accurately or timely report our results of operations or prevent fraud."

Holding Company Structure

We are a holding company with no material operations of our own. We conduct our operations primarily through our subsidiaries and our VIE and its subsidiaries and schools in China. As a result, our ability to pay dividends depends upon dividends paid by our subsidiaries, which in turn depends on the service and license fees paid to Rise HK and the WFOE by the VIE and its schools. As we invest in and expand our PRC operations in the future, Rise HK and the WFOE will continue to rely on service and license fees from our VIE and the schools and we will rely on dividends from Rise HK and the WFOE for our cash needs. Furthermore, if our subsidiaries or any newly formed subsidiaries incur debt on their own behalf in the future, the instruments governing their debt may restrict their ability to pay dividends to us.

Although we currently do not require any such dividends, loans or advances from our entities for working capital and other funding purposes, we may in the future require additional cash resources from them due to changes in business conditions, to fund future acquisitions and development, or merely to declare and pay dividends or distributions to our shareholders.

The table below sets forth the respective revenue contributions of (i) our company and our Cayman Island subsidiaries, (ii) Rise HK, (iii) our WFOE and (iv) our VIE and its subsidiaries and schools for the periods indicated as a percentage of revenues:

^{*} For the years ended December 31, 2015 and 2016, service fees under the consulting service agreement were paid directly to our WFOE.

Our subsidiaries including WFOE did not pay any dividends to our company in 2014, 2015, 2016 and the six months ended June 30, 2017.

All our operations are based in the PRC. Our assets are located in the PRC, Hong Kong and Cayman Islands. The table below sets forth the respective asset contributions of (i) our company and our Cayman Island subsidiaries, (ii) Rise HK, (iii) our WFOE and (iv) our VIE and its subsidiaries and schools as of the dates indicated as a percentage of total assets:

	Total Assets

WFOE	11%	16%	40%
Our VIE and its subsidiaries and schools	53%	49%	29%
Total Assets	100%	100%	100%

We generally keep cash generated from tuition and fees by our self-owned learning centers in their respective accounts at the end of each year for regulatory inspection purposes, while we transfer cash to the WFOE where it is centrally managed during the year. As a result, the percentage of total assets held by our WFOE was only 16% as of December 31, 2016 as compared to 40% as of June 30, 2017, while the percentage held by our VIE and its subsidiaries and schools changed from 49% to 29% as of the same dates.

Critical Accounting Policies

We prepare our financial statements in conformity with U.S. GAAP, which requires us to make estimates and assumptions that affect our reporting of, among other things, assets and liabilities, contingent assets and liabilities and revenues and expenses. Our estimates and judgments include valuation allowance for deferred tax assets, uncertain tax positions, economic lives and impairment of long-lived assets, impairment of goodwill, estimating the best estimate selling price of each deliverable in our revenue arrangements, and share-based compensation. We regularly evaluate these estimates and assumptions based on the most recently available information, our own historical experiences and other factors that we believe to be relevant under the circumstances. Since our financial reporting process inherently relies on the use of estimates and assumptions, our actual results could differ from what we expect. This is especially true with some accounting policies that

require higher degrees of judgment than others in their application. We consider the policies discussed below to be critical to an understanding of our audited consolidated financial statements because they involve the greatest reliance on our management's judgment.

Revenue Recognition

We recognize revenue when persuasive evidence of an arrangement exists, delivery of the product or service has occurred, the selling price is fixed or determinable and collection is reasonably assured. Our business is subject to business tax, value added taxes and tax surcharges assessed by governmental authorities. Pursuant to ASC 605-45, Revenue Recognition—Principal Agent Considerations, we elected to present business tax, value added taxes and tax surcharges as a reduction of revenues on the consolidated statements of (loss)/income. We include payments received before all of the relevant criteria for revenue recognition are satisfied in the deferred revenue and customer advances line item in the consolidated balance sheets. The primary sources of our revenues are as follows:

Educational programs

Educational programs include English courses and related course materials. In accordance with ASC subtopic 605-25, Revenue Recognition: Multiple-Deliverable Revenue Arrangements, or ASC 605-25, we evaluate all the deliverables in the arrangement to determine whether they represent separate units of accounting. For the arrangements with deliverables to be considered a separate unit of accounting, we allocate the total consideration of the arrangement based on their relative selling price, with the selling price of each deliverable determined using vendor-specific objective evidence, or VSOE, of selling price, third-party evidence, or TPE, of selling price, or management's best estimate of the selling price, or BESP, and recognize revenue as each deliverable is provided. In determining BESP for each deliverable, we considered our overall pricing model and objectives, as well as market or competitive conditions that may impact the price at which we would transact if the deliverable were sold regularly on a standalone basis. We monitor the conditions that affect our determination of selling price for each deliverable and reassesses such estimates periodically.

Course fees are collected in full in advance of the commencement of each course and each course is comprised of a fixed amount of classes. We recognize course revenue ratably as the classes for the related course are delivered to the students. Students are allowed to return course materials if they are unused. However, once the student attends the first class of the respective course, course materials cannot be returned. Therefore, we recognize revenue from the sale of course materials when the student attends the first class of the respective course. The amounts recognized for each deliverable is limited to the amount that is not contingent upon the delivery of additional deliverables or meeting other specified performance conditions.

According to local education bureau regulations, depending on a school's location and the amount of classes remaining for a tutoring course, we may be required to refund course fees for any remaining undelivered classes to students who withdraw from a course. We record the refund as a reduction of the related course fees received in advance and has no impact on recognized revenue. Refunds on recognized revenue were insignificant for all periods presented.

We may issue promotional coupons to attract enrollment for our courses. The promotional coupons are not issued in conjunction with a concurrent revenue transaction and are for a fixed Renminbi amount that can only be redeemed to reduce the amount of the tuition fees for future courses. We account for the promotional coupons as a reduction of revenue when the corresponding revenue is recognized in accordance with ASC 605-50-45-2.

Franchise revenues

Franchise revenues include initial franchise fees, which are non-refundable and recognized as revenue when substantially all services or conditions relating to the initial franchise fee have been performed, which is

generally when a franchise partner commences its operations under the RISE brand. The services to be performed under our franchise agreements to earn the initial franchise fees comprise of (i) authorizing franchise partners to use the RISE brand and our courseware, and (ii) initial setup services, including assisting with site selection and marketing strategy, training of franchisee management and teachers. Our franchise agreements do not include guarantees or other forms of financial assistance, refund provisions or options to repurchase franchises from franchisees. Initial franchise fees are deferred and recorded as "deferred revenue and customer advances" until these commitments and obligations have been performed, which is upon the franchisee commencing its operations under the RISE brand. We also receive recurring franchise fees from our franchise partners, which are based on a fixed percentage of the franchise partner's course fees and proceeds from the sale of related course materials. We recognize the recurring franchise fees as franchise revenues as the fees are earned and realized.

Other revenues

Other revenues comprises mainly of the provision of overseas study tours. We bear the risks and rewards, including customer acceptance of the services and have the right to unilaterally determine and change the study tour itinerary. We also set the study tour prices charged to customers and independently select the travel service suppliers. Therefore, we are the primary obligor of the study tour service arrangement and recognize revenue on a gross basis. We recognize revenue from study tour services once the organized tour is completed in its entirety.

Consolidation of VIE

Our consolidated financial statements include the financial statements of our holding company, our subsidiaries and our VIE and its subsidiaries and schools for which one of our subsidiaries is the primary beneficiary. All significant inter-company transactions and balances between us, our subsidiaries and our VIE and its subsidiaries and schools are eliminated upon consolidation.

PRC laws and regulations currently require any foreign entity that invests in the education industry in China to be an educational institution with relevant experience in providing educational services outside China. Our offshore holding companies are not educational institutions and do not provide educational services outside China. Accordingly, our offshore holding companies are not allowed to directly engage in the education industry in China. To comply with PRC laws and regulations, we conduct all of our junior ELT business in China through our VIE, namely Beijing Step Ahead and its subsidiaries and schools. Our VIE and its subsidiaries and schools hold the requisite licenses and permits necessary to conduct our junior ELT business. In addition, our VIE and its subsidiaries and schools hold leases and other assets necessary to operate our schools, employ teachers and generate substantially all of our revenues. Despite the lack of technical majority ownership, we have effective control of our VIE through a series of contractual arrangements, and a parent-subsidiary relationship exists between us and our VIE. The equity interests of our VIE are legally held by PRC individuals, or the nominee shareholders. Through the contractual agreements, the nominee shareholders of our VIE effectively assigned all their voting rights underlying their equity interests in our VIE to us, and therefore, we have the power to direct the activities of our VIE that most significantly impact its economic performance. We also have the right to receive economic benefits from our VIE that potentially could be significant to our VIE. Based on the above, we consolidate our VIE in accordance with SEC Regulation SX-3A-02 and ASC810-10, Consolidation: Overall.

In November 2016, certain contractual agreements were supplemented to reflect a change in one of the nominee shareholders designated by Rise HK; and it was resolved that Rise HK through our WFOE held the irrevocable proxy to exercise all the voting rights of the shareholders of our VIE since the proxy agreement was in existence. As a result, Rise HK has the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and is the primary beneficiary of the VIE.

For more information on consolidation of our VIE, see Note 1 to our audited consolidated financial statements appearing elsewhere in this prospectus.

Share-based Compensation

We apply ASC 718, Compensation—Stock Compensation ("ASC 718"), to account for our employee share-based payments. In accordance with ASC 718, we determine whether an award should be classified and accounted for as a liability award or an equity award. We classified all our share-based awards to employees as equity awards.

In accordance with ASC 718, we recognize share-based compensation cost for equity awards to employees with a performance condition based on the probable outcome of that performance condition—we recognize compensation cost if it is probable that the performance condition will be achieved and we will not recognize compensation if it is not probable that the performance condition will be achieved.

In accordance with ASC 718, we reflect the effect of a market condition in the grant-date fair value of the granted equity awards. We recognize share-based compensation cost for equity awards with a market condition provided that the requisite service is rendered, regardless of when, if ever, the market condition is satisfied.

We account for any a change in any of the terms or conditions of the awards as a modification of the award. When the vesting conditions (or other terms) of the equity awards granted to employees are modified, we first determine on the modification date, whether the original vesting conditions were expected to be satisfied, regardless of the entity's policy election for accounting for forfeitures. If the original vesting conditions are not expected to be satisfied, the grant-date fair value of the original equity awards are ignored and the fair value of the equity award measured at the modification date is recognized if the modified award ultimately vests.

We use the accelerated method for all awards granted with graded vesting service conditions, and the straight-line method for awards granted with non-graded vesting service conditions. We early adopted Accounting Standard Update ("ASU") ASU 2016-09—Compensation—Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting on January 1, 2014 and elected to account for forfeitures as they occur. The adoption of this guidance had no impact as no share-based compensation expense was recognized during the periods presented. With the assistance of an independent third party valuation firm we determined the fair value of the stock options granted to employees. We used the binomial option pricing model in determining the estimated fair value of the options granted to employees.

We approved the ESOP Plan in 2016. Under the ESOP Plan, we can grant options to our eligible employees, directors and officers for the purchase of up to 7,000,000 ordinary shares (excluding any shares which have lapsed or have been forfeited). The options are exercisable only upon the event of an initial public offering or change of control, each or collectively, the exercisability event. The exercisability event constitutes a performance condition that is not considered probable until the completion of the initial public offering or change of control. We will not recognize any compensation expense until the exercisability event occurs. Upon the occurrence of the exercisability event, the effect of the change in this estimate will be accounted for in the period of change by cumulative compensation cost recognition as if the new estimate had been applied since the service inception date, with the remaining unrecognized compensation cost amortized over the remaining requisite service period.

In September 2016, we resolved to modify substantially all of the options under the ESOP Plan such that all recipients of the options need to remain in service with us until October 1, 2017, October 1, 2018, October 1, 2019, or October 1, 2020, or the options (both vested and unvested portions) will be forfeited. As of the modification date, the original performance condition of the options was not expected to be satisfied, therefore, the modification-date fair value of the options instead of the original grant-date fair value will be used to measure the modified options once they ultimately vest.

The following table summarizes our equity award activity under the ESOP Plan as of December 31, 2016:

	As of December 31, 2016
Number of options granted	5,985,000
Number of options forfeited	_
Number of options outstanding	5,985,000
Weighted-average exercise price (US\$)	1.44
Weighted-average modification-date fair value (US\$)(1)	N/A
Weighted-average remaining contractual term	7.91
Aggregate intrinsic value(2)	10,683

1) No awards vested during 2016 and for the six months ended June 30, 2017. We have not granted any new options since December 31, 2016.

No share-based compensation expense was recorded in respect of the ESOP Plan for the year ended December 31, 2016 and for the six months ended June 30, 2017 as the exercisability event has not occurred. As of June 30, 2017, there was US\$11.9 million of total unrecognized employee share-based compensation expenses, related to unvested share-based awards. Total unrecognized compensation cost may be adjusted for actual forfeitures occurring in the future.

Fair Value of Our Share Options

We estimate the fair value of share options with market conditions using the Monte Carlo simulation model and all other share options using the binomial option-pricing model with the assistance of an independent third party appraiser. The models require the input of highly subjective assumptions including the estimated expected share price volatility and the share price upon which our employees are likely to exercise share options, or the exercise multiple. We historically have been a private company and lack information on our share price volatility. Therefore, we estimate our expected share price volatility based on the historical volatility of a group of similar companies that are publicly-traded. When selecting these public companies on which we have based our expected share price volatility, we selected companies with characteristics similar to us, including the invested capital's value, business model, risk profiles, position within the industry, and with historical share price information sufficient to meet the contractual life of our share options. We will continue to apply this process until a sufficient amount of historical information regarding the volatility of our own share price becomes available. For the exercise multiple, as a private company, we were not able to develop an exercise pattern as reference, thus the exercise multiple is based on management's estimation, which we believe is representative of the future exercise pattern of the options. The risk-free interest rates for the periods within the contractual life of the option are based on the U.S. Treasury yield curve in effect during the period the options were granted.

The assumptions we adopted to estimate the fair value of share options were as follows:

	As of December 31, 2016
Risk-free interest rate	1.92%-2.23%
Expected volatility range	48.1%-50.7%
Suboptimal exercise factor	2.8
Fair value per ordinary share as at valuation date	US\$3.10-\$3.26

These assumptions represented our best estimates, but the estimates involve inherent uncertainties and the application of our judgment. As a result, if factors change and we use significantly different assumptions or estimates when valuing our share options, our share-based compensation expense could be materially different.

The aggregate intrinsic value in the table above represents the difference between the fair value of our ordinary share as of June 30, 2017 and respective exercise price of the option. Total intrinsic value of options exercised for 2016 and for the six months ended June 30, 2017 was nil as no options were exercised.

We are also required to estimate the fair value of the ordinary shares underlying our share options when performing the fair value calculations with the binomial option model with the assistance of an independent third party appraiser, we estimated the fair value of our ordinary shares at each respective grant date and modification date. We performed the valuations of our ordinary shares using methodologies, approaches and assumptions consistent with the American Institute of Certified Public Accountants Audit and Accounting Practice Aid Series: Valuation of Privately-Held-Company Equity Securities Issued as Compensation, or the AICPA Practice Guide. The fair value of our ordinary shares at the modification date was valued using a combination of income approach (discounted cash flow method) and market approach.

Once public trading market of the ADSs has been established in connection with the completion of this offering, it will no longer be necessary for us to estimate the fair value of our ordinary shares in connection with our accounting for granted share options.

Income taxes

We follow the liability method of accounting for income taxes in accordance with ASC 740, Income Taxes, or ASC 740. Under this method, we determine deferred tax assets and liabilities based on the difference between the financial reporting and tax bases of assets and liabilities using enacted tax rates that will be in effect in the period in which the differences are expected to reverse. We record a valuation allowance to offset deferred tax assets if based on the weight of available evidence, it is more-likely-than-not that some portion, or all, of the deferred tax assets will not be realized. The effect on deferred taxes of a change in tax rate is recognized in tax expense in the period that includes the enactment date of the change in tax rate.

We accounted for uncertainties in income taxes in accordance with ASC 740. Interest and penalties arising from underpayment of income taxes shall be computed in accordance with the related PRC tax law. The amount of interest expense is computed by applying the applicable statutory rate of interest to the difference between the tax position recognized and the amount previously taken or expected to be taken in a tax return. Interest and penalties recognized in accordance with ASC 740 are classified in the consolidated statements of (loss)/income as income tax expense.

In accordance with the provisions of ASC 740, we recognize in our consolidated financial statements the impact of a tax position if a tax return position or future tax position is "more likely than not" to prevail based on the facts and technical merits of the position. Tax positions that meet the "more likely than not" recognition threshold are measured at the largest amount of tax benefit that has a greater than fifty percent likelihood of being realized upon settlement. Our estimated liability for unrecognized tax benefits which is included in the "other non-current liabilities" line item in the accompanying consolidated financial statements is periodically assessed for adequacy and may be affected by changing interpretations of laws, rulings by tax authorities, changes and/or developments with respect to tax audits, and expiration of the statute of limitations. The actual benefits ultimately realized may differ from our estimates. As each audit is concluded, we record adjustments, if any, in our consolidated financial statements. Additionally, in future periods, changes in facts, circumstances, and new information may require us to adjust the recognition and measurement estimates with regard to individual tax positions. We recognize changes in recognition and measurement estimates in the period in which the changes occur.

As of December 31, 2015 and 2016 and June 30, 2017, we had unrecognized tax benefits of RMB8.8 million, RMB9.1 million (US\$1.3 million) and RMB8.2 million (US\$1.2 million), of which RMB1.1 million, RMB0.9 million (US\$0.1 million) and RMB0.9 million (US\$0.1 million) were offset against the deferred tax assets on tax losses carry forward, and the remaining amount of RMB7.8 million, RMB8.2 million (US\$1.2 million) and RMB7.3 million (US\$1.1 million) which if ultimately recognized, would impact the effective tax rate.

Off-Balance Sheet Commitments and Arrangements

We have not entered into any financial guarantees or other commitments to guarantee the payment obligations of any unconsolidated third parties. In addition, we have not entered into any derivative contracts that are indexed to our shares and classified as shareholders' equity, or that are not reflected in our consolidated financial statements. Furthermore, we do not have any retained or contingent interest in assets transferred to an unconsolidated entity that serves as credit, liquidity or market risk support to such entity. Moreover, we do not have any variable interest in any unconsolidated entity that provides financing, liquidity, market risk or credit support to us or engages in leasing, hedging or product development services with us.

Taxation

Cayman Islands

We are incorporated in the Cayman Islands and our primary business operations are conducted through our subsidiaries and our VIE and its subsidiaries and schools. Under the current laws of the Cayman Islands, we are not subject to tax on income or capital gains arising in Cayman Islands. In addition, dividend payments are not subject to withholding tax in the Cayman Islands.

Hong Kong

Our wholly owned subsidiary in Hong Kong, Rise HK, is subject to Hong Kong profits tax on its activities conducted in Hong Kong at a uniform tax rate of 16.5%. Payments of dividends by our subsidiary in Hong Kong to us are not subject to withholding tax in Hong Kong.

PRC

Our WFOE, VIE and its subsidiaries and schools are subject to PRC enterprise income tax on their taxable income in accordance with the relevant PRC Enterprise Income Tax Law, or EIT Law. Pursuant to the EIT Law, which became effective on January 1, 2008 and was amended on February 24, 2017, a uniform 25% enterprise income tax rate is generally applicable to both foreign-invested enterprises and domestic enterprises, except where a special preferential rate applies. The enterprise income tax is calculated based on the entity's global income as determined under PRC tax laws and accounting standards.

We are subject to value-added tax at a rate of 6% on the services we provide. Tax payable amount of value-added tax relating to the services we provide was the output tax amount in a tax period minus input tax amount in the same period. Pursuant to Circular No. 68 which was promulgated on June 18, 2016, our schools are subject to a simple value-added tax collection method and many of our schools are subject to value-added tax at a rate 3%. We are also subject to surcharges on value-added tax payments in accordance with PRC law.

As a Cayman Islands holding company, we may receive dividends from our PRC subsidiary through Rise HK. Pursuant to the Arrangement between Mainland China and the Hong Kong Special Administrative Region for the Avoidance of Double Taxation and Tax Evasion on Income, the withholding tax rate in respect to the payment of dividends by a PRC enterprise to a Hong Kong enterprise may be reduced to 5% from a standard rate of 10% if the Hong Kong enterprise directly holds at least 25% of the PRC enterprise. Pursuant to the Notice of the State Administration of Taxation on the Issues concerning the Application of the Dividend Clauses of Tax Agreements issued by the State Administration of Taxation on February 20, 2009, or SAT Circular 81, a Hong Kong resident enterprise must meet the following conditions, among others, in order to apply the reduced withholding tax rate: (i) it must be a company; (ii) it must directly own the required percentage of equity interests and voting rights in the PRC resident enterprise; and (iii) it must have directly owned such required percentage in the PRC resident enterprise throughout the 12 months prior to receiving the dividends. In August 2015, the State Administration of Taxation promulgated the Administrative Measures for Non-Resident Taxpayers to Enjoy

Treatment under Tax Treaties, or SAT Circular 60, which became effective on November 1, 2015. SAT Circular 60 provides that non-resident enterprises are not required to obtain pre-approval from the relevant tax authority in order to enjoy the reduced withholding tax. Instead, non-resident enterprises and their withholding agents may, by self-assessment and on confirmation that the prescribed criteria to enjoy the tax treaty benefits are met, directly apply the reduced withholding tax rate, and file necessary forms and supporting documents when performing tax filings, which will be subject to post-tax filing examinations by the relevant tax authorities. Accordingly, Rise HK may be able to benefit from the 5% withholding tax rate for the dividends it receives from the WFOE, if it satisfies the conditions prescribed under SAT Circular 81 and other relevant tax rules and regulations. However, according to SAT Circular 81 and SAT Circular 60, if the relevant tax authorities consider the transactions or arrangements we have are for the primary purpose of enjoying a favorable tax treatment, the relevant tax authorities may adjust the favorable withholding tax in the future.

If our holding company in the Cayman Islands or any of our subsidiaries outside of China were deemed to be a "resident enterprise" under the EIT Law, it would be subject to enterprise income tax on its worldwide income at a rate of 25%. See "Risk Factors—Risks Related to Doing Business in China—Under the PRC Enterprise Income Tax Law, or the EIT Law, we may be classified as a PRC 'resident enterprise,' which could result in unfavorable tax consequences to us and our non-PRC shareholders."

Quantitative and Qualitative Disclosure about Market Risks

Foreign Exchange Risk

Foreign currency risk arises from future commercial transactions and recognized assets and liabilities. A significant portion of our revenue-generating transactions and expense-related transactions are denominated in Renminbi, which is the functional currency of our subsidiaries, VIE and its subsidiaries in China. Therefore, we have limited exposure to foreign exchange risk for operational activity. However, we have a long term outstanding loan denominated in U.S. Dollars and we do not hedge against currency risk for the repayment of this loan.

The change in value of the Renminbi against the U.S. Dollar and other currencies is affected by various factors such as changes in political and economic conditions in the PRC. On July 21, 2005, the PRC government changed its decade-old policy of pegging the value of the Renminbi to the U.S. Dollar, and the Renminbi appreciated more than 20% against the U.S. Dollar over the following three years. Between July 2008 and June 2010, this appreciation halted and the exchange rate between the Renminbi and the U.S. Dollar remained within a narrow band. Since June 2010, the Renminbi has fluctuated against the U.S. Dollar, at times significantly and unpredictably. It is difficult to predict how market forces or PRC or U.S. government policy may impact the exchange rate between the Renminbi and the U.S. Dollar in the future.

To the extent that we need to convert U.S. Dollars into Renminbi for our operations, appreciation of Renminbi against the U.S. Dollar would reduce the Renminbi amount we receive from the conversion. Conversely, if we decide to convert Renminbi into U.S. Dollars for the purpose of making payments for dividends on our ordinary shares or ADSs, servicing our outstanding debt, or for other business purposes, appreciation of the U.S. Dollar against the Renminbi would reduce the U.S. Dollar amounts available to us.

As of June 30, 2017, we had Renminbi-denominated cash and cash equivalents and restricted cash of RMB447.2 million (US\$66.0 million). A 10% depreciation of the Renminbi against the U.S. Dollar based on the foreign exchange rate on June 30, 2017 would result in a decrease of US\$6.6 million in cash and cash equivalents and restricted cash.

Credit Risk

We are exposed to credit risk from our financial assets, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. Our objective is to seek continual

revenue growth while minimizing losses incurred due to increased credit risk exposure. Financial instruments that potentially subject us to significant concentrations of credit risk consist primarily of cash and cash equivalents, short-term investments and restricted cash. As of June 30, 2017, substantially all of our cash and cash equivalents, short-term investments and restricted cash were deposited with financial institutions, which we believe are of high credit quality and continually monitoring the credit worthiness of these financial institutions.

Interest Rate Risk

We are exposed to interest rate risk related to our outstanding long-term loan. The interest rate of the long-term loan was mainly based on the three month London Interbank Offered Rate and a pre-determined margin. A hypothetical 1% increase or decrease in annual interest rates would increase or decrease interest expense by approximately RMB3.7 million (US\$0.5 million) per year based on our debt level as of June 30, 2017.

Our exposure to interest rate risk also relates to the interest income generated by excess cash, which is mostly held in interest-bearing bank deposits. We have not used any derivative financial instruments to manage our interest risk exposure. Interest-earning instruments carry a degree of interest rate risk. We have not been exposed, nor do we anticipate being exposed, to material risks due to changes in interest rates. However, our future interest income may fall shorter of expectations due to changes in market interest rates.

Inflation Risk

Our revenues were generated in China in 2014, 2015 and 2016 and for the six months ended June 30, 2017. Inflation did not have a material impact on our results of operations. According to the National Bureau of Statistics of China, inflation as measured by the consumer price index in China was 2.0%, 1.4%, 2.1% and 1.5% in 2014, 2015 and 2016 and for the six months ended June 30, 2017, respectively. Although we have not been materially affected by inflation since our inception, we can provide no assurance that we will not be affected in the future by higher rates of inflation in China.

OUR INDUSTRY

Introduction to China's Education System

The education system in China consists of education in school and after-school settings. School education includes preschool, elementary school, middle school, high school and university. After-school education refers to all educational courses taken outside of school, and is increasingly prevalent as it offers a variety of training and learning programs that students can participate in at their discretion, based on personal interests and preferences.

Overview of China's Junior ELT Market

Junior ELT refers to after-school English training and tutoring services for students between the ages of three and 18. Many parents in China consider English to be an important language skill that is under-addressed in schools, as evidenced by increasing penetration and growth rates that are higher than the overall education industry. It is increasingly common for Chinese parents to enroll their children in junior ELT classes.

According to Frost & Sullivan, the number of students between the ages of three and 18 enrolled in schools in China is expected to grow to 229.2 million in 2021, representing a CAGR of 1.7% from 2016 to 2021. According to the same source, the number of students enrolled in junior ELT classes in China is expected to grow to 27.8 million in 2021, representing a CAGR of 9.4% from 2016 to 2021. Over the same period, the penetration rate of junior ELT in China, calculated by dividing the number of students enrolled in junior ELT classes in China by the number of students enrolled in school in China, is expected to grow to 12.1% in 2021, according to Frost & Sullivan. Over the same period, average spending in China's junior ELT market is expected to grow rapidly with gross billings growing to RMB239.8 billion by 2021, representing a CAGR of 23.0% from 2016 to 2021, according to Frost & Sullivan. In the premium segment specifically, gross billings is expected to grow to RMB22.8 billion by 2021, representing a CAGR of 23.0% from 2016 to 2021.

We believe the following factors have contributed to, and are expected to continue to fuel, the growth of the junior ELT market in China:

Favorable government policies

Two-child policy. The one-child policy had been the official population policy in China until its gradual phase-out in the early 2010s. Since 2011, the Chinese government has begun to lift the one-child policy gradually and implemented a two-child policy with certain exceptions. According to Frost & Sullivan, this new policy is expected to drive an increase of the total population of the 0-14 age group from 230.1 million in 2016 to 262.4 million in 2021, representing a CAGR of 2.7% from 2016 to 2021, compared to an overall expected population growth CAGR of 0.4% over the same period.

Amended Law on the Promotion of Private Education. On September 1, 2017, the Amended Law on the Promotion of Private Education came into effect, under which private schools will be able to elect to operate on a for-profit basis, and distribute profits to their investors. The amended law underpins the PRC government's support of private sector education and allows education service providers to legally operate profit-seeking schools for the first time. Under the amended law, for-profit schools will also enjoy full autonomy in setting tuition fees and stronger protection for asset ownership. See "Regulation—The Law for Promoting Private Education and Its Implementation Rules."

National Medium-to-Long Term Educational Reform and Development Plan. In 2010, the Chinese government announced the "National Medium-to-Long Term Educational Reform and Development Plan (2010-2020), which has set a strategic development plan, with key objectives to increase investment in education, support the development of private education and strengthen international communication and cooperation.

2017 College Entrance Exam Reforms. Beginning 2017, the PRC government implemented the college entrance exam reforms nationwide under which students will be given two attempts to take their English test during their high school years. As a result of this reform, the assessment for English proficiency will be more focused on students' English listening and speaking ability.

Supportive economic conditions in China

Growing disposable income. According to the National Bureau of Statistics of China, per capita annual disposable income of urban residents in China is expected to increase from RMB33,616.0 in 2016 to RMB48,619.6 in 2021, representing a CAGR of 7.7% from 2016 to 2021.

Growing per capita expenditure on education, cultural and recreational activities. According to Frost & Sullivan, per capita expenditure on education, cultural and recreational activities of urban residents in China is expected to grow from RMB2,638.0 in 2016 to RMB4,232.8 in 2021 at a CAGR of 9.9% from 2016 to 2021.

Strong cultural and societal emphasis on English education in China

Increasing interest in overseas education. According to Frost & Sullivan, an increasing number of Chinese students now pursue overseas education at younger ages. The proportion of Chinese students commencing undergraduate or lower levels of education overseas accounted for 64.5% of the total number of Chinese students commencing overseas study in 2016.

Chinese parents' shifting of preference. When considering ELT programs for their children, Chinese parents are gradually shifting their preference from more rigid, test-oriented learning programs to skill-oriented learning programs. Skill-oriented ELT refers to a holistic approach to develop comprehensive English language skills rather than a test-oriented approach that typically focuses on rote learning and testing skills. According to Frost & Sullivan, the skill-oriented junior ELT market increased from RMB9.3 billion in 2012 to RMB21.5 billion in 2016 in terms of gross billings, representing a CAGR of 23.3%, while the test-oriented ELT market increased from RMB33.7 billion to RMB63.7 billion from 2012 to 2016 in terms of gross billings, representing a CAGR of 17.3%. Going forward, the skill-oriented junior ELT market is expected to grow faster at a CAGR of 27.7% from 2016 to 2021, compared to the growth of the test-oriented junior ELT market at a CAGR of 21.2% from 2016 to 2021, further indicating parents' shift towards skill-oriented learning.

Increasing importance of English training. There are increasing education and language requirements for desirable employment opportunities. According to Frost & Sullivan, employees with fluent English skills have better career prospects and broader opportunities, and on average, have an estimated annual salary level of 81.1% higher than employees with average English skills. As such, parents tend to consider English proficiency as one of the key factors that will lead their children to greater future income and career opportunities. In addition, according to a survey conducted by Frost & Sullivan in 2017, 89% of students currently taking junior ELT classes are expected to continue junior ELT education for more than three years. These factors have contributed to, and are expected to continue to drive, the growth of junior ELT market.

Despite high growth, the penetration rate of China's junior ELT in 2016 remained relatively low at 8.4% compared to other East Asian countries such as Japan, which has a 35.2% penetration rate and South Korea, which has a 60.5% penetration rate for the junior ELT market. Even for tier-one cities in China, the penetration rate remains relatively low at 20.4%, indicating significant potential in market growth in China.

The junior ELT market in China is highly fragmented, with the top three players holding a combined 3.6% market share, with no single player holding market share greater than 1.5%, according to Frost & Sullivan. The top three providers in the junior ELT market in China include EF Kids, POP Kids and Rise. According to Frost & Sullivan, in 2016, we accounted for approximately 1% of market share of junior ELT market in China in terms of gross billings. Based on a survey by Frost & Sullivan, parents prefer junior ELT providers with a strong brand, course content and structure as well as course offerings focused on English conversational ability.

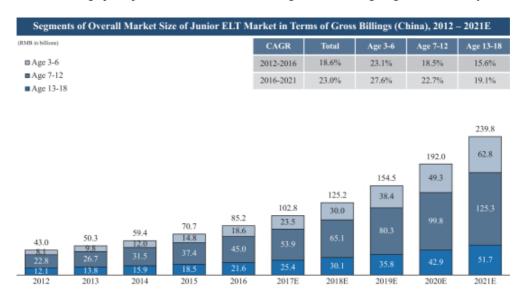

Additionally, there are several key success factors for junior ELT providers to consider in China, including:

High quality education courses and activities. Courses and activities are a major part of junior ELT education. Stimulating the intellectual curiosity of children and cultivating their learning habits significantly affects language development. In addition, Chinese parents increasingly focus on internationally-accredited, and systematic educational content with foreign cultural and language elements, especially if they can increase opportunities for overseas exposure.

Focus on immersive English experiences. Especially with young parents, an immersive English learning environment with conversation-focused learning and skill-based courses are gaining popularity. Such learning styles are believed to encourage students to speak and think in English, as opposed to traditional lecture or test-oriented courses which rely more on textbooks and are less contextual.

Proximity and traveling convenience of learning centers. Due to the constraints of traveling with young children, proximity and traveling convenience is an important consideration for parents. In addition, players with a wider network of centers are also favored, as they provide greater selection and flexibility.

The chart below illustrates the demographic split and relative market size and growth of each age segment within the junior ELT market:

Source: Frost & Sullivan

China's Age 3-6 ELT Market

Age 3-6 ELT provides English language training mainly for students in preschool. It is the fastest growing segment in junior ELT market in China with a high growth of 23.1% CAGR from 2012 to 2016. The age 3-6 ELT market has grown in terms of gross billings from RMB8.1 billion in 2012 to RMB18.6 billion in 2016, and is expected to grow to RMB62.8 billion in 2021, representing a CAGR of 27.6% from 2016 to 2021. In 2016, age 3-6 ELT represented 21.8% of the total junior ELT market, with age 7-12 ELT and age 13-18 ELT market each representing 52.8% and 25.4%, respectively. The penetration rate for age 3-6 ELT has increased from 10.0% in 2012 to 11.6% in 2016, and is expected to further increase to 15.5% in 2021.

There are specific factors that drive the age 3-6 ELT market. For example, the penetration rate of age 3-6 ELT education continues to increase as Chinese parents recognize the importance of early age ELT education.

Parents further recognize that younger kids learn language faster, develop better accents and obtain fluency more quickly. According to a survey conducted by Frost & Sullivan in 2017, 68.4% of children in China start learning English between the ages of three to six while another 10.8% of children start English education before age three. Moreover, public education resources can hardly accommodate parental demand, leaving great opportunities for private ELT providers. As students of this age group do not have pressure of taking exams, there is higher demand for skill-based environments relative to older age groups.

There are several key factors credited with success in the age 3-6 ELT market. For example, as children of this age group require more attention from teachers, parents may consider teachers' qualifications and characteristics. In addition, parents of children from the ages of three to six may also consider the safety and hygiene standard of the learning environment. Pre-school children usually have a more flexible schedule and tend to attend the whole-day class.

China's Age 7-12 ELT Market

Age 7-12 ELT mainly targets students in elementary school. Age 7-12 ELT is the largest segment in terms of gross billings in the junior ELT market in China. The age 7-12 ELT market has grown in terms of gross billings from RMB22.8 billion in 2012 to RMB45.0 billion in 2016, representing a CAGR of 18.5%, and is expected to grow to RMB125.3 billion in 2021, representing a CAGR of 22.7% from 2016 to 2021. The penetration rate has increased from 7.1% in 2012 to 9.3% in 2016, and is expected to further increase to 14.4% in 2021.

There are specific factors that drive the age 7-12 ELT market. Interest from Chinese students in studying abroad during middle school and high school is increasing. Students of age seven to twelve primarily enroll in ELT classes for skill-based learning rather than test-oriented learning. According to a survey conducted by Frost & Sullivan in 2017, only 18.0% of students aged seven to twelve take English classes for test preparation, while 82.0% take classes to improve their English skills.

Students in elementary school begin to adopt online offerings as they become more independent, and technology proficient. Lesson convenience becomes an increasingly important factor due to academic and other extracurricular commitments. A significant portion of age 7-12 ELT enrollment consists of students who have already taken ELT courses at an earlier age. Growth in the age 3-6 ELT market will drive the age 7-12 ELT market, as students with prior ELT experience continue their studies.

There are several factors that will contribute to the growth of the age 7-12 ELT market. For example, customers in the age 7-12 ELT market may also consider the convenience of lesson timings. As students in this age segment enroll in elementary school and other tutoring services, convenience of lesson timings becomes an important consideration.

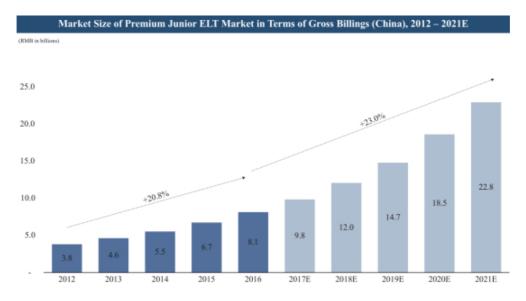

China's Age 13-18 ELT Market

Age 13-18 ELT provides English language training mainly for students in middle school or above. The age 13-18 ELT market has grown in terms of gross billings from RMB12.1 billion in 2012 to RMB21.6 billion in 2016, representing a CAGR of 15.6%, and is expected to grow to RMB51.7 billion in 2021, representing a CAGR of 19.1% from 2016 to 2021. The penetration rate for age 13-18 ELT has increased from 3.9% in 2012 to 5.1% in 2016, and is expected to further increase to 6.3% in 2021.

There are several factors that will contribute to the growth of the age 13-18 ELT market. For example, students from ages of 13 to 18 tend to prefer a flexible learning schedule and may have a preference for test-oriented ELT programs.

China's Premium Junior ELT Market

According to Frost & Sullivan, the junior ELT market can be divided into premium and non-premium segments based on the annual tuition fee, where premium providers offer products with annual fee above RMB16,000 per year.

Source: Frost & Sullivan

The premium segment within China's junior ELT market has been outgrowing the overall junior ELT market. The premium junior ELT market grew in terms of gross billings from RMB3.8 billion in 2012 to RMB8.1 billion in 2016, representing a CAGR of 20.8%, and is expected to grow to RMB22.8 billion in 2021, representing a CAGR of 23.0% from 2016 to 2021. In terms of enrollments, the number of students grew from 0.5 million in 2012 to 0.8 million in 2016, representing a CAGR of 14.6%, and is expected to grow to 1.6 million in 2021, representing a CAGR of 15.4% from 2016 to 2021.

As Chinese families earn higher disposable income, they are more willing to spend on education and hence prioritize ELT premium providers that offer higher teaching quality. However, the premium junior ELT market had a penetration rate of only 0.4% in 2016 according to Frost & Sullivan, indicating significant growth potential.

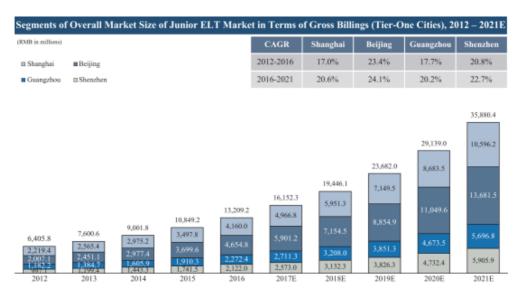

According to Frost & Sullivan, the top three providers in the premium junior ELT market in China are EF Kids, us and Disney English. According to Frost & Sullivan, in 2016, the top five players accounted for 36.3% of market share of the premium junior ELT market in China in terms of gross billings, and Rise alone accounted for 10.7%. According to a survey conducted by Frost & Sullivan in July 2017, Rise also ranked the first in terms of satisfaction of junior ELT institutions and ranked the third in terms of brand awareness.

China's Tier-One Cities Junior ELT Market

According to Frost & Sullivan, there were 1.5 million students enrolled in junior ELT market in tier-one cities in 2016. In terms of gross billings, tier-one cities combined had RMB13.2 billion, representing 15.5% of the total junior ELT gross billings in China.

Due to factors such as increasing urbanization, growing household income and appreciation of the value of high quality education, gross billings of the junior ELT market in tier-one cities are expected to grow to

RMB35.9 billion in 2021, representing a CAGR of 22.1% from 2016 to 2021. The table below illustrates the competitive landscape in tier-one cities:

Source: Frost & Sullivan

According to Frost & Sullivan, in 2016, the top three providers in the junior ELT market in tier-one cities in China as measured by gross billings were EF Kids, us and POP kids. According to Frost & Sullivan, in 2016, the top five players accounted for 21.9% of market share of the junior ELT market in tier-one cities in China in terms of gross billings, and Rise alone accounted for 5.9%. For the premium junior ELT market in tier-one cities, in 2016, the top five players accounted for 56.7% of the market share in terms of gross billings, and Rise alone accounted for 17.1%.

Furthermore, in 2016, the top three providers in the junior ELT market in Beijing as measured by gross billings were us, EF kids and Lily English according to Frost & Sullivan. According to Frost & Sullivan, in 2016, the top five players accounted for 30.1% of market share of the junior ELT market in Beijing in terms of gross billings, and Rise alone accounted for 11.4%. Rise also ranked second, fourth and second in terms of market share measured by gross billings in Shanghai, Guangzhou and Shenzhen, respectively, in 2016.

Self-Owned and Franchise Models

There are two popular models that junior ELT providers adopt, i.e., self-owned model and franchise model. The self-owned model is advantageous due to the consistency of learning center formats and delivery of course offerings, ability to maintain consistent branding, rigorous quality control, and a more coordinated business development plan. However, it also faces challenges such as relatively slower expansion due to capital expenditure requirements, lack of local expertise in new cities, and higher operating costs due to pressure on management. On the other hand, the franchise model is advantageous because of its asset light business model, relatively faster expansion, local expertise and light pressure on management. Nevertheless, it also faces different challenges, such as recruitment of quality franchise partners, quality control, fee growth, potential damage to brand reputation, and difficulty in securing additional revenue channels. More providers operate through the combination of self-owned and franchise models, good operating practices and quality control are required for successful execution.

BUSINESS

Overview

We operate in China's junior ELT market, which refers to after-school English teaching and tutoring services provided by training institutions to students aged three to 18. We are a leader in China's junior ELT market according to Frost & Sullivan, and we ranked second in 2016 with a market share of 10.7% in terms of gross billings in the premium segment. Furthermore, in 2016, we ranked first in the junior ELT market in Beijing with a market share of 11.4% and ranked second in the junior ELT market in tier-one cities with a market share of 5.9%, both in terms of gross billings according to Frost & Sullivan.

We pioneered the "subject-based learning" teaching philosophy in China, whereby various subject matters, such as language arts, math, natural science and social science are used to teach English. Our course offerings use interactive courseware to create an immersive English learning environment that helps students learn to speak and think like a native speaker. In addition, our curricula are designed to foster leadership and critical thinking skills in students while developing their self-confidence and sense of independence. This innovative and holistic approach to teaching English is increasingly attractive to Chinese parents who are looking for alternatives to traditional ELT programs in China, which are more test-oriented.

In 2016 and for the six months ended June 30, 2017, we had 36,173 and 26,600 student enrollments, respectively, in self-owned learning centers. We currently offer three flagship courses, namely Rise Start, Rise On and Rise Up, that are designed for students aged three to six, seven to twelve and 13 to 18, respectively. The curricula of Rise Start and Rise On use courseware that we have licensed from Houghton Mifflin Harcourt Publishing Company, or HMH, a leading American educational publisher, along with other self-developed content, while the curriculum of Rise Up is primarily based on our self-developed content. We also offer a number of complementary products to further enhance our students' learning experience, including Can-Talk, Rise Library Online, Rise Camp, Rise Workshop and Rise Overseas Study Tour.

We devote significant resources to curriculum development to ensure that our course offerings are up-to-date, engaging and effective. We also focus on teacher training through a set of rigorous and systematic processes and programs so that teachers in both self-owned learning centers and franchised learning centers are able to deliver our curricula at a level consistent with our standards. As of June 30, 2017 we had 1,315 teachers in self-owned learning centers. The quality of our course offerings and our unique teaching philosophy has helped us develop a strong and powerful brand that is attractive to parents.

Our business model is highly scalable. We have a network of both self-owned learning centers as well as franchised learning centers. As of June 30, 2017 we had a network of 246 learning centers across 80 cities in China, among which 56 were self-owned centers primarily located in tier-one cities and 190 centers were franchised learning centers primarily located in non-tier-one cities. We have enjoyed significant growth over the past few years. Our revenues increased from RMB529.5 million in 2015 to RMB711.0 million (US\$104.9 million) in 2016, and increased from RMB315.0 million for the six months ended June 30, 2016 to RMB437.1 million (US\$64.5 million) for the six months ended June 30, 2017, largely as a result of the growth of self-owned learning centers. As our network of learning centers has expanded, our brand has also strengthened. This has allowed us to maintain our position as a market leader, command premium pricing, improve profitability and enjoy a highly loyal customer base. In 2016, we had a 67% student retention rate, 63% higher than the industry average of 41%, according to Frost & Sullivan and our student retention rate improved further to 70% in the six months ended June 30, 2017. We recorded EBITDA of RMB40.8 million and RMB142.3 million (US\$21.0 million) in 2015 and 2016, respectively, and RMB58.6 million and RMB109.6 million (US\$16.2 million) for the six months ended June 30, 2016 and 2017, respectively. We recorded a net loss of RMB31.7 million in 2015 while we recorded net income of RMB50.8 million (US\$7.5 million) in 2016, and we recorded a net income of RMB18.3 million and RMB57.8 million (US\$8.5 million) for the six months ended June 30, 2016 and 2017, respectively.

Our Strengths

We believe the following competitive strengths contribute to our success and differentiate us from our competitors:

Leadership in an Attractive and Rapidly Growing Market

We are a leader in China's junior ELT market, which refers to after-school English teaching and tutoring services provided by training institutions to students aged three to 18. In 2016, we ranked third in China's junior ELT market in terms of gross billings, and ranked second in the premium segment with a market share of 10.7% in terms of gross billings, according to Frost & Sullivan. Furthermore, in 2016, we ranked first in the junior ELT market in Beijing with a market share of 11.4% and ranked second in the junior ELT market in tier-one cities with a market share of 5.9%, both in terms of gross billings according to Frost & Sullivan.

The China junior ELT market has grown rapidly in the last few years, from RMB43.0 billion in 2012 to RMB85.2 billion in 2016, representing a CAGR of 18.6%. This growth is expected to continue with the market reaching RMB239.8 billion by 2021, representing a CAGR of 23.0% from 2016 to 2021. Within ELT, the segment for children aged three to six is expected to grow the fastest, reaching RMB62.8 billion in 2021 at a CAGR of 27.6%, according to Frost & Sullivan.

A number of factors will contribute to the expected growth of the junior ELT market discussed above, including:

- i) rising birth rate as a result of "two-child policy;"
- ii) increasing population in large urban centers, in part due to migration;
- iii) increase in average household income and the number of higher income families, particularly in larger cities;
- iv) limited penetration of junior ELT across China;
- v) favorable government policies that permit increased operational and pricing flexibility to support the growth of private-sector education enterprises;
- vi) emphasis on and increased prevalence of English language instruction as part of school curriculum, partly due to continued focus on study-abroad opportunities, especially earlier in a child's life; and
- vii) shifting focus to a holistic approach to develop comprehensive English language skills rather than a test-based approach, especially as a contextualized understanding of language becomes increasingly important.

Innovative and Unique Teaching Philosophy

The Chinese junior ELT market comprises test preparation providers who provide tutoring services for standardized tests such as TOEFL, SAT, SSAT and ACT, and skill-based ELT providers who typically focus on vocabulary, syntax, and grammar, and even some elements of test preparation. We are a skill-based ELT provider, but we adhere to our "subject-based learning" teaching philosophy, whereby we use a variety of subjects such as language arts, math, natural sciences and social sciences as the medium for English language teaching. We believe this teaching philosophy provides students with a natural and contextual understanding of English and as a result we have built all of our products around it.

As our products do not focus on test preparation, there is no natural end point for our curriculum other than an academic school year. This allows us to design our curricular to focus on the longer-term and overall development of students rather than more short-term milestones and accomplishments. We promote both project-based and cooperative approaches to learning that allow students to develop their critical thinking, problem solving and leadership skills. Parents have highlighted these aspects as key attractions when choosing ELT products for their children, according to a survey conducted by Frost & Sullivan.

A significant percentage of students take on leadership roles at their schools, in addition to excelling academically due to our focus on overall development. Moreover, while test results are not a key barometer of students' performance, our students have performed well on various English language standardized tests. For example, in a group of our Grade 6 students that took the TOEFL Junior Tests, 73.3% achieved a result that surpassed the median score for Grade 6 native English-speaking students in the United States that took the same exam.

Comprehensive and Innovative Products

We offer a comprehensive suite of products for students ranging from the ages of three to 18, comprising both online and offline coursework. Our core products include three flagship courses, namely Rise Start, Rise On and Rise Up, which cater to students aged three to six, seven to twelve, and 13 to 18, respectively.

For each of our products, we have developed a custom and comprehensive curricula that feature a set of interactive courseware featuring dynamic English instruction through problem-solving and situational cases across various subject matters. We continuously improve and expand our curricular as well as develop complementary products for students. Parents closely associate our products and curriculum with our brand and we believe this provides us with a key competitive advantage that allows us to differentiate ourselves in the highly fragmented and competitive China junior ELT market.

We also utilize technological innovation across our products to enhance students' learning experiences and to improve teaching efficiency. For example, teachers deliver our entire in-class curricular through interactive white boards to promote dynamic interaction. Additionally, complementary products such as Rise V-World are built using both virtual reality (VR) and augmented reality (AR) technologies. Moreover, certain of our products, such as Rise Up, which targets students aged 13 to 18, focus largely on online instruction, which provides students with increased flexibility of how and when they can study.

Extensive and Systematic Product Development and Teacher Training Programs

Key elements of our continued growth and success include our extensive and continuous curriculum development and teacher training programs. Continued course development ensures that our products remain attractive and engaging, particularly as our student mix and their needs and preferences evolve, while teacher training programs ensures that teachers in self-owned learning centers and franchised learning centers are able to deliver our products in a manner consistent with our standards. Both contribute to the overall learning experience of students.

Over the past ten years, we have implemented an average of 40 new additions or upgrades to our existing curricular and courseware and registered an average of seven new copyrights each year. Our track record of curriculum and product development is indicative of our strong research and development capabilities. In the past, a number of public schools have sought our advice and assistance in reviewing and upgrading their own course materials. Moreover, a number of national educational authorities, including the China National Institute of Standardization, have also sought our insight and help in establishing national standards for junior ELT in China.

To complement our curriculum research and development efforts, we provide comprehensive and systematic training to teachers as well as those employed by our franchise partners in franchised learning centers. Our teacher training program comprises an initial component when they are first hired as well as ongoing components. Newly hired teachers are required to attend a mandatory seven-step training program held by education professionals at our headquarters in Beijing. Existing teachers are also required to undergo training sessions periodically throughout the year.

Premium and Trusted Brand

Through our ten years of operations, we have built a strong and powerful brand. According to a survey conducted by Frost & Sullivan amongst parents, Rise is viewed as a leader in the junior ELT market in China. As a testament to our strong brand, we enjoyed a student retention rate of 67% in 2016 and 70% in the six months ended June 30, 2017. Moreover, parents who valued brand, course content and English conversation ability in choosing an ELT institution rated Rise as the number one brand in terms of customer satisfaction for age 3-6 ELT, 30% better than the next closest competitor. We have also received numerous awards and recognitions, including the "Most Popular Junior English Education Organization" by edu.qq.com in 2014, the "Most Reputable Junior English Education Organization" by edu.qq.com in 2015, "Most Creative Brand of the Year" by Beijing News in 2016 and one of the 13 "Reputable Education Organization" by Xinhua.com in 2016.

Our strong brand has had positive impact on our operations. First, our customers are willing to pay a premium price for our products. Our courses at self-owned learning centers are typically priced between RMB16,000 to RMB28,000 per year, representing the higher end of the range of prices for premium junior ELT products, according to Frost & Sullivan. Additionally, our strong brand also helps us recruit new students by lowering our selling and marketing expenses through effective and powerful word-of-mouth marketing. Finally, we believe our brand has helped us in a number of commercial negotiations such as procuring coveted locations for new learning centers, and negotiating rental rates and advertising pricing in both online and offline channels. Our brand also helps us attract high quality teachers relative to our competitors.

Highly Scalable Business Model

Our two-tier business model is highly flexible and scalable. We operate self-owned learning centers in tier-one cities and collaborate with franchise partners in others. This allows us to focus our resources to operate self-owned learning centers in cities that we believe are most attractive while also building our brand and growing our footprint nationally.

Our ability to scale our business while maintaining the quality of student experience is primarily due to our highly standardized learning center and classroom design and products, systematic teacher recruiting and training programs, and well-developed organizational management capabilities. This set of standardized procedures and products allow us and our franchise partners to establish new learning centers quickly while maintaining the same standard of excellence and level of operational and financial results across each center.

As a testament to our highly scalable business model, we have expanded our learning centers from 40 as of December 31, 2008 to 246 as of June 30, 2017, representing an increase of over five times. As of June 30, 2017, we are present in 80 cities in China in aggregate and operate self-owned learning centers in all tier-one cities as well as Wuxi.

Experienced Management Team with Proven Track Record

Our management team consists of seasoned executives with an average of over seven years of experience in education and over ten years of experience in broader managerial roles. Our Chief Executive Officer, Mr. Yiding Sun, previously served as Chief Executive Officer at Gymboree China Group, a private education company specializing in children's early education. Mr. Sun has six years of experience in the education industry. Our Chief Financial Officer, Ms. Chelsea Qingyan Wang, has five years of experience in education industry and 15 years of experience in information technology industry, a certified member of Chartered Global Management Accountant and the fellow member of Chartered Institute of Management Accountant. Our Senior Vice President, Ms. Sally Yuan, is the General Secretary of the English teaching research division of the Beijing Association of Education and was responsible for various programs in China's 12th 5-year plan. In addition to senior management, we also have a qualified research and development team, of which many members hold a master degree or above in Education and have studied overseas. Their global professional experience continues

to propel Rise to the forefront of the ELT industry in China and set us apart from our peers. Our team's collective experience and strong execution capabilities enable us to grow successfully, manage our operations, and promote our premium brand.

Our Strategies

We seek to maintain and further strengthen our leading position in the junior ELT service market in China by pursuing the following strategies:

Expand Our Learning Center Network

Given the large opportunity and low penetration rate of junior ELT in China, there is significant room to further expand our learning center network. We will continue to take advantage of growing demand for quality junior English language training and open new self-owned learning centers, largely in tier-one cities with attractive demographics most suited to our products. We also plan to continue the expansion of franchised learning center network nationally by leveraging our strong brand and standardized operational and management system.

Increase Student Enrollment in Self-owned Learning Centers

We seek to expand student enrollment by increasing the retention of existing students as well as acquiring new students. We will focus on enrollment across both existing as well as newer self-owned learning centers. We plan to achieve this through dedicated and strategic branding efforts and improvements and enhance our products.

Enhance and Expand Our Products

We intend to devote significant resources to enhancing as well as expanding our products to other new standalone products as well as complementary products. This includes online product offerings as well as other complementary products such as overseas camps. We will also leverage our large and stable student base to effectively broaden, enhance and market our future products. This will help us extend our existing business lines and strengthen our market leadership by increasing the lifetime value of these students through cross-selling. Moreover, it will allow us to promote a more personalized learning experience for students.

Improve Operating Efficiency

We intend to continue to optimize our operations and improve efficiency on three fronts. First, we plan to continue investing in infrastructure and technology. We are currently investing in IT upgrades to integrate our platform and improve internal efficiency. Second, we will continue to refine our internal business procedures to ensure standardized operations in both self-owned centers and franchised learning centers. Lastly, we will continue to optimize our organizational structure to facilitate more fluid and immediate interaction between our corporate headquarters and self-owned learning centers, allowing for improvements in both operational and marketing efficiency.

Pursue Additional Strategic Partnerships and Alliances

We will consider acquisition opportunities that complement or enhance our existing operations as well as those that are strategically beneficial to our long-term goals, such as franchised learning centers with healthy operations or strategically important locations.

We also expect to deepen our collaborations with overseas curriculum partners as well as overseas partner schools and universities to further enhance and expand our course offerings. For example, we intend to launch an American High School Credit Program where qualified students may get offers from our partner universities.

The Rise Model

Our teaching model is designed to promote the all-around growth of students. We believe every student is unique in their abilities, interests and personalities. We have developed a holistic approach to learning that promotes both the academic advancement and personal development of students in an immersive English-language environment. We offer subject-based courses in English that utilize various subject matters as the medium for English language instruction. Our courses are also designed to focus on skills such as public speaking, project management, and critical thinking and cultivate personal attributes such as leadership, teamwork, creativity and confidence. This unique model allows students to accumulate subject matter knowledge while also developing their language capabilities and strengthening important personal traits.

Our Teaching Philosophy

Our goals as educators are to further the academic progress and personal development of each student. We believe the aspects of our model listed below are critical to achieving these goals.

Subject-based courses

We use a subject-based approach to teaching English by using various subject matters such as language arts, math, natural sciences and social sciences, as the medium through which students accumulate language skills. Rather than learning the language itself through vocabulary, grammar, and syntax, students learn to use the language as a means to understand a variety of subject matters. This allows students to learn English while acquiring a variety of additional academic knowledge to complement their formal schooling. Moreover, subject-based learning trains students to comprehend and use English in a more natural and contextualized manner while making the learning process more intuitive, interesting and enjoyable.

Immersive learning

We deliver our products entirely in English. This compels students to approach and use English as a medium for communicating thoughts and ideas, rather than as a separate subject. This type of immersive learning gives students the opportunity to develop a deeper and more comprehensive understanding of the English language and helps students to not only achieve English language proficiency but also gain the ability to think and converse in English more naturally and in a manner similar to that of native speakers. Our parents are attracted to this novel approach to English instruction as they often learned English in a more rigid and traditional setting that did not provide them with the necessary context and understanding of the various nuances of the language.

Leadership training

Leadership and other soft skills are core focuses for us. Students are able to develop confidence, teamwork, collaboration, independent thinking, problem-solving, presentation and project management skills through both in-class and extra-curricular projects. Students are encouraged to speak in front of their peers in class as well as engage in a number of group projects to solve problems creatively. We believe these aspects of our products are particularly attractive to Chinese parents who increasingly believe these skills are an important contributor to the future success of their children.

Teaching Methodologies

We apply standardized course modules and teaching procedures in courses and across all self-owned and franchised learning centers, with teachers acting as facilitators throughout the process.

Technology-based teaching tools

We provide teachers in our learning centers and those in franchised learning centers with various technology-based teaching tools to allow them to more efficiently deliver our products to students. For instance,

our multimedia and interactive lessons include content that is in standard American English pronunciation and intonation. We also use interactive white boards instead of textbooks to keep students engaged and to promote dynamic interaction in the classroom. We also have Rise V-World, a complementary study tool using virtual reality (VR) and augmented reality (AR) technology, which combines more recreational with educational elements to reinforce concepts taught in our courses and encourage students to apply their new knowledge to real-world situations through a variety of fun and challenging scenarios. Making technology available to our teachers and in the classroom is a critical component in maintaining quality control over our network of learning centers and ensures that all students have a similar experience.

Interactive learning

We utilize multiple interactive teaching methodologies to facilitate the learning process. Our courseware, classroom scenarios, classroom displays, teaching tools and learning materials are designed to promote student interaction with each other and teachers. Students also participate in interactive in-class activities such as debates, crafts and role plays, which effectively enhance learning results. We believe that interactive learning is more enjoyable to students, is better able to maintain their attention throughout the class, and is more effective at conveying important or complicated ideas, especially in the study of a foreign language.

Cooperative learning

Teachers are important in implementing our standardized teaching tools and curricular. They organize and manage class activities based on the principles of teamwork and accountability. We believe this methodology of teaching is especially appealing to younger Chinese parents, the majority of whom have grown up without siblings and in a school system that traditionally emphasizes individual achievement and competition among students.

Project-based learning

Our curricular require students to participate in a variety of projects where students are assigned different team roles and tasks based on their interests. Students use study tools that we have developed to complete various tasks, including conducting research projects, collecting data and making presentations. During the process, students learn how to set goals, manage projects and complete complicated tasks through collaboration. Project-based learning also encourages students to exercise creativity and to think outside the box, important skills that parents value, yet and are often under addressed by China's traditional education system.

Independent thinking and problem solving

In order to cultivate the ability of students to think independently and develop problem solving abilities, we have implemented a series of distinctive teaching methodologies. For instance, our Thinking Graphic Organizer helps students develop and express their ideas through visual representations such as webbing, flow charts and mind maps. Four-Step Problem Solving is another teaching methodology we use to help students systematically understand and solve math problems, which includes understanding the problem, devising a plan, carrying out the plan, and verifying the results. These methods are useful in helping students develop the ability to understand and solve problems on their own, endowing them with important life skills that go far beyond rote memorization and testing skills.

Course Offerings

All our courses are developed based on our teaching philosophy and methodologies, and designed to improve each student's independent learning, leadership and critical thinking skills. It also helps students with their reading, writing, science and cultural awareness, and helps them to become "global citizens."

We offer incremental courses to students, starting each at an appropriate level and elevating them to more advanced courses. Currently our three flagship courses are Rise Start, Rise On and Rise Up targeting students in

preschool, elementary school and middle school from the ages of three to six, seven to twelve, and thirteen to eighteen, respectively. Students in both self-owned learning centers and franchised learning centers are able to enroll in these courses.

We use standardized interactive curricular for our courses. The curriculum of Rise Start and Rise On uses HMH courseware along with other self-developed content, while Rise Up is primarily based on our self-developed curriculum. We have also developed more than 430 proprietary study tools for Chinese students, including scripted lesson plans for teachers, interactive courseware, practice or activity books for students and home application materials for families. By standardizing the curricular and related study tools used in each of our courses, we are able to ensure a consistent quality in each of our courses. This ability to control the quality of each class through standardized instruction is especially important as we expand our business to additional learning centers, especially franchised learning centers.

Rise Start

Rise Start is an offline course for preschool students ranging from the ages of three to six. Rise Start aims to help students develop good learning habits and learn through play, focusing on interaction, discovery and experience. In Rise Start, students are given age-appropriate lessons in English about subjects such as social studies, language arts, math and science. Rise Start consists of a total of approximately 200 course hours during an academic year, in which students come to learning centers one day each week, usually for up to six hours each time. Because students at this age have not yet begun their formal schooling, Rise Start students typically attend in the mornings and afternoons, utilizing our premises during the times in which the older students otherwise are not able to due to formal schooling.

Rise On

Rise On is an offline course for elementary school students from the ages of seven to twelve. Rise On strengthens student abilities across a variety of subject areas while emphasizing self-reliance and problem solving skills. Rise On students learn in English about subjects such as social studies, language arts, math and science. Rise On consists of a total of approximately 180 course hours, which students usually attend in afternoons and evenings, after they have completed their formal school day, or on the weekends.

Rise Up

Rise Up is a course developed for secondary school students from the ages of thirteen to eighteen, which is conducted primarily online. In addition to core skills that all of our course offerings foster, it also helps our students with standardized middle and high school test preparation. Rise Up consists of a total of approximately 170 online course hours using self-guided modules, which provides great flexibility to fit in the schedule of students, as well as approximately 40 online tutorial sessions with native English-speaking teachers that we have selected from our partner third-party platforms. Rise Up students are also required to attend an intensive 15-day offline study camp comprising approximately 90 course hours every summer for additional training and to practice skills that cannot easily be done online.

Our Complementary Products

We also offer a series of complementary products to students from both self-owned learning centers and franchised learning centers, including online products Can-Talk and Rise Library Online, and offline products Rise Camp, Rise Workshop and Rise Overseas Study Tour. We also recently entered into an agreement to acquire the business of a leading Hong Kong-based admissions consulting company specializing in overseas boarding school and college placement. We may in the future offer some of these products on a stand-alone basis.

Can-Talk

Can-Talk is an online product that we launched in May 2017. Through Can-Talk, students receive one-on-one or small-class lessons from native English speaking teachers that we have selected from third-party

platforms that we partner with, who are all certified by Teaching English to Speakers of other Languages, or TESL, to teach English. All native English-speaking teachers available through Can-Talk are from North America. Can-Talk is intended to enhance conversational and academic language skills for students from the ages of six or above. It engages students in learning-focused discussions of popular cultural topics and academic test-oriented topics. Through this platform comprising of 60 sessions, each of which lasts approximately 25 minutes, students are expected to gain greater linguistic skills.

Rise Library Online

Rise Library Online offers online reading programs that provide highly engaging learning experiences for students through multi-functional capacities, including self-adaptive functions based on the Lexile measures, a popular reading assessment standard in the United States, interactive acoustic functions and interactive games. The Library can automatically filter, select and suggest suitable reading materials to students based on their English proficiency level and preferences measured by Lexile standards. The Library applies Stanford Research Institute (SRI) Speech Recognition and Assessment Technology during reading, which combines advanced acoustic models and industrial quality speech recognition engine to measure the accuracy of the pronunciation as the students read the story aloud. The Library also provides interactive multi-functional games that are played after reading a story, which develop and reinforce skills for listening, speaking, writing and reading comprehension. The Library not only provides self-owned textbook-style English reading materials with learning objectives closely aligned with our Rise Start and Rise On curricula, but also offers, through a partnership with a third-party content provider, over 2,600 books and magazines to foster reading habits for students.

Rise Camp and Rise Workshop

Rise Camp and Rise Workshop strive to cultivate students' language skills by encouraging them to apply the English skills they develop during class into real-life situations. These programs take place in various domestic locations that provide an immersive learning environment for students age four or above to practice with native English speaking teachers. Rise Camp is a theme-based camp typically hosted in summer or winter. For instance, in the summer of 2016, we hosted a camp in Beijing where students learned about drone-related technology, artificial intelligence, coding and related science-based topics. Rise Workshop is typically organized during weekends or public holidays with a theme related to arts, social sciences and other topics that students are interested in, with a size of fifteen to twenty students per workshop. Rise Camp and Rise Workshop help students not only improve their English and extracurriculum knowledge, but also their cooperation and communication skills by working together with group members to accomplish goals and complete tasks. We initiated Rise Camp and Rise Workshop in 2016, and since then we have hosted three camps and 11 workshops where an aggregate of approximately 560 students participated.

Rise Overseas Study Tour

For students age four or above wishing to experience studying abroad, we organize tours for students to attend classes in preschools, elementary schools and middle schools primarily in the United States and Canada. We act as the operator of this program and set the price for the tours. Each tour typically lasts for two to three weeks and usually takes place during the summer or winter. Similar to Rise Camp or Rise Workshop, for students younger than seven, parental presence is required. We have organized tours in approximately 40 overseas schools to provide a wide range of options to students, who can attend various classes with native English speaking students under supervision of teachers in those schools. Moreover, students have the opportunity to mingle with local families after class and gain real life language exposure and a better understanding of cultures in English speaking countries. We began offering Rise Overseas Study Tours in 2012, and in 2016 and the six months ended June 30, 2017 approximately 520 and 126 students, respectively, participated.

Research and Curriculum Development

We have devoted significant resources to research and curriculum development, which are reflected in the quality of our course materials and effectiveness of our teaching methodologies. We use courseware consisting of course models and content licensed from HMH as the base of our Rise Start and Rise On courses and have developed complementary products to meet the needs of our students and take advantage of technological advancements. We frequently revise and upgrade our complementary products and have recently added several short-term courses to optimize our curricula.

Course Materials Based on HMH Licensed Courseware

A portion of the courseware that we use in our Rise Start and Rise On courses is licensed from HMH. Pursuant to license arrangements with HMH, we have an exclusive, subject to certain pre-existing third party rights, and royalty-free right to use certain HMH courseware developed before October 2011 in China permanently for after-school tutoring services for the primary purpose of teaching the English language to non-native English speaking students. Courseware developed by HMH helps students learn important subjects using simple English words and phrases, while also allowing us to easily standardize our courses across all learning centers.

In accordance with our rights under our license arrangements with HMH, we have developed various derivative products based on this HMH courseware, including certain tailored lesson plans for teachers, practice and activity books for students and after-class materials for parents and students to enhance interaction and study at home.

In-house Curriculum Development

We have a dedicated research and curriculum development team based in Beijing, with an average of over six years of relevant experience. Through workshops, trainings and international cooperation, our curriculum research and development team has successfully developed approximately 5,000 course hours and more than 430 course materials.

All of our supplementary curriculum are developed in-house. It typically takes about three months to twelve months to develop our new curriculum.

Our in-house curriculum development process includes three phases. During the first, or pre-development phase, we collect data and information on various potential products that we are considering and we seek feedback on those products from as many as 500 teachers, students and parents. We also conduct at least three rounds of professional consulting with academic experts and consultants on the proposed new course material. During the second, or development phase, our in-house professionals develop a new course proposal to be evaluated by our management and based on their feedback, these professionals revise the proposal and re-submit for approval. After the initial development is complete, we discuss each version across our various departments, a process that involves between 50 and 100 employees, in order to provide feedback to the development team and begin focusing on a final version. We repeat the cross-department review process at least three times during the development phase. During the final, or post development stage, we collect feedback from between 1,000 to 3,000 individuals, including teachers, course consultants, professors, students and parents, before we finalize the new course material.

External Courseware Development

We have engaged a third-party vendor in Ireland with significant experience in developing educational products to assist in our curriculum development. We use this vendor to develop complete courses for us, such as Rise Up Levels 1 and 2, and the curriculum development process is interactive and follows our standards. As of June 30, 2017, this vendor has developed the course materials for over 350 course hours and over 660 videos for us. We own the intellectual property rights for all course materials this vendor develops for us, and we pay them service fees based on the number of hours of developed courses.

Advisory Board

We have established an advisory board consisting of several reputable experts, including scholars, professionals and government officers in China's domestic and the international education industry. These experts have an average of twenty years' experience in education, research or English language teaching, and regularly provide high-level advice on education-related matters. These experts offer valuable advice on curriculum development, teaching quality, and other matters that effectively enhance our teaching and operating standards.

Our Learning Center Network

We operate self-owned learning centers in China through our consolidated affiliates including schools and a non-school enterprise, and we cooperate with our franchise partners to operate the franchised learning centers across China.

Our first learning center opened in Beijing in October 2007. In the same year, we agreed with our first franchise partner to open first franchised learning center in Chongqing. Since then we have expanded our learning center network of both self-owned and franchised learning centers rapidly, and have opened an average of 34 new learning centers per year during the past three years. As of June 30, 2017, we had a network of 246 learning centers across 80 cities throughout China, of which 56 were self-owned and 190 were operated by our franchise partners, and among our 56 self-owned learning centers, 30 were located in Beijing, twelve in Shanghai, seven in Guangzhou, five in Shenzhen and two in Wuxi.

The table below illustrates the expansion of our learning center network by showing the number of learning centers as of the dates indicated.

	As of December 31,			As of June 30,
	2014	2015	2016	2017
Self-owned	43	46	54	56
Franchised	137	147	167	190
Total Learning Centers	180	193	221	246

The map below indicates where each of our learning centers is located across China.

Self-owned Learning Centers

Our 56 self-owned learning centers are mostly located in China's tier-one cities of Beijing, Shanghai, Shenzhen and Guangzhou, as well as certain selected cities, such as Wuxi.

Our self-owned learning centers range between approximately 500 and 2,000 square meters in size, and can typically accommodate up to approximately 1,000 students. Our largest learning center, located in Beijing is able to accommodate approximately 2,000 students. We lease all of the premises that hold our learning centers and prefer to enter into lease agreements of at least five years where possible. Our learning centers are usually located in shopping malls or other commercial centers, as this helps to attract new potential students and is usually more convenient to our students and their parents.

We are responsible for all of the operations of our self-owned learning centers. We implement strict quality control measures to make sure each self-owned learning centers is a safe, clean and friendly environment. We have established various processes to maintain high standards and quality within all of our self-owned learning centers. For instance, we have centralized the processes for teacher recruitment, teacher training, online marketing and branding, while adopting local quality control mechanisms in areas such as offline marketing. Each self-owned learning center has a principal who is experienced in education, adheres to our education philosophy, and implements our quality control system. We also have dedicated academic supervisors at each learning center who are responsible for teaching quality. Each school also will always have at least one staff member that is trained in first aid to ensure the safety of our students.

It generally takes us about three months to establish a new self-owned learning center after we have confirmed lease arrangements for the site. We thoroughly evaluate a site for a new learning center and consider factors including customer traffic, local competition, household income, student recruitment projections, staffing requirements and cost estimates. We typically initiate regulatory approval procedures, including school license and registrations with local educational authorities, immediately after the lease agreement is signed. We also conduct financial analysis to estimate return on investment, breakeven point and other key financial indicators before deciding to open any new learning center. As of June 30, 2017, a typical new self-owned learning center reached break-even levels in the eleventh month.

The table below sets forth the major steps involved in opening a new learning center.

We intend to open more self-owned learning centers in tier-one cities and continue to expand our network of franchised learning centers in other cities and regions across China.

Franchised Learning Centers

We have strategically adopted the franchise model to quickly expand the network of learning centers to non-tier-one cities and the suburbs of tier-one cities in China.

Our criteria in selecting franchise partners include their financial capacity, commitment to education and experience in running education centers. We typically enter into franchise agreements with an initial term of five years with franchise partners and if any franchise agreement needs to be renewed, it will typically be renewed for an additional five-year period. We charge each franchise partner recurring franchise fees based on an agreed percentage of each franchised learning center's collected tuition fees and also related individual course materials fees.

Potential new franchise partners are required to submit proposals to us containing site selection, market research and plans, anticipated number of students and potential number of learning centers. We have complete discretion in determining whether to accept an applicant as our franchise partner and execute a franchise agreement with them. Our franchise partners are responsible for all of the preparations in opening a new school, including site selection and leasing, interior design based upon our standards, installing all necessary equipment, hiring teachers and staff and recruiting students. Under the franchise model, our franchise partners purchase course materials and textbooks from us, and follow our standardized management system for franchised learning centers in their classroom instructions, their pricing and subsequent price adjustment, typically reviewed on an annual basis, are subject to our approval and we provide centralized trainings for their teachers and management team. We typically do not participate in the day-to-day operations of franchised learning centers.

We monitor operating results of franchised learning centers. Our franchise partners are required to submit to us the statistics of student enrollments in each franchised learning center on a monthly basis. We have a franchise management department of over 20 employees who continually monitor operating condition of each franchised learning center. Should the operating or financial situation of any franchised learning center deteriorate, our franchise management department may suggest plans for improvement to the franchise partner, and we may decide not to renew the franchise agreement with that franchise partner upon expiration if the situation does not improve. In addition, if any franchise partner fails to find a location within two months after signing the franchise agreement, or fails to open a new learning center within four months after signing the franchise agreement, we are entitled to terminate the franchise agreement. As of June 30, 2017, over 48% of our existing franchise partners have operated their franchises for more than five years.

Moreover, we are in the process of introducing a centralized online tracking system which all of franchised learning centers are required to install and use. It is expected that all franchised learning centers will be equipped with this system by the end of 2018, which will allow us to monitor the financial and operating results of the franchised learning centers in real time.

Standardized Management

We have established a standardized management system and process through which we manage and oversee important aspects of our self-owned and franchised learning centers across our network, including learning center administration, supply procurement and the development and sharing of teaching resources. By doing so, we are able to support and facilitate the management of both self-owned and franchised learning centers in an efficient manner as well as ensure consistency in the quality of our education.

Sharing and development of standardized teaching resources

To increase the effectiveness and consistency of teaching quality across learning centers, we have unified our teaching goals, guidelines and materials and courseware at each stage of our courses offered in all self-owned and franchised learning centers. By following these unified guidelines, we make it easy for teachers to effectively teach students in a manner that adheres to our teaching philosophy. Our standardized teaching resources are attractive to parents as they provide them certainty that their children will be participating in structured and effective lessons prepared by education experts regardless of the learning center or the class their children attend. By unifying our teaching materials, it also makes it easier for us to monitor learning results across all of our learning centers and make adjustments and improvements to our materials and resources as needed.

Centralized teacher trainings and academic assessment

We have standardized teacher trainings and academic assessment systems for all teachers employed at both self-owned and franchised learning centers.

All teachers are required to participate in mandatory and ongoing trainings at our headquarters, both at their respective learning centers and online. These trainings all teachers to deepen their understanding of our teaching philosophy, and enhance their skills in better utilizing our teaching resources and provide each student with a quality and effective learning experience.

We assess the academic performance of each teacher on a quarterly basis. Our teacher assessment standards include a number of factors, including teaching performance, written test results, English proficiency and communication skills.

Learning center operation

We have adopted a centralized online tracking system to monitor the daily operation of each self-owned learning center. This system tracks important aspects of the each school's operations, such as student enrollment,

renewals, teacher staffing and certain operating costs. We conduct periodic reporting meetings with the principals and academic supervisors of each learning center to review results and discuss how to enhance operational performance. We have also unified the design and decorations in all of self-owned learning centers, as well as the procurement procedures and standards for most aspects of the establishment and operation of our learning centers, including computers, desks and chairs, uniforms and other equipment.

Learning results assessment

We also have standardized procedures to monitor and track student's learning results. Teachers are trained to record each student's performance in class in a systemic method for further tracking and review. We have quarterly academic examinations and benchmark online tests to monitor each student's learning progress.

Parent communications

We have standardized the procedures and contents of communication with the parents of students in all self-owned learning centers. We assign at least one teacher in each class to keep regular communications with the parents, including providing updates on their child's progress, following up with after-class homework of the students, collecting feedbacks from parents and recommending new products to the parents.

Students

In 2016 and for the six months ended June 30, 2017, we had a total of 36,173 and 26,600 student enrollments, of which 18,330 and 11,002 were new enrollments, respectively, at self-owned learning centers.

We consider students' English abilities and ages before placing students in appropriate courses and track their performance during our course offerings. We believe our courses are effective in enhancing the English language skills of students. For example, in a group of our Grade 6 students that took the TOEFL Junior Tests, 73.3% achieved a result that surpassed the median score for Grade 6 native English-speaking students in the United States that took the same exam.

Teachers

As of December 31, 2014, 2015 and 2016 and June 30, 2017, we had a total of 1,055, 1,162, 1,253 and 1,315 teachers, respectively, employed by self-owned learning centers. Most of our teachers are full-time employees.

Teachers are responsible for leading each class through the various materials and presentations, and engaging all students in each learning activity. Although we have standardized our teaching tools, teachers must be familiar with our teaching methodologies and the material for each lesson in order to deliver it effectively.

In addition to teaching our students, teachers also focus on serving the needs of the parents of students. Teachers establish multi-channel communications with the parents, including regular offline meetings with parents and weekly follow-up phone calls, as well as online communications and seminars, assisted by other staffs with administrative work, follow up on after-class homework with the parents and students, and recommend various Rise products to the parents. Moreover, we have established an online platform called "Rise Club" where parents can consult with teachers with various questions instantly and check performance results of their children online. As of June 30, 2017, Rise Club had a total number of more than 280,000 registered users.

Teacher training and evaluation

We offer centralized and continuous trainings for teachers, which consists of a minimum of seven incremental training steps. These trainings primarily focus on effectively delivering our highly standardized

course modules. For instance, we provide two weeks of intense training to each teacher right after recruitment, and we continue to provide them with training at our learning centers throughout the duration of the time with us. After training, teachers are required to pass a variety of exams before teaching our classes. We also have an in-house nine-star rating system to track the performance of teachers, which accounts for important factors including teaching quality, student retention rate, satisfaction level of parents, performance review by principals and other factors such as safety and academic contribution. The salary of each teacher is linked to their individual performance, as measured by our rating system.

We also cooperate with overseas educational institutes for teacher training and international accreditations, and many of teachers hold qualification certificates accredited by reputable overseas institutes.

Teacher recruitment

We hire teachers based on their education background, English proficiency level, personalities and passion for teaching. For students attending our more advanced courses such as Rise On, we primarily look for candidates with outstanding academic background and adequate teaching experience. For applicants to teach our younger students in Rise Start, we favor candidates who are caring and patient. Our major teaching recruitment channels include campus recruitment, public recruitment through agencies or headhunters and cooperative programs with normal universities.

Tuition and Fees

We offer our products at different prices in different cities, which we adjust on an annual basis based on a variety of factors, including local income standards and demand for our services. Our annual tuitions and fees are generally higher than our competitors because we believe we offer premium products that parents are willing to invest in. Tuitions and fees in franchised learning centers located in non-tier-one cities are generally lower than self-owned learning centers that are usually located in tier-one cities. We generally increase our standard tuition and fees on an annual basis. In 2016 and for the six months ended June 30, 2017, the average tuition fees for our courses ranged from approximately RMB16,000 to RMB28,000 per year.

Parents are required to prepay tuition and fees for the entire academic year before students can begin classes. If a student withdraws during the year, we offer tutoring course fee refunds in accordance with local education bureau's regulations. We also charge different prices for each of our complementary products, either by an annual subscription fee or by referring to the prevailing market rates.

Public Cooperation

Drafting and Reviewing National Standards

Our teaching approach and methodologies have been recognized by multiple national authorities and organizations in China, and we have been invited to participate in the drafting and reviewing certain national education standards. For instance, we assisted in drafting the basic requirements of language training services for children and early youth in October 2016, which was initiated by the Chinese National Institute of Standardization, a national authority responsible for establishing education standards, and the China Quality Certification Center.

National Subject Research

Since 2012, we have actively participated in China's 12th five-year national subject research initiated by National Association of Foreign Language Education, the Chinese Society of Education. As a result, we compiled and published Rational and Classroom Implementations of Subject English Education as a textbook for the promotion of subject-based English in China.

Public School Faculty Training

We cooperate with universities and public schools in providing various trainings for English teachers. Since 2009, we have been invited by the Beijing Educational Society to cooperate with Changchun Normal University to help their college students improve their English teaching skills. We have also provided training to more than 300 public school teachers in Beijing and Ji'nan from 2014 to June 30, 2017.

Subject English Education Research Academy

In 2013, we initiated Subject English Education Research Academy under The Beijing Academic Society for Education, which established the Beijing subject English Teacher Standards in 2013, and our management members play important roles in this academy, which functions as a self-governing organization in China's regional education industry and sets up several industrial standards. As of June 30, 2017, more than thirteen public and private schools and other educational organizations had become members of this academy.

Branding, Sales & Marketing

Branding

We position ourselves as the leader in the junior ELT market in China. Our brand is recognized by multiple educational authorities and organizations in China. For instance, we were accredited as the "Most Popular Junior English Education Organization" by edu.qq.com in 2014, the "Most Reputable Junior English Education Organization" by edu.qq.com in 2015, "Most Creative Brand of the Year" by Beijing News in 2016 and one of the 13 "Reputable Education Organization" by Xinhua.com in 2016.

We promote our brand through a series of marketing and public relationship activities, including traditional marketing means such as television ads, internet ads, outdoor display ads, new media as well as large events such as Rise Cup and Rise Star.

Rise Cup

Rise Cup is an annual nationwide English language project competition we host for all of students, regardless of their location, English level, or age. Participants are encouraged to complete certain tasks through teamwork in a fun manner. The four rounds of Rise Cup challenge students to improve their skills in language, project management, leadership and cooperation. It aims to make students think creatively, critically and independently. Rise Cup provides a platform for students to express their ideas and to prove that they can overcome challenges. Rise Cup concludes with an onstage performance by students, in which they present their projects, using their fine-tuned English skills, in front of an audience of thousands of their fellow students, their parents and judges. In 2017, a total of approximately 49,000 students from 76 cities participated in Rise Cup.

Rise Star

Rise Star is an annual online marketing campaign that we host to promote our brand. Rise Star is a competition for students mainly between the ages of three and eight. Based on a unique theme every year, students participate in the competition by making their own videos expressing their views. For instance, the theme of Rise Star in 2017 was "Wild Animal Rescue," which gave students the opportunity to submit online presentations on the importance of protecting wild animals. It not only encourages students to pursue their interests after class, conduct research independently and present their ideas in a creative way, but also promotes our image by broadcasting the image and products of students in public. We post clips of Rise Star videos on social media and online websites with heavy traffic, which effectively attracts existing and potential customers as well as public interest. In 2017, a total of approximately 45,000 students participated in Rise Star which has attracted more than 40 million page views on our website as of the date of this prospectus.

Marketing

Our marketing approaches integrate our centralized marketing channels through headquarters with localized marketing efforts by each learning center. We conduct marketing activities through both online and offline channels.

Online channel

We place online and mobile advertisements mainly on search engines and conduct marketing on leading web portals and social media platforms in China. When selecting marketing agents, we concentrate on their demonstrative ability to generate traffic, and we have accumulated good credit with reputable social media platforms in China who help us to attract potential customers. Furthermore, we cooperate with innovative media platforms and place banner advertisements or advertorials on education-focused platforms and mobile news apps.

Offline channel

We place outdoor display advertisements in public transportation terminals and residential complexes in selected cities. For instance, we regularly set up booths in shopping malls or supermarkets near our learning centers to distribute leaflets and register new students. We sometimes offer demonstrations in the communities around those centers, or participate in large-scale exhibitions and mega events such as carnivals for children to promote our brand and attract potential customers. We also launch marketing campaigns with partners from vertical industries to achieve synergy from time to time. In addition to the centralized marketing team working at our headquarters, we also have a sales force in each of our learning centers.

By integrating these resources, we have established a stable marketing pool with a multifaceted approach. Moreover, our word-of-mouth referrals counted for approximately 30% in new student enrollment in 2016 and for the six months ended June 30, 2017.

Sales

We have a strong sales team across China consisting of approximately 400 sales personnel as of June 30, 2017. Our sales approaches are flexible and aim to effectively utilize our online and offline marketing strategies to attract new students. We provide extensive and periodical sales trainings to each of our sales personnel to enhance their sales skills and performance.

Competition

The junior ELT market in China is rapidly evolving, highly fragmented and competitive. We are currently a leader in China's junior ELT market and in our core market, our major competitors include EF Kids and Disney English.

We believe the principal competitive factors in our industry include the following:

- · brand recognition;
- scope and quality of course offerings;
- · capability of product development and teacher training;
- standardized management and scalable business model;
- customer satisfaction; and
- ability to effectively market course offerings to a broad base of prospective customers.

Given these factors, we believe we are in a favorable position as a provider of junior ELT in China.

The curricula of Rise Start and Rise On use this HMH courseware, along with other self-developed content. These arrangements also entitle us to develop derivative products based on this HMH courseware, including tailored lesson plans for teachers, practice and activity books for students and after-class materials for parents and students to enhance interaction and study at home. We own the intellectual property rights for all of these derivative products, subject to HMH's ownership of the intellectual property rights in its underlying courseware. Facilities

Our office headquarters occupy approximately 2,600 square meters of leased office space in Beijing, China. We also maintain approximately 200 square meters of leased office space in Tianjin, China. One of our lease agreements will expire in 2018 and we believe substitute office space will be available if we decide not to renew our lease agreement after its expiration. We believe that our current facilities are suitable and adequately meet our current needs. We will consider expanding our current facilities if the number of our employees significantly increases.

We lease a total area of approximately 67,800 square meters for self-owned learning centers across China. These lease arrangements are typically for a period of at least five years, and are renewable upon mutual consent at the end of the lease period. Our franchise partners are responsible for entering into the lease arrangements for the premises on which our franchised schools are operated.

Insurance

We maintain various insurance policies to safeguard against risks and unexpected events. We maintain insurance to cover students and teachers' actual expenses for injuries they might sustain at our learning centers. We also maintain insurance to cover our liability should any injuries occur at our learning centers. We do not maintain business interruption insurance, product liability insurance or key-man life insurance. See "Risk Factors—Risks Related to Our Business and Industry—We have limited insurance coverage with respect to our business and operations." We consider our insurance coverage to be in line with that of other ELT education providers of a similar scale in China.

Legal Proceedings

We are not aware of any unsettled litigations, legal proceedings, or claims to which we are a party that could materially affect our business, operational or financial position. We cannot predict whether we could become a party to any litigation, legal proceeding, or claim arising from the ordinary course of our business, which may, to various extents, affect our future results of business, operations and financial position.

REGULATION

We operate our business in China under a legal regime consisting of the National People's Congress, which is China's highest legislative body, the State Council, which is the highest authority of the executive branch of the PRC central government, and several ministries and agencies under its authority, including the Ministry of Education, or MOE, the State Administration of Press, Publication, Radio, Film and Television, or SAPPRFT, the Ministry of Industry and Information Technology, or MIIT, the Ministry of Civil Affairs, the State Administration for Industry & Commerce, or SAIC, and their respective local offices. This section summarizes the principal PRC regulations related to our business.

Regulations Related to Private Education in the PRC

Education Law of the PRC

On March 18, 1995, the National People's Congress of the PRC, or NPC, enacted the Education Law of the PRC, or Education Law, which was amended on August 27, 2009 and further amended on December 27, 2015. The Education Law sets forth provisions relating to the fundamental education systems of the PRC, including a school education system comprising preschool education, elementary and middle school education and higher education, a system of nine-year compulsory education, a national education examination system, and a system of education certificates. The Education Law stipulates that the government formulates plans for the development of education, establishes and operates schools and other education institution. Furthermore, it provides that in principle, enterprises, social organizations and individuals are encouraged to establish and operate schools and other types of education institutions in accordance with PRC laws and regulations.

The Law for Promoting Private Education and Its Implementation Rules

The Law for Promoting Private Education of the PRC became effective on September 1, 2003 and was amended on June 29, 2013. The Implementation Rules for the Law for Promoting Private Education of the PRC became effective on April 1, 2004. Under these regulations, "private schools" are defined as schools established by social organizations or individuals using non-government funds. Private schools that provide academic education, preschool education, education for self-study examination and other education shall be subject to approval by the education authorities at or above the county level, while private schools that engage in occupational qualification training and occupational skill training shall be subject to approvals from the authorities in charge of labor and social welfare at or above the county level. A duly approved private school will be granted a Permit for Operating a Private School, and shall be registered with the Ministry of Civil Affairs of the PRC, or MCA, or its local counterparts as a private non-enterprise institution. The measures governing for-profit training institutions registered with the Industry and Commerce Department shall be separately formulated by the State Council. As of June 30, 2017, we have established 16 schools in Beijing, Shanghai, Guangzhou and Shenzhen, which are required to obtain the Permits for Operating a Private School and register with relevant local counterparts of the MCA, and one non-school enterprise in Wuxi registered with the local industry and commerce department, which operates the same business as our private schools do, though it is not required by the local education authority to obtain the Permit for Operating a Private School. For a detailed description of the risks regarding not obtaining relevant permits, fillings or registrations."

Under the above regulations, entities and individuals who establish private schools are commonly referred to as "sponsors" rather than "owners" or "shareholders." The economic substance of "sponsorship" with respect to private schools is similar, in certain aspects, to that of shareholder's ownership with respect to companies in terms of legal, regulatory and tax matters. For example, the name of the sponsor shall be entered into the private schools' articles of association and Permit for Operating a Private School, similar to that of shareholders where their names shall be entered into the company's articles of associations and corporate records filed with relevant

authority. From the perspective of control, the sponsor of a private school also has the right to exercise ultimate control over the school by means such as adopting the private school's constitutional documents, electing the school's decision-making bodies, including the school's board of directors and principals. The sponsor can also profit from the private schools by receiving "reasonable returns," as explained in detail below, or disposing its sponsorship interests in the schools for economic gains. However, the rights of sponsors vis-à-vis private schools also differ from the rights of shareholders vis-à-vis companies. For example, under PRC laws, a company's ultimate decision-making body is its shareholders meeting, while for private schools, it is the board of directors, or board of members, though the members of which are substantially appointed by the sponsor. The sponsorship interest also differs from the ownership interests with regard to the right to the distribution of residual properties upon liquidation of a private school. While private education is treated as a public welfare undertaking under the above regulations, sponsors of a private school may choose to require "reasonable returns" from the annual net balance of the school after deduction of costs for school operations, donations received, government subsidies (if any), the reserved development fund and other expenses as required by the regulations. Private schools whose sponsor does not require reasonable returns shall be entitled to the same preferential tax treatment as public schools, while the preferential tax treatment policies applicable to private schools whose sponsor requires reasonable returns shall be formulated by the finance authority, taxation authority and other authorities under the State Council. As of June 30, 2017, among our 16 private schools, 14 were registered as schools requiring reasonable returns.

No nationwide regulation has been promulgated to regulate the establishment of additional learning centers outside the registered address of a school to date, and different provinces or cities have adopted different procedures. For example, in Beijing, Shenzhen and Guangzhou, an additional learning center shall be located in the same district where the private school is registered and the establishment of an additional learning center is subject to a prior approval or filing procedure with relevant education authority. In Shanghai, an additional learning center is allowed to be established across different district from where the school is registered, provided that it is approved by relevant education authority. Among the 54 self-owned learning centers operated by our 16 schools as of June 30, 2017 (other than the other two self-owned learning centers operated by our non-school enterprise in Wuxi), 16 are located in the same address where the schools are registered, four are located in the same address where the schools are applying for registration, and 34 are located outside the registered addresses of those schools and thus are subject to approvals by or filings with local education authorities.

On November 7, 2016, NPC issued the Amended Law on the Promotion of Private Education, which came into force on September 1, 2017. Under the Amendment, the term "reasonable return" is no longer used and sponsors of private school may choose to establish non-profit or for-profit schools at their own discretion. Nonetheless, school sponsors are not allowed to establish for-profit schools that are engaged in compulsory education. The Amendment further establishes a new classification system for private schools depending on whether they are established and operated for profit-making purposes. According to the Amendment, the key features of the aforesaid new classification system for private schools include the following:

- *Profit distribution.* Sponsors of for-profit schools may adopt the form of a corporation under the PRC Company Law, which are entitled to retain the profits and proceeds from the schools and the operation surplus may be allocated to the sponsors, i.e. the shareholders, pursuant to the PRC Company Law and other relevant laws and regulations. Sponsors of non-profit schools are not entitled to the distribution of profits or proceed from the non-profit schools and all operation surplus of non-profit schools shall be used for the operation of the non-profit schools;
- *Tuition*. For-profit private schools are entitled to set their own tuition and other miscellaneous fees without the need to seek prior approvals from the relevant government authorities. The collection of fees by non-profit schools, on the other hand, shall be regulated by the provincial, autonomous regional or municipal governments;
- Government Support. Taxation policies for for-profit private schools are still unclear as more specific provisions are yet to be introduced. On the
 other hand, non-profit schools enjoy more supportive measures than for-profit schools, such as government subsidies, fund awards and incentive
 donations.

For example, non-profit schools will enjoy the same preferential tax treatments as public schools. Furthermore, non-profit schools enjoy the same treatment as public schools with respect to the supply of land, which will be supplied by the government through allocation or other means, while land will be supplied to for-profit schools in accordance with applicable laws; and

• *Liquidation*. The remaining assets of for-profit schools shall be distributed to the sponsors in accordance with the PRC Company Law, while the remaining assets of non-profit private schools after liquidation shall continue to be used for the operation of non-profit schools.

On December 29, 2016, the State Council issued the Several Rules of the State Council on Encouraging the Operation of Education by Social Forces and Promoting the Healthy Development of Private Education, or State Council Rules, which request to ease the access to the operation of private schools and encourages social forces to enter the education industry. The State Council Rules also provide that each level of the people's governments shall increase their support to the private schools in terms of financial investment, financial support, autonomy policies, preferential tax treatments, land policies, fee policies, autonomy operation, protecting the rights of teachers and students etc.

On December 30, 2016, MOE, MCA, SAIC, the Ministry of Human Resources and Social Security, or MOHRSS, and the State Commission Office of Public Sectors Reform, or SCOPSR, jointly issued the Implementation Rules on the Classification Registration of Private Schools to reflect the new classification system for private schools as set out in the Amendment. Generally, if a private school established before promulgation of the Amendment chooses to register as a non-profit school, it shall amend its articles of association, continue its operation and complete the new registration process. If such private school chooses to register as a for-profit school, it shall conduct financial liquidation process, have the property rights of its assets such as lands, school buildings and net balance being examined by relevant government authorities, pay up relevant taxes, apply for a new Permit for Operating a Private School, re-register the for-profit school as a corporation and continue its operation. Specific provisions regarding the above registrations are yet to be introduced by people's governments at the provincial level. After specific rules to implement the Amended Law on the Promotion of Private Education are issued by provincial governments, we will be required to re-register our schools either as non-profit schools or for-profit schools according to PRC company law. In light of the practical time required to complete such process, we expect there might be a transition period for private schools to complete the aforesaid required re-registration process which we believe would not materially or adversely affect our business and results of operations.

On December 30, 2016, the MOE, SAIC and MOHRSS jointly issued the Implementation Rules on the Supervision and Administration of For-profit Private Schools, pursuant to which the establishment, division, merger and other material changes of a for-profit private school shall first be approved by the education authorities or the authorities in charge of labor and social welfare, as the case may be, and then be registered with the competent branch of SAIC.

On September 1, 2017, SAIC and MOE jointly issued the Notice of Relevant Work on the Registration and Management of the Name of For-Profit Private Schools, which specifies the requirements on the names of for-profit private schools.

Foreign Investment in Private Education

In 1995, the National Development and Reform Commission, or NDRC, and MOFCOM promulgated the Foreign Investment Industries Guidance Catalog, or Foreign Investment Catalog, as amended on June 28, 2017 and effective on July 28, 2017, pursuant to which (1) non-academic occupational skill training education is categorized as an encouraged industry for foreign investors, (2) preschool education, high school education and higher education are restricted industries for foreign investors, and foreign investments are only allowed to invest in preschool education, high school education and higher education in cooperative ways and the domestic party shall hold a dominant position in the cooperation, and (3) compulsory education, i.e., elementary school and middle school education, is a prohibited industry for foreign investors. Other education related businesses that are not encouraged, restricted or prohibited fall into the allowed industry. As such, our business falls into the category of allowed industry for foreign investment under the Foreign Investment Catalog.

Sino-foreign cooperation in school operation is specifically governed by the Regulation on Operating Sino-foreign Schools of the PRC, which was promulgated by the State Council on March 1, 2003, as amended on July 18, 2013. In addition, The Implementing Rules for the Regulations on Operating Sino-foreign Schools was promulgated by MOE on June 2, 2004 and became effective on July 1, 2004. Pursuant to this regulation and these rules, any foreign entity that invests in the education business in China through sino-foreign cooperation must be an educational institution with relevant experience in providing educational services outside China. Our offshore holding companies are not educational institutions and, to comply with PRC laws and regulations, have entered into a series of contractual arrangements with our VIE and its schools and shareholders.

On June 18, 2012, MOE issued the Implementation Opinions of MOE on Encouraging and Guiding the Entry of Private Capital in the Fields of Education and Promoting the Healthy Development of Private Education to encourage private investment and foreign investment in the field of education. According to these laws, regulations and opinions, the proportion of foreign capital in a PRC-foreign cooperative education institute shall be less than 50%.

Collection of Private Education Fees

Pursuant to the Interim Measures for the Management of the Collection of Private Education Fees, which was promulgated by NDRC, MOE and MOHRSS on March 2, 2005, the types and amounts of fees charged by a private school providing academic education shall be examined and verified by education authorities or the labor and social welfare authorities and approved by the governmental pricing authorities. A private school that provides non-academic education shall file its pricing information with the governmental pricing authority and publicly discloses such information. If a school raises its tuition levels without obtaining the proper approval or making the relevant filing with the relevant government pricing authorities, the school would be required to return the additional tuition fees obtained through the raise and become liable for compensation of any losses caused to the students in accordance with relevant PRC laws.

According to the Amended Law on the Promotion of Private Education, the fees charged by for-profit schools are determined by the schools at their discretion, while the fees charged by non-profit schools shall be regulated by the relevant local government authorities.

Regulations Related to Publishing and Distribution of Publications

The State Council promulgated the Administrative Regulations on Publication, or the Publication Regulations, on December 25, 2001, as amended on February 2, 2016. The Publication Regulations apply to publication activities, i.e., the publishing, printing, copying, importation or distribution of publications, including books, newspapers, periodicals, audio and video products and electronic publications, each of which requires approval from the relevant publication administrative authorities.

In addition, the former General Administration of Press and Publication and MOFCOM issued the Administrative Regulations on Publications Market on July, 24, 2003, as amended by SAPPRFT and MOFCOM on May 31, 2016. According to the Administrative Regulations on Publications Market, any organization or individual engaged in general wholesale or retail distribution of publications shall obtain a Permit for Operating Publications Business.

Rise Tianjin, our PRC subsidiary, obtained the Permit for Operation Publications Business on August 17, 2015.

Measure for Punishment for Violation of Professional Ethics of Primary and Secondary School Teachers

On January 11, 2014, MOE promulgated the Measures for Punishment for Violation of Professional Ethics of Primary and Secondary School Teachers, which prohibits teachers of primary and secondary schools from providing paid tutoring in schools or in out-of-school learning centers. For a detailed description of the risk associated with these matters, see "Risk Factors—Risk Related to Our Business and Industry—We may not be able to continue to recruit, train and retain a sufficient number of qualified teachers."

Regulations Related to Online Business

Internet Information Services

The State Council promulgated the Internet Information Services Administrative Measures, or Internet Information Measures, on September 25, 2000, as amended on January 8, 2011. According to the Internet Information Measures, Internet information services refer to service activities which provide information to online users through the Internet, which are divided into services of a commercial nature and services of a non-commercial nature. Commercial Internet information services refer to compensatory services which establish websites providing information to online users through the Internet, while non-commercial Internet information services refer to non-compensatory services which provide public information to online users through the Internet. Entities engaging in commercial Internet information services, or ICP license, from the appropriate telecommunications authorities. Entities engaging in non-commercial Internet information services shall file for record with the telecommunications authorities.

Broadcasting Audio-Video Programs through the Internet or Other Information Network

On July 6, 2004, the former State Administration of Radio, Film and Television, or SARFT, promulgated the Rules for the Administration of Broadcasting of Audio/Video Programs through the Internet and Other Information Networks, or the A/V Broadcasting Rules. The A/V Broadcasting Rules apply to the launch, broadcasting, aggregation, transmission or download of audio/video programs via televisions, mobile phones and the Internet and other information networks. Anyone who wishes to engage in Internet broadcasting activities must first obtain an audio/video program transmission license, with a term of two years, issued by SARFT and operate pursuant to the scope as provided in such license. Foreign invested enterprises are not allowed to engage in the above business.

On April 13, 2005, the State Council announced Several Decisions on Investment by Non-state-owned Companies in Culture-related Business in China. These decisions encourage and support non-state-owned companies to enter certain culture-related business in China, subject to restrictions and prohibitions for investment in audio/video broadcasting, website news and certain other businesses by non-state-owned companies. These decisions authorize SARFT, the Ministry of Culture, or MOC, and the former General Administration of Press and Publication, or GAPP, to adopt detailed implementation rules according to these decisions.

On December 20, 2007, SARFT and the former Ministry of Information Industry, or MII, jointly issued the Rules for the Administration of Internet Audio and Video Program Services, commonly known as Circular 56, which came into effect as of January 31, 2008 and was further amended on August 8, 2015. Circular 56 reiterates the requirement set forth in the A/V Broadcasting Rules that online audio/video service providers must obtain an "Internet audio/video program transmission license" from SARFT. Furthermore, Circular 56 requires all online audio/video service providers to be either wholly state-owned or state-controlled companies. On April 1, 2010, SARFT promulgated the Tentative Categories of Internet Audio-Visual Program Service, or the Categories, as amended on March 3, 2017, which clarified the scope of Internet Audio-Visual Programs. According to the Categories, there are four categories of Internet audio-visual program service which in turn are divided into seventeen sub-categories. The third sub-category of the second sub-category covers the making and broadcasting of certain specialized audio-visual programs concerning art, culture, technology, entertainment, finance, sports, and education.

On June 1, 2016, SAPPRFT promulgated the Provisions on the Administration of Private Network and Targeted Communication Audiovisual Program Services. This regulation applies to "private network and targeted communication audiovisual program services," i.e. the provision of radio and TV program and other audiovisual program services to the targeted audience with TV, and all types of handheld electronic equipment, etc., as terminal recipients, and through setting up virtual private network through local area networks and

Internet or with Internet and other information networks as targeted transmission channels, including the provision of contents, integrated broadcast control, transmission and distribution, and other activities conducted by such forms as Internet protocol television (IPTV), private network mobile TV, and Internet TV. Whoever provides private network and targeted communication audiovisual program services, such as content provision, integrated broadcast control, and transmission and distribution, shall obtain a License for the Dissemination of Audiovisual Programs through Information Network in accordance with the Provisions on the Administration of Private Network and Targeted Communication Audiovisual Program Services.

Internet Culture Activities

On February 17, 2011, MOC promulgated the Interim Administrative Provisions on Internet Culture, or the Internet Culture Provisions, which became effective on April 1, 2011. The Internet Culture Provisions require ICP services providers engaging in commercial Internet culture activities to obtain a permit from the appropriate culture authority. Internet cultural activities includes (i) the production, duplication, importation, and broadcasting of the Internet cultural products; (ii) the online dissemination whereby cultural products are posted on the Internet or transmitted via the Internet to end-users, such as computers, fixed-line telephones, mobile phones, television sets and games machines, for online users' browsing, use or downloading; and (iii) the exhibition and comparison of the Internet cultural products. Internet cultural products is defined in the Internet Culture Provisions as cultural products produced, broadcast and disseminated via the Internet, which mainly include Internet cultural products specially produced for the Internet, such as online music entertainment, online games, online shows and plays, online performances, online works of art and online cartoons, and Internet cultural products produced from cultural products such as music entertainment, games, shows and plays, performances, works of art, and cartoons through certain techniques and duplicate those to Internet for dissemination.

Internet Publishing

On February 4, 2016, SAPPRFT and MIIT jointly issued the Administrative Measures of Internet Publishing Services, or the Internet Publishing Measures. According to the Internet Publishing Measures, an online publishing services permit shall be obtained to provide online publishing services. Online publishing services refer to providing online publications to the public through information networks. Online publications refer to digital works with publishing features such as having been edited, produced or processed and are made available to the public through information networks, including: (i) written works, pictures, maps, games, cartoons, audio/video reading materials and other original digital works containing useful knowledge or ideas in the field of literature, art, science or other fields; (ii) digital works of which the content is identical to that of any published book, newspaper, periodical, audio/video product, electronic publication or the like; (iii) network literature databases or other digital works, derived from any of the aforesaid works by selection, arrangement, collection or other means; and (iv) other types of digital works as may be determined by SAPPRFT.

Under PRC laws and regulations, we may be required to obtain an ICP license, an internet audio or video program transmission license, an internet culture permit and an online publishing services permit for the operation of our online educational products, such as Rise Up and Can-Talk. See "Risk Factors—Risks Related to Our Business and Industry—A number of learning centers operate without the required licenses, permits, filings or registrations."

Regulations Related to Franchise

The State Council promulgated the Administrative Regulations on Commercial Franchising, or Franchise Regulations, on February 6, 2007. MOFCOM promulgated the Administrative Measures on Filing of Commercial Franchise, or the Franchise Filling Measures, on April 30, 2007, as amended on December 12, 2011, as well as the Administrative Measures on Information Disclosure of Commercial Franchise, or Franchise Information Disclosure Measures, on April 30, 2007, as amended on February 23, 2012.

Under the above regulations, franchise operations refer to a license by an enterprise owner of registered trademarks, enterprise logos, patents, proprietary technologies or other business resources, or franchisor, to another business operator, or franchisee, to use such business resources owned by the franchisor through a contractual arrangement, where the franchisee operates the business according to a uniform business model stipulated under the contract and pay the franchisor franchising fees.

When engaging in a franchise operation, a franchisor and a franchisee shall enter into a written franchise contract containing several key elements such as basic information of the franchisor and the franchisee, terms and conditions of the franchise operation. A franchisor shall file with MOFCOM or its local office within 15 days from the date of entering into a franchise contract with a franchisee for the first time, and shall report to the filing agency on information on franchise contracts executed, revoked, terminated or renewed in the preceding year before March 31 of each year.

Given that our franchised learning centers are owned and operated by our franchise partners, and we only provide franchise services to our franchise partners rather than operating those franchised learning centers directly, the regulations related to foreign investment in the education industry do not apply to our franchising activities. Beijing Step Ahead, our VIE, is the entity owning business resources, including certain registered trademarks and logos, and entering into franchise agreements with our franchise partners. Beijing Step Ahead has filed with MOFCOM all the franchise agreements that have been executed as of June 30, 2017.

Regulations Related to Intellectual Property Protection

Copyright

NPC amended the Copyright Law in 2001 to widen the scope of works and rights that are eligible for copyright protection. The amended Copyright Law extends copyright protection to Internet activities, products disseminated over the Internet and software products. In addition, there is a voluntary registration system administered by the China Copyright Protection Center. The Copyright Law was further amended on February 26, 2010.

To address copyright infringement related to contents posted or transmitted over the Internet, the National Copyright Administration and MII jointly promulgated the Administrative Measures for Copyright Protection Related to the Internet on April 30, 2005. These measures became effective on May 30, 2005.

Trademark

Pursuant to the Trademark Law of the PRC, or the Trademark Law, which was amended on August 30, 2013 and became effective from May 1, 2014, registered trademarks refer to trademarks that have been approved and registered by the Trademark Office of the State Administration for Industry & Commerce, which include commodity trademarks, service trademarks, collective marks and certification marks. The trademark registrant shall enjoy an exclusive right to use the trademark, which shall be protected by law.

Domain name

Pursuant to the Measures for the Administration of Internet Domain Names of the PRC, which was promulgated by MIIT on November 5, 2004 and became effective from December 20, 2004, domain name shall refer to the character mark of hierarchical structure, which identifies and locates a computer on the Internet and corresponds to the Internet protocol (IP) address of that computer and the principle of "first come, first serve" is followed for the domain name registration service. After completing the domain name registration, the registrant becomes the holder of the domain name registered by him/her/it. Furthermore, the holder shall pay operation fees for registered domain names on time in accordance with the schedule set by the relevant domain name registrar. If the domain name holder fails to pay the corresponding fees as required, the domain name registrar will cancel the domain name and notify the holder in writing.

Regulations Related to Foreign Exchange

The principal regulations governing foreign currency exchange in China are the Foreign Exchange Administration Regulations, which were most recently amended in August 2008. Payments of current account items, such as profit distributions and trade and service-related foreign exchange transactions, can usually be made in foreign currencies without prior approval from the State Administration of Foreign Exchange, or SAFE, by complying with certain procedural requirements. By contrast, approval from or registration with appropriate PRC authorities or banks authorized by appropriate PRC authorities is required where RMB capital is to be converted into foreign currency and remitted out of China to pay capital expenses.

From 2012, SAFE has promulgated several circulars to substantially amend and simplify the current foreign exchange procedure. Pursuant to these circulars, the opening of various special purpose foreign exchange accounts, the reinvestment of RMB proceeds by foreign investors in the PRC and remittance of foreign exchange profits and dividends by a foreign-invested enterprise to its foreign shareholders no longer require the approval or verification of SAFE. In addition, domestic companies are no longer limited to extend cross-border loans to their offshore subsidiaries but are also allowed to provide loans to their offshore parents and affiliates and multiple capital accounts for the same entity may be opened in different provinces. SAFE also promulgated the Circular on Printing and Distributing the Provisions on Foreign Exchange Administration over Domestic Direct Investment by Foreign Investors and the Supporting Documents in May 2013, which specifies that the administration by SAFE or its local branches over direct investment by foreign investors in the PRC shall be conducted by way of registration and banks shall process foreign exchange business relating to the direct investment in the PRC based on the registration provided by SAFE and its branches. In February 2015, SAFE promulgated SAFE Circular 13, which took effect on June 1, 2015. SAFE Circular 13 delegates the power to enforce the foreign exchange registration in connection with inbound and outbound direct investments under relevant SAFE rules from local branches of SAFE to banks, thereby further simplifying the foreign exchange registration procedures for inbound and outbound direct investments. On January 26, 2017, SAFE issued SAFE Circular 3, which stipulates several capital control measures with respect to the outbound remittance of profit from domestic entities to offshore entities, including (i) under the principle of genuine transaction, banks shall check board resolutions regarding profit distribution, the original version of tax filing records

Regulations Related to Employee Share Incentive Awards Granted by Listed Companies

On February 15, 2012, SAFE promulgated the Notices on Issues Concerning the Foreign Exchange Administration for Domestic Individuals Participating in Stock Incentive Plans of Overseas Publicly-Listed Companies, or the Stock Option Rules, which replaced the Application Procedures of Foreign Exchange Administration for Domestic Individuals Participating in Employee Stock Ownership Plans or Stock Option Plans of Overseas Publicly-Listed Companies issued by SAFE on March 28, 2007. Under the Stock Option Rules and other relevant rules and regulations, PRC residents who participate in a stock incentive plan in an overseas publicly listed company are required to register with SAFE or its local branches and complete certain other procedures. Participants of a stock incentive plan who are PRC residents must retain a qualified PRC agent, which could be a PRC subsidiary of such overseas publicly listed company or another qualified institution selected by such PRC subsidiary, to conduct the SAFE registration and other procedures with respect to the stock incentive plan on behalf of its participants. Such participants must also retain an overseas entrusted institution to handle matters in connection with their exercise of stock options, the purchase and sale of corresponding shares or interests and fund transfers. In addition, the PRC agent is required to amend the SAFE registration with respect to our share incentive plans if there are any material changes to the share incentive plans, the PRC agent or the overseas entrusted institution or other material changes. We and our PRC employees who have been granted incentive shares will be subject to these regulations upon the completion of this offering.

Regulations Related to Foreign Direct Investment in the PRC

According to the previous PRC regulations on direct foreign investment, capital contributions from foreign investors to its PRC subsidiaries, which are considered as foreign-invested enterprises, may only be made when approval by MOFCOM or its local counterpart is obtained.

On September 3, 2016, the Standing Committee of NPC passed amendments to the Sino-foreign Equity Joint Venture Enterprise Law, the Sino-foreign Cooperative Joint Venture Enterprise Law and the Foreign Owned Enterprise Law. The amended laws provide that, with respect to matters involving foreign-invested enterprises that are not captured by the special administrative measures specified or approved by the State Council, a record-filing requirement, instead of the approval requirement otherwise provided in the laws, will be applicable. MOFCOM promulgated the Provisional Measures on Administration of Filing for Establishment and Change of Foreign Investment Enterprises on October 8, 2016 and further amended it on July 30, 2017, which set forth detailed guidance on, among other things, the scope of application timing, process, information required for the filing, and authorities in charge of the filing. The Foreign Investment Catalog, promulgated by the NDRC and MOFCOM on June 28, 2017 and became effective on July 28, 2017 sets out the special administrative measures for admission of foreign investment, i.e. the negative list for admission of foreign investments, including restricted industries and prohibited industries.

Given that registered capital and total investment amount of Rise Tianjin are currently the same, if we seek to make a capital contribution to Rise Tianjin we must first apply to increase both its registered capital and total investment amount, while if we seek to provide a loan to Rise Tianjin, we must first increase its total investment amount. Although we currently do not plan to utilize the proceeds from this offering to increase the registered capital of Rise Tianjin, or to provide any loan to Rise Tianjin or our VIE and its subsidiaries or schools, if we seek to do so in the future, we may not be able to obtain the required government approvals or complete the required registrations on a timely basis, if at all. See "Risk Factors—Risks Related to Doing Business in China—PRC regulation of loans to and direct investment in PRC entities by offshore holding companies and governmental control of currency conversion may delay or prevent us from using the proceeds of this offering to make loans or additional capital contributions to our PRC subsidiaries and consolidated affiliates, which could materially and adversely affect our liquidity and our ability to fund and expand our business."

The Draft Foreign Investment Law

On January 19, 2015, the MOFCOM published the Draft Foreign Investment Law and the accompanying explanatory note of the Draft Foreign Investment Law, or the Explanatory Note, which contains important information about the Draft Foreign Investment Law, including its drafting philosophy and principles, main content, plans to transition to the new legal regime and treatment of business in the PRC controlled by foreign invested enterprises, or FIEs, primarily through contractual arrangements. The Draft Foreign Investment Law and the Explanatory Note have not been finalized and have not come into effect. The Draft Foreign Investment Law is intended to replace the current foreign investment legal regime consisting of three laws: the Sino-Foreign Equity Joint Venture Enterprise Law, the Sino-Foreign Cooperative Joint Venture Enterprise Law and the Foreign Owned Enterprise Law, as well as detailed implementing rules.

The Draft Foreign Investment Law proposes significant changes to the PRC foreign investment legal regime and introduced the concept of "actual control" determined by the identity of the ultimate natural person or enterprise that controls the domestic enterprise. If an enterprise is actually controlled by a foreign investor through contractual arrangements, such enterprise may be regarded as a FIE. Such FIE is restricted or prohibited from investment in certain industries listed on the negative list unless permission from the competent authority in the PRC is obtained. The Draft Foreign Investment Law also provides that any FIEs operating in industries on the negative list will require entry clearance and other approvals that are not required of PRC domestic entities. As a result of the entry clearance and approvals, FIEs operating in industries on the negative list may not be able to continue to conduct their operations through contractual arrangements.

Pursuant to the Draft Foreign Investment Law, as far as new VIE structures are concerned, if the domestic enterprise under the VIE structure is controlled by Chinese nationals, such domestic enterprise may be treated as a Chinese investor and therefore, the VIE structures may be regarded as legal. On the contrary, if the domestic enterprise is controlled by foreign investors, such domestic enterprise may be treated as a foreign-investor or foreign-invested enterprise, and therefore, the operation of such domestic enterprise through VIE structures may be regarded as illegal if the domestic enterprise operates in a sector which is on the negative list and the domestic enterprise does not apply for and obtain the necessary approval.

Regulations Related to Loans to the PRC Entities by Offshore Holding Companies and Cross-border Guarantee

According to the Implementation Rules for the Provisional Regulations on Statistics and Supervision of Foreign Debt promulgated by SAFE on August 27, 1987, the Implementing Rules on Statistics and Supervision of Foreign Debt by SAFE on September 24, 1997, and the Interim Provisions on the Management of Foreign Debts promulgated by SAFE, NDRC and MOFCOM and effective from March 1, 2003, loans by foreign companies to their subsidiaries in China, which accordingly are foreign-invested enterprises, are considered foreign debt, and such loans must be registered with the local branches of SAFE. Under the provisions, the total amount of accumulated medium-term and long-term foreign debt and the balance of short-term debt borrowed by a foreign-invested enterprise is limited to the difference between the total investment and the registered capital of the foreign-invested enterprise, and registered capital of a foreign-invested enterprise is the total amount of capital contributions to the foreign-invested enterprise by its foreign holding company or owners. On April 28, 2013, SAFE promulgated the Measures for the Administration of Foreign Debt Registration, further formulating the registration requirements of foreign debts.

On May 12, 2014, SAFE promulgated the Provisions on Foreign Exchange Administration of Cross-border Guarantee, under which overseas lending secured by domestic guarantee, whereby the place of the registration of the guarantor is within the PRC, while the places of registration of both the debtor and the creditor are outside the PRC, is a kind of cross-border guarantee, and the domestic guarantee shall register the guarantee contract with a local branch of SAIF within 15 working days after the conclusion of the guarantee contract.

M&A Regulations and Overseas Listings

Under the M&A Rules, a foreign investor is required to obtain necessary approvals when (1) a foreign investor acquires equity in a domestic non-foreign invested enterprise thereby converting it into a foreign-invested enterprise, or subscribes for new equity in a domestic enterprise via an increase of registered capital thereby converting it into a foreign-invested enterprise; or (2) a foreign investor establishes a foreign-invested enterprise which purchases and operates the assets of a domestic enterprise and injects those assets to establish a foreign-invested enterprise. The M&A Rules require offshore special purpose vehicles formed for overseas listing purposes through acquisitions of PRC domestic companies and controlled by PRC domestic enterprises or individuals to obtain the approval of CSRC prior to publicly listing their securities on an overseas stock exchange.

DESCRIPTION OF SHARE CAPITAL

We are a Cayman Islands company and our affairs are governed by our amended and restated memorandum and articles of association, as amended and restated from time to time, and the Companies Law (as amended) of the Cayman Islands, or referred to as the Companies Law below, and the common law of the Cayman Islands.

As of the date of this prospectus, our authorized share capital consists of US\$2,000,000 divided into 200,000,000 ordinary shares with a par value of US\$0.01 each. As of the date of this prospectus, 100,000,000 ordinary shares are issued and outstanding. All of our issued and outstanding ordinary shares are fully paid.

Immediately upon the completion of this offering, there will be ordinary shares issued and outstanding, assuming the underwriters do not exercise their option to purchase additional ADSs.

Assuming that we obtain the requisite shareholder approval, we will adopt an amended and restated memorandum and articles of association, or post-IPO memorandum and articles of association, which will become effective and replace our current memorandum and articles of association in its entirety immediately prior to the completion of this offering. The following are summaries of material provisions of our post-IPO memorandum and articles of association and the Companies Law as they relate to the material terms of our ordinary shares that we expect will become effective immediately upon completion of this offering.

Exempted Company

We are an exempted company incorporated with limited liability under the Companies Law. The Companies Law distinguishes between ordinary resident companies and exempted companies. Any company that is registered in the Cayman Islands but conducts business mainly outside of the Cayman Islands may apply to be registered as an exempted company. The requirements for an exempted company are essentially the same as for an ordinary resident company except for the exemptions and privileges listed below:

- an exempted company does not have to file an annual return of its shareholders with the Registrar of Companies;
- an exempted company is not required to open its register of members for inspection;
- an exempted company does not have to hold an annual general meeting;
- an exempted company may issue no par value, negotiable or bearer shares;
- an exempted company may obtain an undertaking against the imposition of any future taxation (such undertakings are usually given for 20 years in the first instance);
- an exempted company may register by way of continuation in another jurisdiction and be deregistered in the Cayman Islands;
- an exempted company may register as a limited duration company; and
- an exempted company may register as a segregated portfolio company.

Ordinary Shares

General

All of our issued and outstanding ordinary shares are fully paid and non-assessable. Our shareholders who are non-residents of the Cayman Islands may freely hold and vote their ordinary shares. Our post-IPO memorandum and articles prohibit us from issuing bearer or negotiable shares. Our company will issue only non-negotiable shares in registered form, which will be issued when registered in our register of members.

Dividends

The holders of our ordinary shares are entitled to receive such dividends as may be declared by our board of directors subject to our post-IPO memorandum and articles of association and the Companies Law. In addition, our shareholders may by ordinary resolution declare a dividend, but no dividend may exceed the amount recommended by our directors. Under Cayman Islands law, dividends may be paid only out of profits, and out of share premium, a concept analogous to paid-in surplus in the United States. No dividend may be declared and paid unless our directors determine that, immediately after the payment, we will be able to pay our debts as they become due in the ordinary course of business and we have funds lawfully available for such purpose.

Voting Rights

Holders of our ordinary shares have the right to receive notice of, attend, speak and vote at general meetings of our company. At any general meeting a resolution put to the vote of the meeting shall be decided on a show of hands, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the chairman or one or more shareholder present in person or by proxy entitled to vote and who together hold not less than 10% of the votes attaching to the ordinary shares at the meeting, present in person or by proxy. An ordinary resolution to be passed by the shareholders requires the affirmative vote of a simple majority of the votes attaching to the ordinary shares cast by those shareholders entitled to vote who are present in person or by proxy at a general meeting, while a special resolution requires the affirmative vote of no less than two-thirds of the votes attaching to the ordinary shares cast by those shareholders entitled to vote who are present in person or by proxy at in a general meeting. Both ordinary resolutions and special resolutions may also be passed by a unanimous written resolution signed by all the shareholders of our company, as permitted by the Companies Law and our post-IPO memorandum and articles of association. A special resolution will be required for important matters such as a change of name or making changes to our memorandum and articles of association.

Register of Members

Under Cayman Islands law, we must keep a register of members and there must be entered therein:

- the names and addresses of the members, a statement of the shares held by each member, and of the amount paid or agreed to be considered as paid, on the shares of each member;
- the date on which the name of any person was entered on the register as a member; and
- the date on which any person ceased to be a member.

Under Cayman Islands law, the register of members of our company is prima facie evidence of the matters set out therein (i.e. the register of members will raise a presumption of fact on the matters referred to above unless rebutted) and a member registered in the register of members will be deemed as a matter of Cayman Islands law to have legal title to the shares as set against its name in the register of members. Upon the completion of this offering, our company's register of members will be immediately updated to record and give effect to the issue of ordinary shares by us to JPMorgan, as the depositary (or its custodian or nominee). Once our register of members has been updated, the shareholders recorded in the register of members shall be deemed to have legal title to the shares set against their name.

If the name of any person is, without sufficient cause, entered in or omitted from the register of members, or if default is made or unnecessary delay takes place in entering on the register the fact of any person having ceased to be a member, the person or member aggrieved or any member or the company itself may apply to the Grand Court of the Cayman Islands for an order that the register be rectified, and the Court may either refuse such application or it may, if satisfied of the justice of the case, make an order for the rectification of the register.

General Meetings and Shareholder Proposals

As a Cayman Islands exempted company, we are not obliged by the Companies Law to call shareholders' annual general meetings. Our post-IPO memorandum and articles of association provide that we may (but are not

obliged to) in each year hold a general meeting as our annual general meeting in which case we will specify the meeting as such in the notices calling it, and the annual general meeting will be held at such time and place as may be determined by our directors. We, however, will hold an annual shareholders' meeting during each fiscal year, as required by the Listing Rules at the NASDAQ Stock Market.

Cayman Islands law provides shareholders with only limited rights to requisition a general meeting, and does not provide shareholders with any right to put any proposal before a general meeting. However, these rights may be provided in a company's post-offering amended and restated articles of association. Our post-IPO memorandum and articles of association allow our shareholders holding shares representing in aggregate not less than one-third of all votes attaching to the issued and outstanding shares of our company entitled to vote at general meetings to requisition an extraordinary general meeting of the shareholders, in which case the directors are obliged to call such meeting and to put the resolutions so requisitioned to a vote at such meeting; however, our post-IPO memorandum and articles of association do not provide our shareholders with any right to put any proposals before annual general meetings or extraordinary general meetings not called by such shareholders.

Shareholders' annual general meetings and any other general meetings of our shareholders may be convened by a majority of our board of directors or our chairman. A quorum required for a meeting of shareholders consists of one or more shareholders holding not less than one-third of all paid up voting share capital of our company present in person or by proxy or, if a corporation or other non-natural person, by its duly authorized representative. Advance notice of at least seven calendar days is required for the convening of our annual general meeting and other shareholders meetings.

Transfer of Ordinary Shares

Subject to the restrictions in our post-IPO memorandum and articles of association as set out below, any of our shareholders may transfer all or any of his or her ordinary shares by an instrument of transfer in the usual or common form or any other form approved by our board.

Our board of directors may, in its absolute discretion, decline to register any transfer of any ordinary share which is not fully paid up or on which we have a lien. Our directors may also decline to register any transfer of any ordinary share unless:

- the instrument of transfer is lodged with us, accompanied by the certificate for the ordinary shares to which it relates and such other evidence as our board of directors may reasonably require to show the right of the transferor to make the transfer;
- the instrument of transfer is in respect of only one class of shares;
- the instrument of transfer is properly stamped, if required;
- in the case of a transfer to joint holders, the number of joint holders to whom the ordinary share is to be transferred does not exceed four; or
- the ordinary shares transferred are free of any lien in favor of us.

If our directors refuse to register a transfer they are obligated to, within two months after the date on which the instrument of transfer was lodged, send to each of the transferor and the transferee notice of such refusal. The registration of transfers of shares or of any class of shares may, after compliance with any notice requirement of the designated stock exchange, be suspended at such times and for such periods (not exceeding in the whole thirty (30) days in any year) as our board of directors may determine.

Issuance of Additional Shares

Our post-IPO memorandum and articles of association authorizes our board of directors to issue additional ordinary shares from time to time as our board of directors shall determine, to the extent of available authorized

but unissued shares. Our post-IPO memorandum and articles of association also authorize our board of directors to establish from time to time one or more series of preference shares and to determine, with respect to any series of preference shares, the terms and rights of that series, including:

- the designation of the series;
- the number of shares of the series;
- · the dividend rights, dividend rates, conversion rights, voting rights; and
- the rights and terms of redemption and liquidation preferences.

Our board of directors may issue preference shares without action by our shareholders to the extent authorized but unissued. Issuance of these shares may dilute the voting power of holders of ordinary shares.

Liquidation

On the winding up of our company, if the assets available for distribution amongst our shareholders shall be more than sufficient to repay the whole of the share capital at the commencement of the winding up, the surplus shall be distributed amongst our shareholders in proportion to the par value of the shares held by them at the commencement of the winding up, subject to a deduction from those shares in respect of which there are monies due, of all monies payable to our company for unpaid calls or otherwise. If our assets available for distribution are insufficient to repay all of the paid-up capital, the assets will be distributed so that the losses are borne by our shareholders in proportion to the par value of the shares held by them. We are a "limited liability" company registered under the Companies Law, and under the Companies Law, the liability of our members is limited to the amount, if any, unpaid on the shares respectively held by them. Our post-IPO memorandum and articles of association contains a declaration that the liability of our members is so limited.

Calls on Ordinary Shares and Forfeiture of Ordinary Shares

Our board of directors may from time to time make calls upon shareholders for any amounts unpaid on their ordinary shares in a notice served to such shareholders at least fourteen calendar days prior to the specified time and place of payment. The ordinary shares that have been called upon and remain unpaid on the specified time are subject to forfeiture.

Redemption, Repurchase and Surrender of Ordinary Shares

We may issue shares on terms that such shares are subject to redemption, at our option or at the option of the holders thereof, on such terms and in such manner as may be determined, before the issue of such shares, by our board of directors or by a special resolution of our shareholders. Our company may also repurchase any of our shares provided that the manner and terms of such purchase have been approved by our board of directors or by ordinary resolution of our shareholders, or are otherwise authorized by our post-IPO memorandum and articles of association. Under the Companies Law, the redemption or repurchase of any share may be paid out of our company's profits or out of the proceeds of a fresh issue of shares made for the purpose of such redemption or repurchase, or out of capital (including share premium account and capital redemption reserve) if the company can, immediately following such payment, pay its debts as they fall due in the ordinary course of business. In addition, under the Companies Law no such share may be redeemed or repurchased (a) unless it is fully paid up, (b) if such redemption or repurchase would result in there being no shares outstanding, or (c) if the company has commenced liquidation. In addition, our company may accept the surrender of any fully paid share for no consideration.

Variations of Rights of Shares

If at any time the share capital is divided into different classes of shares, the rights attached to any class of shares may, unless otherwise provided by the terms of issue of the shares of that class, be varied either with the

unanimous written consent of the holders of the issued shares of that class or with the sanction of a special resolution passed at a general meeting of the holders of the shares of that class. The rights conferred upon the holders of the shares of any class issued with preferred or other rights will not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu with such existing class of shares.

Inspection of Books and Records

Holders of our ordinary shares will have no general right under Cayman Islands law to inspect or obtain copies of our list of shareholders or our corporate records. However, we will provide our shareholders with annual audited financial statements. See "Where You Can Find Additional Information."

Changes in Capital

Our shareholders may from time to time by ordinary resolutions:

- increase the share capital by such sum, to be divided into shares of such classes and amount, as the resolution prescribes;
- consolidate and divide all or any of our share capital into shares of a larger amount than our existing shares;
- sub-divide our existing shares, or any of them into shares of a smaller amount than that fixed by our post-IPO memorandum of association; provided that in the subdivision the proportion between the amount paid and the amount, if any, unpaid on each reduced share will be the same as it was in case of the share from which the reduced share is derived; and
- cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and diminish the amount of our share capital by the amount of the shares so canceled.

Our shareholders may by special resolution, subject to confirmation by the Grand Court of the Cayman Islands on an application by our company for an order confirming such reduction, reduce our share capital and any capital redemption reserve in any manner authorized by law.

Differences in Corporate Law

The Companies Law is derived, to a large extent, from the older Companies Acts of England, but does not follow recent English law statutory enactments, and accordingly there are significant differences between the Companies Law and the current Companies Act of England. In addition, the Companies Law differs from laws applicable to Delaware corporations and their shareholders. Set forth below is a summary of certain significant differences between the provisions of the Companies Law applicable to us and the laws applicable to Delaware corporations and their shareholders.

Mergers and Similar Arrangements

The Companies Law permits mergers and consolidations between Cayman Islands companies and between Cayman Islands companies and non-Cayman Islands companies. For these purposes, (a) "merger" means the merging of two or more constituent companies and the vesting of their undertakings, property and liabilities in one of such companies as the surviving company and (b) a "consolidation" means the combination of two or more constituent companies into a consolidated company and the vesting of the undertakings, property and liabilities of such companies to the consolidated company. In order to effect such a merger or consolidation, the directors of each constituent company must approve a written plan of merger or consolidation, which must then be authorized by (a) a special resolution of the shareholders of each constituent company, and (b) such other

authorization, if any, as may be specified in such constituent company's articles of association. The written plan of merger or consolidation must be filed with the Registrar of Companies together with a declaration as to the solvency of the consolidated or surviving company, a declaration as to the assets and liabilities of each constituent company and an undertaking that a copy of the certificate of merger or consolidation will be given to the members and creditors of each constituent company and that notification of the merger or consolidation will be published in the Cayman Islands Gazette. Dissenting shareholders have the right to be paid the fair value of their shares (which, if not agreed between the parties, will be determined by the Cayman Islands court) if they follow the required procedures, subject to certain exceptions. Court approval is not required for a merger or consolidation which is effected in compliance with these statutory procedures.

Separate from the statutory provisions relating to mergers and consolidations, the Companies Law also contains statutory provisions that facilitate the reconstruction and amalgamation of companies by way of schemes of arrangement, provided that the arrangement is approved by a majority in number of each class of shareholders and creditors with whom the arrangement is to be made, and who must in addition represent three-fourths in value of each such class of shareholders or creditors, as the case may be, that are present and voting either in person or by proxy at a meeting, or meetings, convened for that purpose. The convening of the meetings and subsequently the arrangement must be sanctioned by the Grand Court of the Cayman Islands. While a dissenting shareholder has the right to express to court the view that the transaction ought not to be approved, the court can be expected to approve the arrangement if it determines that:

- the statutory provisions as to the due majority vote have been met;
- the shareholders have been fairly represented at the meeting in question and the statutory majority are acting bona fide without coercion of the minority to promote interests adverse to those of the class;
- the arrangement is such that may be reasonably approved by an intelligent and honest man of that class acting in respect of his interest; and
- the arrangement is not one that would more properly be sanctioned under some other provision of the Companies Law.

The Companies Law also contains a statutory power of compulsory acquisition which may facilitate the "squeeze out" of dissentient minority shareholders upon a tender offer. When a tender offer is made and accepted by holders of 90% of the shares affected (within four months), the offeror may, within a two-month period commencing on the expiration of such four month period, require the holders of the remaining shares to transfer such shares to the offeror on the terms of the offer. An objection can be made to the Grand Court of the Cayman Islands, but this is unlikely to succeed in the case of an offer which has been so approved unless there is evidence of fraud, bad faith or collusion.

If an arrangement and reconstruction is thus approved, or if a tender offer is made and accepted, a dissenting shareholder would have no rights comparable to appraisal rights, which would otherwise ordinarily be available to dissenting shareholders of United States corporations, providing rights to receive payment in cash for the judicially determined value of the shares.

Shareholders' Suits

In principle, we will normally be the proper plaintiff in any action or proceedings to be brought in respect of a wrong committed against us, and as a general rule a derivative action may not be brought by a minority shareholder. However, based on English authorities, which would in all likelihood be of persuasive authority in the Cayman Islands, the Cayman Islands court can be expected to apply and follow the common law principles (namely the rule in Foss v. Harbottle and the exceptions thereto) which permit a minority shareholder to commence a class action against, or a derivative action in the name of, a company to challenge the following acts in the following circumstances:

a company acts or proposes to act illegally or ultra vires;

- the act complained of, although not ultra vires, could only be effected duly if authorized by more than a simple majority vote that has not been
 obtained; and
- those who control the company are perpetrating a "fraud on the minority."

Directors' Fiduciary Duties

Under Delaware corporate law, a director of a Delaware corporation has a fiduciary duty to the corporation and its shareholders. This duty has two components, the duty of care and the duty of loyalty. The duty of care requires that a director act in good faith, with the care that an ordinarily prudent person would exercise under similar circumstances. Under this duty, a director must inform himself of, and disclose to shareholders, all material information reasonably available regarding a significant transaction. The duty of loyalty requires that a director must act in a manner he or she reasonably believes to be in the best interests of the corporation.

A director must not use his or her corporate position for personal gain or advantage. This duty prohibits self-dealing by a director and mandates that the best interests of the corporation and its shareholders take precedence over any interest possessed by a director, officer or controlling shareholder not shared by the shareholders generally. In general, actions of a director are presumed to have been made on an informed basis, in good faith and in the honest belief that the action taken was in the best interests of the corporation. However, this presumption may be rebutted by evidence of a breach of one of the fiduciary duties. Should such evidence be presented concerning a transaction by a director, the director must prove the procedural fairness of the transaction and that the transaction was of fair value to the corporation.

As a matter of Cayman Islands law, a director of a Cayman Islands company is in the position of a fiduciary with respect to the company, and therefore he or she owes the following duties to the company—a duty to act in good faith in the best interests of the company, a duty not to make a personal profit out of his or her position as director (unless the company permits him or her to do so), a duty not to put himself or herself in a position where the interests of the company conflict with his or her personal interests or his or her duty to a third-party and a duty to exercise powers for the purpose for which such powers were intended. A director of a Cayman Islands company owes to the company a duty to act with skill and care. It was previously considered that a director need not exhibit in the performance of his or her duties a greater degree of skill than may reasonably be expected from a person of his or her knowledge and experience. However, there are indications that the English and commonwealth courts are moving towards an objective standard with regard to the required skill and care and these authorities are likely to be followed in the Cayman Islands.

Under our post-IPO memorandum and articles of association, directors who are in any way, whether directly or indirectly, interested in a contract or proposed contract with our company must declare the nature of their interest at a meeting of the board of directors. Following such declaration, a director may vote in respect of any contract or proposed contract notwithstanding his interest.

Shareholder Action by Written Resolution

Under the Delaware General Corporation Law, a corporation may eliminate the right of shareholders to act by written consent by amendment to its certificate of incorporation. The Companies Law and our post-IPO memorandum and articles of association provide that shareholders may approve corporate matters by way of a unanimous written resolution signed by or on behalf of each shareholder who would have been entitled to vote on such matter at a general meeting without a meeting being held.

Shareholder Proposals

Under the Delaware General Corporation Law, a shareholder has the right to put any proposal before the annual meeting of shareholders, provided it complies with the notice provisions in the governing documents. A special meeting may be called by the board of directors or any other person authorized to do so in the governing documents, but shareholders may be precluded from calling special meetings.

Cayman Islands law does not provide shareholders any right to put proposal before a meeting and provides limited rights for shareholders to requisition a general meeting. However, these rights may be provided in articles of association. Our post-IPO memorandum and articles of association allow our shareholders holding shares representing in aggregate not less than one-third of all votes attaching to the issued and outstanding shares of our company entitled to vote at general meetings to requisition a shareholder's meeting. Other than this right to requisition a shareholders' meeting, our post-IPO memorandum and articles of association do not provide our shareholders other right to put proposal before annual general meetings or extraordinary general meetings not called by such shareholders. As an exempted Cayman Islands company, we are not obliged by law to call shareholders' annual general meetings.

Cumulative Voting

Under the Delaware General Corporation Law, cumulative voting for elections of directors is not permitted unless the corporation's certificate of incorporation specifically provides for it. Cumulative voting potentially facilitates the representation of minority shareholders on a board of directors since it permits the minority shareholder to cast all the votes to which the shareholder is entitled for a single director, which increases the shareholder's voting power with respect to electing such director. There are no prohibitions in relation to cumulative voting under the laws of the Cayman Islands but our post-IPO memorandum and articles of association do not provide for cumulative voting.

Removal of Directors

Under the Delaware General Corporation Law, a director of a corporation may be removed with the approval of a majority of the outstanding shares entitled to vote, unless the certificate of incorporation provides otherwise. Under our post-IPO memorandum and articles of association, directors can be removed by an ordinary resolution. A director shall hold office until the expiration of his or her term or his or her successor shall have been elected and qualified, or until his or her office is otherwise vacated. In addition, a director's office shall be vacated if the director (i) becomes bankrupt or makes any arrangement or composition with his creditors; (ii) is found to be or becomes of unsound mind or dies; (iii) resigns his office by notice in writing to the company; (iv) without special leave of absence from our board of directors, is absent from three consecutive meetings of the board and the board resolves that his office be vacated; (v) is prohibited by law from being a director; or (vi) is removed from office pursuant to any other provisions of our post-IPO memorandum and articles of association.

Transactions with Interested Shareholders

The Delaware General Corporation Law contains a business combination statute applicable to Delaware public corporations whereby, unless the corporation has specifically elected not to be governed by such statute by amendment to its certificate of incorporation, it is prohibited from engaging in certain business combinations with an "interested shareholder" for three years following the date on which such person becomes an interested shareholder. An interested shareholder generally is one which owns or owned 15% or more of the target's outstanding voting shares within the past three years. This has the effect of limiting the ability of a potential acquirer to make a two-tiered bid for the target in which all shareholders would not be treated equally. The statute does not apply if, among other things, prior to the date on which such shareholder becomes an interested shareholder, the board of directors approves either the business combination or the transaction that resulted in the person becoming an interested shareholder. This encourages any potential acquirer of a Delaware public corporation to negotiate the terms of any acquisition transaction with the target's board of directors.

Cayman Islands law has no comparable statute. As a result, we cannot avail ourselves of the types of protections afforded by the Delaware business combination statute. However, although Cayman Islands law does not regulate transactions between a company and its significant shareholders, the directors of the Company are required to comply with fiduciary duties which they owe to the Company under Cayman Islands law, including

the duty to ensure that, in their opinion, only such transactions entered into are in good faith in the best interests of the company, are entered into for a proper corporate purpose and not with the effect of perpetrating a fraud on the minority shareholders.

Dissolution and Winding Up

Under the Delaware General Corporation Law, unless the board of directors approves the proposal to dissolve, dissolution must be approved by shareholders holding 100% of the total voting power of the corporation. Only if the dissolution is initiated by the board of directors may it be approved by a simple majority of the corporation's outstanding shares. The Delaware General Corporation Law allows a Delaware corporation to include in its certificate of incorporation a supermajority voting requirement in connection with dissolutions initiated by the board of directors. Under the Companies Law, our company may be dissolved, liquidated or wound up by either an order of the courts of the Cayman Islands or by a special resolution of our shareholders, or by an ordinary resolution by our shareholders on the basis that our company is unable to pay its debts as they fall due. The court has authority to order winding up in a number of specified circumstances including where it is, in the opinion of the court, just and equitable to do so.

Variation of Rights of Shares

If at any time, our share capital is divided into different classes of shares, under the Delaware General Corporation Law, a corporation may vary the rights of a class of shares with the approval of a majority of the outstanding shares of such class, unless the certificate of incorporation provides otherwise. Under our post-IPO memorandum and articles of association and as permitted by the Companies Law, if our share capital is divided into more than one class of shares, we may vary the rights attached to any class either with the unanimous written consent of the holders of the issued shares of that class or with the sanction of a special resolution passed at a general meeting of the holders of the shares of that class.

Amendment of Governing Documents

Under the Delaware General Corporation Law, a corporation's governing documents may be amended with the approval of a majority of the outstanding shares entitled to vote, unless the certificate of incorporation provides otherwise. As required by the Companies Law, our post-IPO memorandum and articles of association may only be amended by a special resolution of our shareholders.

Inspection of Books and Records

Under the Delaware General Corporation Law, any shareholder of a corporation may for any proper purpose inspect or make copies of the corporation's stock ledger, list of shareholders and other books and records.

Holders of our shares will have no general right under Cayman Islands law to inspect or obtain copies of our list of shareholders or our corporate records. However, we intend to provide our shareholders with annual reports containing audited financial statements.

Anti-takeover Provisions

Some provisions of our post-IPO memorandum and articles of association may discourage, delay or prevent a change of control of our company or management that shareholders may consider favorable, including a provision that authorizes our board of directors to issue preferred shares in one or more series and to designate the price, rights, preferences, privileges and restrictions of such preferred shares without any further vote or action by our shareholders.

However, under Cayman Islands law, our directors may only exercise the rights and powers granted to them under our post-IPO memorandum and articles of association for a proper purpose and for what they believe in good faith to be in the best interests of our company.

Rights of Non-resident or Foreign Shareholders

There are no limitations imposed by foreign law or by our post-IPO memorandum and articles of association on the rights of non-resident or foreign shareholders to hold or exercise voting rights on our ordinary shares. In addition, there are no provisions in our post-IPO memorandum and articles of association governing the ownership threshold above which shareholder ownership must be disclosed.

Staggered Board of Directors

The Companies Law does not contain statutory provisions that require staggered board arrangements for a Cayman Islands company. Such provisions, however, may validly be provided for in the articles of association, and we have provided for a staggered board of directors in our post-IPO memorandum and articles of association.

DESCRIPTION OF AMERICAN DEPOSITARY SHARES

American Depositary Receipts

JPMorgan Chase Bank, N.A., ("JPMorgan") as depositary will issue the ADSs which you will be entitled to receive in this offering. Each ADS will represent an ownership interest a designated number of shares which we will deposit with the custodian, as agent of the depositary, under the deposit agreement among ourselves, the depositary and yourself as an ADR holder. In the future, each ADS will also represent any securities, cash or other property deposited with the depositary but which they have not distributed directly to you. Unless certificated ADRs are specifically requested by you, all ADSs will be issued on the books of our depositary in book-entry form and periodic statements will be mailed to you which reflect your ownership interest in such ADSs. In our description, references to American depositary receipts or ADRs shall include the statements you will receive which reflect your ownership of ADSs.

The depositary's office is located at 4 New York Plaza, Floor 12, New York, NY, 10004.

You may hold ADSs either directly or indirectly through your broker or other financial institution. If you hold ADSs directly, by having an ADS registered in your name on the books of the depositary, you are an ADR holder. This description assumes you hold your ADSs directly. If you hold the ADSs through your broker or financial institution nominee, you must rely on the procedures of such broker or financial institution to assert the rights of an ADR holder described in this section. You should consult with your broker or financial institution to find out what those procedures are.

As an ADR holder, we will not treat you as a shareholder of ours and you will not have any shareholder rights. Cayman Island law governs shareholder rights. Because the depositary or its nominee will be the shareholder of record for the shares represented by all outstanding ADSs, shareholder rights rest with such record holder. Your rights are those of an ADR holder. Such rights derive from the terms of the deposit agreement to be entered into among us, the depositary and all registered holders from time to time of ADSs issued under the deposit agreement. The obligations of the depositary and its agents are also set out in the deposit agreement. Because the depositary or its nominee will actually be the registered owner of the shares, you must rely on it to exercise the rights of a shareholder on your behalf. The deposit agreement and the ADSs are governed by New York law. Under the deposit agreement, as an ADR holder, you agree that any legal suit, action or proceeding against or involving us or the depositary, arising out of or based upon the deposit agreement, the ADSs or the transactions contemplated thereby, may only be instituted in a state or federal court in New York, New York, and you irrevocably waive any objection which you may have to the laying of venue of any such proceeding and irrevocably submit to the exclusive jurisdiction of such courts in any such suit, action or proceeding.

The following is a summary of what we believe to be the material terms of the deposit agreement. Notwithstanding this, because it is a summary, it may not contain all the information that you may otherwise deem important. For more complete information, you should read the entire deposit agreement and the form of ADR which contains the terms of your ADSs. You can read a copy of the deposit agreement which is filed as an exhibit to the registration statement of which this prospectus forms a part. You may also obtain a copy of the deposit agreement at the SEC's Public Reference Room which is located at 100 F Street, NE, Washington, DC 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-732-0330. You may also find the registration statement and the attached deposit agreement on the SEC's website at http://www.sec.gov.

Share Dividends and Other Distributions

How will I receive dividends and other distributions on the shares underlying my ADSs?

We may make various types of distributions with respect to our securities. The depositary has agreed that, to the extent practicable, it will pay to you the cash dividends or other distributions it or the custodian receives on

shares or other deposited securities, after converting any cash received into U.S. dollars (if it determines such conversion may be made on a reasonable basis) and, in all cases, making any necessary deductions provided for in the deposit agreement. The depositary may utilize a division, branch or affiliate of JPMorgan to direct, manage and/or execute any public and/or private sale of securities under the deposit agreement. Such division, branch and/or affiliate may charge the depositary a fee in connection with such sales, which fee is considered an expense of the depositary. You will receive these distributions in proportion to the number of underlying securities that your ADSs represent.

Except as stated below, the depositary will deliver such distributions to ADR holders in proportion to their interests in the following manner:

- Cash. The depositary will distribute any U.S. dollars available to it resulting from a cash dividend or other cash distribution or the net proceeds of sales of any other distribution or portion thereof (to the extent applicable), on an averaged or other practicable basis, subject to (i) appropriate adjustments for taxes withheld, (ii) such distribution being impermissible or impracticable with respect to certain registered ADR holders, and (iii) deduction of the depositary's and/or its agents' expenses in (1) converting any foreign currency to U.S. dollars to the extent that it determines that such conversion may be made on a reasonable basis, (2) transferring foreign currency or U.S. dollars to the United States by such means as the depositary may determine to the extent that it determines that such transfer may be made on a reasonable basis, (3) obtaining any approval or license of any governmental authority required for such conversion or transfer, which is obtainable at a reasonable cost and within a reasonable time and (4) making any sale by public or private means in any commercially reasonable manner. If exchange rates fluctuate during a time when the depositary cannot convert a foreign currency, you may lose some or all of the value of the distribution.
- Shares. In the case of a distribution in shares, the depositary will issue additional ADRs to evidence the number of ADSs representing such shares. Only whole ADSs will be issued. Any shares which would result in fractional ADSs will be sold and the net proceeds will be distributed in the same manner as cash to the ADR holders entitled thereto.
- *Rights to receive additional shares.* In the case of a distribution of rights to subscribe for additional shares or other rights, if we timely provide evidence satisfactory to the depositary that it may lawfully distribute such rights, the depositary will distribute warrants or other instruments in the discretion of the depositary representing such rights. However, if we do not timely furnish such evidence, the depositary may:
 - (i) sell such rights if practicable and distribute the net proceeds in the same manner as cash to the ADR holders entitled thereto; or
 - (ii) if it is not practicable to sell such rights by reason of the non-transferability of the rights, limited markets therefor, their short duration or otherwise, do nothing and allow such rights to lapse, in which case ADR holders will receive nothing and the rights may lapse.
- Other Distributions. In the case of a distribution of securities or property other than those described above, the depositary may either (i) distribute such securities or property in any manner it deems equitable and practicable or (ii) to the extent the depositary deems distribution of such securities or property not to be equitable and practicable, sell such securities or property and distribute any net proceeds in the same way it distributes cash.

If the depositary determines in its discretion that any distribution described above is not practicable with respect to any specific registered ADR holder, the depositary may choose any method of distribution that it deems practicable for such ADR holder, including the distribution of foreign currency, securities or property, or it may retain such items, without paying interest on or investing them, on behalf of the ADR holder as deposited securities, in which case the ADSs will also represent the retained items.

Any U.S. dollars will be distributed by checks drawn on a bank in the United States for whole dollars and cents. Fractional cents will be withheld without liability and dealt with by the depositary in accordance with its then current practices.

The depositary is not responsible if it fails to determine that any distribution or action is lawful or reasonably practicable.

There can be no assurance that the depositary will be able to convert any currency at a specified exchange rate or sell any property, rights, shares or other securities at a specified price, nor that any of such transactions can be completed within a specified time period. All purchases and sales of securities will be handled by the Depositary in accordance with its then current policies, which are currently set forth in the "Depositary Receipt Sale and Purchase of Security" section of https://www.adr.com/Investors/FindOutAboutDRs, the location and contents of which the Depositary shall be solely responsible for.

Deposit, Withdrawal and Cancellation

How does the depositary issue ADSs?

The depositary will issue ADSs if you or your broker deposit shares or evidence of rights to receive shares with the custodian and pay the fees and expenses owing to the depositary in connection with such issuance. In the case of the ADSs to be issued under this prospectus, we will arrange with the underwriters named herein to deposit such shares.

Shares deposited in the future with the custodian must be accompanied by certain delivery documentation and shall, at the time of such deposit, be registered in the name of JPMorgan Chase Bank, N.A., as depositary for the benefit of holders of ADRs or in such other name as the depositary shall direct.

The custodian will hold all deposited shares (including those being deposited by or on our behalf in connection with the offering to which this prospectus relates) for the account and to the order of the depositary. ADR holders thus have no direct ownership interest in the shares and only have such rights as are contained in the deposit agreement. The custodian will also hold any additional securities, property and cash received on or in substitution for the deposited shares. The deposited shares and any such additional items are referred to as "deposited securities".

Upon each deposit of shares, receipt of related delivery documentation and compliance with the other provisions of the deposit agreement, including the payment of the fees and charges of the depositary and any taxes or other fees or charges owing, the depositary will issue an ADR or ADRs in the name or upon the order of the person entitled thereto evidencing the number of ADSs to which such person is entitled. All of the ADSs issued will, unless specifically requested to the contrary, be part of the depositary's direct registration system, and a registered holder will receive periodic statements from the depositary which will show the number of ADSs registered in such holder's name. An ADR holder can request that the ADSs not be held through the depositary's direct registration system and that a certificated ADR be issued.

How do ADR holders cancel an ADS and obtain deposited securities?

When you turn in your ADR certificate at the depositary's office, or when you provide proper instructions and documentation in the case of direct registration ADSs, the depositary will, upon payment of certain applicable fees, charges and taxes, deliver the underlying shares to you or upon your written order. Delivery of deposited securities in certificated form will be made at the custodian's office. At your risk, expense and request, the depositary may deliver deposited securities at such other place as you may request.

The depositary may only restrict the withdrawal of deposited securities in connection with:

 temporary delays caused by closing our transfer books or those of the depositary or the deposit of shares in connection with voting at a shareholders' meeting, or the payment of dividends;

- the payment of fees, taxes and similar charges; or
- · compliance with any U.S. or foreign laws or governmental regulations relating to the ADRs or to the withdrawal of deposited securities.

This right of withdrawal may not be limited by any other provision of the deposit agreement.

Record Dates

The depositary may, after consultation with us if practicable, fix record dates (which, to the extent applicable, shall be as near as practicable to any corresponding record dates set by us) for the determination of the registered ADR holders who will be entitled (or obligated, as the case may be):

- · to receive any distribution on or in respect of deposited securities,
- to give instructions for the exercise of voting rights at a meeting of holders of shares, or
- to pay the fee assessed by the depositary for administration of the ADR program and for any expenses as provided for in the ADR,
- to receive any notice or to act in respect of other matters

all subject to the provisions of the deposit agreement.

Voting Rights

How do I vote?

If you are an ADR holder and the depositary asks you to provide it with voting instructions, you may instruct the depositary how to exercise the voting rights for the shares which underlie your ADSs. As soon as practicable after receipt from us of notice of any meeting at which the holders of shares are entitled to vote, or of our solicitation of consents or proxies from holders of shares, the depositary shall fix the ADS record date in accordance with the provisions of the deposit agreement in respect of such meeting or solicitation of consent or proxy. Holders are strongly encouraged to forward their voting instructions to the depositary as soon as possible. For instructions to be valid, the ADR department of the depositary that is responsible for proxies and voting must receive them in the manner and on or before the time specified, notwithstanding that such instructions may have been physically received by the depositary prior to such time. The depositary will not itself exercise any voting discretion. Furthermore, neither the depositary nor its agents are responsible for any failure to carry out any voting instructions, for the manner in which any vote is cast or for the effect of any vote. Notwithstanding anything contained in the deposit agreement or any ADR, the depositary may, to the extent not prohibited by law or regulations, or by the requirements of the stock exchange on which the ADSs are listed, in lieu of distribution of the materials provided to the depositary in connection with any meeting of, or solicitation of consents or proxies from, holders of deposited securities, distribute to the registered holders of ADRs a notice that provides such holders with, or otherwise publicizes to such holders, instructions on how to retrieve such materials or receive such materials upon request (*i.e.*, by reference to a website containing the materials for retrieval or a contact for requesting copies of the materials).

Under our constituent documents, the depositary would be able to provide us with voting instructions without having to personally attend meetings in person or by proxy. Such voting instructions may be provided to us via facsimile, email, mail, courier or other recognized form of delivery and we agree to accept any such delivery so long as it is timely received prior to the meeting. We will endeavor to provide the depositary with written notice of each meeting of shareholders promptly after determining the date of such meeting so as to enable it to solicit and receive voting instructions. In general, the depositary will require that voting instructions be received by the depositary no less than five business days prior to the date of each meeting of shareholders. Under the post-offering memorandum and articles of association that we expect to adopt, the minimum notice

period required to convene a general meeting is seven days. The depositary may not have sufficient time to solicit voting instructions, and it is possible that you, or persons who hold their ADSs through brokers, dealers or other third parties, will not have the opportunity to exercise a right to vote.

Notwithstanding the above, we have advised the depositary that under the Cayman Islands law and our constituent documents, each as in effect as of the date of the deposit agreement, voting at any meeting of shareholders is by show of hands unless a poll is (before or on the declaration of the results of the show of hands) demanded. In the event that voting on any resolution or matter is conducted on a show of hands basis in accordance with our constituent documents, the depositary will refrain from voting and the voting instructions received by the depositary from holders shall lapse. The depositary will not demand a poll or join in demanding a poll, whether or not requested to do so by holders of ADSs. There is no guarantee that you will receive voting materials in time to instruct the depositary to vote and it is possible that you, or persons who hold their ADSs through brokers, dealers or other third parties, will not have the opportunity to exercise a right to vote.

Reports and Other Communications

Will ADR holders be able to view our reports?

The depositary will make available for inspection by ADR holders at the offices of the depositary and the custodian the deposit agreement, the provisions of or governing deposited securities, and any written communications from us which are both received by the custodian or its nominee as a holder of deposited securities and made generally available to the holders of deposited securities.

Additionally, if we make any written communications generally available to holders of our shares, and we furnish copies thereof (or English translations or summaries) to the depositary, it will distribute the same to registered ADR holders.

Fees and Expenses

What fees and expenses will I be responsible for paying?

The depositary may charge each person to whom ADSs are issued, including, without limitation, issuances against deposits of shares, issuances in respect of share distributions, rights and other distributions, issuances pursuant to a stock dividend or stock split declared by us or issuances pursuant to a merger, exchange of securities or any other transaction or event affecting the ADSs or deposited securities, and each person surrendering ADSs for withdrawal of deposited securities or whose ADRs are cancelled or reduced for any other reason, \$5.00 for each 100 ADSs (or any portion thereof) issued, delivered, reduced, cancelled or surrendered, as the case may be. The depositary may sell (by public or private sale) sufficient securities and property received in respect of a share distribution, rights and/or other distribution prior to such deposit to pay such charge.

The following additional charges shall be incurred by the ADR holders, by any party depositing or withdrawing shares or by any party surrendering ADSs and/or to whom ADSs are issued (including, without limitation, issuance pursuant to a stock dividend or stock split declared by us or an exchange of stock regarding the ADSs or the deposited securities or a distribution of ADSs), whichever is applicable:

- a fee of U.S.\$1.50 per ADR or ADRs for transfers of certificated or direct registration ADRs;
- a fee of up to U.S.\$0.05 per ADS for any cash distribution made pursuant to the deposit agreement;
- an aggregate fee of up to U.S.\$0.05 per ADS per calendar year (or portion thereof) for services performed by the depositary in administering the ADRs (which fee may be charged on a periodic basis during each calendar year and shall be assessed against holders of ADRs as of the record date or record dates set by the depositary during each calendar year and shall be payable in the manner described in the next succeeding provision);

- a fee for the reimbursement of such fees, charges and expenses as are incurred by the depositary and/or any of its agents (including, without limitation, the custodian and expenses incurred on behalf of holders in connection with compliance with foreign exchange control regulations or any law or regulation relating to foreign investment) in connection with the servicing of the shares or other deposited securities, the sale of securities (including, without limitation, deposited securities), the delivery of deposited securities or otherwise in connection with the depositary's or its custodian's compliance with applicable law, rule or regulation (which fees and charges shall be assessed on a proportionate basis against holders as of the record date or dates set by the depositary and shall be payable at the sole discretion of the depositary by billing such holders or by deducting such charge from one or more cash dividends or other cash distributions);
- a fee for the distribution of securities (or the sale of securities in connection with a distribution), such fee being in an amount equal to the \$0.05 per ADS issuance fee for the execution and delivery of ADSs which would have been charged as a result of the deposit of such securities (treating all such securities as if they were shares) but which securities or the net cash proceeds from the sale thereof are instead distributed by the depositary to those holders entitled thereto;
- stock transfer or other taxes and other governmental charges;
- cable, telex and facsimile transmission and delivery charges incurred at your request in connection with the deposit or delivery of shares, ADRs or deposited securities;
- transfer or registration fees for the registration of transfer of deposited securities on any applicable register in connection with the deposit or withdrawal of deposited securities;
- in connection with the conversion of foreign currency into U.S. dollars, JPMorgan shall deduct out of such foreign currency the fees, expenses and other charges charged by it and/or its agent (which may be a division, branch or affiliate) so appointed in connection with such conversion; and
- fees of any division, branch or affiliate of the depositary utilized by the depositary to direct, manage and/or execute any public and/or private sale of securities under the deposit agreement.

JPMorgan and/or its agent may act as principal for such conversion of foreign currency. For further details see https://www.adr.com.

We will pay all other charges and expenses of the depositary and any agent of the depositary (except the custodian) pursuant to agreements from time to time between us and the depositary. The charges described above may be amended from time to time by agreement between us and the depositary.

The depositary may make available to us a set amount or a portion of the depositary fees charged in respect of the ADR program or otherwise upon such terms and conditions as we and the depositary may agree from time to time. The depositary collects its fees for issuance and cancellation of ADSs directly from investors depositing shares or surrendering ADSs for the purpose of withdrawal or from intermediaries acting for them. The depositary collects fees for making distributions to investors by deducting those fees from the amounts distributed or by selling a portion of distributable property to pay the fees. The depositary may collect its annual fee for depositary services by deduction from cash distributions, or by directly billing investors, or by charging the book-entry system accounts of participants acting for them. The depositary will generally set off the amounts owing from distributions made to holders of ADSs. If, however, no distribution exists and payment owing is not timely received by the depositary, the depositary may refuse to provide any further services to holders that have not paid those fees and expenses owing until such fees and expenses have been paid. At the discretion of the depositary, all fees and charges owing under the deposit agreement are due in advance and/or when declared owing by the depositary.

The fees and charges you may be required to pay may vary over time and may be changed by us and by the depositary. You will receive prior notice of the increase in any such fees and charges.

Payment of Taxes

ADR holders must pay any tax or other governmental charge payable by the custodian or the depositary on any ADS or ADR, deposited security or distribution. If any taxes or other governmental charges (including any penalties and/or interest) shall become payable by or on behalf of the custodian or the depositary with respect to any ADR, any deposited securities represented by the ADSs evidenced thereby or any distribution thereon, including, without limitation, any Chinese Enterprise Income Tax owing if the Circular Guoshuifa [2009] No. 82 issued by the Chinese State Administration of Taxation (SAT) or any other circular, edict, order or ruling, as issued and as from time to time amended, is applied or otherwise, such tax or other governmental charge shall be paid by the holder thereof to the depositary and by holding or having held an ADR the holder and all prior holders thereof, jointly and severally, agree to indemnify, defend and save harmless each of the depositary and its agents in respect thereof. If an ADR holder owes any tax or other governmental charge, the depositary may (i) deduct the amount thereof from any cash distributions, or (ii) sell deposited securities (by public or private sale) and deduct the amount owing from the net proceeds of such sale. In either case the ADR holder remains liable for any shortfall. If any tax or governmental charge is unpaid, the depositary may also refuse to effect any registration, registration of transfer, split-up or combination of deposited securities or withdrawal of deposited securities until such payment is made. If any tax or governmental charge is required to be withheld on any cash distribution, the depositary may deduct the amount required to be withheld from any cash distribution or, in the case of a non-cash distribution, sell the distributed property or securities (by public or private sale) in such amounts and in such manner as the depositary deems necessary and practicable to pay such taxes and distribute any remaining net proceeds or the balance of a

By holding an ADR or an interest therein, you will be agreeing to indemnify us, the depositary, its custodian and any of our or their respective officers, directors, employees, agents and affiliates against, and hold each of them harmless from, any claims by any governmental authority with respect to taxes, additions to tax, penalties or interest arising out of any refund of taxes, reduced rate of withholding at source or other tax benefit obtained.

Reclassifications, Recapitalizations and Mergers

If we take certain actions that affect the deposited securities, including (i) any change in par value, split-up, consolidation, cancellation or other reclassification of deposited securities or (ii) any distributions of shares or other property not made to holders of ADRs or (iii) any recapitalization, reorganization, merger, consolidation, liquidation, receivership, bankruptcy or sale of all or substantially all of our assets, then the depositary may choose to, and shall if reasonably requested by us:

- (1) amend the form of ADR;
- (2) distribute additional or amended ADRs;
- (3) distribute cash, securities or other property it has received in connection with such actions;
- (4) sell any securities or property received and distribute the proceeds as cash; or
- (5) none of the above.

If the depositary does not choose any of the above options, any of the cash, securities or other property it receives will constitute part of the deposited securities and each ADS will then represent a proportionate interest in such property.

Amendment and Termination

How may the deposit agreement be amended?

We may agree with the depositary to amend the deposit agreement and the ADSs without your consent for any reason. ADR holders must be given at least 30 days notice of any amendment that imposes or increases any

fees or charges (other than stock transfer or other taxes and other governmental charges, transfer or registration fees, SWIFT, cable, telex or facsimile transmission costs, delivery costs or other such expenses), or otherwise prejudices any substantial existing right of ADR holders. Such notice need not describe in detail the specific amendments effectuated thereby, but must identify to ADR holders a means to access the text of such amendment. If an ADR holder continues to hold an ADR or ADRs after being so notified, such ADR holder is deemed to agree to such amendment and to be bound by the deposit agreement as so amended. Notwithstanding the foregoing, if any governmental body or regulatory body should adopt new laws, rules or regulations which would require amendment or supplement of the deposit agreement or the form of ADR to ensure compliance therewith, we and the depositary may amend or supplement the deposit agreement and the ADR at any time in accordance with such changed laws, rules or regulations, which amendment or supplement may take effect before a notice is given or within any other period of time as required for compliance. No amendment, however, will impair your right to surrender your ADSs and receive the underlying securities, except in order to comply with mandatory provisions of applicable law.

How may the deposit agreement be terminated?

The depositary may, and shall at our written direction, terminate the deposit agreement and the ADRs by mailing notice of such termination to the registered holders of ADRs at least 30 days prior to the date fixed in such notice for such termination; provided, however, if the depositary shall have (i) resigned as depositary under the deposit agreement, notice of such termination by the depositary shall not be provided to registered holders unless a successor depositary shall not be operating under the deposit agreement within 60 days of the date of such resignation, and (ii) been removed as depositary under the deposit agreement, notice of such termination by the depositary shall not be provided to registered holders of ADRs unless a successor depositary shall not be operating under the deposit agreement on the 120th day after our notice of removal was first provided to the depositary. After the date so fixed for termination, (a) all direct registration ADRs shall cease to be eligible for the direct registration system and shall be considered ADRs issued on the ADR register maintained by the depositary and (b) the depositary shall use its reasonable efforts to ensure that the ADSs cease to be DTC eligible so that neither DTC nor any of its nominees shall thereafter be a registered holder of ADRs. At such time as the ADSs cease to be DTC eligible and/or neither DTC nor any of its nominees is a registered holder of ADRs, the depositary shall (a) instruct its custodian to deliver all shares to us along with a general stock power that refers to the names set forth on the ADR register maintained by the depositary and (b) provide us with a copy of the ADR register maintained by the depositary. Upon receipt of such shares and the ADR register maintained by the depositary, we have agreed to use our best efforts to issue to each registered holder a Share certificate representing the Shares represented by the ADSs reflected on the ADR register maintained by the depositary in such registered holder's name and to deliver such Share certificate to the registered holder at the address set forth on the ADR register maintained by the depositary. After providing such instruction to the custodian and delivering a copy of the ADR register to us, the depositary and its agents will perform no further acts under the deposit agreement or the ADRs and shall cease to have any obligations under the deposit agreement and/or the ADRs.

Limitations on Obligations and Liability to ADR holders

Limits on our obligations and the obligations of the depositary; limits on liability to ADR holders and holders of ADSs

thereof, and from time to time in the case of the production of proofs as described below, we or the depositary or its custodian may require:

The issuance of ADRs, the acceptance of deposits of shares, the registration, registration of transfer, split-up or combination of ADRs or the withdrawal of shares, may be suspended, generally or in particular instances, when the ADR register or any register for deposited securities is closed or when any such action is deemed advisable by the depositary; provided that the ability to withdraw shares may only be limited under the following circumstances: (i) temporary delays caused by closing transfer books of the depositary or our transfer books or the deposit of shares in connection with voting at a shareholders' meeting, or the payment of dividends, (ii) the payment of fees, taxes, and similar charges, and (iii) compliance with any laws or governmental regulations relating to ADRs or to the withdrawal of deposited securities.

The deposit agreement expressly limits the obligations and liability of the depositary, ourselves and our respective agents, provided, however, that no disclaimer of liability under the Securities Act of 1933 is intended by any of the limitations of liabilities provisions of the deposit agreement. In the deposit agreement it provides that neither we nor the depositary nor any such agent will be liable if:

- any present or future law, rule, regulation, fiat, order or decree of the United States, the Cayman Islands, the People's Republic of China (including the Hong Kong Special Administrative Region, the People's Republic of China) or any other country or jurisdiction, or of any governmental or regulatory authority or securities exchange or market or automated quotation system, the provisions of or governing any deposited securities, any present or future provision of our charter, any act of God, war, terrorism, nationalization, expropriation, currency restrictions, work stoppage, strike, civil unrest, revolutions, rebellions, explosions, computer failure or circumstance beyond our, the depositary's or our respective agents' direct and immediate control shall prevent or delay, or shall cause any of them to be subject to any civil or criminal penalty in connection with, any act which the deposit agreement or the ADRs provide shall be done or performed by us, the depositary or our respective agents (including, without limitation, voting);

- it relies upon any written notice, request, direction, instruction or document believed by it to be genuine and to have been signed, presented or given by the proper party or parties.

Neither the depositary nor its agents have any obligation to appear in, prosecute or defend any action, suit or other proceeding in respect of any deposited securities or the ADRs. We and our agents shall only be obligated to appear in, prosecute or defend any action, suit or other proceeding in respect of any deposited securities or the ADRs, which in our opinion may involve us in expense or liability, if indemnity satisfactory to us against all expense (including fees and disbursements of counsel) and liability is furnished as often as may be required. The depositary and its agents may fully respond to any and all demands or requests for information maintained by or

on its behalf in connection with the deposit agreement, any registered holder or holders of ADRs, any ADRs or otherwise related to the deposit agreement or ADRs to the extent such information is requested or required by or pursuant to any lawful authority, including without limitation laws, rules, regulations, administrative or judicial process, banking, securities or other regulators. The depositary shall not be liable for the acts or omissions made by, or the insolvency of, any securities depository, clearing agency or settlement system. Furthermore, the depositary shall not be responsible for, and shall incur no liability in connection with or arising from, the insolvency of any custodian that is not a branch or affiliate of JPMorgan Chase Bank, N.A. Notwithstanding anything to the contrary contained in the deposit agreement or any ADRs, the depositary shall not be responsible for, and shall incur no liability in connection with or arising from, any act or omission to act on the part of the custodian except to the extent that the custodian has (i) committed fraud or willful misconduct in the provision of custodial services to the depositary or (ii) failed to use reasonable care in the provision of custodial services to the depositary as determined in accordance with the standards prevailing in the jurisdiction in which the custodian is located. The depositary and the custodian(s) may use third party delivery services and providers of information regarding matters such as pricing, proxy voting, corporate actions, class action litigation and other services in connection with the ADRs and the deposit agreement, and use local agents to provide extraordinary services such as attendance at annual meetings of issuers of securities. Although the depositary and the custodian will use reasonable care (and cause their agents to use reasonable care) in the selection and retention of such third party providers and local agents, they will not be responsible for any errors or omissions made by them in providing the relevant information or services. The depositary shall not have any liability for the price received in connection with any sale of securities, the timing thereof or any delay in action or omission to act nor shall it be responsible for any error or delay in action, omission to act, default or negligence on the part of the party so retained in connection with any such sale or proposed sale.

The depositary has no obligation to inform ADR holders or other holders of an interest in any ADSs about the requirements of Cayman Islands or People's Republic of China law, rules or regulations or any changes therein or thereto.

Additionally, none of us, the depositary or the custodian shall be liable for the failure by any registered holder of ADRs or beneficial owner therein to obtain the benefits of credits on the basis of non-U.S. tax paid against such holder's or beneficial owner's income tax liability. Neither we nor the depositary shall incur any liability for any tax consequences that may be incurred by registered holders or beneficial owners on account of their ownership of ADRs or ADSs.

Neither the depositary nor its agents will be responsible for any failure to carry out any instructions to vote any of the deposited securities, for the manner in which any such vote is cast or for the effect of any such vote. The depositary may rely upon instructions from us or our counsel in respect of any approval or license required for any currency conversion, transfer or distribution. The depositary shall not incur any liability for the content of any information submitted to it by us or on our behalf for distribution to ADR holders or for any inaccuracy of any translation thereof, for any investment risk associated with acquiring an interest in the deposited securities, for the validity or worth of the deposited securities, for the credit-worthiness of any third party, for allowing any rights to lapse upon the terms of the deposit agreement or for the failure or timeliness of any notice from us. The depositary shall not be liable for any acts or omissions made by a successor depositary whether in connection with a previous act or omission of the depositary or in connection with any matter arising wholly after the removal or resignation of the depositary. Neither the depositary nor any of its agents shall be liable to registered holders or beneficial owners of interests in ADSs for any indirect, special, punitive or consequential damages (including, without limitation, legal fees and expenses) or lost profits, in each case of any form incurred by any person or entity, whether or not foreseeable and regardless of the type of action in which such a claim may be brought.

In the deposit agreement each party thereto (including, for avoidance of doubt, each holder and beneficial owner and/or holder of interests in ADRs) irrevocably waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any suit, action or proceeding against the depositary and/or us directly

or indirectly arising out of or relating to the shares or other deposited securities, the ADSs or the ADRs, the deposit agreement or any transaction contemplated therein, or the breach thereof (whether based on contract, tort, common law or any other theory).

The depositary and its agents may own and deal in any class of securities of our company and our affiliates and in ADRs.

Disclosure of Interest in ADSs

To the extent that the provisions of or governing any deposited securities may require disclosure of or impose limits on beneficial or other ownership of deposited securities, other shares and other securities and may provide for blocking transfer, voting or other rights to enforce such disclosure or limits, you agree to comply with all such disclosure requirements and ownership limitations and to comply with any reasonable instructions we may provide in respect thereof. We reserve the right to instruct you to deliver your ADSs for cancellation and withdrawal of the deposited securities so as to permit us to deal with you directly as a holder of shares and, by holding an ADS or an interest therein, you will be agreeing to comply with such instructions.

Books of Depositary

The depositary or its agent will maintain a register for the registration, registration of transfer, combination and split-up of ADRs, which register shall include the depositary's direct registration system. Registered holders of ADRs may inspect such records at the depositary's office at all reasonable times, but solely for the purpose of communicating with other holders in the interest of the business of our company or a matter relating to the deposit agreement. Such register may be closed at any time or from time to time, when deemed expedient by the depositary or, in the case of the issuance book portion of the ADR Register, when reasonably requested by the Company solely in order to enable the Company to comply with applicable law.

The depositary will maintain facilities for the delivery and receipt of ADRs.

Pre-release of ADSs

In its capacity as depositary, the depositary shall not lend shares or ADSs; provided, however, that the depositary may (i) issue ADSs prior to the receipt of shares and (ii) deliver shares prior to the receipt of ADSs for withdrawal of deposited securities, including ADSs which were issued under (i) above but for which shares may not have been received (each such transaction a "pre-release"). The depositary may receive ADSs in lieu of shares under (i) above (which ADSs will promptly be canceled by the depositary upon receipt by the depositary) and receive shares in lieu of ADSs under (ii) above. Each such pre-release will be subject to a written agreement whereby the person or entity (the "applicant") to whom ADSs or shares are to be delivered (a) represents that at the time of the pre-release the applicant or its customer owns the shares or ADSs that are to be delivered by the applicant under such pre-release, (b) agrees to indicate the depositary as owner of such shares or ADSs in its records and to hold such shares or ADSs in trust for the depositary until such shares or ADSs are delivered to the depositary or the custodian, (c) unconditionally guarantees to deliver to the depositary or the custodian, as applicable, such shares or ADSs, and (d) agrees to any additional restrictions or requirements that the depositary deems appropriate. Each such pre-release will be at all times fully collateralized with cash, U.S. government securities or such other collateral as the depositary deems appropriate, terminable by the depositary will normally limit the number of ADSs and shares involved in such pre-release at any one time to thirty percent (30%) of the ADSs outstanding (without giving effect to ADSs outstanding under (i) above), provided, however, that the depositary reserves the right to change or disregard such limit from time to time as it deems appropriate. The depositary may also set limits with respect to the number of ADSs and shares involved in pre-release with any one person on a case-by-case basis as

the foregoing. Collateral provided in connection with pre-release transactions, but not the earnings thereon, shall be held for the benefit of the ADR holders (other than the applicant).

Appointment

In the deposit agreement, each registered holder of ADRs and each person holding an interest in ADSs, upon acceptance of any ADSs (or any interest therein) issued in accordance with the terms and conditions of the deposit agreement will be deemed for all purposes to:

- be a party to and bound by the terms of the deposit agreement and the applicable ADR or ADRs, and
- appoint the depositary its attorney-in-fact, with full power to delegate, to act on its behalf and to take any and all actions contemplated in the deposit agreement and the applicable ADR or ADRs, to adopt any and all procedures necessary to comply with applicable laws and to take such action as the depositary in its sole discretion may deem necessary or appropriate to carry out the purposes of the deposit agreement and the applicable ADR and ADRs, the taking of such actions to be the conclusive determinant of the necessity and appropriateness thereof.

Governing Law

The deposit agreement and the ADRs are governed by and construed in accordance with the laws of the State of New York. In the deposit agreement, we have submitted to the jurisdiction of the courts of the State of New York and appointed an agent for service of process on our behalf. Notwithstanding the foregoing, (i) any action based on the deposit agreement or the transactions contemplated thereby may be instituted by the depositary in any competent court in the Cayman Islands, Hong Kong, the People's Republic of China and/or the United States, (ii) the depositary may, in its sole discretion, elect to institute any action, controversy, claim or dispute directly or indirectly based on, arising out of or relating to the deposit agreement or the ADRs or the transactions contemplated thereby, including without limitation any question regarding its or their existence, validity, interpretation, performance or termination, against any other party or parties to the deposit agreement (including, without limitation, against ADR holders and owners of interests in ADSs), by having the matter referred to and finally resolved by an arbitration conducted under the terms described below, and (iii) the depositary may in its sole discretion require that any action, controversy, claim, dispute, legal suit or proceeding brought against the depositary by any party or parties to the deposit agreement (including, without limitation, by ADR holders and owners of interests in ADSs) shall be referred to and finally settled by an arbitration conducted under the terms described below. Any such arbitration shall be conducted in the English language either in New York, New York in accordance with the Commercial Arbitration Rules of the American Arbitration Association or in Hong Kong following the arbitration rules of the United Nations Commission on International Trade Law (UNCITRAL).

By holding an ADS or an interest therein, registered holders of ADRs and owners of ADSs each irrevocably agree that any legal suit, action or proceeding against or involving us or the depositary, arising out of or based upon the deposit agreement, the ADSs or the transactions contemplated thereby, may only be instituted in a state or federal court in New York, New York, and each irrevocably waives any objection which it may have to the laying of venue of any such proceeding, and irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action or proceeding.

SHARES ELIGIBLE FOR FUTURE SALE

Upon the completion of this offering, we will have ADSs outstanding, representing ordinary shares, or approximately % of our outstanding ordinary shares, assuming the underwriters do not exercise their option to purchase additional ADSs (or approximately % of our outstanding ordinary shares, if the underwriters exercise their option to purchase additional ADSs in full). All of the ADSs sold in this offering will be freely transferable by persons other than our "affiliates" without restriction or further registration under the Securities Act. Sales of substantial amounts of ADSs in the public market could adversely affect prevailing market prices of the ADSs. Prior to this offering, there has been no public market for our ordinary shares or the ADSs, and while the ADSs have been approved for listing on the NASDAQ Global Select Market, we cannot assure you that a regular trading market for our ADSs may develop in the ADSs. Our ordinary shares will not be listed on any exchange or quoted for trading on any over- the-counter trading system. We do not expect that a trading market will develop for our ordinary shares not represented by the ADSs.

Lock-Up Agreements

[We have agreed that we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the Securities and Exchange Commission a registration statement under the Securities Act relating to, any ADSs, our ordinary shares or securities convertible into or exchangeable or exercisable for any ADSs or ordinary shares, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior written consent of the representatives on behalf of the underwriters for a period ending 180 days after the date of this prospectus, except issuances pursuant to the exercise of employee share options outstanding on the date hereof and certain other exceptions.]

Our directors, executive officers, [shareholders and certain option holders] have agreed with the underwriters, subject to certain exceptions, not to sell, transfer or otherwise dispose of any ADSs, ordinary shares or similar securities or any securities convertible into or exchangeable or exercisable for our ordinary shares or ADSs, for a period ending 180 days after the date of this prospectus.

Rule 144

All of our ordinary shares outstanding prior to this offering are "restricted securities" as that term is defined in Rule 144 under the Securities Act and may be sold publicly in the United States only under an effective registration statement under the Securities Act or pursuant to an available exemption from the registration requirements.

In general, under Rule 144 as currently in effect, beginning 90 days after the date of this prospectus, a person who is not deemed to have been our affiliate at any time during the three months preceding a sale and who has beneficially owned restricted securities within the meaning of Rule 144 for more than six months would be entitled to sell an unlimited number of those shares, subject only to the availability of current public information about us. A non-affiliate who has beneficially owned restricted securities for at least one year from the later of the date these shares were acquired from us or from our affiliate would be entitled to freely sell those shares.

Our affiliates who have beneficially owned "restricted securities" for at least six months would be entitled to sell within any three-month period a number of restricted shares that does not exceed the greater of the following:

- 1% of the then outstanding ordinary shares of the same class, including shares represented by ADSs, which will equal approximately
 ordinary shares immediately after this offering, assuming the underwriters do not exercise their option to purchase additional ADSs, (or
 ordinary shares if the underwriters exercise their option to purchase additional ADSs in full); or
- the average weekly trading volume of our ordinary shares of the same class, including shares represented by ADSs on the NASDAQ Global Select Market, during the four calendar weeks preceding the date on which notice of the sale on Form 144 is filed with the SEC.

Affiliates who sell restricted securities under Rule 144 may not solicit orders or arrange for the solicitation of orders, and they are also subject to certain manner of sale provisions and notice requirements and to the availability of current public information about us. In addition, in each case, shares held by our affiliates would remain subject to lock-up arrangements and would only become eligible for sale when the lock-up period expires.

Rule 701

Beginning 90 days after the date of this prospectus, persons other than affiliates who purchased ordinary shares under a written compensatory plan or other written agreement executed prior to the completion of this offering may be entitled to sell such shares in the United States in reliance on Rule 701. Rule 701 permits affiliates to sell their Rule 701 shares under Rule 144 without complying with the holding period requirements of Rule 144. Rule 701 further provides that non-affiliates may sell these shares in reliance on Rule 144 subject only to its manner-of-sale requirements. However, the Rule 701 shares would remain subject to lock-up arrangements and would only become eligible for sale when the lock-up period expires.

Form S-8

We intend to file a registration statement on Form S-8 under the Securities Act covering all ordinary shares which are either subject to outstanding options or may be issued upon exercise of any options or other equity awards which may be granted or issued in the future pursuant to our share incentive plan. We expect to file this registration statement as soon as practicable after the date of this prospectus. Shares registered under any registration statements will be available for sale in the open market, except to the extent that the shares are subject to vesting restrictions with us or the contractual restrictions described below.

TAXATION

The following summary of Cayman Islands, PRC and U.S. federal income tax consequences of an investment in the ADSs or ordinary shares is based upon laws and relevant interpretations thereof in effect as of the date of this prospectus, all of which are subject to change. This summary does not deal with all possible tax consequences relating to an investment in the ADSs or ordinary shares, such as the tax consequences under state, local and other tax laws, or tax laws of jurisdictions other than the Cayman Islands, the PRC and the United States. To the extent that the discussion relates to matters of Cayman Islands tax law, it represents the opinion of Maples and Calder (Hong Kong) LLP, our counsel as to Cayman Islands law.

Cayman Islands Tax Considerations

The Cayman Islands currently levies no taxes on individuals or corporations based upon profits, income, gains or appreciation and there is no taxation in the nature of inheritance tax or estate duty. There are no other taxes likely to be material to us levied by the government of the Cayman Islands except for stamp duties which may be applicable on instruments executed in, or brought within, the jurisdiction of the Cayman Islands. The Cayman Islands is not party to any double tax treaties which are applicable to any payments made by or to our company. There are no exchange control regulations or currency restrictions in the Cayman Islands.

Payments of dividends and capital in respect of our ordinary shares or ADSs will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of a dividend or capital to any holder of our ordinary shares or ADSs, nor will gains derived from the disposal of our ordinary shares or ADSs be subject to Cayman Islands income or corporation tax.

No stamp duty is payable in respect of the issue of our ordinary shares or on an instrument of transfer in respect of our ordinary shares except on instruments executed in, or brought within, the jurisdiction of the Cayman Islands.

People's Republic of China Tax Considerations

Under the EIT Law, which was promulgated on March 16, 2007 and amended on February 24, 2017, an enterprise established outside the PRC with "de facto management bodies" within the PRC is considered a "resident enterprise" for PRC enterprise income tax purposes and is generally subject to a uniform 25% enterprise income tax rate on its worldwide income. In 2009, the SAT issued SAT Circular 82, which provides certain specific criteria for determining whether the "de facto management body" of a PRC controlled enterprise that is incorporated offshore is located in China. Further to SAT Circular 82, in 2011, the SAT issued SAT Bulletin 45 to provide more guidance on the implementation of SAT Circular 82.

According to SAT Circular 82, an offshore incorporated enterprise controlled by a PRC enterprise or a PRC enterprise group will be considered a PRC resident enterprise by virtue of having its "de facto management body" in China and will be subject to PRC enterprise income tax on its worldwide income only if all of the following conditions are met: (a) the senior management and core management departments in charge of its daily operations function have their presence mainly in the PRC; (b) its financial and human resources decisions are subject to determination or approval by persons or bodies in the PRC; (c) its major assets, accounting books, company seals, and minutes and files of its board and shareholders' meetings are located or kept in the PRC; and (d) more than half of the enterprise's directors or senior management with voting rights habitually reside in the PRC. Although SAT Circular 82 and SAT Bulletin 45 apply to offshore incorporated enterprises controlled by PRC enterprises or PRC enterprise groups, the determination criteria set forth therein may reflect the SAT's general position on how the term "de facto management body" could be applied in determining the tax resident status of offshore enterprises, regardless of whether they are controlled by PRC enterprises, individuals or foreigners.

We believe that we do not meet all of the criteria described above. We believe that neither we nor our subsidiaries outside of China are PRC tax resident enterprises, because neither we nor they are controlled by a PRC enterprise or PRC enterprise group, and because our records and their records (including the resolutions of the respective boards of directors and the resolutions of shareholders) are maintained outside the PRC. However, as the tax resident status of an enterprise is subject to determination by the PRC tax authorities and uncertainties remain with respect to the interpretation of the term "de facto management body" when applied to our offshore entities, we may be considered a resident enterprise and therefore may be subject to PRC enterprise income tax at a rate of 25% on our worldwide income. In addition, if the PRC tax authorities determine that we are a PRC resident enterprise for PRC enterprise income tax purposes, dividends we pay to non-PRC holders may be subject to PRC withholding tax, and gains realized on the sale or other disposition of ADSs or ordinary shares may be subject to PRC tax, at a rate of 10% in the case of non-PRC enterprises or 20% in the case of non-PRC individuals, if such dividends or gains are deemed to be from PRC sources. These rates may be reduced by an applicable tax treaty. Any such tax may reduce the returns on your investment in the ADSs.

United States Federal Income Tax Considerations

The following summary describes the material United States federal income tax consequences of the ownership of our ordinary shares and ADSs as of the date hereof. The discussion set forth below is applicable only to United States Holders and deals only with ordinary shares and ADSs held as capital assets (generally, property held for investment) under the U.S. Internal Revenue Code of 1986, as amended, or the Code. As used herein, the term "United States Holder" means a beneficial owner of an ordinary share or ADS that is for United States federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons has or have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

If a partnership holds our ordinary shares or ADSs, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner of a partnership holding our ordinary shares or ADSs, you should consult your tax advisors.

This discussion is based upon existing U.S. federal income tax law, which is subject to differing interpretations or change, possibly with retroactive effect. This discussion is based, in part, upon representations made by the depositary to us and assumes that the deposit agreement, and all other related agreements, will be performed in accordance with their terms. No ruling has been sought from the Internal Revenue Service with respect to any U.S. federal income tax consequences described below, and there can be no assurance that the Internal Revenue Service or a court will not take a contrary position. Additionally, this discussion does not address the U.S. federal estate, gift, Medicare and alternative minimum tax considerations or any state, local and non-U.S. tax considerations, relating to the ownership or disposition of our ADSs or ordinary shares and does not address all aspects of U.S. federal income taxation that may be important to particular investors in light of their individual circumstances or to persons in special tax situations such as:

- a dealer in securities or currencies;
- a bank or other financial institution;

- a regulated investment company;
- a real estate investment trust;
- an insurance company;
- a tax-exempt organization;
- a person holding our ordinary shares or ADSs as part of a hedging, integrated or conversion transaction, a constructive sale or a straddle;
- a trader in securities that has elected the mark-to-market method of accounting for your securities;
- a person who acquires his ADSs or ordinary shares pursuant to an employee share option or otherwise as compensation;
- a person who owns or is deemed to own 10% or more of our voting stock;
- a U.S. expatriate;
- an S corporation, partnership or other pass-through entity for United States federal income tax purposes; or
- a person whose "functional currency" is not the United States dollar.

If you are considering the purchase, ownership or disposition of our ordinary shares or ADSs, you should consult your own tax advisors concerning the United States federal income tax consequences to you in light of your particular situation as well as any consequences arising under the laws of any other taxing jurisdiction.

ADSs

If you hold ADSs, for United States federal income tax purposes you generally will be treated as the owner of the underlying ordinary shares that are represented by such ADSs. Accordingly, deposits or withdrawals of ordinary shares for ADSs will not be subject to United States federal income tax.

Taxation of Dividends

Subject to the discussion under "—Passive Foreign Investment Company Rules" below, the gross amount of distributions on the ADSs or ordinary shares (including any amounts withheld to reflect PRC withholding taxes) will be taxable as dividends, to the extent paid out of our current or accumulated earnings and profits, as determined under United States federal income tax principles. Because we do not intend to determine our earnings and profits on the basis of U.S. federal income tax principles, any distribution we pay generally will be treated as a dividend for U.S. federal income tax purposes. Such income (including withheld taxes) will be includible in your gross income as ordinary income on the day actually or constructively received by you, in the case of the ordinary shares, or by the depositary, in the case of ADSs. Such dividends will not be eligible for the dividends received deduction allowed to corporations under the Code. The following discussion assumes that all dividends will be paid in U.S. Dollars.

A non-corporate United States Holder will be subject to tax at the preferential tax rate applicable to "qualified dividend income," provided that certain conditions are satisfied, including that (1) our ordinary shares (or ADSs representing such ordinary shares) are readily tradeable on an establishes securities market in the United States or, in the event that we are deemed to be a PRC tax resident enterprise under PRC tax law, we are eligible for the benefits of the United States-PRC income tax treaty (the "Treaty"), (2) we are neither a PFIC nor treated as such with respect to a United States Holder (as discussed below) for the taxable year in which the dividend was paid and the preceding taxable year, and (3) certain holding period requirements are met. We expect our ADSs (but not our ordinary shares) will be readily tradeable on an established securities market in the United States. There can be no assurance, however, that our ADSs will be considered readily tradable on an established securities market in subsequent years.

In the event that we are deemed to be a PRC tax resident enterprise under PRC tax law, you may be subject to PRC withholding taxes on dividends paid on our ADSs or ordinary shares, as described under "Taxation—People's Republic of China Tax Considerations." If we are deemed to be a PRC tax resident enterprise, we may, however, be eligible for the benefits of the Treaty. If we are eligible for such benefits, dividends we pay on our ordinary shares, regardless of whether such shares are represented by our ADSs, may be eligible for the reduced rates of taxation applicable to qualified dividend income, as discussed above.

Dividends will generally be treated as income from foreign sources for U.S. foreign tax credit purposes and will generally constitute passive category income. Depending on the United States Holder's individual facts and circumstances, a United States Holder may be eligible, subject to a number of complex limitations, to claim a foreign tax credit in respect of any foreign withholding taxes imposed on dividends received on our ADSs or ordinary shares. The rules governing the foreign tax credit are complex. Accordingly, United States Holders are urged to consult their tax advisors regarding the availability of the foreign tax credit under their particular circumstances. A United States Holder who does not elect to claim a foreign tax credit for foreign tax withheld may instead claim a deduction, for U.S. federal income tax purposes, in respect of such withholding, but only for a year in which such holder elects to do so for all creditable foreign income taxes.

Sale or Other Disposition

Subject to the discussion below under "—Passive Foreign Investment Company Rules," a United States Holder generally will recognize capital gain or loss upon the sale or other disposition of ADSs or ordinary shares in an amount equal to the difference between the amount realized upon the disposition and the holder's adjusted tax basis in such ADSs or ordinary shares. Any capital gain or loss will be long-term if the ADSs or ordinary shares have been held for more than one year and generally will be U.S.-source gain or loss for U.S. foreign tax credit purposes. The deductibility of a capital loss may be subject to limitations. In the event that gain from the disposition of the ADSs or ordinary shares is subject to tax in the PRC, such gain may be treated as PRC-source gain under the Treaty. United States Holders are urged to consult their tax advisors regarding the tax consequences if a foreign tax is imposed on a disposition of our ADSs or ordinary shares, including the availability of the foreign tax credit under their particular circumstances.

Passive Foreign Investment Company Rules

Based on the projected composition of our income and valuation of our assets, including goodwill (whose valuation may be based on the market value of our ADSs from time to time), we do not expect to be a PFIC for our current taxable year, and we do not expect to become one in the foreseeable future, although there can be no assurance in this regard.

In general, we will be a PFIC for any taxable year in which:

- at least 75% of our gross income is passive income; or
- at least 50% of the value (determined on the basis of a quarterly average) of our assets is attributable to assets that produce or are held for the
 production of passive income.

For this purpose, passive income generally includes dividends, interest, royalties and rents (other than royalties and rents derived in the active conduct of a trade or business and not derived from a related person). Additionally, for this purpose, cash is categorized as a passive asset and a company's goodwill associated with active business activity is taken into account as a non-passive asset. If we own at least 25% (by value) of the stock of another corporation, we will be treated, for purposes of the PFIC tests, as owning our proportionate share of the other corporation's assets and receiving our proportionate share of the other corporation's income.

Although the law in this regard is unclear, we treat our consolidated affiliates as being owned by us for United States federal income tax purposes, not only because we exercise effective control over the operation of such entities but also because we are entitled to substantially all of their economic benefits, and, as a result, we consolidate their results of operation in our financial statements. If it were determined, however, that we are not the owner of any of our consolidated affiliates for United States federal income tax purposes, the composition of our income and assets would change and we may be a PFIC for the current or any subsequent taxable year.

The determination of whether we are a PFIC is made annually. Accordingly, it is possible that we may be a PFIC in the current or any future taxable year due to changes in our asset or income composition. Because we have valued our goodwill based on the projected market value of our equity, a decrease in the price of our ADSs in any taxable year may also result in our becoming a PFIC. The composition of our income and our assets will also be affected by how, and how quickly, we use the proceeds from this offering. Under circumstances where the cash is not deployed for active purposes, our risk of becoming a PFIC may increase. If we are a PFIC for any taxable year during which you hold our ADSs or ordinary shares, you will be subject to special tax rules discussed below.

If we are a PFIC for any taxable year during which you hold our ADSs or ordinary shares, you will be subject to special tax rules with respect to any "excess distribution" received and any gain realized from a sale or other disposition, including, in some circumstances, a pledge, of ADSs or ordinary shares. Distributions received in a taxable year that are greater than 125% of the average annual distributions received during the shorter of the three preceding taxable years or your holding period for the ADSs or ordinary shares will be treated as excess distributions. Under these special tax rules:

- · the excess distribution or gain will be allocated ratably over your holding period for the ADSs or ordinary shares;
- the amount allocated to the current taxable year, and any taxable year prior to the first taxable year in which we were a PFIC, will be treated as
 ordinary income; and
- the amount allocated to each other year will be subject to tax at the highest tax rate in effect for that year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

In addition, non-corporate United States Holders will not be eligible for reduced rates of taxation on any dividends received from us if we are a PFIC in the taxable year in which such dividends are paid or in the preceding taxable year.

If we were a PFIC for any taxable year during which you hold our ADSs or ordinary shares and any of our non-United States subsidiaries was also a PFIC, you would be treated as owning a proportionate amount (by value) of the shares of the lower-tier PFIC for purposes of the application of these rules. You are urged to consult your tax advisors about the application of the PFIC rules to any of our subsidiaries.

As an alternative to the foregoing rules, a United States Holder of "marketable stock" in a PFIC may make a mark-to-market election with respect to such stock, provided that such stock is "regularly traded." For those purposes, our ADSs, but not our ordinary shares, will be treated as marketable stock upon their listing on the Nasdaq. However, no assurances may be given that the ADSs will be regularly traded at all times. If a United States Holder makes this election, the holder will generally (i) include as ordinary income for each taxable year that we are a PFIC the excess, if any, of the fair market value of the ADSs held at the end of the taxable year and (ii) deduct as an ordinary loss the excess, if any of the adjusted tax basis of the ADSs over the fair market value of such ADSs held at the end of the taxable year, but such deduction will only be allowed to the extent of the amount previously included in income as a result of the mark-to-market election. If a United States Holder makes a mark-to-market election in respect of a corporation classified as a PFIC and such corporation ceases to be classified as a PFIC, the holder will not be

required to take into account the gain or loss described above during any period that such corporation is not classified as a PFIC. If a United States Holder makes a mark-to-market election, any gain such United States Holder recognizes upon the sale or other disposition of our ADSs in a year when we are a PFIC will be treated as ordinary income and any loss will be treated as ordinary loss, but such loss will only be treated as ordinary loss to the extent of the net amount previously included in income as a result of the mark-to-market election. If you make a mark-to-market election it will be effective for the taxable year for which the election is made and all subsequent taxable years unless the ADSs are no longer regularly traded on a qualified exchange or the Internal Revenue Service consents to the revocation of the election. You are urged to consult your tax advisor about the availability of the mark-to-market election, and whether making the election would be advisable in your particular circumstances.

Because, as a technical matter, a mark-to-market election cannot be made for any lower-tier PFICs that we may own, a United States Holder may continue to be subject to the PFIC rules with respect to such United States Holder's indirect interest in any investments held by us that are treated as an equity interest in a PFIC for U.S. federal income tax purposes.

We do not intend to provide the information United States Holders would need to make a qualified electing fund election for the current taxable year, and as such the qualified electing fund election has not been and will not be available to United States Holders.

You will generally be required to file Internal Revenue Service Form 8621 if you hold our ADSs or ordinary shares in any year in which we are classified as a PFIC. You are urged to consult your tax advisors concerning the United States federal income tax consequences of holding ADSs or ordinary shares if we are considered a PFIC in any taxable year.

Information Reporting and Backup Withholding

In general, information reporting will apply to dividends in respect of our ADSs or ordinary shares and the proceeds from the sale, exchange or redemption of our ADSs or ordinary shares that are paid to you within the United States (and in certain cases, outside the United States), unless you are an exempt recipient. A backup withholding rules may apply to such payments if you fail to provide a taxpayer identification number or certification of other exempt status or, in the case of dividend payments, if you fail to report in full dividend and interest income.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability provided the required information is furnished to the Internal Revenue Service in a timely manner.

Certain United States Holders are required to report information relating to ADSs or ordinary shares, subject to certain exceptions (including an exception for ADSs or ordinary shares held in accounts maintained by certain financial institutions). You are urged to consult your own tax advisors regarding information reporting requirements relating to your ownership of the ADSs or ordinary shares.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated , we and the selling shareholders have agreed to sell to the underwriters named below, for whom Morgan Stanley & Co. International plc and Credit Suisse Securities (USA) LLC are acting as representatives, the following respective numbers of shares of ADSs:

Underwriter	Number of ADSs
Morgan Stanley & Co. International plc	
Credit Suisse Securities (USA) LLC	
Total	

The underwriting agreement provides that the underwriters are obligated to purchase all ADSs in the offering if any are purchased, other than those ADSs covered by the over-allotment option described below. The underwriting agreement also provides that if an underwriter defaults the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated.

We and the selling shareholders have agreed to indemnify the underwriters and certain of their controlling persons against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make in respect of those liabilities.

The selling shareholders have granted to the underwriters a 30-day option to purchase on a pro rata basis up to additional ADSs from us at the initial public offering price less the underwriting discounts and commissions. The option may be exercised only to cover any over-allotments of ADSs.

The underwriters propose to offer ADSs initially at the public offering price on the cover page of this prospectus and to selling group members at that price less a selling concession of \$ per ADS. The underwriters and selling group members may allow a discount of \$ per ADS on sales to other broker/dealers. After the initial public offering the underwriters may change the public offering price and concession and discount to broker/dealers.

We will pay underwriting discounts and commissions and offering expenses payable by us, including all of the underwriting discounts and commissions of the selling shareholders. The following table summarizes the compensation and estimated expenses we will pay:

	Per ADS		To	Total	
	Without	With	Without	With	
	Over-allotment	Over-allotment	Over-allotment	Over-allotment	
Underwriting Discounts and Commissions					
paid by us	\$	\$	\$	\$	
Expenses payable by us	\$	\$	\$	\$	

[We have agreed that we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the Securities and Exchange Commission a registration statement under the Securities Act relating to, any ADSs, our ordinary shares or securities convertible into or exchangeable or exercisable for any ADSs or our ordinary shares, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior written consent of Morgan Stanley & Co. International plc and Credit Suisse Securities (USA) LLC for a period of [180] days after the date of this prospectus, except issuances pursuant to the exercise of employee stock options outstanding on the date hereof or pursuant to our dividend reinvestment plan.]

[We and the selling shareholders have also agreed to reimburse the underwriters up to \$ for certain out-of-pocket expenses.]

[Our officers, directors, [the shareholders and certain option holders] have agreed that they will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any ADSs, our ordinary shares or securities convertible into or exchangeable or exercisable for any ADSs or our ordinary shares, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of ADSs or our ordinary shares, whether any of these transactions are to be settled by delivery of ADSs or our ordinary shares or other securities, in cash or otherwise, or publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement, without, in each case, the prior written consent of Morgan Stanley & Co. International plc and Credit Suisse Securities (USA) LLC and for a period of [180] days after the date of this prospectus.]

We have applied to list our ADSs on the Nasdaq.

[In connection with the listing of ADSs on the Nasdaq, the underwriters will undertake to sell round lots of 100 shares or more to a minimum beneficial owners.]

Prior to this offering, there has been no public market for the ADSs. The initial public offering price was determined by negotiations among us and the representatives and will not necessarily reflect the market price of the ADSs following this offering. The principal factors that were considered in determining the initial public offering price included:

- the information presented in this prospectus and otherwise available to the underwriters;
- the history of, and prospects for, the industry in which we will compete;
- the ability of our management;
- the prospects for our future earnings;
- the present state of our development, results of operations and our current financial condition;
- the general condition of the securities markets at the time of this offering; and
- the recent market prices of, and the demand for, publicly traded common stock of generally comparable companies.

We cannot assure you that the initial public offering price will correspond to the price at which the ADSs will trade in the public market subsequent to this offering or that an active trading market for the ADSs will develop and continue after this offering.

In connection with the offering the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions, penalty bids and passive market making in accordance with Regulation M under the Exchange Act.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Over-allotment involves sales by the underwriters of ADSs in excess of the number of ADSs the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of ADSs over-allotted by the underwriters is not greater than the number of ADSs that they may purchase in the over-allotment option. In a naked short position, the number of ADSs involved is greater than the number of ADSs in the over-allotment option. The underwriters may close out any covered short position by either exercising their over-allotment option and/or purchasing ADSs in the open market.
- Syndicate covering transactions involve purchases of ADSs in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of ADSs to

close out the short position, the underwriters will consider, among other things, the price of ADSs available for purchase in the open market as compared to the price at which they may purchase ADSs through the over-allotment option. If the underwriters sell more ADSs than could be covered by the over-allotment option, a naked short position, the position can only be closed out by buying ADSs in the open market. A naked short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the ADSs in the open market after pricing that could adversely affect investors who purchase in the offering.

- Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.
- In passive market making, market makers in the ADSs who are underwriters or prospective underwriters may, subject to limitations, make bids for or purchases of our ADSs until the time, if any, at which a stabilizing bid is made.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our ADSs or preventing or retarding a decline in the market price of the ADSs. As a result the price of our ADSs may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the Nasdaq or otherwise and, if commenced, may be discontinued at any time.

A prospectus in electronic format may be made available on the web sites maintained by one or more of the underwriters, or selling group members, if any, participating in this offering and one or more of the underwriters participating in this offering may distribute prospectuses electronically. The representatives may agree to allocate a number of ADSs to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters and selling group members that will make Internet distributions on the same basis as other allocations.

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. These investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders of RISE Education Cayman Ltd

We have audited the accompanying consolidated balance sheets of RISE Education Cayman Ltd as of December 31, 2015 and 2016, and the related consolidated statements of consolidated statements of (loss)/income, comprehensive (loss)/income, changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2016. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of RISE Education Cayman Ltd at December 31, 2015 and 2016, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2016, in conformity with U.S. generally accepted accounting principles.

The VIE arrangements

PRC laws and regulations currently require any foreign entity that invests in the education business in China to be an educational institution with relevant experience in providing educational services outside China. The Group's offshore holding companies are not educational institutions and do not provide educational services outside China. Accordingly, the Group's offshore holding companies are not allowed to directly engage in the education business in China. To comply with PRC laws and regulations, the Group conducts all of its junior ELT business in China through the VIEs. The VIEs hold the requisite licenses and permits necessary to conduct the Group's junior ELT business. In addition, the VIEs hold leases and other assets necessary to operate the Group's schools, employ teachers and generate substantially all of the Group's revenues. Despite the lack of technical majority ownership, the Company has effective control of the VIE through a series of contractual arrangements (the "Contractual Agreements") and a parent-subsidiary relationship exists between the Company and the VIE. The equity interests of the VIE are legally held by PRC individuals (the "Nominee Shareholders"). Through the Contractual Agreements, the nominee shareholders of the VIE effectively assign all their voting rights underlying their equity interests in the VIE to the Company, and therefore, the Company has the power to direct the activities of the VIE that most significantly impact its economic performance. The Company also has the right to receive economic benefits from the VIE that potentially could be significant to the VIE. Based on the above, the Company consolidates the VIE in accordance with SEC Regulation SX-3A-02 and ASC810-10, Consolidation: Overall.

The following is a summary of the Contractual Agreements:

Proxy Agreement. Pursuant to the Proxy Agreement signed between the respective Nominee Shareholders and the WFOE, the Nominee Shareholders agreed to entrust to the WFOE an irrevocable proxy to exercise all of their voting rights as shareholders of the VIE and approve on behalf of the Nominee Shareholders, all related legal documents pertinent to the exercise of their rights in their capacity as the shareholders of the VIE. The WFOE is also entitled to transfer or assign its voting rights to any other person or entity at its own discretion and without giving prior notice to the Nominee Shareholders or obtaining their consent. The Proxy Agreement remains valid for as long as at least one of the Nominee Shareholders remains a shareholder of the VIE.

The VIE arrangements (Continued)

Loan Agreements. Pursuant to the Loan Agreements between the respective Nominee Shareholders and the WFOE, the WFOE granted interest-free loans to the Nominee Shareholders to acquire all the equity interests from the VIE's predecessor shareholders as part of the Acquisition. The loan has a term of ten years and the WFOE has the sole discretion to extend the loan. The Nominee Shareholders are not allowed to repay the loan in advance of the maturity date without the WFOE's prior written consent. The timing of the repayment is at the sole discretion of the WFOE and the repayment shall be in the form of transferring the VIE's equity interest to the WFOE or its designees unless the Nominee Shareholders are in breach of the agreement, in which the WFOE can request immediate repayment of the loans.

Call Option Agreement. Pursuant to the Call Option Agreement entered into between the Nominee Shareholders, the VIE and the WFOE, the Nominee Shareholders granted to the WFOE or its designees (i) an exclusive option to purchase, when and to the extent permitted under PRC laws, all or part of all equity interests in the VIE and (ii) an exclusive right to cause the Nominee Shareholders to transfer their equity interest in the VIE to the WFOE or any designated party. The WFOE has the sole discretion when to exercise the option, whether in part or full. The exercise price of the option to purchase all or part of the equity interests in the VIE will be the minimum amount of consideration permitted by the applicable PRC laws. Any proceeds received by the Nominee Shareholders from the exercise of the option exceeding the loan amount, distribution of profits or dividends, shall be remitted to the WFOE, to the extent permitted under PRC laws. The Call Option Agreement will remain in effect until all the equity interests held by the VIE are transferred to the WFOE or its designated party. The WFOE may terminate the Call Option Agreement at their sole discretion, whereas under no circumstances may the VIE or its Nominee Shareholders terminate in accordance with the agreement.

Business Cooperation Agreement. Pursuant to the Business Cooperation Agreement entered into among the WFOE, the VIE and the Nominee Shareholders must appoint candidates designated by the WFOE as the VIE's board of directors and senior executives of the VIEs. In addition, without the prior written consent of WFOE, the VIE and Nominee Shareholders cannot carry out the following activities: (i) increase or decrease the registered capital of the VIEs; (ii) sell or dispose any assets or rights except in the ordinary course of business; (iii) open any new school; (iv) appoint or remove any management director, supervisor or senior executive; (v) enter into any transaction with its shareholders, directors or senior management; (vi) distribute any profits or other payments to its shareholders; (vii) amend its articles of association; (viii) provide any loans to any third parties; (ix) provide security or any other guarantee, (x) pledge or other rights and interests on any of its assets to third parties; or (xi) engage in any transaction that may materially affect their assets, obligations, rights or operations. The agreement has an initial term of ten years, which will be automatically extended for a successive ten year term upon expiration. Neither the VIE nor the Nominee Shareholders may unilaterally terminate this agreement. In June 2017, the agreement was supplemented such that the WFOE has the right to determine and adjust any service fees charged to the VIE at its sole discretion, effective from January 1, 2014.

Equity Pledge Agreement. Pursuant to the Equity Pledge Agreement entered into among the WFOE, the Nominee Shareholders and the VIE, the Nominee Shareholders pledged all of their equity interests in the VIE to the WFOE as collateral to secure their obligations under the above agreements. The Nominee Shareholders further undertake that they will remit any distributions in connection with such shareholder's equity interests in the VIE to the WFOE, to the extent permitted by PRC laws. If the VIE or any of its Nominee Shareholders

breach any of their respective contractual obligations under the above agreements, the WFOE, as the pledgee, will be entitled to certain rights, including the right to sell, transfer or dispose of the pledged equity interest. The Nominee Shareholders of the VIE agree not to create any encumbrance on or otherwise transfer or dispose of their respective equity interest in the VIE, without the prior consent of the WFOE. The Equity Pledge Agreement will be valid until the VIE and their respective shareholders fulfill all the contractual obligations under the above agreements in full and the pledged equity interests have been transferred to the WFOE and/or its designees.

Consulting Services Agreements. Rise HK has entered into Consulting Services Agreements with the WFOE and the VIE, respectively, under which Rise HK provides certain technical and business support services. In return, the WFOE and the VIE agree to pay service fees to Rise HK. The initial term of these agreements is five years, which can be automatically renewed for another five years, unless one party notifies the other party in writing of its intention not to renew within 30 days of expiration.

Service agreement. Pursuant to the Service Agreement, WFOE provides certain services to the VIE, including design of teaching plans, courseware development services and licensed use of the WFOE's business management system. In return, the VIE agrees to pay service fees to the WFOE. The initial term of the agreement is five years, which can be automatically renewed for another five years, unless terminated through mutual agreement of the parties. Neither the VIE nor the Nominee Shareholders may unilaterally terminate the agreement.

Comprehensive Services Agreements. Pursuant to Comprehensive Services Agreements entered into between the WFOE and each of the schools, the WFOE provides certain services to the schools, including design of teaching plans, courseware development services, licensed use of the WFOE's business management system and marketing and operating support services. In return, the schools agreed to pay service fees to WFOE as stipulated in the respective agreements. The initial term of each of these agreements is five years, which can be automatically renewed for another five years, unless terminated through mutual agreement of the parties.

License Agreements. Pursuant to the License Agreements entered into by the WFOE and the schools, the WFOE has licensed trademarks, courseware and other materials for their use in the PRC for an initial term of five years, which will be automatically extended for a successive five years upon expiration. The schools are required to pay royalties to the WFOE, which may be adjusted at the WFOE's sole discretion.

Spousal Consent Letters. Pursuant to the executed spousal consent letters, the spouses of the Nominee Shareholders of the VIE acknowledged that certain equity interests in the VIE held by and registered in the name of his or her spouse will be disposed pursuant to relevant arrangements under the Proxy Agreement, the Loan Agreement, the Call Option Agreement and the Equity Pledge Agreement. These spouses undertake not to take any action to interfere with the disposition of such equity interests, including, without limitation, claiming that such equity interests constitute communal marital property.

1. ORGANIZATION AND BASIS OF PRESENTATION (Continued)

The VIE arrangements (Continued)

In November 2016, certain Contractual Agreements were supplemented to reflect a change in one of the Nominee Shareholders designated by Rise HK, and it was resolved that Rise HK through the WFOE held the irrevocable proxy to exercise all the voting rights of the shareholders of the VIE since the Proxy Agreement was in existence. As a result, Rise HK has the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and is the primary beneficiary of the VIE.

In June 2017, certain Contractual Arrangements were supplemented to reflect a change in one of the Nominee Shareholders designated by Rise HK.

Based on the opinion of the Company's PRC legal counsel, (i) the ownership structure of the Group, including its subsidiaries in the PRC and VIEs are in compliance with all existing PRC laws and regulations; and (ii) each of the Contractual Agreements among Rise HK, the WFOE, the VIEs and the Nominee Shareholders governed by PRC laws, are legal, valid and binding, enforceable against such parties, and will not result in any violation of PRC laws or regulations currently in effect.

However, uncertainties in the PRC legal system could cause the relevant regulatory authorities to find the current Contractual Agreements and businesses to be in violation of any existing or future PRC laws or regulations. If the Company, Rise HK, the WFOE or any of its current or future VIEs are found in violation of any existing or future laws or regulations, or fail to obtain or maintain any of the required permits or approvals, the relevant PRC regulatory authorities would have broad discretion in dealing with such violations, which may include, but not limited to, revocation of business and operating licenses, being required to discontinue or restrict its business operations, restriction of the Group's right to collect revenues, being required to restructure its operations, imposition of additional conditions or requirements with which the Group may not be able to comply, or other regulatory or enforcement actions against the Group that could be harmful to its business. The imposition of any of these or other penalties may result in a material and adverse effect on the Group's ability to conduct its business. In addition, if the imposition of any of these penalties causes the Company to lose the rights to direct the activities of the VIEs or the right to receive their economic benefits, the Company would no longer be able to consolidate the VIEs.

1. ORGANIZATION AND BASIS OF PRESENTATION (Continued)

The revenue-producing assets that are held by the VIEs comprise of property and equipment, student base and franchise agreements. The VIEs contributed an aggregate of 97%, 95% and 95% of the consolidated revenues for the years ended December 31, 2014, 2015 and 2016, respectively, after elimination of inter-company transactions.

As of December 31, 2016, there was no pledge or collateralization of the VIEs' assets that can only be used to settle obligations of the VIEs. Other than the amounts due to subsidiaries of the Group (which are eliminated upon consolidation), all remaining liabilities of the VIEs are without recourse to the Company. The Company did not provide nor intend to provide financial or other support not previously contractually required to the VIEs during the years presented.

Relevant PRC laws and regulations restrict the VIEs from transferring a portion of its net assets, equivalent to the balance of its paid-in capital and statutory reserves, to the Company in the form of loans and advances or cash dividends. Please refer to Note 13 for disclosure of restricted net assets.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The consolidated financial statements of the Group have been prepared in accordance with the accounting principles generally accepted in the United States of America ("US GAAP").

Principles of consolidation

The consolidated financial statements include the financial statements of the Company, its subsidiaries, and the VIEs. All significant inter-company transactions and balances between the Company, its subsidiaries and the VIEs have been eliminated upon consolidation. Results of subsidiaries, businesses acquired from third parties and the VIEs are consolidated from the date on which control is obtained by the Company.

Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses in the consolidated financial statements and accompanying notes. Significant accounting estimates reflected in the Group's consolidated financial statements include valuation allowance for deferred tax assets, uncertain tax positions, economic lives and impairment of long-lived assets, impairment of goodwill, estimating the best estimate of selling price for each deliverable in the Group's revenue arrangements, and share-based compensation. Actual results could differ from those estimates.

Convenience translation

Amounts in U.S. dollars are presented for the convenience of the reader and are translated at the noon buying rate of RMB6.7793 per US\$1.00 on June 30, 2017 in the City of New York for cable transfers of RMB as certified for customs purposes by the Federal Reserve Bank of New York. No representation is made that the RMB amounts could have been, or could be, converted into US\$ at such rate.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreign currency

The functional currency of the Company and its non-PRC subsidiaries is the United States Dollars ("US\$"). The Company's PRC subsidiaries and the VIEs determined their functional currency to be Renminbi (the "RMB"). The Group uses the RMB as its reporting currency.

Each entity in the Group maintains its financial records in its own functional currency. Transactions denominated in foreign currencies are measured at the exchange rates prevailing on the transaction dates. Monetary assets and liabilities denominated in foreign currencies are remeasured at the exchange rates prevailing at the balance sheet date. Non-monetary items that are measured in terms of historical cost in foreign currency are remeasured using the exchange rates at the dates of the initial transactions. Exchange gains and losses are included in the consolidated statements of (loss)/income.

The Company uses the average exchange rate for the year and the exchange rate at the balance sheet date to translate the operating results and financial position, respectively. Translation differences are recorded in accumulated other comprehensive (loss)/income, a component of shareholders' equity.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and highly liquid investments which are unrestricted as to withdrawal or use, and which have original maturities of three months or less when purchased.

Restricted cash

Restricted cash primarily represents deposits held in a designated bank account as security for the interest payments on the Group's long-term loan; and deposits restricted as to withdrawal or use under government regulations.

Short-term investments

The Group's short-term investments comprise primarily of cash deposits at floating rates based on daily bank deposit rates with original maturities ranging from over three months to six months.

Inventories

Inventories are finished goods and mainly comprised of textbooks and other educational study tools ("course materials"). Course materials are stated at the lower of cost or market. Cost is determined using the weighted average cost method. As of December 31, 2015 and 2016, the Group did not have any provision for inventories.

Property and equipment

Property and equipment is stated at cost less accumulated depreciation and impairment. Depreciation is calculated on a straight line basis over the following estimated useful lives:

Electronic equipment	3 years
Furniture	5 years
Vehicles	4 years
Leasehold improvements	Shorter of the lease term or estimated useful life

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and equipment (Continued)

Repair and maintenance costs are charged to expense as incurred, whereas the cost of renewals and betterments that extend the useful lives of property and equipment are capitalized as additions to the related assets. Retirements, sales and disposals of assets are recorded by removing the cost and accumulated depreciation from the asset and accumulated depreciation accounts with any resulting gain or loss reflected in the consolidated statements of (loss)/income.

Direct costs that are related to the construction of property and equipment, and incurred in connection with bringing the assets to their intended use are capitalized as construction in progress. Construction in progress is transferred to specific property and equipment, and the depreciation of these assets commences when the assets are ready for their intended use. As of December 31, 2015 and 2016, the balances of construction in progress were RMB682 and nil, respectively, which were related to the construction of leasehold improvements for the Group's schools.

Segment reporting

In accordance with ASC 280, Segment Reporting, operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker ("CODM"), or decision making group, in deciding how to allocate resources and in assessing performance. The Group has only one reportable segment since the Group does not distinguish revenues, costs and expenses by operating segments in its internal reporting, and reports costs and expenses by nature as a whole. The Group's CODM, who has been identified as the Board of Directors, reviews the consolidated results when making decisions about allocating resources and assessing performance of the Group as a whole. The Group does not distinguish among markets or segments for the purpose of internal reports. All of the Group's revenues for the years ended December 31, 2014, 2015 and 2016 were generated from the PRC. As of December 31, 2015 and 2016, a majority of the long-lived assets of the Group are located in the PRC, and therefore, no geographical segments are presented.

Non-controlling interests

For certain subsidiaries of the VIE, a non-controlling interest is recognized to reflect the portion of their equity which is not attributable, directly or indirectly, to the Group. Consolidated net (loss)/income on the consolidated statements of (loss)/income includes the net loss attributable to non-controlling interests. The cumulative results of operations attributable to non-controlling interests are recorded as non-controlling interests in the Group's consolidated balance sheets.

Goodwill

The Group assesses goodwill for impairment in accordance with ASC 350-20, *Intangibles—Goodwill and Other: Goodwill* ("ASC 350-20"), which requires that goodwill be tested for impairment at the reporting unit level at least annually and more frequently upon the occurrence of certain events, as defined by ASC 350-20.

There was only one reporting unit (that also represented the operating segment) as of December 31, 2015 and 2016, respectively. Goodwill was allocated to the one reporting unit as of December 31, 2015 and 2016,

Goodwill (Continued)

respectively (Note 8). The Group has the option to assess qualitative factors first to determine whether it is necessary to perform the two-step test in accordance with ASC 350-20. If the Group believes, as a result of the qualitative assessment, that it is more-likely-than-not that the fair value of the reporting unit is less than its carrying amount, the two-step quantitative impairment test described above is required. Otherwise, no further testing is required. In the qualitative assessment, the Group considers primary factors such as industry and market considerations, overall financial performance of the reporting unit, and other specific information related to the operations.

In performing the two-step quantitative impairment test, the first step compares the carrying amount of the reporting unit to the fair value of the reporting unit based on either quoted market prices of the ordinary shares or estimated fair value using a combination of the income approach and the market approach. If the fair value of the reporting unit exceeds the carrying value of the reporting unit, goodwill is not impaired and the Group is not required to perform further testing. If the carrying value of the reporting unit exceeds the fair value of the reporting unit, then the Group must perform the second step of the impairment test in order to determine the implied fair value of the reporting unit is allocated to its assets and liabilities in a manner similar to a purchase price allocation in order to determine the implied fair value of the reporting unit goodwill. If the carrying amount of the goodwill is greater than its implied fair value, the excess is recognized as an impairment loss.

Intangible assets

Intangible assets with finite lives are carried at cost less accumulated amortization. Amortization of finite-lived intangible assets except for student base is computed using the straight-line method over the estimated useful lives. Student base is amortized using an accelerated pattern based on the estimated student attrition rate of the acquired schools. The estimated useful lives of intangible assets from the date of purchase are as follows:

Category	Estimated Useful Life
Courseware license	15 years
Franchise agreements	2.5 years
Student base	3-5 years
Trademarks	15 years
Purchased software	3-5 years
Teaching course materials	10 years

Impairment of long-lived assets other than goodwill

The Group evaluates its long-lived assets, including fixed assets and intangible assets with finite lives, for impairment whenever events or changes in circumstances, such as a significant adverse change to market conditions that will impact the future use of the assets, indicate that the carrying amount of an asset may not be fully recoverable. When these events occur, the Group evaluates the recoverability of long-lived assets by comparing the carrying amount of the assets to the future undiscounted cash flows expected to result from the use of the assets and their eventual disposition. If the sum of the expected undiscounted cash flows is less than the carrying amount of the assets, the Group recognizes an impairment loss based on the excess of the carrying

amount of the assets over their fair value. Fair value is generally determined by discounting the cash flows expected to be generated by the assets, when the market prices are not readily available. For all periods presented, there was no impairment of any of the Company's long-lived assets.

Fair value of financial instruments

Financial instruments include cash and cash equivalents, short-term investments, restricted cash, certain other current assets, accounts payable, long-term loan, customer advances, and certain other current liabilities. The carrying amounts of these financial instruments, except for the long-term loan, approximate their fair values because of their short-term maturities. The carrying amount of the long-term loan approximates its fair value due to the fact that the related interest rate approximates the interest rates currently offered by financial institutions for similar debt instruments of comparable maturities.

Revenue recognition

Revenue is recognized when persuasive evidence of an arrangement exists, delivery of the product or service has occurred, the selling price is fixed or determinable and collection is reasonably assured. The Group's business is subject to business tax, value added taxes ("VAT") and tax surcharges assessed by governmental authorities. Pursuant to ASC 605-45, *Revenue Recognition—Principal Agent Considerations*, the Group elected to present business tax, VAT and tax surcharges as a reduction of revenues on the consolidated statements of (loss)/income. Payments received before all of the relevant criteria for revenue recognition are satisfied are included in "deferred revenue and customer advances".

The primary sources of the Group's revenues are as follows:

(a) Educational programs

Educational programs include English courses and related course materials. In accordance with ASC subtopic 605-25, *Revenue Recognition: Multiple-Deliverable Revenue Arrangements* ("ASC 605-25"), the Group evaluates all the deliverables in the arrangement to determine whether they represent separate units of accounting. For the arrangements with deliverables to be considered a separate unit of accounting, the Group allocates the total consideration of the arrangement based on their relative selling price, with the selling price of each deliverable determined using vendor-specific objective evidence of selling price, or VSOE, third-party evidence or TPE of selling price, or management's best estimate of the selling price, or BESP, and recognizes revenue as each deliverable is provided. In determining its BESP for each deliverable, the Group considered its overall pricing model and objectives, as well as market or competitive conditions that may impact the price at which the Group would transact if the deliverable were sold regularly on a standalone basis. The Group monitors the conditions that affect its determination of selling price for each deliverable and reassesses such estimates periodically.

Course fees are collected in full in advance of the commencement of each course and each course comprises of a fixed amount of classes. Course revenue is recognized ratably as the classes for the related course are delivered to the students. Students are allowed to return course materials if they are unused. However, once the student attends the first class of the respective course, course materials cannot be returned. Therefore, the Group recognizes revenue from the sale of course materials when the student attends the first class of the respective course. The amounts recognized for each deliverable is limited to the amount that is not contingent upon the delivery of additional deliverables or meeting other specified performance conditions.

. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue recognition (Continued)

(a) Educational programs (Continued)

According to local education bureau regulations, depending on a school's location and the amount of classes remaining for a course, the Group may be required to refund course fees for any remaining undelivered classes to students who withdraw from a course. The refund is recorded as a reduction of the related course fees received in advance and has no impact on recognized revenue. Refunds on recognized revenue were insignificant for all periods presented.

The Group may issue promotional coupons to attract enrollment for its courses. The promotional coupons are not issued in conjunction with a concurrent revenue transaction and are for a fixed RMB amount that can only be redeemed to reduce the amount of the tuition fees for future courses. The promotional coupons are accounted for as a reduction of revenue when the corresponding revenue is recognized in accordance with ASC 605-50-45-2.

(b) Franchise revenues

Franchise revenues includes non-refundable initial franchise fees, which are recognized by the Group as revenue when substantially all services or conditions relating to the initial franchise fee have been performed, which is generally when a franchisee commences its operations under the RISE brand. The services to be performed under the franchise agreements to earn the initial franchise fees comprise of (i) authorizing franchisees to use the RISE brand and the Group's courseware, and (ii) initial setup services, including assisting with site selection and marketing strategy, training of franchisee management and teachers. The Group's franchise agreements do not include guarantees or other forms of financial assistance, refund provisions or options to repurchase franchises from franchisees. Initial franchise fees are deferred and recorded as "deferred revenue and customer advances" until these commitments and obligations have been performed, which is upon the franchisee commencing its operations under the RISE brand. The Group also receives recurring franchise fees from its franchisees, which include a fixed percentage of the franchisees' course fees and proceeds from the sale of related course materials. The recurring franchise fees are recognized as franchise revenue as the fees are earned and realized.

(c) Other revenues

Other revenues comprises mainly of the provision of overseas study tours. The Group bears the risks and rewards, including customer acceptance of the services and has the right to unilaterally determine and change the study tour itinerary. The Group also sets the study tour prices charged to customers and independently selects travel service suppliers. Therefore, the Group is the primary obligor of the study tour service arrangement and recognizes revenue on a gross basis. Revenue from study tour services is recognized once the organized tour is completed in its entirety.

Advertising expenditures

Advertising costs are expensed when incurred and are included in selling expenses in the consolidated statements of (loss)/income. For the years ended December 31, 2014, 2015 and 2016, advertising expenses were approximately RMB32,982, RMB39,397 and RMB63,734 (US\$9,401), respectively.

Leases

Leases are classified at the inception date as either a capital lease or an operating lease. A lease is a capital lease if any of the following conditions exists: a) ownership is transferred to the lessee by the end of the lease term, b) there is a bargain purchase option, c) the lease term is at least 75% of the property's estimated remaining economic life or d) the present value of the minimum lease payments at the beginning of the lease term is 90% or more of the fair value of the leased property to the lessor at the inception date. A capital lease is accounted for as if there was an acquisition of an asset and an incurrence of an obligation at the inception of the lease. All other leases are accounted for as operating leases wherein rental payments are expensed on a straight-line basis over their respective lease term. The Group leases certain office facilities under non-cancelable operating leases. Certain lease agreements contain rent holidays. Rent holidays are considered in determining the straight-line rent expense to be recorded over the lease term.

(Loss)/income per share

In accordance with ASC 260, *Earnings Per Share*, basic (loss)/income per share is computed by dividing net (loss)/income attributable to the Company by the weighted average number of ordinary shares outstanding during the period. Diluted (loss)/income per share is calculated by dividing net (loss)/income attributable to the Company as adjusted for the effect of dilutive ordinary equivalent shares, if any, by the weighted average number of ordinary and dilutive ordinary equivalent shares outstanding during the period. Share options with market conditions, performance conditions, or any combination thereof, are considered contingently issuable shares and are included in the computation of diluted (loss)/income per share to the extent that market and performance conditions are met such that the share options are exercisable at the end of the reporting period, assuming it was the end of the contingency period. Ordinary equivalent shares consist of the ordinary shares issuable upon the conversion of the share options, using the treasury stock method. Ordinary equivalent shares are excluded from the computation of diluted per share if their effects would be anti-dilutive.

Share-based compensation

The Group applies ASC 718, *Compensation* — *Stock Compensation* ("ASC 718"), to account for its employee share-based payments. In accordance with ASC 718, the Group determines whether an award should be classified and accounted for as a liability award or an equity award. All the Group's share-based awards to employees were classified as equity awards.

In accordance with ASC 718, the Group recognizes share-based compensation cost for equity awards to employees with a performance condition based on the probable outcome of that performance condition — compensation cost is recognized if it is probable that the performance condition will be achieved and shall not be recognized if it is not probable that the performance condition will be achieved.

In accordance with ASC 718, the effect of a market condition is reflected in the grant-date fair value of the granted equity awards. The Group recognizes share-based compensation cost for equity awards with a market condition provided that the requisite service is rendered, regardless of when, if ever, the market condition is satisfied.

A change in any of the terms or conditions of the awards is accounted for as a modification of the award. When the vesting conditions (or other terms) of the equity awards granted to employees are modified, the Group

first determines on the modification date whether the original vesting conditions were expected to be satisfied, regardless of the entity's policy election for accounting for forfeitures. If the original vesting conditions are not expected to be satisfied, the grant-date fair value of the original equity awards are ignored and the fair value of the equity award measured at the modification date is recognized if the modified award ultimately vests.

The Group uses the accelerated method for all awards granted with graded vesting service conditions, and the straight-line method for awards granted with non-graded vesting service conditions. The Group early adopted Accounting Standard Update ("ASU") ASU 2016-09—Compensation—Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting on January 1, 2014 and elected to account for forfeitures as they occur. The adoption of this guidance had no impact as no share-based compensation expense was recognized during the periods presented. The Group, with the assistance of an independent third party valuation firm, determined the fair value of the stock options granted to employees. The binomial option pricing model was applied in determining the estimated fair value of the options granted to employees.

Income taxes

The Group follows the liability method of accounting for income taxes in accordance with ASC 740, *Income Taxes* ("ASC 740"). Under this method, deferred tax assets and liabilities are determined based on the difference between the financial reporting and tax bases of assets and liabilities using enacted tax rates that will be in effect in the period in which the differences are expected to reverse. The Group records a valuation allowance to offset deferred tax assets if based on the weight of available evidence, it is more-likely-than-not that some portion, or all, of the deferred tax assets will not be realized. The effect on deferred taxes of a change in tax rate is recognized in tax expense in the period that includes the enactment date of the change in tax rate.

The Group accounted for uncertainties in income taxes in accordance with ASC 740. Interest and penalties arising from underpayment of income taxes shall be computed in accordance with the related PRC tax law. The amount of interest expense is computed by applying the applicable statutory rate of interest to the difference between the tax position recognized and the amount previously taken or expected to be taken in a tax return. Interest and penalties recognized in accordance with ASC 740 are classified in the consolidated statements of (loss)/income as income tax expense.

In accordance with the provisions of ASC 740, the Group recognizes in its consolidated financial statements the impact of a tax position if a tax return position or future tax position is "more likely than not" to prevail based on the facts and technical merits of the position. Tax positions that meet the "more likely than not" recognition threshold are measured at the largest amount of tax benefit that has a greater than fifty percent likelihood of being realized upon settlement. The Group's estimated liability for unrecognized tax benefits which is included in "other non-current liabilities" on the consolidated balance sheets is periodically assessed for adequacy and may be affected by changing interpretations of laws, rulings by tax authorities, changes and/or developments with respect to tax audits, and expiration of the statute of limitations. The actual benefits ultimately realized may differ from the Group's estimates. As each audit is concluded, adjustments, if any, are recorded in the Group's consolidated financial statements. Additionally, in future periods, changes in facts, circumstances, and new

information may require the Group to adjust the recognition and measurement estimates with regard to individual tax positions. Changes in recognition and measurement estimates are recognized in the period in which the changes occur.

Government subsidies

Government subsidies primarily consist of financial subsidies received from local governments for operating a business in their jurisdictions and compliance with specific policies promoted by the local governments. There are no defined rules and regulations to govern the criteria necessary for companies to receive such benefits, and the amount of financial subsidy is determined at the discretion of the relevant government authorities. Government subsidies of non-operating nature and with no further conditions to be met are recorded as non-operating income in "Other income, net" of the consolidated statements of (loss)/income when received.

Comprehensive (loss)/income

Comprehensive (loss)/income is defined as the changes in equity of the Group during a period from transactions and other events and circumstances excluding transactions resulting from investments by owners and distributions to owners. Among other disclosures, ASC 220, *Comprehensive Income*, requires that all items that are required to be recognized under current accounting standards as components of comprehensive (loss)/income be reported in a financial statement that is displayed with the same prominence as other financial statements. For each of the periods presented, the Group's comprehensive (loss)/income includes net (loss)/income and foreign currency translation adjustments, and is presented in the consolidated statements of comprehensive (loss)/income.

Employee benefit expenses

All eligible employees of the Group are entitled to staff welfare benefits including medical care, welfare subsidies, unemployment insurance and pension benefits through a PRC government-mandated multi-employer defined contribution plan. The Group is required to accrue for these benefits based on certain percentages of the qualified employees' salaries. The Group is required to make contributions to the plans out of the amounts accrued. The PRC government is responsible for the medical benefits and the pension liability to be paid to these employees and the Group's obligations are limited to the amounts contributed. The Group has no further payment obligations once the contributions have been paid. The Group recorded employee benefit expenses of RMB36,048, RMB46,933 and RMB52,734 (US\$7,779) for the years ended December 31, 2014, 2015 and 2016, respectively.

Recent accounting pronouncements

In August 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-14, *Revenue from Contracts with Customers-Deferral* of the effective date ("ASU 2015-14"). The amendments in ASU 2015-14 defer the effective date of ASU No. 2014-09, *Revenue from Contracts with*

Customers, ("ASU 2014-09"), issued in May 2014. According to the amendments in ASU 2015-14, the new revenue guidance ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2017, including interim reporting periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. In March 2016, the FASB issued ASU No. 2016-08, Revenue from Contracts with Customers—Principal versus Agent Considerations ("ASU 2016-08"), which clarifies the implementation guidance on principal versus agent considerations. In April 2016, the FASB issued ASU No. 2016-10, Revenue from Contracts with Customers—Identifying Performance Obligations and Licensing ("ASU 2016-10"), which clarify guidance related to identifying performance obligations and licensing implementation guidance contained in ASU No. 2014-09. In May 2016, the FASB issued ASU No. 2016-12, Revenue from Contracts with Customers—Narrow-Scope Improvements and Practical Expedients ("ASU 2016-12"), which addresses narrow-scope improvements to the guidance on collectability, non-cash consideration, and completed contracts at transition and provides practical expedients for contract modifications at transition and an accounting policy election related to the presentation of sales taxes and other similar taxes collected from customers. The effective date for the amendment in ASU 2016-08, ASU 2016-10 and ASU 2016-12 are the same as the effective date of ASU No. 2014-09. The Group is currently evaluating the available adoption methods and in the process of evaluating its revenue arrangements to determine the impact of the adoption of these ASUs on its consolidated financial statements, if any.

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842) ("ASU 2016-02"). ASU 2016-02 modifies existing guidance for off-balance sheet treatment of a lessees' operating leases by requiring lessees to recognize lease assets and lease liabilities. Under ASU 2016-02, lessor accounting is largely unchanged. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. The Group is evaluating this guidance and the impact to the Group, as both lessor and lessee, on the consolidated financial statements.

In March 2016, the FASB issued ASU 2016-07, *Investments—Equity Method and Joint Ventures: Simplifying the Transition to the Equity Method of Accounting* ("ASU 2016-07"). ASU 2016-07 eliminates the requirement to apply the equity method of accounting retrospectively when a reporting entity obtains significant influence over a previously held investment. ASU 2016-07 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016. Early adoption is permitted. The adoption of ASU 2016-07 on January 1, 2017 is not expected to have a material effect on the Group's consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230), Classification of Certain Cash Receipts and Cash Payments ("ASU 2016-15"). ASU 2016-15 reduces the existing diversity in practice in financial reporting across all industries by clarifying certain existing principles in ASC 230, Statement of Cash Flows, ("ASC 230") including providing additional guidance on how and what an entity should consider in determining the classification of certain cash flows. In addition, in November 2016, the FASB issued ASU 2016-18, Statement of Cash Flows (Topic 230), Restricted Cash ("ASU 2016-18"). ASU 2016-18 clarifies certain existing principles in ASC 230, including providing additional guidance related to transfers between cash and restricted cash and how entities present, in their statement of cash flows, the cash receipts and cash payments

that directly affect the restricted cash accounts. These ASUs will be effective for the Group's fiscal year beginning January 1, 2018 and subsequent interim periods. Early adoption is permitted. The adoption of ASU 2016-15 and ASU 2016-18 will modify the Group's current disclosures and classifications within the consolidated statement of cash flows but they are not expected to have a material effect on the Group's consolidated financial statements.

In October 2016, the FASB issued ASU No. 2016-16, Income Taxes (Topic 740): *Intra-Entity Transfers of Assets Other Than Inventory*. Under the new standard, the selling (transferring) entity is required to recognize a current tax expense or benefit upon transfer of the asset. Similarly, the purchasing (receiving) entity is required to recognize a deferred tax asset or liability, as well as the related deferred tax benefit or expense, upon purchase or receipt of the asset. This pronouncement is effective for reporting periods beginning after December 15, 2017, with early adoption permitted. The Group is still evaluating the effect that this guidance will have on the consolidated financial statements and related disclosures.

In January 2017, the FASB issued ASU No. 2017-01, *Business Combinations (Topic 805): Clarifying Definition of a Business* ("ASU 2017-01"). ASU 2017-01 clarifies the framework for determining whether an integrated set of assets and activities meets the definition of a business. The revised framework establishes a screen for determining whether an integrated set of assets and activities is a business and narrows the definition of a business, which is expected to result in fewer transactions being accounted for as business combinations. Acquisitions of integrated sets of assets and activities that do not meet the definition of a business are accounted for as asset acquisitions. This update is effective for fiscal years, and for interim periods within those fiscal years, beginning after December 15, 2017, with early adoption permitted for transactions that have not been reported in previously issued (or available to be issued) financial statements. The Group does not believe this standard will have a material impact on the results of operations or financial condition.

In January 2017, the FASB issued ASU 2017-04, *Simplifying the Test for Goodwill Impairment* ("ASU 2017-04"), which simplifies the accounting for goodwill impairment by eliminating Step two from the goodwill impairment test. If the carrying amount of a reporting unit exceeds its fair value, an impairment loss shall be recognized in an amount equal to that excess, versus determining an implied fair value in Step two to measure the impairment loss. The guidance is effective for annual and interim impairment tests performed in periods beginning after December 15, 2019. Early adoption is permitted for all entities for annual and interim goodwill impairment testing dates on or after January 1, 2017. The guidance should be applied on a prospective basis. The Group is still evaluating the effect that this guidance will have on the consolidated financial statements and related disclosures.

3. CONCENTRATION OF RISKS

Business, customer, political, social and economic risks

The Group participates in a dynamic industry and believes that changes in any of the following areas could have a material adverse effect on the Group's future financial position, results of operations or cash flows: changes in the overall demand for services; competitive pressures due to new entrants; advances and new trends

in new technologies and industry standards; changes in certain strategic relationships or customer relationships; regulatory considerations; and risks associated with the Group's ability to attract and retain employees necessary to support its growth. The Group's operations could be also adversely affected by significant political, economic and social uncertainties in the PRC. No single customer or supplier accounted for more than 10% of revenue or costs of revenues for the years ended December 31, 2014, 2015 and 2016.

Concentration of credit risk

Financial instruments that potentially subject the Company to significant concentration of credit risk consist primarily of cash and cash equivalents, short-term investments, and restricted cash. As of December 31, 2016, substantially all of the Group's cash and cash equivalents, short-term investments and restricted cash were deposited with financial institutions with high-credit ratings and quality.

Interest rate risk

The Group is exposed to interest rate risk related to its outstanding long-term loan (Note 10). The interest rate of the long-term loan was mainly based on the three month London Interbank Offered Rate and a pre-determined margin. A hypothetical 1% increase or decrease in annual interest rates would increase or decrease interest expense by approximately RMB1,151 (US\$170) per year based on the Group's debt level at December 31, 2016.

Foreign currency exchange rate risk

From July 21, 2005, the RMB is permitted to fluctuate within a narrow and managed band against a basket of certain foreign currencies. For RMB against U.S. dollar, there was depreciation of approximately 0.4%, 5.8% and 6.4% during the years ended December 31, 2014, 2015 and 2016. It is difficult to predict how market forces or PRC or U.S. government policy may impact the exchange rate between the RMB and the U.S. dollar in the future.

To the extent that the Company needs to convert U.S. dollar into RMB for capital expenditures and working capital and other business purposes, appreciation of RMB against U.S. dollar would have an adverse effect on the RMB amount the Company would receive from the conversion. Conversely, if the Company decides to convert RMB into U.S. dollar for the purpose of making payments for dividends on ordinary shares, strategic acquisitions or investments or other business purposes, appreciation of U.S. dollar against RMB would have a negative effect on the U.S. dollar amount available to the Company. In addition, a significant depreciation of the RMB against the U.S. dollar may significantly reduce the U.S. dollar equivalent of the Company's earnings or losses.

Currency convertibility risk

The Group transacts all of its business in RMB, which is not freely convertible into foreign currencies. On January 1, 1994, the PRC government abolished the dual rate system and introduced a single rate of exchange as

quoted daily by the People's Bank of China (the "PBOC"). However, the unification of the exchange rates does not imply that the RMB may be readily convertible into United States dollars or other foreign currencies. All foreign exchange transactions continue to take place either through the PBOC or other banks authorized to buy and sell foreign currencies at the exchange rates quoted by the PBOC. Approval of foreign currency payments by the PBOC or other institutions requires submitting a payment application form together with suppliers' invoices, shipping documents and signed contracts. The Group's cash and cash equivalents, and restricted cash denominated in RMB amounted to RMB583,844 (US\$86,122) as of December 31, 2016.

The Group's goodwill is mainly attributable to the Acquisition in 2013. Goodwill is not tax deductible.

For the year ended December 31, 2014, the Group performed a quantitative assessment for its reporting unit by estimating the fair value of the reporting unit based on an income approach. The fair value of the reporting unit exceeded its respective carrying value and therefore, goodwill related to the reporting unit was not impaired. For the years ended December 31, 2015 and 2016, respectively, the Group performed a qualitative assessment based on the requirements of ASC 350-20. The Group evaluated all relevant factors, weighed all factors in their entirety and concluded that it was not more-likely-than-not that the fair value of the reporting unit was less than its respective carrying amount. Therefore, further impairment testing on goodwill was unnecessary as of December 31, 2015 and 2016, respectively.

In July 2016, the Company entered into a loan facility agreement, pursuant to which the Company is entitled to draw down up to US\$55,000. The maturity date of the loan facility is five years from the drawdown date. The arrangement fee of US\$1,705 (equivalent to RMB11,559) incurred for the loan facilities was offset against loan liability and accounted for under the effective interest rate method. As of December 31, 2016, the Group has drawn down the facility in full and no principal was repaid. The amount repayable within twelve months was reclassified to current liabilities. The interest rate for the outstanding loan as of December 31, 2016, was approximately 4.35%.

Management assessed no breach of its loan covenants for the year ended December 31, 2016. The loan facility is guaranteed by Rise IP, Rise HK, the WFOE and VIE. Further, the ordinary shares of certain subsidiaries of the Group were pledged as collateral for the loan facility. In addition, the Group maintained deposits held in a designated bank account as security for interest payments amounting to US\$1,596 (equivalent to RMB10,820) as of December 31, 2016.

The Group operates through several subsidiaries and the VIEs and the valuation allowance is considered for each of the subsidiaries and the VIEs on an individual basis. The Group recorded a valuation allowance against deferred tax assets of those subsidiaries and the VIEs that are in a cumulative loss as of December 31, 2015 and 2016. In making such determination, the Group evaluates a variety of factors including the Group's operating history, accumulated deficit, existence of taxable temporary differences and reversal periods.

As of December 31, 2015, the Group's WFOE and the VIEs was in an accumulated deficit position. As of December 31, 2016, the Group had undistributed earnings from the WFOE of approximately RMB31,736 (US\$4,681) and the Company accrued deferred income tax liabilities of RMB3,174 (US\$468) for the associated withholding tax liability. The VIEs were in an accumulated deficit position as of December 31, 2016.

As of December 31, 2016, the Group had taxable losses of RMB130,404 (US\$19,236) derived from entities in the PRC, which can be carried forward per tax regulation to offset future net profit for income tax purposes. The PRC taxable loss will expire from 2017 to 2022 if not utilized.

As of December 31, 2015 and 2016, the Group had unrecognized tax benefits of RMB8,843 and RMB9,124 (US\$1,346), of which RMB1,069 and RMB932 (US\$138) were offset against the deferred tax assets on tax losses carry forward, and the remaining amount of RMB7,774 and RMB8,192 (US\$1,208) which if ultimately

recognized, would impact the effective tax rate. The Group planned to settle unrecognized tax benefits of RMB6,951 (US\$1,025) in cash in the next 12 months as of December 31, 2016. Accordingly, such amount was classified as income taxes payable. It is possible that the amount of unrecognized benefits will further change in the next 12 months; however, an estimate of the range of the possible change cannot be made at this moment. A reconciliation of the beginning and ending amount of unrecognized tax benefit is as follows:

	2015	2016	2016
	RMB	RMB	US\$
Balance at January 1,	5,251	8,843	1,304
Additions based on tax positions related to current year	3,592	281	41
Balance at December 31,	8,843	9,124	1,345

The Group recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expenses. For the years ended December 31, 2014, 2015 and 2016, the Group recognized approximately RMB154, RMB279 and RMB573 (US\$85) in interest, respectively, and RMB314, RMB275, and nil in penalties, respectively. The Group had approximately RMB1,093 and RMB1,666 (US\$246) in accrued interest and penalties recorded in other non-current liabilities as of December 31, 2015 and 2016, respectively. The Group planned to settle interest and penalty of RMB574 (US\$85) in cash in the next 12 months as of December 31, 2016. Accordingly, such amount was classified as income taxes payable.

As of December 31, 2016, the tax years ended December 31, 2011 through 2016 for the WFOE and the VIEs remain open to examination by the PRC tax authorities.

13. RESTRICTED NET ASSETS

Prior to payment of dividends, pursuant to the laws applicable to the PRC's foreign investment enterprises, the VIE and the VIE's subsidiaries must make appropriations from after-tax profit to non-distributable reserve funds as determined by the board of directors of each company. These reserves include (i) general reserve and (ii) the development fund.

Subject to certain cumulative limits, the general reserve requires annual appropriations of 10% of after-tax income as determined under PRC laws and regulations at each year-end until the balance reaches 50% of the PRC entity registered capital; the other reserve appropriations are at the Company's discretion. These reserves can only be used for specific purposes of enterprise expansion and are not distributable as cash dividends. During the years ended December 31, 2015 and 2016, the Group's appropriations to the general reserve amounted to nil and RMB3,526 (US\$520), respectively.

PRC laws and regulations require private schools that require reasonable returns to make annual appropriations of no less than 25% of after-tax income prior to payments of dividend to its development fund, which is to be used for the construction or maintenance of the school or procurement or upgrading of educational equipment. For private schools that do not require reasonable returns, this amount should be equivalent to no less than 25% of the annual increase of net assets of the school as determined in accordance with generally accepted accounting principles in the PRC. During the years ended December 31, 2015 and 2016, the Group's appropriations to the development fund amounted to RMB1,669 and RMB3,115 (US\$459), respectively.

13. RESTRICTED NET ASSETS (Continued)

These reserves are included as statutory reserves in the consolidated statements of changes in shareholders' equity. The statutory reserves cannot be transferred to the Company in the form of loans or advances and are not distributable as cash dividends except in the event of liquidation.

Relevant PRC laws and regulations restrict the WFOE and the VIEs from transferring certain of their net assets to the Company in the form of loans, advances or cash dividends. Amounts restricted include the paid in capital and statutory reserves of the WFOE and the VIEs, totaling approximately RMB212,279 (US\$31,313) as of December 31, 2016.

14. (LOSS)/INCOME PER SHARE

Basic and diluted (loss)/income per share for each of the years presented are calculated as follows:

	For the year ended December 31,				
	2014	2015	2016	2016	
	RMB	RMB	RMB	US\$	
Numerator:					
Net (loss)/income attributable to RISE Education Cayman Ltd—basic and diluted	(65,172)	(26,285)	53,923	7,954

Basic and diluted (loss)/income per share	(0.65)	(0.26)	0.54	0.08	

The outstanding share options are considered contingently issuable shares. As the exercisability event has not occurred (Note 2, Note 15) at the respective reporting dates, the contingently issuable shares, were excluded from the computation of diluted (loss)/income per share for the year ended December 31, 2016. There were no outstanding share options during the years ended December 31, 2014 and 2015, respectively.

15. SHARE-BASED PAYMENTS

In 2016, the Board of Directors approved the Equity Option Plan (the "Plan"), which has a term of 10 years and is administrated by the Board of Directors. Under the Plan, the Company reserved options to its eligible employees, directors and officers of the Group for the purchase of 7,000,000 of the Company's ordinary shares in aggregate (excluding shares which have lapsed or have been forfeited).

In April 2016, the Board of Directors approved option grants to employees for the purchase of 5,985,000 of the Company's ordinary shares. 50% of the options granted will generally vest in four or five equal installments over a service period (the "Service Options") while the remaining 50% of the options will vest in two equal installments of 25% each if a fixed targeted return on the Company's ordinary shares is achieved (the "Market Options"). Both the Service Options and Market Options (collectively, the "Options") are exercisable only upon the occurrence of an IPO or change of control (each or collectively, the "exercisability event"). The exercisability event constitutes a performance condition that is not considered probable until the completion of the IPO or

15. SHARE-BASED PAYMENTS (Continued)

change of control. The Company will not recognize any compensation expense until the exercisability event occurs. Upon the occurrence of the exercisability event, the effect of the change in this estimate will be accounted for in the period of change by cumulative compensation cost recognition as if the new estimate had been applied since the service inception date, with the remaining unrecognized compensation cost amortized over the remaining requisite service period.

Modification of options

In September 2016, the Board of Directors approved the modification of substantially all the Options to require recipients to remain in service with the Company until October 1, 2017, October 1, 2018, October 1, 2019, or October 1, 2020; otherwise the Options (both vested and unvested portions) will be forfeited. As of the modification date, the original performance condition of the Options was not expected to be satisfied, therefore, the modification-date fair value of the Options instead of the original grant-date fair value will be used to measure the modified Options once they ultimately vest.

There were no other modifications to the Company's share option arrangements for the periods presented.

A summary of the equity award activity under the Plan is stated below:

	Number of options	Weighted- average exercise price US\$	Weighted- average grant- date fair value US\$	Weighted- average remaining contractual <u>term</u> Years	Aggregate intrinsic Value US\$
Outstanding, December 31, 2015	_	_	_	_	_
Granted	5,985,000				
Forfeited	_				
Outstanding, December 31, 2016	5,985,000	1.44	N/A	7.91	10,683
Vested and expected to vest at December 31, 2016	5,985,000				
Exercisable at December 31, 2016					

The aggregate intrinsic value in the table above represents the difference between the fair value of the Company's ordinary share as of December 31, 2016 and the option's respective exercise price. Total intrinsic value of options exercised for the years ended December 31, 2015 and 2016 was nil as no options were exercised.

The weighted-average modification-date fair value of the equity awards granted during the year ended December 31, 2016 was US\$1.98 per option. No awards were granted during the years ended December 31, 2014 and 2015, respectively.

No awards were vested and no share-based compensation expense was recorded in respect of the Plan for the year ended December 31, 2016 as the exercisability event has not occurred. As of December 31, 2016, there was US\$11,870 of total unrecognized share-based compensation expenses. Total unrecognized compensation cost may be adjusted for actual forfeitures occurring in the future.

The fair value of Service Options and Market Options were determined using the binomial option valuation model and Monte Carlo simulation model, respectively, with the assistance from an independent third-party

appraiser. The option valuation models required the input of highly subjective assumptions, including the expected share price volatility and the suboptimal early exercise factor. For expected volatilities, the Company has made reference to historical volatilities of several comparable companies. The suboptimal early exercise factor was estimated based on the Company's expectation of exercise behavior of the grantees. The risk-free rate for the period within the contractual life of the Options is based on the market yield of U.S. Treasury Bonds in effect at the time of grant. The estimated fair values of the ordinary shares, at the modification date was determined with the assistance of an independent third-party appraiser. The Company's management is ultimately responsible for the determination of the estimated fair value of its ordinary shares.

The assumptions used to estimate the fair value of the Options granted are as follows:

	2016
Risk-free interest rate	1.92%-2.23%
Expected volatility range	48.1%-50.7%
Suboptimal exercise factor	2.8
Fair value per ordinary share as at valuation date	US\$3.10-\$3.26

In the opinion of management, the accompanying unaudited interim condensed consolidated financial statements contain all normal recurring adjustments necessary to present fairly the financial position, operating results and cash flows of the Company for each of the periods presented. The results of operations for the six months ended June 30, 2017 are not necessarily indicative of results to be expected for any other interim period or for the full year of 2017. The consolidated balance sheet as of December 31, 2016 was derived from the audited consolidated financial statements at that date but does not include all of the disclosures required by U.S. GAAP for annual financial statements. These unaudited interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements for the year ended December 31, 2016.

1. ORGANIZATION AND BASIS OF PRESENTATION (Continued)

The Group's business is affected by seasonality. The Group generally generates higher revenue from the third quarter starting in September when the new school term commences and in the fourth quarter of each year, due to more courses being offered. In addition, higher revenues are generated in the third quarter due to summer overseas study tours organized during the summer school holidays. The Group has historically generated lower revenues in the first quarter due to fewer courses offered during the Chinese New Year season, and is partially offset by revenues generated from winter overseas study tours.

The following financial statement balances and amounts of the VIEs were included in the accompanying consolidated financial statements:

The revenue-producing assets that are held by the VIEs comprise of property and equipment, student base and franchise agreements. The VIEs contributed an aggregate of 95% and 95% of the consolidated revenues for the six months ended June 30, 2016 and 2017, respectively, after elimination of inter-company transactions.

As of June 30, 2017, there was no pledge or collateralization of the VIEs' assets that can only be used to settle obligations of the VIEs. Other than the amounts due to subsidiaries of the Group (which are eliminated upon consolidation), all remaining liabilities of the VIEs are without recourse to the Company. The Company did not provide nor intend to provide financial or other support not previously contractually required to the VIEs during the periods presented.

Relevant PRC laws and regulations restrict the VIEs from transferring a portion of its net assets, equivalent to the balance of its paid-in capital and statutory reserves, to the Company in the form of loans and advances or cash dividends. Please refer to Note 12 for disclosure of restricted net assets.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The consolidated financial statements of the Group have been prepared in accordance with the accounting principles generally accepted in the United States of America ("US GAAP").

Principles of consolidation

The consolidated financial statements include the financial statements of the Company, its subsidiaries, and the VIEs. All significant inter-company transactions and balances between the Company, its subsidiaries and the VIEs have been eliminated upon consolidation. Results of subsidiaries, businesses acquired from third parties and the VIEs are consolidated from the date on which control is obtained by the Company.

Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses in the consolidated financial statements and accompanying notes. Significant accounting estimates reflected in the Group's consolidated financial statements include valuation allowance for deferred tax assets, uncertain tax

positions, economic lives and impairment of long-lived assets, impairment of goodwill, estimating the best estimate of selling price for each deliverable in the Group's revenue arrangements, and share-based compensation. Actual results could differ from those estimates.

Convenience translation

Amounts in U.S. dollars are presented for the convenience of the reader and are translated at the noon buying rate of RMB6.7793 per US\$1.00 on June 30, 2017 in the City of New York for cable transfers of RMB as certified for customs purposes by the Federal Reserve Bank of New York. No representation is made that the RMB amounts could have been, or could be, converted into US\$ at such rate.

Accounts receivable and allowance for doubtful accounts

Accounts receivable are carried at net realizable value. An allowance for doubtful accounts is recorded when collection of the full amount is no longer probable. In evaluating the collectability of receivable balances, the Group considers specific evidence including the aging of the receivable, the customer's payment history, its current credit-worthiness and current economic trends. Accounts receivable are written off after all collection efforts have ceased.

Unaudited pro forma shareholders' equity

The Company paid a US\$87,000 dividend to its shareholders in September 2017 and will recognize a material (i) share based compensation expense; and (ii) one-time consulting agreement termination expense upon the completion of an initial public offering ("IPO"). The pro forma share-based compensation expense was measured using the modification-date fair values of the share options of which the requisite service has been provided as of June 30, 2017. The pro forma one-time consulting agreement termination expense was measured based on a fixed formula stipulated in the consulting agreement. Unaudited pro forma shareholders' equity as of June 30, 2017, as adjusted for the (i) dividend distribution reflected as an adjustment to "additional paid-in capital" and "accumulated deficit"; (ii) share based compensation expense reflected as an adjustment to "additional paid-in capital" and "accumulated deficit"; is set forth on the unaudited consolidated balance sheet.

Recent accounting pronouncements

In August 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-14, *Revenue from Contracts with Customers-Deferral* of the effective date ("ASU 2015-14"). The amendments in ASU 2015-14 defer the effective date of ASU No. 2014-09, *Revenue from Contracts with Customers*, ("ASU 2014-09"), issued in May 2014. According to the amendments in ASU 2015-14, the new revenue guidance ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2017, including interim reporting periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. In March 2016, the FASB issued ASU No. 2016-08, *Revenue from Contracts with Customers—Principal versus Agent Considerations* ("ASU 2016-08"), which clarifies the implementation guidance on principal versus

agent considerations. In April 2016, the FASB issued ASU No. 2016-10, *Revenue from Contracts with Customers—Identifying Performance Obligations and Licensing* ("ASU 2016-10"), which clarify guidance related to identifying performance obligations and licensing implementation guidance contained in ASU No. 2014-09. In May 2016, the FASB issued ASU No. 2016-12, *Revenue from Contracts with Customers—Narrow-Scope Improvements and Practical Expedients* ("ASU 2016-12"), which addresses narrow-scope improvements to the guidance on collectability, non-cash consideration, and completed contracts at transition and provides practical expedients for contract modifications at transition and an accounting policy election related to the presentation of sales taxes and other similar taxes collected from customers. The effective date for the amendment in ASU 2016-08, ASU 2016-10 and ASU 2016-12 are the same as the effective date of ASU No. 2014-09. The Group is currently evaluating the available adoption methods and in the process of evaluating its revenue arrangements to determine the impact of the adoption of these ASUs on its consolidated financial statements, if any.

In January 2016, the FASB issued ASU No. 2016-01, *Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities* ("ASU 2016-01"), which updates certain aspects of recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 will be effective for the Group for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The Group does not believe the adoption of ASU 2016-01 will have a material impact on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842) ("ASU 2016-02"). ASU 2016-02 modifies existing guidance for off-balance sheet treatment of a lessees' operating leases by requiring lessees to recognize lease assets and lease liabilities. Under ASU 2016-02, lessor accounting is largely unchanged. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. The Group is evaluating this guidance and the impact to the Group, as both lessor and lessee, on the consolidated financial statements.

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows (Topic 230), Classification of Certain Cash Receipts and Cash Payments ("ASU 2016-15"). ASU 2016-15 reduces the existing diversity in practice in financial reporting across all industries by clarifying certain existing principles in ASC 230, Statement of Cash Flows, ("ASC 230") including providing additional guidance on how and what an entity should consider in determining the classification of certain cash flows. In addition, in November 2016, the FASB issued ASU 2016-18, Statement of Cash Flows (Topic 230), Restricted Cash ("ASU 2016-18"). ASU 2016-18 clarifies certain existing principles in ASC 230, including providing additional guidance related to transfers between cash and restricted cash and how entities present, in their statement of cash flows, the cash receipts and cash payments that directly affect the restricted cash accounts. These ASUs will be effective for the Group's fiscal year beginning January 1, 2018 and subsequent interim periods. Early adoption is permitted. The adoption of ASU 2016-15 and ASU 2016-18 will modify the Group's current disclosures and classifications within the consolidated statement of cash flows but they are not expected to have a material effect on the Group's consolidated financial statements.

In October 2016, the FASB issued ASU No. 2016-16, Income Taxes (Topic 740): *Intra-Entity Transfers of Assets Other Than Inventory*. Under the new standard, the selling (transferring) entity is required to recognize a

current tax expense or benefit upon transfer of the asset. Similarly, the purchasing (receiving) entity is required to recognize a deferred tax asset or liability, as well as the related deferred tax benefit or expense, upon purchase or receipt of the asset. This pronouncement is effective for reporting periods beginning after December 15, 2017, with early adoption permitted. The Group is still evaluating the effect that this guidance will have on the consolidated financial statements and related disclosures.

In January 2017, the FASB issued ASU No. 2017-01, *Business Combinations (Topic 805): Clarifying Definition of a Business* ("ASU 2017-01"). ASU 2017-01 clarifies the framework for determining whether an integrated set of assets and activities meets the definition of a business. The revised framework establishes a screen for determining whether an integrated set of assets and activities is a business and narrows the definition of a business, which is expected to result in fewer transactions being accounted for as business combinations. Acquisitions of integrated sets of assets and activities that do not meet the definition of a business are accounted for as asset acquisitions. This update is effective for fiscal years, and for interim periods within those fiscal years, beginning after December 15, 2017, with early adoption permitted for transactions that have not been reported in previously issued (or available to be issued) financial statements. The Group does not believe this standard will have a material impact on the results of operations or financial condition.

In January 2017, the FASB issued ASU 2017-04, *Simplifying the Test for Goodwill Impairment* ("ASU 2017-04"), which simplifies the accounting for goodwill impairment by eliminating Step two from the goodwill impairment test. If the carrying amount of a reporting unit exceeds its fair value, an impairment loss shall be recognized in an amount equal to that excess, versus determining an implied fair value in Step two to measure the impairment loss. The guidance is effective for annual and interim impairment tests performed in periods beginning after December 15, 2019. Early adoption is permitted for all entities for annual and interim goodwill impairment testing dates on or after January 1, 2017. The guidance should be applied on a prospective basis. The Group is still evaluating the effect that this guidance will have on the consolidated financial statements and related disclosures.

In February 2017, the FASB issued ASU 2017-05, *Other Income-Gains and Losses from the Derecognition of Nonfinancial Assets* ("ASU 2017-05"). ASU 2017-05 defines an in-substance nonfinancial asset and clarifies guidance related to partial sales of nonfinancial assets. This standard is effective for fiscal years, and for interim periods within those fiscal years, beginning after December 15, 2017, with early adoption permitted. The Group does not believe this standard will have a material impact on the results of operations or financial condition.

In May 2017, the FASB issued ASU 2017-09, *Compensation—Stock Compensation (Topic 718): Scope of Modification Accounting* that provides clarification on accounting for modifications in share-based payment awards. This guidance is effective for annual periods, including interim periods within those annual periods, beginning after December 15, 2017. Early adoption is permitted. The adoption of this guidance is not expected to have an impact on the Group's consolidated financial statements or related disclosures unless there are modifications to the Group's share-based payment awards.

ITEM 6. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Cayman Islands law does not limit the extent to which a company's articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against civil fraud or the consequences of committing a crime. Under our post-IPO memorandum and articles of association, which will become effective immediately upon the completion of this offering, to the fullest extent permissible under Cayman Islands law every director and officer of our company shall be indemnified against all actions, proceedings, costs, charges, expenses, losses, damages or liabilities incurred or sustained by him, other than by reason of such person's own dishonesty, wilful default or fraud, in or about the conduct of our Company's business or affairs (including as a result of any mistake of judgment) or in the execution or discharge of his duties, powers, authorities or discretions as a director or officer of our company, including without prejudice to the generality of the foregoing, any costs, expenses, losses or liabilities incurred by him in defending (whether successfully or otherwise) any civil proceedings concerning our company or its affairs in any court whether in the Cayman Islands or elsewhere.

Pursuant to the form of indemnification agreements to be filed as Exhibit 10.2 to this Registration Statement, we will agree to indemnify our directors and executive officers against certain liabilities and expenses that they incur in connection with claims made by reason of their being a director or an executive officer of our company.

The Underwriting Agreement, the form of which is filed as Exhibit 1.1 to this Registration Statement, will also provide for indemnification of us and our officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

ITEM 7. RECENT SALES OF UNREGISTERED SECURITIES.

During the past three years, we did not issue and sell any securities without registering the securities under the Securities Act.

ITEM 8. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES.

- (a) Exhibits
 - See Exhibit Index for a complete list of all exhibits filed as part of this registration, which Exhibit Index is incorporated herein by reference.
- (b) Financial Statement Schedules

ITEM 9. UNDERTAKINGS.

The undersigned registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 6, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant under Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- 20. The Directors may from time to time make calls upon the Shareholders in respect of any moneys unpaid on their Shares, and each Shareholder shall (subject to receiving at least fourteen days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on such Shares.
- 21. The joint holders of a Share shall be jointly and severally liable to pay calls in respect thereof.
- 22. If a sum called in respect of a Share is not paid before or on the day appointed for payment thereof, the Person from whom the sum is due shall pay interest upon the sum at the rate of eight percent per annum from the day appointed for the payment thereof to the time of the actual payment, but the Directors shall be at liberty to waive payment of that interest wholly or in part.

- 23. The provisions of these Articles as to the liability of joint holders and as to payment of interest shall apply in the case of non-payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the amount of the Share, or by way of premium, as if the same had become payable by virtue of a call duly made and notified.
- 24. The Directors may make arrangements on the issue of partly paid Shares for a difference between the Shareholders, or the particular Shares, in the amount of calls to be paid and in the times of payment.
- 25. The Directors may, if they think fit, receive from any Shareholder willing to advance the same all or any part of the moneys uncalled and unpaid upon any partly paid Shares held by him, and upon all or any of the moneys so advanced may (until the same would, but for such advance, become presently payable) pay interest at such rate (not exceeding without the sanction of an Ordinary Resolution, eight percent per annum) as may be agreed upon between the Shareholder paying the sum in advance and the Directors.

FORFEITURE OF SHARES

- 26. If a Shareholder fails to pay any call or instalment of a call in respect of any Shares on the day appointed for payment, the Directors may, at any time thereafter during such time as any part of such call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.
- 27. The notice shall name a further day (not earlier than the expiration of fourteen days from the date of the notice) on or before which the payment required by the notice is to be made, and shall state that in the event of non-payment at or before the time appointed the Shares in respect of which the call was made will be liable to be forfeited.
- 28. If the requirements of any such notice as aforesaid are not complied with, any Share in respect of which the notice has been given may at any time thereafter, before the payment required by notice has been made, be forfeited by a resolution of the Directors to that effect.
- 29. A forfeited Share may be sold or otherwise disposed of on such terms and in such manner as the Directors think fit, and at any time before a sale or disposition the forfeiture may be cancelled on such terms as the Directors think fit.
- 30. A Person whose Shares have been forfeited shall cease to be a Shareholder in respect of the forfeited Shares, but shall, notwithstanding, remain liable to pay to the Company all moneys which at the date of forfeiture were payable by him to the Company in respect of the Shares forfeited, but his liability shall cease if and when the Company receives payment in full of the amount unpaid on the Shares forfeited.
- 31. A statutory declaration in writing that the declarant is a Director, and that a Share has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts in the declaration as against all Persons claiming to be entitled to the Share.
- 32. The Company may receive the consideration, if any, given for a Share on any sale or disposition thereof pursuant to the provisions of these Articles as to forfeiture and may execute a transfer of the Share in favour of the Person to whom the Share is sold or disposed of and that Person shall be registered as the holder of the Share, and shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Shares be affected by any irregularity or invalidity in the proceedings in reference to the disposition or sale.
- 33. The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a Share becomes due and payable, whether on account of the amount of the Share, or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

TRANSFER OF SHARES

34. The instrument of transfer of any Share shall be in any usual or common form or such other form as the Directors may, in their absolute discretion, approve and be executed by or on behalf of the transferor and if in respect of a nil or partly paid up Share, or if so required by the Directors, shall also be executed on behalf of the transferee and shall be accompanied by the certificate (if any) of the Shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer. The transferor shall be deemed to remain a Shareholder until the name of the transferee is entered in the Register in respect of the relevant Shares.

- 35. The Directors may in their absolute discretion decline to register any transfer of Shares without assigning any reason therefor.
- 36. The registration of transfers may be suspended at such times and for such periods as the Directors may from time to time determine.

- 39. Any Person becoming entitled to a Share in consequence of the death or bankruptcy of a Shareholder shall upon such evidence being produced as may from time to time be required by the Directors, have the right either to be registered as a Shareholder in respect of the Share or, instead of being registered himself, to make such transfer of the Share as the deceased or bankrupt Person could have made; but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the deceased or bankrupt Person before the death or bankruptcy.
- 40. A Person becoming entitled to a Share by reason of the death or bankruptcy of a Shareholder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered Shareholder, except that he shall not, before being registered as a Shareholder in respect of the Share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company.

- 46. The redemption, purchase or surrender of any Share shall not be deemed to give rise to the redemption, purchase or surrender of any other Share.
- 47. The Directors may when making payments in respect of redemption or purchase of Shares, if authorised by the terms of issue of the Shares being redeemed or purchased or with the agreement of the holder of such Shares, make such payment either in cash or in specie.

TREASURY SHARES

- 48. Shares that the Company purchases, redeems or acquires (by way of surrender or otherwise) may, at the option of the Company, be cancelled immediately or held as Treasury Shares in accordance with the Law. - 59. No business shall be transacted at any general meeting unless a quorum of Shareholders is present at the time when the meeting proceeds to business. Save as otherwise provided by these Articles, one or more Shareholders holding at least a majority of the paid up voting share capital of the Company present in person or by proxy and entitled to vote at that meeting shall form a quorum.
- 60. If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened upon the requisition of Shareholders, shall be dissolved. In any other case it shall stand adjourned to the same day in the next week, at the same time and place, and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting the Shareholder or Shareholders present and entitled to vote shall form a quorum.

- 62. The chairman, if any, of the Directors shall preside as chairman at every general meeting of the Company.
- 63. If there is no such chairman, or if at any general meeting he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairman, any Director or Person nominated by the Directors shall preside as chairman, failing which the Shareholders present in person or by proxy shall choose any Person present to be chairman of that meeting.

 - (ii) give all persons present in person or by proxy and having the right to speak and / or vote at such meeting, the ability to do so,

but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting, or adjourned meeting, is adjourned for fourteen days or more, notice of the adjourned meeting shall be given in the manner provided for the original meeting. Save as aforesaid, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

- 65. At any general meeting a resolution put to the vote of the meeting shall be decided on a show of hands, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the chairman or one or more Shareholders present in person or by proxy entitled to vote, and unless a poll is so demanded, a declaration by the chairman that a resolution has, on a show of hands, been carried, or carried unanimously, or by a particular majority, or lost, and an entry to that effect in the book of the proceedings of the Company, shall be conclusive evidence of the fact, without proof of the number or proportion of the votes recorded in favour of, or against, that resolution.
- 66. If a poll is duly demanded it shall be taken in such manner as the chairman directs, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded.

- 70. In the case of joint holders the vote of the senior who tenders a vote whether in person or by proxy shall be accepted to the exclusion of the votes of the other joint holders and for this purpose seniority shall be determined by the order in which the names stand in the Register.
- 71. A Shareholder of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote in respect of Shares carrying the right to vote held by him, whether on a show of hands or on a poll, by his committee, or other Person in the nature of a committee appointed by that court, and any such committee or other Person, may vote in respect of such Shares by proxy.

- 76. The instrument appointing a proxy shall be deposited at the Office or at such other place as is specified for that purpose in the notice convening the meeting no later than the time for holding the meeting or, if the meeting is adjourned, the time for holding such adjourned meeting.
- 77. The instrument appointing a proxy shall be deemed to confer authority to demand or join in demanding a poll.
- 78. A resolution in writing signed by all the Shareholders for the time being entitled to receive notice of and to attend and vote at general meetings of the Company (or being corporations by their duly authorised representatives) shall be as valid and effective as if the same had been passed at a general meeting of the Company duly convened and held.

The Seal shall be affixed in the presence of a Director or a Secretary (or an assistant Secretary) or in the presence of any one or more Persons as the Directors may appoint for the purpose and every Person as aforesaid shall sign every instrument to which the Seal is so affixed in their presence.
- 100. The Company may maintain a facsimile of the Seal in such countries or places as the Directors may appoint and such facsimile Seal shall not be affixed to any instrument except by the authority of a resolution of the Directors provided always that such authority may be given prior to or after the affixing of such facsimile Seal and if given after may be in general form confirming a number of affixings of such facsimile Seal. The facsimile Seal shall be affixed in the presence of such Person or Persons as the Directors shall for this purpose appoint and such Person or Persons as aforesaid shall sign every instrument to which the facsimile Seal is so affixed in their presence and such affixing of the facsimile Seal and signing as aforesaid shall have the same meaning and effect as if the Seal had been affixed in the presence of and the instrument signed by a Director or a Secretary (or an assistant Secretary) or in the presence of any one or more Persons as the Directors may appoint for the purpose.

101. A general notice given to the Directors by any Director to the effect that he is to be regarded as interested in any contract which may thereafter be made with that company or firm shall be deemed a sufficient declaration of interest in regard to any contract so made. A Director may vote in respect of any contract or proposed contract or arrangement notwithstanding that he may be interested therein and if he does so his vote shall be counted and he may be counted in the quorum at any meeting of the Directors at which any such contract or proposed contract or arrangement shall come before the meeting for consideration.
- 107. A Director may hold any other office or place of profit under the Company (other than the office of auditor) in conjunction with his office of Director for such period and on such terms (as to remuneration and otherwise) as the Directors may determine and no Director or intending Director shall be disqualified by his office from contracting with the Company either with regard to his tenure of any such other office or place of profit or as vendor, purchaser or otherwise, nor shall any such contract or arrangement entered into by or on behalf of the Company in which any Director is in any way interested, be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by any such contract or arrangement by reason of such Director holding that office or of the fiduciary relation thereby established. A Director, notwithstanding his interest, may be counted in the quorum present at any meeting of the Directors whereat he or any other Director is appointed to hold any such office or place of profit under the Company or whereat the terms of any such appointment are arranged and he may vote on any such appointment or arrangement.

- 108. Any Director may act by himself or his firm in a professional capacity for the Company, and he or his firm shall be entitled to remuneration for professional services as if he were not a Director; provided that nothing herein contained shall authorise a Director or his firm to act as auditor to the Company.

When signed a resolution may consist of several documents each signed by one or more of the Directors or his duly appointed alternate.
- 112. The continuing Directors may act notwithstanding any vacancy in their body but if and for so long as their number is reduced below the number fixed by or pursuant to these Articles as the necessary quorum of Directors, the continuing Directors may act for the purpose of increasing the number, or of summoning a general meeting of the Company, but for no other purpose.
- 113. - (i) the conditions or restrictions, if any, upon the creation of indebtedness of the Company or upon the issue of any additional shares, including additional shares of such series or of any other class of shares or any other series of preferred shares; and
- (j) any other powers, preferences and relative, participating, optional and other special rights, and any qualifications, limitations and restrictions thereof;

and, for such purposes, the Directors may reserve an appropriate number of Shares for the time being unissued. The Company shall not issue Shares to bearer.

- 10. The Company may insofar as may be permitted by law, pay a commission to any Person in consideration of his subscribing or agreeing to subscribe whether absolutely or conditionally for any Shares. Such commissions may be satisfied by the payment of cash or the lodgement of fully or partly paid-up Shares or partly in one way and partly in the other. The Company may also pay such brokerage as may be lawful on any issue of Shares.
- 11. The Directors may refuse to accept any application for Shares, and may accept any application in whole or in part, for any reason or for no reason.

MODIFICATION OF RIGHTS

- 12. If at any time the capital of the Company is divided into different Classes, all or any of the rights attached to any such Class may, subject to any rights or restrictions for the time being attached to any Class, be varied with the consent in writing of all of the holders of the issued Shares of that Class or with the sanction of a special resolution passed at a separate meeting of the holders of the Shares of that Class. To every such separate meeting all the provisions of these Articles relating to general meetings of the Company or to the proceedings thereat shall, mutatis mutandis, apply, except that the necessary quorum shall be one or more Persons holding or representing by proxy at least one-third in nominal or par value amount of the issued Shares of the relevant Class (but so that if at any adjourned meeting of such holders a quorum as above defined is not present, those Shareholders who are present shall form a quorum) and that, subject to any rights or restrictions for the time being attached to the Shares of that Class, every Shareholder of the Class shall on a poll have one vote for each Share of the Class held by him. For the purposes of this Article the Directors may treat all the Classes or any two or more Classes as forming one Class if they consider that all such Classes would be affected in the same way by the proposals under consideration, but in any other case shall treat them as separate Classes.
- 13. The rights conferred upon the holders of the Shares of any Class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the Shares of that Class, be deemed to be varied by the creation or issue of further Shares ranking *pari passu* with or subsequent to the Shares of that Class or the redemption or purchase of any Shares of any Class by the Company. The rights of the holders of Shares shall not be deemed to be varied by the creation or issue of Shares with preferred or other rights including, without limitation, the creation of Shares with enhanced or weighted voting rights.

CERTIFICATES

- 14. Every Person whose name is entered as a Member in the Register may, without payment and upon its written request, request a certificate within two calendar months after allotment or lodgement of transfer (or within such other period as the conditions of issue shall provide) in the form determined by the Directors. All certificates shall specify the Share or Shares held by that Person, provided that in respect of a Share or Shares held jointly by several persons the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a Share to one of several joint holders shall be sufficient delivery to all. All certificates for Shares shall be delivered personally or sent through the post addressed to the Member entitled thereto at the Member's registered address as appearing in the Register.
- 15. Every share certificate of the Company shall bear legends required under the applicable laws, including the Securities Act.
- 16. Any two or more certificates representing Shares of any one Class held by any Member may at the Member's request be cancelled and a single new certificate for such Shares issued in lieu on payment (if the Directors shall so require) of one dollar (US\$1.00) or such smaller sum as the Directors shall determine.

- 17. If a share certificate shall be damaged or defaced or alleged to have been lost, stolen or destroyed, a new certificate representing the same Shares may be issued to the relevant Member upon request, subject to delivery up of the old certificate or (if alleged to have been lost, stolen or destroyed) compliance with such conditions as to evidence and indemnity and the payment of out-of-pocket expenses of the Company in connection with the request as the Directors may think fit.
- 18. In the event that Shares are held jointly by several persons, any request may be made by any one of the joint holders and if so made shall be binding on all of the joint holders.

FRACTIONAL SHARES

19. The Directors may issue fractions of a Share and, if so issued, a fraction of a Share shall be subject to and carry the corresponding fraction of liabilities (whether with respect to nominal or par value, premium, contributions, calls or otherwise), limitations, preferences, privileges, qualifications, restrictions, rights (including, without prejudice to the generality of the foregoing, voting and participation rights) and other attributes of a whole Share. If more than one fraction of a Share of the same Class is issued to or acquired by the same Shareholder such fractions shall be accumulated.

LIEN

- 20. The Company has a first and paramount lien on every Share (whether or not fully paid) for all amounts (whether presently payable or not) payable at a fixed time or called in respect of that Share. The Company also has a first and paramount lien on every Share registered in the name of a Person indebted or under liability to the Company (whether he is the sole registered holder of a Share or one of two or more joint holders) for all amounts owing by him or his estate to the Company (whether or not presently payable). The Directors may at any time declare a Share to be wholly or in part exempt from the provisions of this Article. The Company's lien on a Share extends to any amount payable in respect of it, including but not limited to dividends.
- 21. The Company may sell, in such manner as the Directors in their absolute discretion think fit, any Share on which the Company has a lien, but no sale shall be made unless an amount in respect of which the lien exists is presently payable nor until the expiration of fourteen calendar days after a notice in writing, demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the Share, or the Persons entitled thereto by reason of his death or bankruptcy.
- 22. For giving effect to any such sale the Directors may authorise a Person to transfer the Shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the Shares comprised in any such transfer and he shall not be bound to see to the application of the purchase money, nor shall his title to the Shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

23. The proceeds of the sale after deduction of expenses, fees and commission incurred by the Company shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable, and the residue shall (subject to a like lien for sums not presently payable as existed upon the Shares prior to the sale) be paid to the Person entitled to the Shares immediately prior to the sale.

CALLS ON SHARES

- 24. Subject to the terms of the allotment, the Directors may from time to time make calls upon the Shareholders in respect of any moneys unpaid on their Shares, and each Shareholder shall (subject to receiving at least fourteen calendar days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on such Shares. A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed.
- 25. The joint holders of a Share shall be jointly and severally liable to pay calls in respect thereof.
- 26. If a sum called in respect of a Share is not paid before or on the day appointed for payment thereof, the Person from whom the sum is due shall pay interest upon the sum at the rate of eight percent per annum from the day appointed for the payment thereof to the time of the actual payment, but the Directors shall be at liberty to waive payment of that interest wholly or in part.
- 27. The provisions of these Articles as to the liability of joint holders and as to payment of interest shall apply in the case of non-payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the amount of the Share, or by way of premium, as if the same had become payable by virtue of a call duly made and notified.
- 28. The Directors may make arrangements with respect to the issue of partly paid Shares for a difference between the Shareholders, or the particular Shares, in the amount of calls to be paid and in the times of payment.
- 29. The Directors may, if they think fit, receive from any Shareholder willing to advance the same all or any part of the moneys uncalled and unpaid upon any partly paid Shares held by him, and upon all or any of the moneys so advanced may (until the same would, but for such advance, become presently payable) pay interest at such rate (not exceeding without the sanction of an Ordinary Resolution, eight percent per annum) as may be agreed upon between the Shareholder paying the sum in advance and the Directors. No such sum paid in advance of calls shall entitle the Member paying such sum to any portion of a dividend declared in respect of any period prior to the date upon which such sum would, but for such payment, become presently payable.

FORFEITURE OF SHARES

30. If a Shareholder fails to pay any call or instalment of a call in respect of partly paid Shares on the day appointed for payment, the Directors may, at any time thereafter during such time as any part of such call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

- 31. The notice shall name a further day (not earlier than the expiration of fourteen calendar days from the date of the notice) on or before which the payment required by the notice is to be made, and shall state that in the event of non-payment at or before the time appointed, the Shares in respect of which the call was made will be liable to be forfeited.
- 32. If the requirements of any such notice as aforesaid are not complied with, any Share in respect of which the notice has been given may at any time thereafter, before the payment required by notice has been made, be forfeited by a resolution of the Directors to that effect.
- 33. A forfeited Share may be sold or otherwise disposed of on such terms and in such manner as the Directors think fit, and at any time before a sale or disposition the forfeiture may be cancelled on such terms as the Directors think fit.
- 34. A Person whose Shares have been forfeited shall cease to be a Shareholder in respect of the forfeited Shares, but shall, notwithstanding, remain liable to pay to the Company all moneys which at the date of forfeiture were payable by him to the Company in respect of the Shares forfeited, but his liability shall cease if and when the Company receives payment in full of the amount unpaid on the Shares forfeited.
- 35. A certificate in writing under the hand of a Director of the Company that a Share has been duly forfeited on a date stated in the certificate shall be conclusive evidence of the facts in the declaration as against all Persons claiming to be entitled to the Share.
- 36. The Company may receive the consideration, if any, given for a Share on any sale or disposition thereof pursuant to the provisions of these Articles as to forfeiture and may execute a transfer of the Share in favour of the Person to whom the Share is sold or disposed of and that Person shall be registered as the holder of the Share and shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Shares be affected by any irregularity or invalidity in the proceedings in reference to the disposition or sale.
- 37. The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a Share becomes due and payable, whether on account of the amount of the Share, or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

TRANSFER OF SHARES

38. The instrument of transfer of any Share shall be in writing and in any usual or common form or such other form as the Directors may, in their absolute discretion, approve and be executed by or on behalf of the transferor and if in respect of a nil or partly paid up Share, or if so required by the Directors, shall also be executed on behalf of the transferee and shall be accompanied by the certificate (if any) of the Shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer. The transferor shall be deemed to remain a Shareholder until the name of the transferee is entered in the Register in respect of the relevant Shares.

- 39. (a) The Directors may in their absolute discretion decline to register any transfer of Shares which is not fully paid up or on which the Company has a lien.
 - (b) The Directors may also decline to register any transfer of any Share unless:
 - (i) the instrument of transfer is lodged with the Company, accompanied by the certificate for the Shares to which it relates and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer;
 - (ii) the instrument of transfer is in respect of only one Class of Shares;
 - (iii) the instrument of transfer is properly stamped, if required;
 - (iv) in the case of a transfer to joint holders, the number of joint holders to whom the Share is to be transferred does not exceed four; and
 - (v) a fee of such maximum sum as the Designated Stock Exchange may determine to be payable, or such lesser sum as the Board of Directors may from time to time require, is paid to the Company in respect thereof.
- 40. The registration of transfers may, after compliance with any notice required by the Designated Stock Exchange Rules, be suspended and the Register closed at such times and for such periods as the Directors may, in their absolute discretion, from time to time determine, provided always that such registration of transfer shall not be suspended nor the Register closed for more than thirty calendar days in any calendar year.
- 41. All instruments of transfer that are registered shall be retained by the Company. If the Directors refuse to register a transfer of any Shares, they shall within two calendar months after the date on which the instrument of transfer was lodged with the Company send notice of the refusal to each of the transferor and the transferee.

TRANSMISSION OF SHARES

- 42. The legal personal representative of a deceased sole holder of a Share shall be the only Person recognised by the Company as having any title to the Share. In the case of a Share registered in the name of two or more holders, the survivors or survivor, or the legal personal representatives of the deceased survivor, shall be the only Person recognised by the Company as having any title to the Share.
- 43. Any Person becoming entitled to a Share in consequence of the death or bankruptcy of a Shareholder shall, upon such evidence being produced as may from time to time be required by the Directors, have the right either to be registered as a Shareholder in respect of the Share or, instead of being registered himself, to make such transfer of the Share as the deceased or bankrupt Person could have made; but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the deceased or bankrupt Person before the death or bankruptcy.

44. A Person becoming entitled to a Share by reason of the death or bankruptcy of a Shareholder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered Shareholder, except that he shall not, before being registered as a Shareholder in respect of the Share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company, provided however, that the Directors may at any time give notice requiring any such person to elect either to be registered himself or to transfer the Share, and if the notice is not complied with within ninety calendar days, the Directors may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Share until the requirements of the notice have been complied with.

REGISTRATION OF EMPOWERING INSTRUMENTS

45. The Company shall be entitled to charge a fee not exceeding one dollar (US\$1.00) on the registration of every probate, letters of administration, certificate of death or marriage, power of attorney, notice in lieu of distringas, or other instrument.

ALTERATION OF SHARE CAPITAL

- 46. The Company may from time to time by Ordinary Resolution increase the share capital by such sum, to be divided into Shares of such Classes and amount, as the resolution shall prescribe.
- 47. The Company may by Ordinary Resolution:
 - (a) increase its share capital by new Shares of such amount as it thinks expedient;
 - (b) consolidate and divide all or any of its share capital into Shares of a larger amount than its existing Shares;
 - (c) subdivide its Shares, or any of them, into Shares of an amount smaller than that fixed by the Memorandum, provided that in the subdivision the proportion between the amount paid and the amount, if any, unpaid on each reduced Share shall be the same as it was in case of the Share from which the reduced Share is derived: and
 - (d) cancel any Shares that, at the date of the passing of the resolution, have not been taken or agreed to be taken by any Person and diminish the amount of its share capital by the amount of the Shares so cancelled.
- 48. The Company may by Special Resolution reduce its share capital and any capital redemption reserve in any manner authorised by law.

REDEMPTION, PURCHASE AND SURRENDER OF SHARES

- 49. Subject to the provisions of the Companies Law and these Articles, the Company may:
 - (a) issue Shares that are to be redeemed or are liable to be redeemed at the option of the Shareholder or the Company. The redemption of Shares shall be effected in such manner and upon such terms as may be determined, before the issue of such Shares, by either the Board or by the Shareholders by Special Resolution;

- (b) purchase its own Shares (including any redeemable Shares) in such manner and upon such terms as have been approved by the Board or by the Shareholders by Ordinary Resolution, or are otherwise authorised by these Articles; and
- (c) make a payment in respect of the redemption or purchase of its own Shares in any manner permitted by the Companies Law, including out of capital.
- 50. The purchase of any Share shall not oblige the Company to purchase any other Share other than as may be required pursuant to applicable law and any other contractual obligations of the Company.
- 51. The holder of the Shares being purchased shall be bound to deliver up to the Company the certificate(s) (if any) thereof for cancellation and thereupon the Company shall pay to him the purchase or redemption monies or consideration in respect thereof.
- 52. The Directors may accept the surrender for no consideration of any fully paid Share.

TREASURY SHARES

- 53. The Directors may, prior to the purchase, redemption or surrender of any Share, determine that such Share shall be held as a Treasury Share.
- 54. The Directors may determine to cancel a Treasury Share or transfer a Treasury Share on such terms as they think proper (including, without limitation, for nil consideration).

GENERAL MEETINGS

- 55. All general meetings other than annual general meetings shall be called extraordinary general meetings.
- 56. (a) The Company may (but shall not be obliged to) in each calendar year hold a general meeting as its annual general meeting and shall specify the meeting as such in the notices calling it. The annual general meeting shall be held at such time and place as may be determined by the Directors.
 - (b) At these meetings the report of the Directors (if any) shall be presented.
- 57. (a) The Chairman or a majority of the Directors may call general meetings, and they shall on a Shareholders' requisition forthwith proceed to convene an extraordinary general meeting of the Company.
 - (b) A Shareholders' requisition is a requisition of two or more Members holding at the date of deposit of the requisition Shares which carry in aggregate not less than one-third (1/3) of all votes attaching to all issued and outstanding Shares of the Company that as at the date of the deposit carry the right to vote at general meetings of the Company.

- (c) The requisition must state the objects of the meeting and must be signed by the requisitionists and deposited at the Registered Office, and may consist of several documents in like form each signed by one or more requisitionists.
- (d) If there are no Directors as at the date of the deposit of the Members' requisition, or if the Directors do not within twenty-one calendar days from the date of the deposit of the requisition duly proceed to convene a general meeting to be held within a further twenty-one calendar days, the requisitionists, or any of them representing more than one-half of the total voting rights of all of them, may themselves convene a general meeting, but any meeting so convened shall not be held after the expiration of three calendar months after the expiration of the said twenty-one calendar days.
- (e) A general meeting convened as aforesaid by requisitionists shall be convened in the same manner as nearly as possible as that in which general meetings are to be convened by Directors.

NOTICE OF GENERAL MEETINGS

- 58. At least seven (7) calendar days' notice shall be given for any general meeting. Every notice shall be exclusive of the day on which it is given or deemed to be given and of the day for which it is given and shall specify the place, the day and the hour of the meeting and the general nature of the business and shall be given in the manner hereinafter mentioned or in such other manner if any as may be prescribed by the Company, provided that a general meeting of the Company shall, whether or not the notice specified in this Article has been given and whether or not the provisions of these Articles regarding general meetings have been complied with, be deemed to have been duly convened if it is so agreed:
 - (a) in the case of an annual general meeting, by all the Shareholders (or their proxies) entitled to attend and vote thereat; and
 - (b) in the case of an extraordinary general meeting, by two-thirds (2/3rd) of the Shareholders having a right to attend and vote at the meeting, present in person or by proxy or, in the case of a corporation or other non-natural person, by its duly authorised representative or proxy.
- 59. The accidental omission to give notice of a meeting to or the non-receipt of a notice of a meeting by any Shareholder shall not invalidate the proceedings at any meeting.

PROCEEDINGS AT GENERAL MEETINGS

60. No business except for the appointment of a chairman for the meeting shall be transacted at any general meeting unless a quorum of Shareholders is present at the time when the meeting proceeds to business. One or more Shareholders who together hold Shares which carry in aggregate not less than one-third (1/3) of all votes attaching to all issued and outstanding Shares that carry the right to vote at such general meeting, present in person or by proxy or, if a corporation or other non-natural person, by its duly authorised representative, shall be a quorum for all purposes.

- 61. If within half an hour from the time appointed for the meeting a quorum is not present, the meeting shall be dissolved.
- 62. If the Directors wish to make this facility available for a specific general meeting or all general meetings of the Company, participation in any general meeting of the Company may be by means of a telephone or similar communication equipment by way of which all Persons participating in such meeting can communicate with each other and such participation shall be deemed to constitute presence in person at the meeting.
- 63. The Chairman, if any, of the Board of Directors shall preside as chairman at every general meeting of the Company.
- 64. If there is no such Chairman of the Board of Directors, or if at any general meeting he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairman, any Director or Person nominated by the Directors shall preside as chairman of that meeting, failing which the Shareholders present in person or by proxy shall choose any Person present to be chairman of that meeting.
- 65. The chairman may with the consent of any general meeting at which a quorum is present (and shall if so directed by the meeting) adjourn the meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting, or adjourned meeting, is adjourned for fourteen calendar days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.
- 66. The Directors may cancel or postpone any duly convened general meeting at any time prior to such meeting, except for general meetings requisitioned by the Shareholders in accordance with these Articles, for any reason or for no reason, upon notice in writing to Shareholders. A postponement may be for a stated period of any length or indefinitely as the Directors may determine. Notice of the business to be transacted at such postponed general meeting shall not be required. If a general meeting is postponed in accordance with this Article, the appointment of a proxy will be valid if it is received as required by the Articles not less than 48 hours before the time appointed for holding the postponed meeting.
- 67. At any general meeting a resolution put to the vote of the meeting shall be decided on a show of hands, unless a poll is (before or on the declaration of the result of the show of hands) demanded. A poll may be demanded by the chairman of the meeting or by any or one or more Shareholders who together hold Shares which carry in aggregate not less than ten percent of the votes attaching to all issued and outstanding Shares that carry the right to vote at such general meeting, present in person or by proxy or, if a corporation or other non-natural person, by its duly authorised representative. Unless a poll is so demanded, a declaration by the chairman of the meeting that a resolution has, on a show of hands, been carried, or carried unanimously, or by a particular majority, or lost, and an entry to that effect in the book of the proceedings of the Company, shall be conclusive evidence of the fact, without proof of the number or proportion of the votes recorded in favour of, or against, that resolution.

- 68. If a poll is duly demanded it shall be taken in such manner as the chairman of the meeting directs, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded.
- 69. All questions submitted to a meeting shall be decided by an Ordinary Resolution except where a greater majority is required by these Articles or by the Companies Law. In the case of an equality of votes, whether on a show of hands or on a poll, the chairman of the meeting at which the show of hands takes place or at which the poll is demanded, shall not be entitled to a second or casting vote.
- 70. A poll demanded on the election of a chairman of the meeting or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such time as the chairman of the meeting directs.

VOTES OF SHAREHOLDERS

- 51. Subject to any rights and restrictions for the time being attached to any Share, on a show of hands every Shareholder present in person or by proxy (or, if a corporation or other non-natural person, by its duly authorised representative or proxy) shall, at a general meeting of the Company, each have one vote and on a poll every Shareholder present in person or by proxy (or, if a corporation or other non-natural person, by its duly authorised representative or proxy) shall have one vote for each Ordinary Share of which he is the holder.
- 72. In the case of joint holders the vote of the senior who tenders a vote whether in person or by proxy (or, if a corporation or other non-natural person, by its duly authorised representative or proxy) shall be accepted to the exclusion of the votes of the other joint holders and for this purpose seniority shall be determined by the order in which the names stand in the Register.
- 73. Shares carrying the right to vote that are held by a Shareholder of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may be voted, whether on a show of hands or on a poll, by his committee, or other Person in the nature of a committee appointed by that court, and any such committee or other Person may vote in respect of such Shares by proxy.
- 74. No Shareholder shall be entitled to vote at any general meeting of the Company unless all calls, if any, or other sums presently payable by him in respect of Shares carrying the right to vote held by him have been paid.
- 75. On a poll votes may be given either personally or by proxy.
- 76. Each Shareholder, other than a recognised clearing house (or its nominee(s)) or depositary (or its nominee(s)), may only appoint one proxy on a show of hand. The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under Seal or under the hand of an officer or attorney duly authorised. A proxy need not be a Shareholder.
- 77. An instrument appointing a proxy may be in any usual or common form or such other form as the Directors may approve.

- 78. The instrument appointing a proxy shall be deposited at the Registered Office or at such other place as is specified for that purpose in the notice convening the meeting, or in any instrument of proxy sent out by the Company:
 - (a) not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote: or
 - (b) in the case of a poll taken more than 48 hours after it is demanded, be deposited as aforesaid after the poll has been demanded and not less than 24 hours before the time appointed for the taking of the poll; or
 - (c) where the poll is not taken forthwith but is taken not more than 48 hours after it was demanded be delivered at the meeting at which the poll was demanded to the chairman or to the secretary or to any director;

provided that the Directors may in the notice convening the meeting, or in any instrument of proxy sent out by the Company, direct that the instrument appointing a proxy may be deposited at such other time (no later than the time for holding the meeting or adjourned meeting) at the Registered Office or at such other place as is specified for that purpose in the notice convening the meeting, or in any instrument of proxy sent out by the Company. The chairman of the meeting may in any event at his discretion direct that an instrument of proxy shall be deemed to have been duly deposited. An instrument of proxy that is not deposited in the manner permitted shall be invalid.

- 79. The instrument appointing a proxy shall be deemed to confer authority to demand or join in demanding a poll.
- 80. A resolution in writing signed by all the Shareholders for the time being entitled to receive notice of and to attend and vote at general meetings of the Company (or being corporations by their duly authorised representatives) shall be as valid and effective as if the same had been passed at a general meeting of the Company duly convened and held.

CORPORATIONS ACTING BY REPRESENTATIVES AT MEETINGS

81. Any corporation which is a Shareholder or a Director may by resolution of its directors or other governing body authorise such Person as it thinks fit to act as its representative at any meeting of the Company or of any meeting of holders of a Class or of the Directors or of a committee of Directors, and the Person so authorised shall be entitled to exercise the same powers on behalf of the corporation which he represents as that corporation could exercise if it were an individual Shareholder or Director.

DEPOSITARY AND CLEARING HOUSES

82. If a recognised clearing house (or its nominee(s)) or depositary (or its nominee(s)) is a Member of the Company it may, by resolution of its directors or other governing body or by power of attorney, authorise such Person(s) as it thinks fit to act as its representative(s) at any general meeting of the Company or of any Class of Shareholders provided that, if more than one Person is so authorised, the authorisation shall specify the number and Class of Shares in respect of which each such Person is so authorised. A Person so authorised pursuant to this Article shall be entitled to exercise the same powers on behalf of the recognised clearing house (or its nominee(s)) or depositary (or its nominee(s)) which he represents as that recognised clearing house (or its nominee(s)) or depositary (or its nominee(s)) could exercise if it were an individual Member holding the number and Class of Shares specified in such authorisation, including the right to vote individually on a show of hands.

DIRECTORS

- 83. (a) Unless otherwise determined by the Company in general meeting, the number of Directors shall not be less than three (3) Directors, and there shall be no maximum number of Directors.
 - (b) The Board of Directors shall have a Chairman elected and appointed by a majority of the Directors then in office. The period for which the Chairman will hold office will also be determined by a majority of all of the Directors then in office. The Chairman shall preside as chairman at every meeting of the Board of Directors, save and except that if the Chairman is not present at a meeting of the Board of Directors within fifteen minutes after the time appointed for holding the same, or if the Chairman is unable or unwilling to act as the chairman of a meeting of the Board of Directors, the attending Directors may choose one of their number to be the chairman of the meeting.
 - (c) The Company may by Ordinary Resolution appoint any person to be a Director.
 - (d) The Board may, by the affirmative vote of a simple majority of the remaining Directors present and voting at a Board meeting, appoint any person as a Director, to fill a casual vacancy on the Board or as an addition to the existing Board.
 - (e) A Director shall hold office until the expiration of his or her term or his or her successor shall have been elected and qualified, or until his or her office is otherwise vacated.
- 84. A Director may be removed from office by Ordinary Resolution of the Company, notwithstanding anything in these Articles or in any agreement between the Company and such Director (but without prejudice to any claim for damages under such agreement). A vacancy on the Board created by the removal of a Director under the previous sentence may be filled by Ordinary Resolution or by the affirmative vote of a simple majority of the remaining Directors present and voting at a Board meeting. The notice of any meeting at which a resolution to remove a Director shall be proposed or voted upon must contain a statement of the intention to remove that Director and such notice must be served on that Director not less than ten (10) calendar days before the meeting. Such Director is entitled to attend the meeting and be heard on the motion for his removal.
- 85. The Board may, from time to time, and except as required by applicable law or Designated Stock Exchange Rules, adopt, institute, amend, modify or revoke the corporate governance policies or initiatives of the Company and determine on various corporate governance related matters of the Company as the Board shall determine by resolution of Directors from time to time.

The instrument appointing the proxy shall be in writing under the hand of the appointing Director and shall be in any usual or common form or such other form as the Directors may approve, and must be lodged with the chairman of the meeting of the Directors at which such proxy is to be used, or first used, prior to the commencement of the meeting.

- 103. The Company may maintain a facsimile of the Seal in such countries or places as the Directors may appoint and such facsimile Seal shall not be affixed to any instrument except by the authority of a resolution of the Directors provided always that such authority may be given prior to or after the affixing of such facsimile Seal and if given after may be in general form confirming a number of affixings of such facsimile Seal. The facsimile Seal shall be affixed in the presence of such Person or Persons as the Directors shall for this purpose appoint and such Person or Persons as aforesaid shall sign every instrument to which the facsimile Seal is so affixed in their presence and such affixing of the facsimile Seal and signing as aforesaid shall have the same meaning and effect as if the Seal had been affixed in the presence of and the instrument signed by a Director or a Secretary (or an assistant Secretary) or in the presence of any one or more Persons as the Directors may appoint for the purpose.
- 104. Notwithstanding the foregoing, a Secretary or any assistant Secretary shall have the authority to affix the Seal, or the facsimile Seal, to any instrument for the purposes of attesting authenticity of the matter contained therein but which does not create any obligation binding on the Company.

PROCEEDINGS OF DIRECTORS

- 105. The Directors may meet together (either within or without the Cayman Islands) for the despatch of business, adjourn, and otherwise regulate their meetings and proceedings as they think fit. Questions arising at any meeting shall be decided by a majority of votes. At any meeting of the Directors, each Director present in person or represented by his proxy or alternate shall be entitled to one vote. In case of an equality of votes the chairman of the meeting shall not have a second or casting vote. A Director may, and a Secretary or assistant Secretary on the requisition of a Director shall, at any time summon a meeting of the Directors.
- 106. A Director may participate in any meeting of the Directors, or of any committee appointed by the Directors of which such Director is a member, by means of telephone or similar communication equipment by way of which all Persons participating in such meeting can communicate with each other and such participation shall be deemed to constitute presence in person at the meeting.
- 107. The quorum necessary for the transaction of the business of the Board may be fixed by the Directors, and unless so fixed, the quorum shall be a majority of Directors then in office. A Director represented by proxy or by an alternate Director at any meeting shall be deemed to be present for the purposes of determining whether or not a quorum is present.
- 108. A Director who is in any way, whether directly or indirectly, interested in a contract or proposed contract or arrangement with the Company shall declare the nature of his interest at a meeting of the Directors. A general notice given to the Directors by any Director to the effect that he is a member of any specified company or firm and is to be regarded as interested in any contract or transaction which may thereafter be made with that company or firm shall be deemed a sufficient declaration of interest in regard to any contract so made or transaction so consummated. A Director may vote in respect of any contract or proposed contract or arrangement notwithstanding that he may be interested therein and if he does so his vote shall be counted and he may be counted in the quorum at any meeting of the Directors at which any such contract or proposed contract or arrangement shall come before the meeting for consideration, provided that (a) such Director, if his interest (whether direct or indirect) in such contract or arrangement is material, has declared the nature of his interest at the earliest meeting of the Board at which it is practicable for him to do so, either specifically or by way of a general notice and (b) if such contract or arrangement is a transaction with a related party, such transaction has been approved by the audit committee of the Company.

- 109. A Director may hold any other office or place of profit under the Company (other than the office of auditor) in conjunction with his office of Director for such period and on such terms (as to remuneration and otherwise) as the Directors may determine and no Director or intending Director shall be disqualified by his office from contracting with the Company either with regard to his tenure of any such other office or place of profit or as vendor, purchaser or otherwise, nor shall any such contract or arrangement entered into by or on behalf of the Company in which any Director is in any way interested be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by any such contract or arrangement by reason of such Director holding that office or of the fiduciary relation thereby established. A Director, notwithstanding his interest, may be counted in the quorum present at any meeting of the Directors whereat he or any other Director is appointed to hold any such office or place of profit under the Company or whereat the terms of any such appointment are arranged and he may vote on any such appointment or arrangement.
- 110. Any Director may act by himself or through his firm in a professional capacity for the Company, and he or his firm shall be entitled to remuneration for professional services as if he were not a Director; provided that nothing herein contained shall authorise a Director or his firm to act as auditor to the Company.
- 111. The Directors shall cause minutes to be made for the purpose of recording:
 - (a) all appointments of officers made by the Directors;
 - (b) the names of the Directors present at each meeting of the Directors and of any committee of the Directors; and
 - (c) all resolutions and proceedings at all meetings of the Company, and of the Directors and of committees of Directors.
- 112. When the chairman of a meeting of the Directors signs the minutes of such meeting the same shall be deemed to have been duly held notwithstanding that all the Directors have not actually come together or that there may have been a technical defect in the proceedings.
- 113. A resolution in writing signed by all the Directors or all the members of a committee of Directors entitled to receive notice of a meeting of Directors or committee of Directors, as the case may be (an alternate Director, subject as provided otherwise in the terms of appointment of the alternate Director, being entitled to sign such a resolution on behalf of his appointer), shall be as valid and effectual as if it had been passed at a duly called and constituted meeting of Directors or committee of Directors, as the case may be. When signed a resolution may consist of several documents each signed by one or more of the Directors or his duly appointed alternate.

- 114. The continuing Directors may act notwithstanding any vacancy in their body but if and for so long as their number is reduced below the number fixed by or pursuant to these Articles as the necessary quorum of Directors, the continuing Directors may act for the purpose of increasing the number, or of summoning a general meeting of the Company, but for no other purpose.
- 115. Subject to any regulations imposed on it by the Directors, a committee appointed by the Directors may elect a chairman of its meetings. If no such chairman is elected, or if at any meeting the chairman is not present within fifteen minutes after the time appointed for holding the meeting, the committee members present may choose one of their number to be chairman of the meeting.
- 116. A committee appointed by the Directors may meet and adjourn as it thinks proper. Subject to any regulations imposed on it by the Directors, questions arising at any meeting shall be determined by a majority of votes of the committee members present and in case of an equality of votes the chairman shall not have a second or casting vote.
- All acts done by any meeting of the Directors or of a committee of Directors, or by any Person acting as a Director, shall notwithstanding that it be afterwards discovered that there was some defect in the appointment of any such Director or Person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such Person had been duly appointed and was qualified to be a Director.

PRESUMPTION OF ASSENT

118. A Director who is present at a meeting of the Board of Directors at which an action on any Company matter is taken shall be presumed to have assented to the action taken unless his dissent shall be entered in the minutes of the meeting or unless he shall file his written dissent from such action with the person acting as the chairman or secretary of the meeting before the adjournment thereof or shall forward such dissent by registered post to such person immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Director who voted in favour of such action.

- 120. Subject to any rights and restrictions for the time being attached to any Shares, the Company by Ordinary Resolution may declare dividends, but no dividend shall exceed the amount recommended by the Directors.

- 121. The Directors may, before recommending or declaring any dividend, set aside out of the funds legally available for distribution such sums as they think proper as a reserve or reserves which shall, in the absolute discretion of the Directors, be applicable for meeting contingencies or for equalising dividends or for any other purpose to which those funds may be properly applied, and pending such application may in the absolute discretion of the Directors, either be employed in the business of the Company or be invested in such investments (other than Shares of the Company) as the Directors may from time to time think fit.
- 122. Any dividend payable in cash to the holder of Shares may be paid in any manner determined by the Directors. If paid by cheque it will be sent by mail addressed to the holder at his address in the Register, or addressed to such person and at such addresses as the holder may direct. Every such cheque or warrant shall, unless the holder or joint holders otherwise direct, be made payable to the order of the holder or, in the case of joint holders, to the order of the holder whose name stands first on the Register in respect of such Shares, and shall be sent at his or their risk and payment of the cheque or warrant by the bank on which it is drawn shall constitute a good discharge to the Company.
- 123. The Directors may determine that a dividend shall be paid wholly or partly by the distribution of specific assets (which may consist of the shares or securities of any other company) and may settle all questions concerning such distribution. Without limiting the generality of the foregoing, the Directors may fix the value of such specific assets, may determine that cash payment shall be made to some Shareholders in lieu of specific assets and may vest any such specific assets in trustees on such terms as the Directors think fit.
- 124. Subject to any rights and restrictions for the time being attached to any Shares, all dividends shall be declared and paid according to the amounts paid up on the Shares, but if and for so long as nothing is paid up on any of the Shares dividends may be declared and paid according to the par value of the Shares. No amount paid on a Share in advance of calls shall, while carrying interest, be treated for the purposes of this Article as paid on the Share.
- 125. If several Persons are registered as joint holders of any Share, any of them may give effective receipts for any dividend or other moneys payable on or in respect of the Share.
- 126. No dividend shall bear interest against the Company.
- 127. Any dividend unclaimed after a period of six calendar years from the date of declaration of such dividend may be forfeited by the Board of Directors and, if so forfeited, shall revert to the Company.

- 129. The books of account shall be kept at the Registered Office, or at such other place or places as the Directors think fit, and shall always be open to the inspection of the Directors.

- 130. The Directors may from time to time determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of Shareholders not being Directors, and no Shareholder (not being a Director) shall have any right to inspect any account or book or document of the Company except as conferred by any applicable law or authorised by the Directors or by Ordinary Resolution.

and any such agreement made under this authority being effective and binding on all those Shareholders; and

- (e) generally do all acts and things required to give effect to the resolution.
- 137. Notwithstanding any provisions in these Articles, the Directors may resolve to capitalise any sum standing to the credit of any of the Company's reserve accounts or funds (including the Share Premium Account and capital redemption reserve fund) or any sum standing to the credit of the profit and loss account or otherwise available for distribution by applying such sum in paying up in full unissued Shares to be allotted and issued to:

- 147. The Board shall be entitled to release or disclose any information in its possession, custody or control regarding the Company or its affairs to any of its Members including, without limitation, information contained in the Register and transfer books of the Company.

INDEMNITY

148. Every Director (including for the purposes of this Article any alternate Director appointed pursuant to the provisions of these Articles), Secretary, assistant Secretary, or other officer for the time being and from time to time of the Company (but not including the Company's auditors) and the personal representatives of the same (each an "**Indemnified Person**") shall be indemnified and secured harmless against all actions, proceedings, costs, charges, expenses, losses, damages or liabilities incurred or sustained by such Indemnified Person, other than by reason of such Indemnified Person's own dishonesty, wilful default or fraud, in or about the conduct of the Company's business or affairs (including as a result of any mistake of judgment) or in the execution or discharge of his duties, powers, authorities or discretions, including without prejudice to the generality of the foregoing, any costs, expenses, losses or liabilities incurred by such Indemnified Person in defending (whether successfully or otherwise) any civil proceedings concerning the Company or its affairs in any court whether in the Cayman Islands or elsewhere.

- 149. No Indemnified Person shall be liable:
 - (a) for the acts, receipts, neglects, defaults or omissions of any other Director or officer or agent of the Company; or
 - (b) for any loss on account of defect of title to any property of the Company; or
 - (c) on account of the insufficiency of any security in or upon which any money of the Company shall be invested; or
 - (d) for any loss incurred through any bank, broker or other similar Person; or

unless the same shall happen through such Indemnified Person's own dishonesty, willful default or fraud.

FINANCIAL YEAR

150. Unless the Directors otherwise prescribe, the financial year of the Company shall end on December 31st in each calendar year and shall begin on January 1st in each calendar year.

NON-RECOGNITION OF TRUSTS

151. No Person shall be recognised by the Company as holding any Share upon any trust and the Company shall not, unless required by law, be bound by or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any Share or (except only as otherwise provided by these Articles or as the Companies Law requires) any other right in respect of any Share except an absolute right to the entirety thereof in each Shareholder registered in the Register.

WINDING UP

152. If the Company shall be wound up the liquidator may, with the sanction of a Special Resolution of the Company and any other sanction required by the Companies Law, divide amongst the Members in species or in kind the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not) and may for that purpose value any assets and determine how the division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Members as the liquidator, with the like sanction, shall think fit, but so that no Member shall be compelled to accept any asset upon which there is a liability.

153. If the Company shall be wound up, and the assets available for distribution amongst the Members shall be more than sufficient to repay the whole of the share capital at the commencement of the winding up, the surplus shall be distributed amongst the Members in proportion to the par value of the Shares held by them at the commencement of the winding up subject to a deduction from those Shares in respect of which there are monies due, of all monies payable to the Company for unpaid calls or otherwise. If in a winding up, the assets available for distribution amongst the Members shall be insufficient to repay the whole of the share capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the Members in proportion to the par value of the Shares held by them. This Article is without prejudice to the rights of the holders of Shares issued upon special terms and conditions.

AMENDMENT OF ARTICLES OF ASSOCIATION

154. Subject to the Companies Law, the Company may at any time and from time to time by Special Resolution alter or amend these Articles in whole or in part.

- 156. In lieu of or apart from closing the Register, the Directors may fix in advance a date as the record date for any such determination of those Shareholders that are entitled to receive notice of, attend or vote at a meeting of the Shareholders and for the purpose of determining those Shareholders that are entitled to receive payment of any dividend the Directors may, at or within ninety calendar days prior to the date of declaration of such dividend, fix a subsequent date as the record date for such determination.
- 157. 3. SHARES SUBJECT TO THE PLAN.

- **3.1** Number of Ordinary Shares Available. Subject to Section 3.2, one Ordinary Share will be reserved and available for grant and issuance with respect to each Option pursuant to this Plan (collectively, the "Option Shares"). Subject to Section 3.2 hereof, Option Shares reserved for issuance in relation to this Plan will be available for issuance in connection with the exercise of any Option under this Plan, including to the extent such Option Shares: (a) are issued pursuant to an Option exercised hereunder but the Ordinary Shares are forfeited or repurchased by the Company; or (b) are subject to an Option that otherwise terminates without Option Shares being issued. At all times the Company will reserve and keep available a sufficient number of Option Shares as will be required to satisfy the requirements of all Options granted and outstanding under this Plan.
- **3.2** Adjustment of the Option Shares. In the event that the number of the Company's outstanding Ordinary Shares is changed by a stock dividend, recapitalization, stock split, reverse stock split, subdivision, combination, consolidation, reclassification or similar change in the capital structure of the Company without consideration (a "Capitalization Event"), then, with respect to each Option outstanding prior to such Capitalization Event, (a) the number of Ordinary Shares reserved for issuance under this Plan, and (b) the Exercise Prices and number of Ordinary Shares subject to each outstanding Option will be proportionately adjusted as determined by the Compensation Committee such that the Fair Market Value of the Option Shares subject to each Option immediately preceding such Capitalization Event, provided that the holder of such Option takes all such actions as are required by the Board or the shareholders of the Company and complies with applicable securities laws, the Plan and the Option Agreement; provided further, however, that fractions of an Ordinary Share will not be issued but will be rounded down to the nearest whole Ordinary Share; and provided, finally, that the Exercise Price of any Option may not be decreased below the par value of the Ordinary Shares subject to such Option.

4. ADMINISTRATION.

- **4.1** Compensation Committee Authority. This Plan will be administered by the Compensation Committee. Subject to the general purposes, terms and conditions of this Plan, and to the direction of the Board, the Compensation Committee will have full power to implement and carry out this Plan. Without limitation, the Compensation Committee will have the authority to:
- (a) construe and interpret this Plan, any Option Agreement and any other agreement or document executed pursuant to this Plan;
- (b) prescribe, amend and rescind rules and regulations relating to this Plan;
- (c) approve persons to receive each Option;
- (d) determine the form and terms of each Option;
- (e) determine the number of Ordinary Shares or other consideration subject to each Option;
- (f) determine whether each Option will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other Options under this Plan or awards under any other incentive or compensation plan of the Company or any Subsidiary of the Company;

- (g) grant waivers of any conditions of this Plan or any Option;
- (h) determine the terms of vesting, exercisability and payment of each Option;
- (i) correct any defect, supply any omission, or reconcile any inconsistency in this Plan, any Option, or any Option Agreement;
- (j) determine whether an Option has been earned;
- (k) extend the vesting period beyond a Participant's Termination Date; and
- (l) make all other determinations for the administration of this Plan.
- **4.2** <u>Compensation Committee Discretion.</u> Unless in contravention of any express terms of this Plan or Option, any determination required in relation to the Plan, the Option Agreement, an Option or an Option Share shall be made by the Compensation Committee in its sole discretion either (a) at the time of grant of the Option, or (b) at any later time. Any such determination will be final and binding on the Company and on all persons having an interest in any Option under this Plan or Option Share. The Compensation Committee may delegate to one or more officers of the Company the authority to grant an Option under this Plan, *provided* that such officer or officers are members of the Board.
- **OPTIONS.** The Compensation Committee may grant one or more Options to eligible persons and will determine the number of Ordinary Shares subject to the Options, the Exercise Price of the Options, the period during which the Options may be exercised, and all other terms and conditions of the Options, subject to the following:
 - **5.1 Form of Option Grant.** Each Option granted under this Plan will be evidenced by an Option Agreement (which may relate to one or more Options granted) substantially in form and substance as attached hereto as **Exhibit A**, or in such other form and contain such provisions (which need not be the same for each Participant) as the Compensation Committee may from time to time approve, and which will comply with and be subject to the terms and conditions of this Plan.
 - **5.2 Date of Grant.** The date of grant of an Option will be the date upon which the Compensation Committee makes the determination to grant such Option, unless a later date is otherwise specified by the Compensation Committee. The Option Agreement and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option.
 - **5.3** <u>Vesting.</u> Each Option, to the extent that there has been no Termination of the respective Participant's employment for Cause and the Option has not otherwise lapsed, expired, terminated or been forfeited, shall be vested and accelerated according to the terms and conditions set forth in the Option Agreement, as determined by the Compensation Committee at the time of grant, and shall otherwise not be vested. All Options held by a Participant which are otherwise not vested on such Participant's Termination Date shall automatically lapse, without any compensation or other obligation to such Participant, and shall have no further force and effect. Notwithstanding the Vesting Schedules attached to the respective Option Agreement or the nature of the vesting applicable to an Option, the Compensation Committee also may provide for Options to be vested at one time or from time to time, periodically or otherwise, in such number of Options or percentage of Options as the Compensation Committee determines at any time.

5.4 Exercise of Option.

- (a) <u>Generally</u>. Each Option (notwithstanding the nature of the vesting applicable thereto), once vested in accordance with the Plan and the Option Agreement, can be exercised only in the following circumstances:
 - (1) Change of Control. In the event of a Change of Control, each vested Option (including each Option which would be vested upon completion of such Change of Control) shall become exercisable immediately before the transaction giving rise to such Change of Control completes. All Options (vested and unvested) which are not validly exercised by the date specified by the Board (the "Change of Control Exercise Date") shall automatically lapse upon Completion of such Change of Control, without any compensation or other obligation to such Participant, and shall have no further force and effect, provided that the Company gives the respective Participant holding such vested Option at least five (5) Business Days advance written notice prior to the Change of Control Exercise Date regarding such Change of Control.

Notwithstanding anything to the contrary, the exercise of each vested Option in relation to a Change of Control shall be conditioned on completion of such Change of Control, and in the event the Board determines that the respective Change of Control has been cancelled, terminated or will not otherwise complete for any reason, all Options otherwise exercised in relation thereto shall remain outstanding, unexercised and subject to the rights and obligations of the Plan and the Option Agreement (including the right to be exercised upon a subsequent Change of Control or IPO), the respective Option Exercise Agreement shall automatically lapse and lose force and effect, and the Company shall promptly refund to each respective Participant the aggregate Exercise Price paid by such Participant in relation to such Options subject to exercise.

- (2) <u>IPO</u>. In the event of an IPO, each such vested Option shall become exercisable upon such IPO. Following an IPO, vested Options (including Options which thereafter become vested for the first time) shall remain exercisable (subject to the remainder of this Plan, including expiration in accordance with <u>Section 5.5</u>).
- (b) <u>Exercise at Other Times</u>. The Compensation Committee also may provide for Options to be exercisable at one time or from time to time, periodically or otherwise, in such number of Options or percentage of Options as the Compensation Committee determines at any time.
- (c) <u>Limitations on Exercise</u>. The Compensation Committee may specify a reasonable minimum number of Ordinary Shares that may be purchased on any exercise of Options; *provided* that such minimum number will not prevent Participant from exercising all of the then fully vested and exercisable Options held by such Participant.

- (d) Exercise Price. The Exercise Price of an Option will be determined by the Compensation Committee when the Option is granted. For the avoidance of doubt, the Exercise Price of [see Option Agreement] Options to be granted hereunder in 2014 (the "2014 Batch") by the Board will be USD[see Option Agreement], equal to the purchase price per ordinary share paid by the Investor in its initial investment in the Company.
- (e) Method of Exercise. Each Option may be exercised only by delivery to the Company of a written stock option exercise agreement in a form approved by the Compensation Committee ("Option Exercise Agreement"), which needs not be the same for each Participant. The Option Exercise Agreement will state (a) the number of Ordinary Shares being purchased (not to exceed the number of Ordinary Shares associated with the Options then vested and exercisable by the respective Participant, as determined by the Compensation Committee), (b) the restrictions imposed on the Ordinary Shares purchased under such Option Exercise Agreement, if any in addition to those set out in this Plan, and (c) such representations and agreements regarding the Participant's investment intent and access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws. The Participant shall execute and deliver to the Company the Option Exercise Agreement together with payment in full of the Exercise Price, and any applicable taxes, for the number of Ordinary Shares being purchased. An election to exercise an Option shall be effective and validly made by a Participant at the moment that a binding Option Exercise Agreement (with no further conditions to be satisfied by the respective Participant) is delivered by the respective Participant to the Board in accordance with the terms of this Plan and such Option Exercise Agreement.
- **5.5** Termination; Expiration Date; Effect of Lapse. Subject to earlier buy-out pursuant to Section 13, notwithstanding the exercise periods set forth in the Option Agreement, exercise of an Option, unless otherwise determined by the Compensation Committee, will always be subject to the terms and conditions of the Option Agreement, provided that each Option (whether vested or unvested) shall automatically lapse on the Expiration Date, without any compensation or other obligation to such Participant, and have no further force and effect. The lapsing, termination or forfeiture of any Option shall in no way limit the obligations of the respective Participant pursuant to the Plan and the Option Agreement, including in relation to any other Options or Option Shares then held by such Participant.
- **5.6** Modification, Extension or Renewal. The Compensation Committee may modify, extend or renew outstanding Options and authorize the grant of new Options in substitution therefore, and each Participant will cooperate in taking all actions which the Compensation Committee reasonably requires in relation to such substitution; <u>provided</u> that any such action may not impair any of a Participant's rights under any Option previously granted, without the written consent of such Participant or the written consent of Participants then holding a majority of the outstanding Options or as otherwise contemplated by the Plan. The Compensation Committee may reduce the Exercise Price of each outstanding Option without the consent of Participants by a written notice to them; <u>provided</u>, <u>however</u>, that the Exercise Price may not be reduced below the minimum Exercise Price that would be permitted under <u>Section 5.4(d)</u> hereof for each Option granted on the date the action is taken to reduce the Exercise Price; <u>provided further</u>, that the Exercise Price will not be reduced below the par value of the respective Ordinary Shares, if any.

6. PAYMENT FOR SHARE PURCHASES. Payment of the Exercise Price for Option Shares purchased pursuant to this Plan may be made in cash (by check) or, with the consent of the Company, by waiver of compensation due or accrued to the Participant from the Company for services rendered, or the combination of the foregoing. The Compensation Committee may, in its sole discretion, to the extent permitted by law, elect to assist the Participant in paying for Option Shares purchased under this Plan by authorizing a guarantee by the Company of a third-party loan to the Participant. Furthermore, the Compensation Committee may, in its sole discretion, allow a Participant to satisfy part or all of the Exercise Price payable upon exercise of one or more Options held by such Participant by allowing such Participant to waive its rights to a number of vested and exercisable Options in respect of which the related Option Shares have a Fair Market Value (reduced by the respective Exercise Price applicable to the Options so waived) equal to part or all of the Exercise Price otherwise payable by such Participant.

7. WITHHOLDING TAXES.

- **7.1 Withholding Generally.** Whenever Ordinary Shares are to be issued in satisfaction of Option granted under this Plan, the Company may require the Participant to remit to the Company an amount sufficient to satisfy withholding tax requirements in any applicable jurisdiction prior to the delivery of any certificate or certificates for such Ordinary Shares. Whenever, under this Plan, payments in satisfaction of Option are to be made in cash by the Company, such payment will be net of an amount sufficient to satisfy all applicable withholding tax requirements.
- 7.2 Stock Withholding. When, under applicable tax laws, a Participant incurs tax liability in connection with the exercise or vesting of any Option that is subject to tax withholding and the Participant is obligated to pay the Company the amount required to be withheld, the Compensation Committee may in its sole discretion allow the Participant to satisfy the minimum withholding tax obligation by electing to have the Company withhold from the Ordinary Shares to be issued that minimum number of Ordinary Shares having a Fair Market Value (after reduction for the respective Exercise Price, if not already then paid by the Participant) equal to the minimum amount of tax required to be withheld, determined on the date that the amount of tax to be withheld is to be determined; but in no event will the Company withhold Ordinary Shares if such withholding would result in adverse accounting consequences to the Company. All elections by a Participant to have Ordinary Shares withheld for this purpose will be made in accordance with the requirements established by the Compensation Committee for such elections and be in writing in a form acceptable to the Compensation Committee.

8. PRIVILEGES OF STOCK OWNERSHIP.

No Participant will have any of the rights of a shareholder with respect to any Option Shares until the Option Shares are issued to the Participant upon exercise of an Option in accordance with the Plan and the Option Agreement. After Option Shares are so issued to the Participant, the Participant will be a shareholder and have all the rights of a shareholder with respect to such Option Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Option Shares, subject to the remainder of this Plan and the Option Agreement.

TRANSFERABILITY. Except as permitted by the Compensation Committee, any Option granted under this Plan, and any interest therein, will not be transferable or assignable by the Participant, other than by will or by the laws of descent and distribution. During the lifetime of the Participant, an Option will be exercisable only by the Participant or Participant's legal representative and any elections with respect to an Option may be made only by the Participant or Participant's legal representative.

10. RESTRICTIONS ON SHARES.

- 10.1 <u>Prohibition on Transfer.</u> The Participant shall not transfer, sell, assign, grant a lien or security interest in, pledge, hypothecate, encumber or otherwise dispose of any of its Option Shares (or any interest therein) directly or indirectly to any Person (a "Transfer") without the prior written consent of the Board, except pursuant to a Transfer in accordance with Section 10.2 (Transfer Following IPO), Section 10.3 (Solvent Reorganization), Section 10.4 (Right of Repurchase on Termination), or Section 10.5 (Forfeiture of Options and Repurchase of Option Shares upon Breach of Non-Compete Obligations). Any Transfer or attempted Transfer in violation of this Section 10.1 shall be null and void *ab initio*, and disregarded by the Company, and the Company shall not give any effect to such purported Transfer or record such purported Transfer on its security registers or treat any purported transferee of such Option Shares as the owner of such Option Shares for any purpose hereunder or otherwise.
- **Transfer Following IPO**. In the event of an IPO, a Participant holding Option Shares shall be entitled to thereafter transfer a number of Option Shares on the respective stock exchange or market, <u>provided</u> the Participant agrees that, upon request of the Company or the underwriters managing any public offering of the Company's securities, the Participant will not sell or otherwise dispose of any Option Shares without the prior written consent of the Company or such underwriters, as the case may be, for such period of time after the effective date of such registration requested by such managing underwriters and subject to all restrictions as the Company or the underwriters may specify.
- **10.3 Solvent Reorganization**. The Board shall have the right to cause a Solvent Reorganization at any time for any reason. In the event Ordinary Shares are exchanged or converted or new securities are issued in a Solvent Reorganization, the definitions and other provisions of this Plan, the Option Agreement and the Option Exercise Agreement shall be automatically amended to reflect such exchange, conversion or issuance, as determined in the discretion of the Board, acting in good faith, with notice of any such amendments provided to Participants in accordance with Section 19 (Notices).
- 10.4 Right of Repurchase on Termination. The Company shall have the right (but not the obligation), which right shall be freely assignable by the Company, (the "Call Right") to repurchase all or any portion of the Ordinary Shares then held by a Participant for cash (or, at the Company's discretion, cancellation of purchase money indebtedness owed to the Company by the Participant) in the amount specified below (the "Call Price") following such Participant's Termination, which right may be exercised at any time within 180 days after the later of (i) the Participant's Termination Date, and (ii) the date the Participant purchases such Ordinary Shares under the Plan (the later of such dates, the "Call Reference Date"). The Call Price with respect to each Ordinary Share subject to an exercise of the Call Right ("Called Shares") shall be (x) in the event of resignation (in the absence of Cause) or termination without Cause, the Fair Market Value of each such Ordinary Share on the respective Call Reference Date, and (y) otherwise, the cost (Exercise Price) of the Called Shares (in either case, the "Call Price"). Each holder of a Called Share shall provide customary representations and warranties with respect to each Called Share as the Board requires in its sole discretion. However, the failure of a holder of one or more Called Shares to comply with its obligations shall in no way delay the completion of such transfer of each such Called Share, which shall be recorded in the applicable Company security registers at the moment that the Company makes available to the respective Participant the applicable Call Price (including where such amount is recorded in the Company's accounting records as reserved for such purpose).

- 10.5 Forfeiture of Options and Repurchase of Option Shares upon Breach of Non-Compete Obligations. If following Termination (with or without a Cause) (including resignation), a Participant breaches his or her non-compete and/or confidentiality and/or non-solicitation commitment towards the Company or its Subsidiaries under the respective employment contract or service agreement (a "Breach"), then upon such Breach, (a) all vested and unexercised Options, to the extent they have not been terminated, forfeited or lapsed, shall be forfeited, shall automatically lapse (without any compensation or other obligation to such Participant) and shall have no further force and effect; (b) all Option Shares issued pursuant to the Options exercised hereunder and held by such Participant shall be subject to the Company's right to repurchase, if not already repurchased by the Company, within 180 days of such Breach being notified by the Company (or, if adjudication is rendered thereon, within such period from the date of breach to 180 days after the adjudication) for consideration equal to cost (Exercise Price) of such Option Shares. The Participant shall provide customary representations and warranties with respect to such Option Shares and shall take all actions and provide all assistances necessary for transferring such Called Shares to the Company as the Board requires in its sole discretion. However, the failure of the Participant to comply with its obligations shall in no way delay the completion of such transfer of each such Option Shares, which shall be recorded in the applicable Company security registers at the moment that the Company makes available to the respective Participant the applicable repurchase price (including where such amount is recorded in the Company's accounting records as reserved for such purpose).
- **10.6** <u>Right of First Refusal.</u> At the discretion of the Compensation Committee, the Company may reserve to itself and/or its assignee(s) in the Option Agreement a right of first refusal to purchase all Ordinary Shares that a Participant (or a subsequent transferee) may propose to transfer to a third party.
- **10.7 Facilitation**. Each holder of one or more Options, and each holder of one or more Option Shares, shall take such actions as the Board, acting in good faith, requires to consummate and make effective, in the most expeditious manner practicable, all actions in furtherance of a Solvent Reorganization or otherwise a Change of Control or IPO (as the case may be), all with a view to obtaining the best terms in such transaction. Without limiting the generality of the foregoing, each Participant hereby waives, and undertakes to take any action necessary in the future to waive, any dissenter's rights, appraisal rights or similar rights in connection with any Solvent Reorganization, Change of Control or IPO. For so long as the restrictions set forth in Section 10 apply, the Participant shall irrevocably authorise the Company or such agent to date and complete all outstanding details on such instruments of transfer or forms in furtherance of the restrictions set forth in Section 10.

- 11. CERTIFICATES. All certificates for Ordinary Shares or other securities delivered under this Plan will be subject to such stock transfer orders, legends and other restrictions as the Compensation Committee may deem necessary or advisable, including restrictions under any applicable securities law, or any rules, regulations and other requirements of any stock exchange or automated quotation system upon which the Ordinary Shares may be listed or quoted.
- 12. ESCROW; PLEDGE OF SHARES. To enforce any restrictions on a Participant's Option Shares set forth in Section 10 hereof, the Compensation Committee may require the Participant to deposit all certificates representing Option Shares, together with stock powers or other instruments of transfer approved by the Compensation Committee, appropriately endorsed in blank, with the Company or an agent designated by the Company to hold in escrow until such restrictions have lapsed or terminated. The Compensation Committee may cause a legend or legends referencing such restrictions to be placed on the certificates. In connection with any pledge of the Option Shares in furtherance of the restrictions set forth in Section 10 hereof, Participant will be required to execute and deliver a written pledge agreement in such form as the Compensation Committee will from time to time approve.
- Exchange And Buyout Of Vested Options; Termination Of Unvested Options. The Company may, at any time or from time to time at its sole 13. election, buy from a Participant one or more Options previously granted which has become vested (the "Vested Option Call") with payment (x) in cash egual to the then determined Fair Market Value of the Option Shares into which each such vested Option is exercisable (or would otherwise be exercisable if such exercise is not then allowed by the Plan), less the respective Exercise Price payable in relation thereto, or (y) such other consideration as the Compensation Committee and the Participant may agree, in each case, pursuant to a transfer agreement in form and substance (including customary representations and warranties by the transferor of such Options) determined by the Compensation Committee; or the Compensation Committee may authorize the Company, with the consent of the respective Participant, to issue new Options in exchange for the surrender and cancellation of any or all outstanding Options. Each Option subject to the Vested Option Call shall be recorded as transferred on the later to occur of (i) the Company providing the respective Participant with written notice of such transfer, and (ii) the moment that the Company makes available to the respective Participant the applicable consideration (including where such amount is recorded in the Company's accounting records as reserved for such purpose). Notwithstanding anything to the contrary in this Plan, the Compensation Committee may at any time terminate (without any compensation or other obligation to a Participant) one or more Options which are then unvested, including such Options which the Compensation Committee determines are permanently unvested pursuant to the terms of the applicable Option Agreement, which Options so Terminated shall have no further force and effect, provided that the Board and the Company will make commercially reasonable efforts to ensure that any incentive plan proposed to replace this Plan makes available to Participants aggregate economic consideration which is no less favourable (on a gross pre-tax basis) than available under this Plan.

14. SECURITIES LAW AND OTHER REGULATORY COMPLIANCE.

- 14.1 Compliance Required. An Option will not be effective unless such Option is in compliance with all applicable securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Ordinary Shares may then be listed or quoted, as they are in effect on the date of grant of the Option and also on the date of exercise or other issuance. Notwithstanding any other provision in this Plan, the Company will have no obligation to issue or deliver Ordinary Shares (or certificates in respect thereof) under this Plan prior to (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable, (b) compliance with any exemption, completion of any registration or other qualification of such Ordinary Shares under any law or ruling of any applicable governmental body that the Company determines to be necessary or advisable, and (c) full compliance with the Plan and the Option Agreement by the respective holder of such Ordinary Shares (or holder of the Option exercised in relation thereto, as the case may be). The Company will be under no obligation to register the Ordinary Shares with or to effect compliance with the exemption, registration, qualification or listing requirements of any applicable securities laws, stock exchange or automated quotation system, and the Company will have no liability for any inability or failure to do so.
- 14.2 No Delay. To the extent the Board determines that any action required by or in relation to this Plan, an Option Agreement, an Option Exercise Agreement, an Option or an Option Share will not be in compliance (on the date such action is contemplated to be taken) with all applicable securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system, such required action shall not delay any other action contemplated by this Plan (including without limit a Change of Control or IPO) and the taking of such contemplated action shall be permitted notwithstanding non-compliance with the Plan, Option Agreement or Option Exercise Agreement (as the case may be), provided that the Board, in good faith, determines that commercially reasonable efforts have been made to (i) achieve compliance with the terms of the Plan, and (ii) otherwise, make available to Participants aggregate economic consideration which is no less favourable (on a gross pre-tax basis) than otherwise available had the Plan been complied with notwithstanding this sentence.
- 15. NO OBLIGATION TO EMPLOY. Nothing in this Plan or any Option granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Subsidiary of the Company or limit in any way the right of the Company or any Subsidiary of the Company to terminate Participant's employment or other relationship at any time, with or without Cause.
- 16. GOVERNING LAW. This Plan and all agreements hereunder shall be governed by and construed in accordance with the laws of the Cayman Islands.
- **17. AMENDMENT OR TERMINATION OF PLAN.** Subject to Section 5.6 hereof, the Board may at any time terminate or amend this Plan in any respect, including (without limitation) amending any provision applicable to any Option then outstanding, and amending any form of Option Agreement or other instrument in relation to this Plan .
- **NONEXCLUSIVITY OF THE PLAN.** Neither the adoption of this Plan by the Board, the submission of this Plan to the shareholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including without limitation the granting of stock options and other equity awards otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

- 19. NOTICES. Any notice required to be given or delivered to the Company shall be in writing and addressed to the Corporate Secretary of the Company at its principal corporate offices. All notices shall be deemed effectively given upon personal delivery or, otherwise, two Business Days after its deposit, prepaid, via any international express courier (with delivery confirmation requested).
- 20. CONFIDENTIALITY. Each Participant acknowledges that neither its participation in the Plan nor the holding of Options or Option Shares provides such Participant with any right to receive information. Nevertheless, each Participant acknowledges that it may receive Confidential Information as a result of such Participant's participation in the Plan, or holding of Options or Options Shares and therefore agrees that it will not, during or after the term of this Plan, take commercial or proprietary advantage of or profit from any Confidential Information nor disclose Confidential Information to any Person for any reason or purpose whatsoever, except (i) to such Participant's auditors, attorneys or other agents, in each case, to the extent bound by obligations of confidentiality no less onerous than those set forth in this Plan; or (ii) to the extent required to be disclosed by order of a court of competent jurisdiction, administrative body or governmental body, or by subpoena, summons or legal process, or by law, rule or regulation (provided that each Participant required to make such disclosure shall, to the extent permitted by law, provide to Board prompt written notice in advance of any such disclosure and comply with the Board's requests to obtain a protective order in relation to such disclosure).

ARTICLE 3 SHARES SUBJECT TO THE PLAN

3.1 Number of Shares.

- (a) Subject to Section 12.1 and Section 3.1(b), the aggregate number of Shares which may be issued or transferred pursuant to Awards under the Plan is the sum of 5,000,000 Shares (5% of the total shares outstanding as of 30 June 2017) and subject to the Board approval may increase on annual basis as the increase of the number of Shares outstanding (on an as-converted basis) on the last day of the immediately preceding calendar year.
- (b) To the extent that an Award terminates, expires, or lapses for any reason, or is settled in cash and not Shares, then any Shares subject to the Award shall again be available for the grant of an Award pursuant to the Plan. Shares delivered by the Holder or withheld by the Company upon the exercise of any Award under the Plan, in payment of the exercise price thereof or tax withholding thereon, may again be optioned, granted or awarded hereunder, subject to the limitations of Section 3.1(a). If any Shares forfeited by the Holder or repurchased by the Company are again returned to the Company, these shares may again be optioned, granted or awarded hereunder, subject to the limitations of Section 3.1(a). To the extent permitted by Applicable Laws, Shares issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company, any Parent or any Subsidiary or Related Entity shall not be counted against Shares available for grant pursuant to the Plan. The payment of Dividend Equivalents in cash in conjunction with any outstanding Awards shall not be counted against the Shares available for issuance under the Plan. Notwithstanding the provisions of this Section 3.1(b), no Shares may again be optioned, granted or awarded if such action would cause an Incentive Option to fail to qualify as an incentive stock option under Section 422 of the Code.
- 3.2 Share Distributed. Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares, treasury Shares (subject to Applicable Laws) or Shares purchased on the open market. Additionally, in the discretion of the Committee, American Depository Shares in an amount equal to the number of Shares which otherwise would be distributed pursuant to an Award may be distributed in lieu of Shares in settlement of any Award. If the number of Shares represented by an American Depository Share is other than on a one-to-one basis, the limitations of Section 3.1 shall be adjusted to reflect the distribution of American Depository Shares in lieu of Shares.

ARTICLE 4 GRANTING OF AWARDS

4.1 <u>Participation</u>. The Administrator may, from time to time, select from among all Eligible Individuals, those to whom an Award shall be granted and shall determine the nature and amount of each Award, which shall not be inconsistent with the requirements of the Plan. No Eligible Individual shall have any right to be granted an Award pursuant to the Plan.

- 4.2 <u>Award Agreement</u>. Each Award shall be evidenced by an Award Agreement. Award Agreements evidencing Incentive Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.
- 4.3 <u>Jurisdictions</u>. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in the jurisdictions in which the Service Recipients operate or have Eligible Individuals, or in order to comply with the requirements of any securities exchange, the Administrator, in its sole discretion, shall have the power and authority to: (a) determine which Subsidiaries and Related Entities shall be covered by the Plan; (b) determine which Eligible Individuals are eligible to participate in the Plan; (c) modify the terms and conditions of any Award granted to Eligible Individuals to comply with Applicable Laws; (d) establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable (any such subplans and/or modifications shall be attached to the Plan as appendices); *provided, however*, that no such subplans and/or modifications shall increase the share limitations contained in Section 3.1; and (e) take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any Applicable Laws including necessary local governmental regulatory exemptions or approvals or listing requirements of any such securities exchange. Notwithstanding the foregoing, the Administrator may not take any actions hereunder, and no Awards shall be granted, that would violate the any Applicable Laws.
- 4.4 <u>Stand-Alone and Tandem Awards</u>. Awards granted pursuant to the Plan may, in the sole discretion of the Administrator, be granted either alone, in addition to, or in tandem with, any other Award granted pursuant to the Plan. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

ARTICLE 5 OPTIONS

- 5.1 General. The Committee is authorized to grant Options to Eligible Individuals on the following terms and conditions:
- (a) Exercise Price. The exercise price per Share subject to an Option shall be determined by the Administrator and set forth in the Award Agreement which may be a fixed or variable price related to the Fair Market Value of the Shares; *provided, however*, that no Option may be granted to an individual subject to taxation in the United States at less than the Fair Market Value on the date of grant, without compliance with Section 409A of the Code, or the Holder's consent. The exercise price per Share subject to an Option may be amended or adjusted in the absolute discretion of the Administrator, the determination of which shall be final, binding and conclusive. For the avoidance of doubt, to the extent not prohibited by Applicable Laws (including any applicable exchange rule), a downward adjustment of the exercise prices of Options mentioned in the preceding sentence shall be effective without the approval of the Company's shareholders or the approval of the affected Holders.
- (b) <u>Vesting</u>. The period during which the right to exercise, in whole or in part, an Option vests in the Holder shall be set by the Administrator and the Administrator may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. Such vesting may be based on service with the Service Recipient or any other criteria selected by the Administrator. At any time after grant of an Option, the Administrator may, in its sole discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option vests. No portion of an Option which is unexercisable at a Holder's Termination of Service shall thereafter become exercisable, except as may be otherwise provided by the Administrator either in the Award Agreement or by action of the Administrator following the grant of the Option.
- (c) <u>Time and Conditions of Exercise</u>. The Administrator shall determine the time or times at which an Option may be exercised in whole or in part, including exercise prior to vesting and that a partial exercise must be with respect to a minimum number of shares. The Administrator shall also determine any conditions, if any, that must be satisfied before all or part of an Option may be exercised.
- (d) <u>Partial Exercise</u>. An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Administrator may require that, by the terms of the Option, a partial exercise must be with respect to a minimum number of shares.

- (e) <u>Manner of Exercise</u>. All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company, or such other person or entity designated by the Administrator, or his, her or its office, as applicable:
- (i) A written or electronic notice complying with the applicable rules established by the Administrator stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Holder or other person then entitled to exercise the Option or such portion of the Option;
- (ii) Such representations and documents as the Administrator, in its sole discretion, deems necessary or advisable to effect compliance with all Applicable Laws or regulations, and the rules of any securities exchange or automated quotation system on which the Shares are listed, quoted or traded. The Administrator may, in its sole discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;
- (iii) In the event that the Option shall be exercised pursuant to Section 9.3 by any person or persons other than the Holder, appropriate proof of the right of such person or persons to exercise the Option, as determined in the sole discretion of the Administrator; and
- (iv) Full payment of the exercise price and applicable withholding taxes to share administrator of the Company for the Shares with respect to which the Option, or portion thereof, is exercised, in a manner permitted by Section 9.1 and 9.2.
- (f) <u>Term</u>. The term of any Option granted under the Plan shall not exceed ten years. Except as limited by the requirements of Section 409A or Section 422 of the Code and regulations and rulings thereunder, the Administrator may extend the term of any outstanding Option, and may extend the time period during which vested Options may be exercised, in connection with any Termination of Service of the Holder, and may amend any other term or condition of such Option relating to such a Termination of Service.
- (g) Evidence of Grant. All Options shall be evidenced by an Award Agreement between the Company and the Holder. The Award Agreement shall include such additional provisions as may be specified by the Committee.
- 5.2 <u>Incentive Options</u>. Incentive Options may be granted to Employees of the Company, a Parent or Subsidiary of the Company (which qualify as a parent or subsidiary corporation under Section 424(e) and (f) of the Code respectively). Incentive Options may not be granted to Employees of a Related Entity or to Non-Employee Directors [or Consultants]. The terms of any Incentive Options granted pursuant to the Plan, in addition to the requirements of Section 5.1, must comply with the following additional provisions of this Section 5.2:
- (a) <u>Expiration of Option</u>. An Incentive Option may not be exercised to any extent by anyone after the first to occur of the following events, unless otherwise approved by the Administrator in a separate resolution:
 - (i) Ten years from the date it is granted, unless an earlier time is set in the Award Agreement;
- (ii) Three months after the Holder's Termination of Service as an Employee (save in the case of termination on account of disability or death); and
- (iii) One year after the date of the Holder's Termination of Service on account of disability or death. Upon the Holder's disability or death, any Incentive Options exercisable at the Holder's disability or death may be exercised by the Holder's legal representative or representatives, by the person or persons entitled to do so pursuant to the Holder's last will and testament, or, if the Holder fails to make testamentary disposition of such Incentive Option or dies intestate, by the person or persons entitled to receive the Incentive Option pursuant to the applicable laws of descent and distribution as determined under Applicable Laws.

- (b) <u>Individual Dollar Limitation</u>. The aggregate Fair Market Value (determined as of the time the Option is granted) of all Shares with respect to which Incentive Options are first exercisable by a Holder in any calendar year may not exceed US\$100,000 or such other limitation as imposed by Section 422(d) of the Code, or any successor provision. To the extent that Incentive Options are first exercisable by a Holder in excess of such limitation, the excess shall be considered Non-Qualified Options.
- (c) <u>Ten Percent Owners</u>. An Incentive Option shall be granted to any individual who, at the date of grant, owns Shares possessing more than ten percent of the total combined voting power of all classes of shares of the Company only if such Option is granted at a price that is not less than 110% of Fair Market Value on the date of grant and the Option is exercisable for no more than five years from the date of grant.
- (d) <u>Transfer Restriction</u>. The Holder shall give the Company prompt notice of any disposition of Shares acquired by exercise of an Incentive Option within (i) two years from the date of grant of such Incentive Option or (ii) one year after the transfer of such Shares to the Holder.
- (e) <u>Expiration of Incentive Options</u>. No Award of an Incentive Option may be made pursuant to this Plan after the tenth anniversary of the Effective Date.
 - (f) <u>Right to Exercise</u>. During a Holder's lifetime, an Incentive Option may be exercised only by the Holder.
- 5.3 <u>Substitute Awards</u>. Notwithstanding the foregoing provisions of this Article 5 to the contrary, in the case of an Option that is a Substitute Award, the price per share of the shares subject to such Option may be less than the Fair Market Value per share on the date of grant, *provided*, that the excess of: (a) the aggregate Fair Market Value (as of the date such Substitute Award is granted) of the shares subject to the Substitute Award, over (b) the aggregate exercise price thereof does not exceed the excess of: (x) the aggregate fair market value (as of the time immediately preceding the transaction giving rise to the Substitute Award, such fair market value to be determined by the Administrator) of the shares of the predecessor entity that were subject to the grant assumed or substituted for by the Company, over (y) the aggregate exercise price of such shares.
- 5.4 <u>Substitution of Share Appreciation Rights</u>. The Administrator may provide in the Award Agreement evidencing the grant of an Option that the Administrator, in its sole discretion, shall have the right to substitute a Share Appreciation Right for such Option at any time prior to or upon exercise of such Option; *provided*, that such Share Appreciation Right shall be exercisable with respect to the same number of Shares for which such substituted Option would have been exercisable.

ARTICLE 6 AWARD OF RESTRICTED SHARES

6.1 Award of Restricted Shares.

- (a) The Administrator is authorized to grant Restricted Share to Eligible Individuals, and shall determine the amount of, and the terms and conditions, including the restrictions applicable to each award of Restricted Shares, which terms and conditions shall not be inconsistent with the Plan, and may impose such conditions on the issuance of such Restricted Shares as it deems appropriate.
- (b) The Administrator shall establish the purchase price, if any, and form of payment for Restricted Shares; *provided*, *however*, that such purchase price shall be no less than the par value of the Shares to be purchased, unless otherwise permitted by Applicable Laws. In all cases, legal consideration shall be required for each issuance of Restricted Shares.
- 6.2 <u>Rights as Shareholders</u>. Subject to Section 6.4, upon issuance of Restricted Shares, the Holder shall have, unless otherwise provided by the Administrator, all the rights of a shareholder with respect to said shares, subject to the restrictions in his or her Award Agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; *provided*, *however*, that, in the sole discretion of the Administrator, any extraordinary distributions with respect to the Shares shall be subject to the restrictions set forth in Section 6.3.

- 6.3 Restrictions. All Restricted Shares (including any shares received by Holders thereof with respect to Restricted Shares as a result of share dividends, share splits or any other form of recapitalization) shall, in the terms of each individual Award Agreement, be subject to such restrictions and vesting requirements as the Administrator shall provide. Such restrictions may include, without limitation, restrictions concerning voting rights and transferability and such restrictions may lapse separately or in combination at such times and pursuant to such circumstances or based on such criteria as selected by the Administrator, including, without limitation, criteria based on the Holder's duration of employment, directorship or consultancy with the Service Recipient, or other criteria selected by the Administrator. By action taken after the Restricted Shares are issued, the Administrator may, on such terms and conditions as it may determine to be appropriate, accelerate the vesting of such Restricted Shares by removing any or all of the restrictions imposed by the terms of the Award Agreement. Restricted Share may not be sold or encumbered until all restrictions are terminated or expire.
- 6.4 Repurchase or Forfeiture of Restricted Shares. If no price was paid by the Holder for the Restricted Shares, upon a Termination of Service the Holder's rights in unvested Restricted Shares then subject to restrictions shall lapse, and such Restricted Shares shall be surrendered to the Company and cancelled without consideration. If a purchase price was paid by the Holder for the Restricted Shares, upon a Termination of Service the Company shall have the right to repurchase from the Holder the unvested Restricted Shares then subject to restrictions at a cash price per share equal to the price paid by the Holder for such Restricted Shares or such other amount as may be specified in the Award Agreement. The Administrator in its sole discretion may provide that in the event of certain events the Holder's rights in unvested Restricted Shares shall not lapse, such Restricted Shares shall vest and shall be non-forfeitable, and if applicable, the Company shall not have a right of repurchase.
- 6.5 <u>Certificates for Restricted Shares</u>. Restricted Shares granted pursuant to the Plan may be evidenced in such manner as the Administrator shall determine. Certificates or book entries evidencing Restricted Shares must include an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Share, and the Company may, in its sole discretion, retain physical possession of any share certificate until such time as all applicable restrictions lapse.

ARTICLE 7 AWARD OF DIVIDEND EQUIVALENTS, DEFERRED SHARES, SHARE PAYMENTS, RESTRICTED SHARE UNITS

- 7.1 <u>Dividend Equivalents</u>. Dividend Equivalents may be granted by the Administrator based on dividends declared on the Shares, to be credited as of dividend payment dates during the period between the date an Award is granted to a Holder and the date such Award vests, is exercised, is distributed or expires, as determined by the Administrator. Such Dividend Equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Administrator.
- 7.2 <u>Share Payments</u>. The Administrator is authorized to make Share Payments to any Eligible Individual. The number or value of shares of any Share Payment shall be determined by the Administrator and may be based upon any other criteria, including service to the Service Recipients, determined by the Administrator. Share Payments may, but are not required to be made in lieu of base salary, bonus, fees or other cash compensation otherwise payable to such Eligible Individual.
- 7.3 <u>Deferred Shares</u>. The Administrator is authorized to grant Deferred Shares to any Eligible Individual. The number of shares of Deferred Shares shall be determined by the Administrator and may be based on any specific criteria, including service to the Service Recipients, as the Administrator determines, in each case on a specified date or dates or over any period or periods determined by the Administrator. Shares underlying a Deferred Share award will not be issued until the Deferred Share award has vested, pursuant to a vesting schedule or other conditions or criteria set by the Administrator. Unless otherwise provided by the Administrator, a Holder of Deferred Shares shall have no rights as a Company shareholder with respect to such Deferred Shares until such time as the Award has vested and the Shares underlying the Award has been issued to the Holder.

- 7.4 Restricted Share Units. The Administrator is authorized to grant Restricted Share Units to any Eligible Individual. The number and terms and conditions of Restricted Share Units shall be determined by the Administrator. The Administrator shall specify the date or dates on which the Restricted Share Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate, including service to the Service Recipients, in each case on a specified date or dates or over any period or periods, as the Administrator determines. The Administrator shall specify, or permit the Holder to elect, the conditions and dates upon which the Shares underlying the Restricted Share Units which shall be issued, which dates shall not be earlier than the date as of which the Restricted Share Units vest and become nonforfeitable and which conditions and dates shall be subject to compliance with Section 409A of the Code, to the extent applicable to the Holder. Restricted Share Units may be paid in cash, Shares or both, as Determined by the Administrator. On the distribution dates, the Company shall issue to the Holder one unrestricted, fully transferable Shares (or the Fair Market Value of one such Share in cash) for each vested and nonforfeitable Restricted Share Unit.
- 7.5 <u>Exercise or Purchase Price</u>. The Administrator may establish the exercise or purchase price of shares of Deferred Shares, shares distributed as a Share Payment award or shares distributed pursuant to a Restricted Share Unit award; *provided*, *however*, that value of the consideration shall not be less than the par value of a share of Shares, unless otherwise permitted by Applicable Laws.
- 7.6 Exercise upon Termination of Service. A Dividend Equivalent award, Deferred Share award, Share Payment award and/or Restricted Share Unit award is exercisable or distributable only while the Holder is an Employee, Director [or Consultant], as applicable. The Administrator, however, in its sole discretion may provide that the Dividend Equivalent award, Deferred Share award, Share Payment award and/or Restricted Share Unit award may be exercised or distributed subsequent to a Termination of Service in certain events.

ARTICLE 8 AWARD OF SHARE APPRECIATION RIGHTS

8.1 Grant of Share Appreciation Rights.

- (a) The Administrator is authorized to grant Share Appreciation Rights to Eligible Individuals from time to time, in its sole discretion, on such terms and conditions as it may determine consistent with the Plan. The term of any Share Appreciation Right granted under the Plan shall not exceed ten years. Except as limited by the requirements of Section 409A or Section 422 of the Code and regulations and rulings thereunder, the Administrator may extend the term of any outstanding Share Appreciation Right, and may extend the time period during which vested Share Appreciation Rights may be exercised, in connection with any Termination of Service of the Holder, and may amend any other term or condition of such Share Appreciation Right relating to such a Termination of Service.
- (b) A Share Appreciation Right shall entitle the Holder (or other person entitled to exercise the Share Appreciation Right pursuant to the Plan) to exercise all or a specified portion of the Share Appreciation Right (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the Share Appreciation Right from the Share Value on the date of exercise of the Share Appreciation Right by the number of Shares with respect to which the Share Appreciation Right shall have been exercised, subject to any limitations the Administrator may impose.
- (c) The exercise price per Share subject to a Share Appreciation Right shall be determined by the Administrator and set forth in the Award Agreement which may be a fixed or variable price related to the Fair Market Value of the Shares; provided, however, that no Share Appreciation Right may be granted to an individual subject to taxation in the United States at less than the Fair Market Value on the date of grant, without compliance with Section 409A of the Code, or the Holder's consent. The exercise price per Share subject to a Share Appreciation Right may be amended or adjusted in the absolute discretion of the Administrator, the determination of which shall be final, binding and conclusive. For the avoidance of doubt, to the extent not prohibited by Applicable Laws (including any applicable securities exchange rule), a downward adjustment of the exercise prices of Share Appreciation Rights mentioned in the preceding sentence shall be effective without the approval of the Company's shareholders or the approval of the affected Holders.

(d) In the case of an Share Appreciation Right that is a Substitute Award, the price per share of the Shares subject to such Share Appreciation Right may be less than the Fair Market Value per share on the date of grant, *provided*, that the excess of: (a) the aggregate Fair Market Value (as of the date such Substitute Award is granted) of the Shares subject to the Substitute Award, over (b) the aggregate exercise price thereof does not exceed the excess of: (x) the aggregate fair market value (as of the time immediately preceding the transaction giving rise to the Substitute Award, such fair market value to be determined by the Administrator) of the shares of the predecessor entity that were subject to the grant assumed or substituted for by the Company, over (y) the aggregate exercise price of such shares.

8.2 Share Appreciation Right Vesting.

- (a) The period during which the right to exercise, in whole or in part, a Share Appreciation Right vests in the Holder shall be set by the Administrator and the Administrator may determine that a Share Appreciation Right may not be exercised in whole or in part for a specified period after it is granted. Such vesting may be based on service with the Service Recipients, or any other criteria selected by the Administrator. At any time after grant of a Share Appreciation Right, the Administrator may, in its sole discretion and subject to whatever terms and conditions it selects, accelerate the period during which a Share Appreciation Right vests.
- (b) No portion of a Share Appreciation Right which is unexercisable at Termination of Service shall thereafter become exercisable, except as may be otherwise provided by the Administrator either in the Award Agreement or by action of the Administrator following the grant of the Share Appreciation Right.
- 8.3 <u>Manner of Exercise</u>. All or a portion of an exercisable Share Appreciation Right shall be deemed exercised upon delivery of all of the following to the Administrator, or such other person or entity designated by the Administrator, or his, her or its office, as applicable:
- (a) A written or electronic notice complying with the applicable rules established by the Administrator stating that the Share Appreciation Right, or a portion thereof, is exercised. The notice shall be signed by the Holder or other person then entitled to exercise the Share Appreciation Right or such portion of the Share Appreciation Right;
- (b) Such representations and documents as the Administrator, in its sole discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal, state or foreign securities laws or regulations. The Administrator may, in its sole discretion, also take whatever additional actions it deems appropriate to effect such compliance; and
- (c) In the event that the Share Appreciation Right shall be exercised pursuant to this Section 8.3 by any person or persons other than the Holder, appropriate proof of the right of such person or persons to exercise the Share Appreciation Right, in the sole discretion of the Administrator.
- 8.4 <u>Payment</u>. Amounts payable upon exercise of a Share Appreciation Right shall be in cash, Shares (based on its Fair Market Value as of the date the Share Appreciation Right is exercised), or a combination of both, as determined by the Administrator.

ARTICLE 9 ADDITIONAL TERMS OF AWARDS

9.1 Payment. The Administrator shall determine the methods by which payments by any Holder with respect to any Awards granted under the Plan shall be made, including, without limitation: (a) cash or check, (b) Shares (including, in the case of payment of the exercise price of an Award, Shares issuable pursuant to the exercise of the Award) or Shares held for such period of time as may be required by the Administrator in order to avoid adverse accounting consequences under Applicable Accounting Standards, in each case, having a Fair Market Value on the date of delivery equal to the aggregate payments required, (c) following the Trading Date, delivery of a notice that the Holder has placed a market sell order with a broker with respect to Shares then issuable upon exercise or vesting of an Award, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the aggregate payments required, *provided*, that payment of such proceeds is then made to the Company upon settlement of such sale, or (d) other form of legal consideration acceptable to the Administrator. The Administrator shall also determine the methods by which Shares shall be delivered or deemed to be delivered to Holders. Notwithstanding any other provision of the Plan to the contrary, no Holder shall be permitted to make payment with respect to any Awards granted under the Plan to the extent prohibited by Applicable Laws.

9.2 Tax Withholding. No Shares shall be delivered under the Plan to any Holder until such Holder has made arrangements acceptable to the Administrator for the satisfaction of any income, employment, social welfare or other tax withholding obligations under Applicable Laws. Each Service Recipient shall have the authority and the right to deduct or withhold, or require a Holder to remit to the applicable Service Recipient, an amount sufficient to satisfy federal, state, local and foreign taxes (including the Holder's employment, social welfare or other tax obligations) required by Applicable Laws to be withheld with respect to any taxable event concerning a Holder arising as a result of the Plan. The Administrator may in its sole discretion and in satisfaction of the foregoing requirement allow a Holder to elect to have the Company withhold Shares otherwise issuable under an Award (or allow the surrender of Shares). The number of Shares which may be so withheld or surrendered shall be limited to the number of Shares which have a Fair Market Value on the date of withholding or repurchase equal to the aggregate amount of such liabilities based on the minimum statutory withholding rates for tax purposes that are applicable to such taxable income. The Administrator shall determine the Fair Market Value of the Shares, consistent with Applicable Laws, for tax withholding obligations due in connection with a broker-assisted cashless Option or Share Appreciation Right exercise involving the sale of shares to pay the Option or Share Appreciation Right exercise price or any tax withholding obligation.

9.3 <u>Transferability of Awards</u>.

- (a) Except as otherwise provided in Section 9.3(b):
- (i) No Award under the Plan may be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent of the Administrator, as required under applicable domestic relations laws, unless and until such Award has been exercised, or the shares underlying such Award have been issued, and all restrictions applicable to such shares have lapsed;
- (ii) No Award or interest or right therein shall be liable for the debts, contracts or engagements of the Holder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, hypothecation, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence; and
- (iii) During the lifetime of the Holder, only the Holder may exercise an Award (or any portion thereof) granted to him under the Plan, unless it has been disposed of pursuant to applicable domestic relations law; after the death of the Holder, any exercisable portion of an Award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Award Agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Holder's will or under the then Applicable Laws of descent and distribution.
- (b) Notwithstanding Section 9.3(a), the Administrator, in its sole discretion, may determine to permit a Holder to transfer an Award other than an Incentive Option to certain persons or entities related to the Holder, including but not limited to members of the Holder's family, charitable institutions, or trusts or other entities whose beneficiaries or beneficial owners are members of the Holder's family and/or charitable institutions, or to such other persons or entities as may be expressly approved by the Committee, pursuant to such conditions and procedures as the Administrator may establish, including the following conditions: (i) an Award transferred shall not be assignable or transferable other than by will or the laws of descent and distribution; (ii) an Award transferred shall continue to be subject to all the terms and conditions of the Award as applicable to the original Holder (other than the ability to further transfer the Award); and (iii) the Holder and the permitted transferee shall execute any and all documents requested by the Administrator, including, without limitation documents to (A) confirm the status of the transferee as a permitted transferee, (B) satisfy any requirements for an exemption for the transfer under Applicable Laws and (C) evidence the transfer.

(c) Notwithstanding Section 9.3(a), a Holder may, in the manner determined by the Administrator, designate a beneficiary to exercise the rights of the Holder and to receive any distribution with respect to any Award upon the Holder's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights pursuant to the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Holder, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Administrator. If the Holder is married and resides in a community property jurisdiction, a designation of a person other than the Holder's spouse as his or her beneficiary with respect to more than 50% of the Holder's interest in the Award shall not be effective without the prior written or electronic consent of the Holder's spouse. If no beneficiary has been designated or survives the Holder, payment shall be made to the person entitled thereto pursuant to the Holder's will or the laws of descent and distribution. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Holder at any time provided the change or revocation is filed with the Administrator prior to the Holder's death.

9.4 Conditions to Issuance of Shares.

- (a) Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates or make any book entries evidencing Shares pursuant to the exercise of any Award, unless and until the Board has determined, with advice of counsel, that the issuance of such Shares is in compliance with all Applicable Laws and the Shares are covered by an effective registration statement or applicable exemption from registration. In addition to the terms and conditions provided herein, the Board or Committee may require that a Holder make such reasonable covenants, agreements, and representations as the Board or Committee, in its discretion, deems advisable in order to comply with any such laws, regulations, or requirements.
- (b) All Share certificates delivered pursuant to the Plan and all Shares issued pursuant to book entry procedures are subject to any stop-transfer orders and other restrictions as the Administrator deems necessary or advisable to comply with all Applicable Laws. The Administrator may place legends on any Shares certificate or book entry to reference restrictions applicable to the Shares.
- (c) The Administrator shall have the right to require any Holder to comply with any timing or other restrictions with respect to the settlement, distribution or exercise of any Award, including a window-period limitation, as may be imposed in the sole discretion of the Administrator.
- (d) No fractional Shares shall be issued and the Administrator shall determine, in its sole discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding down.
- (e) Notwithstanding any other provision of the Plan, unless otherwise determined by the Administrator or required by any Applicable Laws, the Company shall not deliver to any Holder certificates evidencing Shares issued in connection with any Award and instead such Shares shall be recorded in the books of the Company (or, as applicable, the Administrator or the transfer agent of the Company).
- 9.5 <u>Forfeiture Provisions</u>. Pursuant to its general authority to determine the terms and conditions applicable to Awards under the Plan, the Administrator shall have the right to provide, in the terms of Awards made under the Plan, or to require a Holder to agree by separate written instrument, that: (a)(i) any proceeds, gains or other economic benefit actually or constructively received by the Holder upon any receipt or exercise of the Award, or upon the receipt or resale of any Shares underlying the Award, must be paid to the Company, and (ii) the Award shall terminate and any unexercised portion of the Award (whether or not vested) shall be forfeited, if (b)(i) a Termination of Service occurs prior to a specified date, or within a specified time period following receipt or exercise of the Award, or (ii) the Holder at any time, or during a specified time period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Administrator or (iii) the Holder incurs a Termination of Service for "cause" (as such term is defined in the sole discretion of the Administrator, or as set forth in a written agreement relating to such Award between the Company and the Holder).

9.6 <u>Applicable Currency</u>. Unless otherwise required by Applicable Laws, or as determined in the discretion of the Administrator, all Awards shall be designated in U.S. dollars. A Holder may be required to provide evidence that any currency used to pay the exercise price of any Award were acquired and taken out of the jurisdiction in which the Holder resides in accordance with Applicable Laws, including foreign exchange control laws and regulations. In the event the exercise price for an Award is paid in another foreign currency, as permitted by the Administrator, the amount payable will be determined by conversion from U.S. dollars at the exchange rate as selected by the Administrator on the date of exercise.

ARTICLE 10 ADMINISTRATION

- 10.1 <u>Administrator</u>. The Committee shall administer the Plan and shall consist of [one] or more members of the Board of Directors who have been appointed by the Board of Directors. Each Committee shall have such authority and be responsible for such functions as the Board of Directors has assigned to it in accordance with the Articles. If no Committee has been appointed, the entire Board of Directors shall administer the Plan. Any reference to the Board of Directors in the Plan shall be construed as a reference to the Committee (if any) to whom the Board of Directors has assigned a particular function. Notwithstanding the foregoing, (a) the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to Awards granted to Non-Employee Directors and (b) the Board or Committee may delegate its authority hereunder to the extent permitted by Section 10.6.
- 10.2 <u>Duties and Powers of Committee</u>. It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan and the Award Agreement, and to adopt such rules for the administration, interpretation and application of the Plan as are not inconsistent therewith, to interpret, amend or revoke any such rules and to amend any Award Agreement provided that the rights or obligations of the Holder of the Award that is the subject of any such Award Agreement are not affected adversely by such amendment, unless the consent of the Holder is obtained or such amendment is otherwise permitted under Section 11.10. Any such grant or award under the Plan need not be the same with respect to each Holder. Any such interpretations and rules with respect to Incentive Options shall be consistent with the provisions of Section 422 of the Code. In its sole discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan except with respect to matters which under Applicable Laws are required to be determined in the sole discretion of the Committee.
- 10.3 Action by the Committee. Unless otherwise established by the Board or in any charter of the Committee, a majority of the Committee shall constitute a quorum and the acts of a majority of the members present at any meeting at which a quorum is present, and acts approved in writing by all members of the Committee in lieu of a meeting, shall be deemed the acts of the Committee. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of a Service Recipient, the Company's independent certified public accountants, or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.
- 10.4 <u>Authority of Administrator</u>. Subject to any specific designation in the Plan, the Administrator has the exclusive power, authority and sole discretion to:
 - (a) Designate Eligible Individuals to receive Awards;
 - (b) Determine the type or types of Awards to be granted to each Eligible Individual;
 - (c) Determine the number of Awards to be granted and the number of Shares to which an Award will relate;
- (d) Determine the terms and conditions of any Award granted pursuant to the Plan, including, but not limited to, the exercise price, grant price, or purchase price, any reload provision, any restrictions or limitations on the Award, any schedule for vesting, lapse of forfeiture restrictions or restrictions on the exercisability of an Award, and accelerations or waivers thereof, and any provisions related to non-competition and recapture of gain on an Award, based in each case on such considerations as the Administrator in its sole discretion determines:

- (e) Determine whether, to what extent, and pursuant to what circumstances an Award may be settled in, or the exercise price of an Award may be paid in cash, Shares, other Awards, or other property, or an Award may be canceled, forfeited, or surrendered;
 - (f) Prescribe the form of each Award Agreement, which need not be identical for each Holder;
- (g) Decide all other matters that must be determined in connection with an Award, including without limitation, cancel or redeem an outstanding Award (including but not limited to an outstanding Option with an exercise price exceeding the Fair Market Value of the underlying Shares), in exchange for cash, another Award or a combination of Awards, on terms and conditions the Administrator determines and communicates to the holder of such outstanding Award;
 - (h) Establish, adopt, or revise any rules and regulations as it may deem necessary or advisable to administer the Plan;
 - (i) Interpret the terms of, and any matter arising pursuant to, the Plan or any Award Agreement;
 - (j) Adjust the exercise price per Share subject to an Option; and
- (k) Make all other decisions and determinations that may be required pursuant to the Plan or as the Administrator deems necessary or advisable to administer the Plan.
- 10.5 <u>Decisions Binding</u>. The Administrator's interpretation of the Plan, any Awards granted pursuant to the Plan, any Award Agreement and all decisions and determinations by the Administrator with respect to the Plan are final, binding, and conclusive on all parties.
- Delegation of Authority. To the extent permitted by Applicable Laws, the Board or Committee may from time to time delegate to a committee of one or more members of the Board or one or more officers of the Company the authority to grant or amend Awards or to take other administrative actions pursuant to Article 10; *provided*, *however*, that in no event shall an officer be delegated the authority to grant awards to, or amend awards held by officers of the Company (or Directors) to whom authority to grant or amend Awards has been delegated hereunder. Any delegation hereunder shall be subject to the restrictions and limits that the Board or Committee specifies at the time of such delegation, and the Board may at any time rescind the authority so delegated or appoint a new delegatee. At all times, the delegatee appointed under this Section 10.6 shall serve in such capacity at the pleasure of the Board and the Committee.

ARTICLE 11 MISCELLANEOUS PROVISIONS

- 11.1 Effective Date. The Plan has been adopted and approved by the Board, subject to shareholder approval. The Plan will be effective as of the date it is approved by the Company's shareholders (the "Effective Date"). The Plan will be deemed to be approved by the shareholders if it receives the affirmative vote of a majority (in excess of 50%) of the votes of the Shares entitled to vote and present at a meeting duly held in accordance with the applicable provisions of the Company's Articles. Awards may be granted or awarded prior to such shareholder approval, *provided*, that such Awards shall not be exercisable, shall not vest and the restrictions thereon shall not lapse and no Shares shall be issued pursuant thereto prior to the Effective Date, and *provided further*, that if such approval has not been obtained within twelve (12) months after adoption of the Plan by the Board, all Awards previously granted or awarded under the Plan shall thereupon be canceled and become null and void.
- 11.2 <u>Expiration Date</u>. The Plan will expire on, and no Award may be granted pursuant to the Plan after, the tenth anniversary of the Effective Date. Any Awards that are outstanding on the tenth anniversary of the Effective Date shall remain in force according to the terms of the Plan and the applicable Award Agreement.

- 11.3 Amendment, Suspension or Termination of the Plan. Except as otherwise provided in this Section 11.3, at any time and from time to time, the Administrator may terminate, amend or modify the Plan; *provided*, *however*, that (a) to the extent necessary and desirable to comply with Applicable Laws the Company shall obtain shareholder approval of any Plan amendment in such a manner and to such a degree as required, and (b) shareholder approval is required for any amendment to the Plan that (i) increases the number of Shares available under the Plan (other than any adjustment as provided by Article 12), (ii) permits the Administrator to extend the term of the Plan or the exercise period for an Option or Share Appreciation Right beyond ten years from the date of grant, or (iii) results in a material increase in benefits or a change in eligibility requirements. Except as provided in the Plan or any Award Agreement, no amendment, suspension or termination of the Plan shall, without the consent of the Holder, impair any rights or obligations under any Award theretofore granted or awarded.
- 11.4 <u>No Shareholders Rights</u>. Except as otherwise provided herein, a Holder shall have none of the rights of a shareholder with respect to Shares covered by any Award until the Holder becomes the record owner of such Shares.
- 11.5 <u>Paperless Administration</u>. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Holder may be permitted through the use of such an automated system.
- 11.6 <u>Effect of Plan upon Other Compensation Plans</u>. The adoption of the Plan shall not affect any other compensation or incentive plans in effect for a Service Recipient. Nothing in the Plan shall be construed to limit the right of a Service Recipient: (a) to establish any other forms of incentives or compensation for Eligible Individuals, or (b) to grant or assume options or other rights or awards otherwise than under the Plan in connection with any proper corporate purpose including without limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, securities or assets of any corporation, partnership, limited liability company, firm or association.
- 11.7 <u>Compliance with Laws</u>. The Plan, the granting and vesting of Awards under the Plan and the issuance and delivery of Shares and the payment of money under the Plan or under Awards granted or awarded hereunder are subject to compliance with all Applicable Laws (including but not limited to securities law and margin requirements), and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under the Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by Applicable Laws, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such Applicable Laws.
- 11.8 <u>Titles and Headings, References to Sections of the Code or Exchange Act</u>. The titles and headings of the Sections in the Plan are for convenience of reference only and, in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control. References to sections of the Code or the Exchange Act shall include any amendment or successor thereto.
- 11.9 <u>Governing Law</u>. The Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the Cayman Islands without regard to conflicts of laws thereof.
- 11.10 Section 409A. To the extent that the Administrator determines that any Award granted under the Plan is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the Effective Date. Notwithstanding any provision of the Plan to the contrary, in the event that following the Effective Date the Administrator determines that any Award may be subject to Section 409A of the Code and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued after the Effective Date), the Administrator may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Administrator determines are necessary or appropriate to (a) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (b) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance and thereby avoid the application of any penalty taxes under such Section.

- 11.11 <u>No Rights to Awards</u>. No Eligible Individual or other person shall have any claim to be granted any Award pursuant to the Plan, and neither the Company nor the Administrator is obligated to treat Eligible Individuals, Holders or any other persons uniformly.
- 11.12 <u>No Right to Employment or Services</u>. Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Service Recipient to terminate any Holder's employment or services at any time, nor confer upon any Holder any right to continue in the employ or service of any Service Recipient.
- 11.13 <u>Unfunded Status of Awards</u>. The Plan is intended to be an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Holder pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Holder any rights that are greater than those of a general creditor of the Company, any Subsidiary or any Related Entity.
- 11.14 <u>Indemnification</u>. To the extent allowable pursuant to Applicable Laws, each member of the Committee or of the Board shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action or failure to act pursuant to the Plan and against and from any and all amounts paid by him or her in satisfaction of judgment in such action, suit, or proceeding against him or her; *provided* he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled pursuant to the Company's Amended and Restated Memorandum of Association and Articles of Association, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
- 11.15 <u>Relationship to other Benefits</u>. No payment pursuant to the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or other benefit plan of any Service Recipient except to the extent otherwise expressly provided in writing in such other plan or an agreement thereunder.
 - 11.16 <u>Expenses</u>. The expenses of administering the Plan shall be borne by the Service Recipients.

ARTICLE 12 CHANGES IN CAPITAL STRUCTURE

- 12.1 Adjustments. In the event of any distribution, share split, combination or exchange of Shares, amalgamation, arrangement or consolidation, reorganization of the Company, including the Company becoming a subsidiary in a transaction not involving a Corporate Transaction, spin-off, recapitalization or other distribution (other than normal cash dividends) of Company assets to its shareholders, or any other change affecting the Shares or the share price of a Share, the Administrator shall make such proportionate and equitable adjustments, if any, to reflect such change with respect to (a) the aggregate number and type of shares that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 3.1 and substitutions of shares in a parent or surviving company); (b) the terms and conditions of any outstanding Awards (including, without limitation, any applicable performance targets or criteria with respect thereto); and (c) the grant or exercise price per share for any outstanding Awards under the Plan. The form and manner of any such adjustments shall be determined by the Administrator in its sole discretion.
- 12.2 <u>Corporate Transactions</u>. Except as may otherwise be provided in any Award Agreement or any other written agreement entered into by and between the Company and a Holder, if a Corporate Transaction occurs and a Holder's Awards are not converted, assumed, or replaced by a successor as provided in Section 12.3, such Awards shall vest and become fully exercisable and all forfeiture restrictions on such Awards shall lapse. Upon, or in anticipation of, a Corporate Transaction, the Administrator may in its sole discretion provide for (a) any and all Awards outstanding hereunder to terminate at a specific time in the future and shall give each Holder the right to exercise such Awards during a period of time as the Administrator shall determine, (b) either the purchase of any Award for an amount of cash equal to the amount that could have been attained upon the exercise of such Award or realization of the Holder's rights had such Award been currently exercisable or payable or fully vested (and, for the avoidance of doubt, if as of such date the Committee determines in good faith that no amount would have been attained upon the exercise of such Award or realization of the Holder's rights, then such Award may be terminated by the Company without payment), or (c) the replacement of such Award with other rights or property selected by the Administrator in its sole discretion or the assumption of or substitution of such Award by the successor or surviving corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of Shares and prices.

- 12.3 <u>Assumption of Awards Corporate Transactions.</u> In the event of a Corporate Transaction, each Award may be assumed by the successor entity or Parent thereof in connection with the Corporate Transaction. Except as provided otherwise in an individual Award Agreement, an Award will be considered assumed if the Award either is (a) assumed by the successor entity or Parent thereof or replaced with a comparable award (as determined by the Administrator) with respect to capital shares (or equivalent) of the successor entity or Parent thereof or (b) replaced with a cash incentive program of the successor entity which preserves the compensation element of such Award existing at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to such Award. If an Award is assumed in a Corporate Transaction, then such Award, the replacement award or the cash incentive program automatically shall become fully vested, exercisable and payable and be released from any restrictions on transfer (other than transfer restrictions applicable to Options) and repurchase or forfeiture rights, immediately upon termination of the Holder's employment or service with all Service Recipients within twelve (12) months of the Corporate Transaction without cause.
- 12.4 <u>Outstanding Awards Other Changes</u>. In the event of any other change in the capitalization of the Company or corporate change other than those specifically referred to in this Article 12, the Committee may, in its absolute discretion, make such adjustments in the number and class of shares subject to Awards outstanding on the date on which such change occurs and in the per share grant or exercise price of each Award as the Administrator may consider appropriate to prevent dilution or enlargement of rights.
- 12.5 No Other Rights. Except as expressly provided in the Plan, no Holder shall have any rights by reason of any subdivision or consolidation of shares of any class, the payment of any dividend, any increase or decrease in the number of shares of any class or any dissolution, liquidation, merger, or consolidation of the Company or any other corporation. Except as expressly provided in the Plan or pursuant to action of the Administrator under the Plan, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number of shares subject to an Award or the grant or exercise price of any Award.

FORM OF INDEMNIFICATION AGREEMENT

This Indemnification Agreement (this "*Agreement*") is entered into as of by and between RISE Education Cayman Ltd, a Cayman Islands company (the "*Company*"), and the undersigned, a director and/or an officer of the Company ("*Indemnitee*"), as applicable.

RECITALS

The Board of Directors of the Company (the "Board of Directors") has determined that the inability to attract and retain highly competent persons to serve the Company is detrimental to the best interests of the Company and its shareholders and that it is reasonable and necessary for the Company to provide adequate protection to such persons against risks of claims and actions against them arising out of their services to the corporation.

AGREEMENT

In consideration of the premises and the covenants contained herein, the Company and Indemnitee do hereby covenant and agree as follows:

A. DEFINITIONS

The following terms shall have the meanings defined below:

- "Expenses" shall include, without limitation, damages, judgments, fines, penalties, settlements and costs, attorneys' fees and disbursements and costs of attachment or similar bond, investigations, and any other expenses paid or incurred in connection with investigating, defending, being a witness in, participating in (including on appeal), or preparing for any of the foregoing in, any Proceeding.
- "Indemnifiable Event" means any event or occurrence that takes place either before or after the execution of this Agreement, related to the fact that Indemnitee is or was a director or an officer of the Company, or is or was serving at the request of the Company as a director or officer of another corporation, partnership, joint venture or other entity, or related to anything done or not done by Indemnitee in any such capacity, including, but not limited to neglect, breach of duty, error, misstatement, misleading statement or omission.
- "Participant" means a person who is a party to, or witness or participant (including on appeal) in, a Proceeding.
- "Proceeding" means any threatened, pending, or completed action, suit, arbitration or proceeding, or any inquiry, hearing or investigation, whether civil, criminal, administrative, investigative or other, including appeal, in which Indemnitee may be or may have been involved as a party or otherwise by reason of an Indemnifiable Event.

B. AGREEMENT TO INDEMNIFY

1. <u>General Agreement</u>. In the event Indemnitee was, is, or becomes a Participant in, or is threatened to be made a Participant in, a Proceeding, the Company shall indemnify the Indemnitee from and against any and all Expenses which Indemnitee incurs or becomes obligated to incur in connection with such Proceeding, to the fullest extent permitted by applicable law.

- 2. <u>Indemnification of Expenses of Successful Party.</u> Notwithstanding any other provision of this Agreement, to the extent that Indemnitee has been successful on the merits in defense of any Proceeding or in defense of any claim, issue or matter in such Proceeding, the Company shall indemnify Indemnitee against all Expenses incurred in connection with such Proceeding or such claim, issue or matter, as the case may be.
- 3. <u>Partial Indemnification</u>. If Indemnitee is entitled under any provision of this Agreement to indemnification by the Company for a portion of Expenses, but not for the total amount of Expenses, the Company shall indemnify the Indemnitee for the portion of such Expenses to which Indemnitee is entitled.
- 4. Exclusions. Notwithstanding anything in this Agreement to the contrary, Indemnitee shall not be entitled to indemnification under this Agreement:
- (a) to the extent that payment is actually made to Indemnitee under a valid, enforceable and collectible insurance policy;
- (b) to the extent that Indemnitee is indemnified and actually paid other than pursuant to this Agreement;
- (c) subject to Section C.2(a), in connection with a judicial action by or in the right of the Company, in respect of any claim, issue or matter as to which the Indemnitee shall have been adjudicated by a court of competent jurisdiction, in a decision from which there is no further right of appeal, to be liable for gross negligence or knowing or willful misconduct in the performance of his/her duty to the Company unless and only to the extent that any court in which such action was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, the Indemnitee is fairly and reasonably entitled to indemnity for such Expenses as such court shall deem proper;
- (d) in connection with any Proceeding initiated by Indemnitee against the Company, any director or officer of the Company or any other party, and not by way of defense, unless (i) the Company has joined in or the Board of Directors has consented to the initiation of such Proceeding; or (ii) the Proceeding is one to enforce indemnification rights under this Agreement or any applicable law;
- (e) brought about by the dishonesty or fraud of the Indemnitee seeking payment hereunder; provided, however, that the Company shall indemnify Indemnitee under this Agreement as to any claims upon which suit may be brought against him by reason of any alleged dishonesty on his/her part, unless a judgment or other final adjudication thereof adverse to the Indemnitee establishes that he/she committed (i) acts of active and deliberate dishonesty, (ii) with actual dishonest purpose and intent, and (iii) which acts were material to the cause of action so adjudicated;
- (f) for any judgment, fine or penalty which the Company is prohibited by applicable law from paying as indemnity;
- (g) arising out of Indemnitee's breach of an employment agreement with the Company (if any) or any other agreement with the Company or any of its subsidiaries, or
- (h) arising out of Indemnitee's personal income tax payable on any salaries, bonuses, director's fees, including fees for attending meetings, or gain on disposition of shares, options or restricted shares of the Company.
- 5. No Employment Rights. Nothing in this Agreement is intended to create in Indemnitee any right to continued employment with the Company.
- 6. Contribution. If the indemnification provided in this Agreement is unavailable and may not be paid to Indemnitee for any reason other than those set forth in Section B.3, then the Company shall contribute to the amount of Expenses paid in settlement actually and reasonably incurred and paid or payable by Indemnitee in such proportion as is appropriate to reflect (i) the relative benefits received by the Company on the one hand and by the Indemnitee on the other hand from the transaction or events from which such Proceeding arose, and (ii) the relative fault of the Company on the one hand and of the Indemnitee on the other hand in connection with the events which resulted in such Expenses, as well as any other relevant equitable considerations. The relative fault of the Company on the one hand and of the Indemnitee on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such Expenses, judgments, fines or settlement amounts. The Company agrees that it would not be just and equitable if contribution pursuant to this Section B.6 were determined by pro rata allocation or any other method of allocation which does not take account of the foregoing equitable considerations.

C. INDEMNIFICATION PROCESS

1. Notice and Cooperation By Indemnitee. Indemnitee shall, as a condition precedent to his/her right to be indemnified under this Agreement, give the Company notice in writing as soon as practicable of any claim made against Indemnitee for which indemnification will or could be sought under this Agreement, provided that the delay of Indemnitee to give notice hereunder shall not prejudice any of Indemnitee's rights hereunder, unless such delay results in the Company's forfeiture of substantive rights or defenses. Notice to the Company shall be given in accordance with Section F.7 below. If, at the time of receipt of such notice, the Company has directors' and officers' liability insurance policies in effect, the Company shall give prompt notice to its insurers of the Proceeding relating to the notice. The Company shall thereafter take all necessary and desirable action to cause such insurers to pay, on behalf of Indemnitee, all Expenses payable as a result of such Proceeding. In addition, Indemnitee shall give the Company such information and cooperation as the Company may reasonably request.

2. Indemnification Payment.

(a) *Advancement of Expenses*. Indemnitee may submit a written request with reasonable particulars to the Company requesting that the Company advance to Indemnitee all Expenses that may be reasonably incurred in advance by Indemnitee in connection with a Proceeding. The Company shall, within ten (10) business days of receiving such a written request by Indemnitee, advance all requested Expenses to Indemnitee, subject to Section C.2(c) below. Any excess of the advanced Expenses over the actual Expenses will be repaid to the Company.

- (b) *Reimbursement of Expenses*. To the extent Indemnitee has not requested any advanced payment of Expenses from the Company, Indemnitee shall be entitled to receive reimbursement for the Expenses incurred in connection with a Proceeding from the Company immediately after Indemnitee makes a written request to the Company for reimbursement unless the Company refers the indemnification request to the Reviewing Party in compliance with Section C.2(c) below.
- (c) Determination by the Reviewing Party. If the Company reasonably believes that it is not obligated under this Agreement to indemnify the Indemnitee, the Company shall, within ten (10) days after the Indemnitee's written request for an advancement or reimbursement of Expenses, notify the Indemnitee that the request for advancement of Expenses or reimbursement of Expenses will be submitted to the Reviewing Party (as defined below). The Reviewing Party shall make a determination on the request within 30 days after the Indemnitee's written request for an advancement or reimbursement of Expenses. Notwithstanding anything foregoing to the contrary, in the event the Reviewing Party informs the Company that Indemnitee is not entitled to indemnification in connection with a Proceeding under this Agreement or applicable law, the Company shall be entitled to be reimbursed by Indemnitee for all the Expenses previously advanced or otherwise paid to Indemnitee in connection with such Proceeding; <u>provided, however</u>, that Indemnitee may bring a suit to enforce his/her indemnification right in accordance with Section C.3 below.
- 3. <u>Suit to Enforce Rights</u>. Regardless of any action by the Reviewing Party, if Indemnitee has not received full indemnification within 30 days after making a written demand in accordance with Section C.2 above or 50 days if the Company submits a request for advancement or reimbursement to the Reviewing Party under Section C.2(c), Indemnitee shall have the right to enforce its indemnification rights under this Agreement by commencing litigation in any court of competent jurisdiction seeking a determination by the court or challenging any determination by the Reviewing Party or any aspect of this Agreement. Any determination by the Reviewing Party not challenged by Indemnitee and any judgment entered by the court shall be binding on the Company and Indemnitee.
- 4. <u>Assumption of Defense</u>. In the event the Company is obligated under this Agreement to advance or bear any Expenses for any Proceeding against Indemnitee, the Company shall be entitled to assume the defense of such Proceeding, with counsel approved by Indemnitee, upon delivery to Indemnitee of written notice of its election to do so. After delivery of such notice, approval of such counsel by Indemnitee and the retention of such counsel by the Company, the Company will not be liable to Indemnitee under this Agreement for any fees of counsel subsequently incurred by Indemnitee with respect to the same Proceeding, unless (i) the employment of counsel by Indemnitee has been previously authorized by the Company, (ii) Indemnitee shall have reasonably concluded, based on written advice of counsel, that there may be a conflict of interest of such counsel retained by the Company between the Company and Indemnitee in the conduct of any such defense, or (iii) the Company ceases or terminates the employment of such counsel with respect to the defense of such Proceeding, in any of which events the fees and expenses of Indemnitee's counsel shall be at the expense of the Company. At all times, Indemnitee shall have the right to employ counsel in any Proceeding at Indemnitee's expense.
- 5. <u>Defense to Indemnification</u>, <u>Burden of Proof and Presumptions</u>. It shall be a defense to any action brought by Indemnitee against the Company to enforce this Agreement that it is not permissible under this Agreement or applicable law for the Company to indemnify the Indemnitee for the amount claimed. In connection with any such action or any determination by the Reviewing Party or otherwise as to whether Indemnitee is entitled to be indemnified under this Agreement, the burden of proving such a defense or determination shall be on the Company.
- 6. <u>No Settlement Without Consent</u>. Neither party to this Agreement shall settle any Proceeding in any manner that would impose any damage, loss, penalty or limitation on Indemnitee without the other party's written consent. Neither the Company nor Indemnitee shall unreasonably withhold its consent to any proposed settlement.

7. <u>Company Participation</u>. Subject to Section B.6, the Company shall not be liable to indemnify the Indemnitee under this Agreement with regard to any judicial action if the Company was not given a reasonable and timely opportunity, at its expense, to participate in the defense, conduct and/or settlement of such action.

8. Reviewing Party.

- (a) For purposes of this Agreement, the *Reviewing Party* with respect to each indemnification request of Indemnitee that is referred by the Company pursuant to Section C.2(c) above shall be (A) the Board of Directors by a majority vote of a quorum consisting of Disinterested Directors (as defined below), or (B) if a quorum of the Board of Directors consisting of Disinterested Directors is not obtainable or, even if obtainable, said Disinterested Directors so direct, by Independent Counsel in a written opinion to the Board of Directors, a copy of which shall be delivered to Indemnitee. If the Reviewing Party determines that Indemnitee is entitled to indemnification, payment to Indemnitee shall be made within ten (10) days after such determination. Indemnitee shall cooperate with the person, persons or entity making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any Independent Counsel or member of the Board of Directors shall act reasonably and in good faith in making a determination under this Agreement of the Indemnitee's entitlement to indemnification. Any reasonable costs or expenses (including reasonable attorneys' fees and disbursements) incurred by Indemnitee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnitee harmless therefrom. "Disinterested Director" means a director of the Company who is not and was not a party to the Proceeding in respect of which indemnification is sought by Indemnitee.
- (b) If the determination of entitlement to indemnification is to be made by Independent Counsel, the Independent Counsel shall be selected as provided in this Section C.8(b). The Independent Counsel shall be selected by Indemnitee (unless Indemnitee shall request that such selection be made by the Board of Directors, in which event the proceeding sentence shall apply), and Indemnitee shall give written notice to the Company advising it of the identity of the Independent Counsel so selected. In either event, Indemnitee or the Company, as the case may be, may, within 10 days after such written notice of selection shall have been given, deliver to the Company or to Indemnitee, as the case may be, a written objection to such selection; provided, however, that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "Independent Counsel" as defined in Section C.8(d) of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If a written objection is made and substantiated, the Independent Counsel selected may not serve as Independent Counsel unless and until such objection is withdrawn or a court has determined that such objection is without merit. If, within 20 days after submission by Indemnitee of a written request for indemnification, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnitee may petition a court of competent jurisdiction for resolution of any objection which shall have been made by the Company or Indemnitee to the other's selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the court or by such other person as the court shall designate, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel. The Company shall pay any and all reasonable fees and expenses of Independent Counsel incurred by such Independent Counsel in connection with acting under this Agreement, and the Company shall pay all reasonable fees and expenses incident to the procedures of this Section C.8(b), regardless of the manner in which such Independent Counsel was selected or appointed.

(c) In making a determination with respect to entitlement to indemnification hereunder, the Reviewing Party shall presume that Indemnitee is entitled to indemnification under this Agreement if Indemnitee has submitted a request for indemnification in accordance with this Agreement, and the Company shall have the burden of proof to overcome that presumption in connection with the making by any person, persons or entity of any determination contrary to that presumption. The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement (with or without court approval), conviction, or upon a plea of nolocontendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he/she reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his/her conduct was unlawful. For purposes of any determination of good faith, Indemnitee shall be deemed to have acted in good faith if Indemnitee's action is based on the records or books of account of the Company and any other corporation, partnership, joint venture or other entity of which Indemnitee is or was serving at the written request of the Company as a director, officer, employee, agent or fiduciary, including financial statements, or on information supplied to Indemnitee by the officers and directors of the Company or such other corporation, partnership, joint venture or other entity in the course of their duties, or on the advice of legal counsel for the Company or such other corporation, partnership, joint venture or other entity or on information or records given or reports made to the Company or such other corporation, partnership, joint venture or other entity by an independent certified public accountant or by an appraiser or other expert selected with reasonable care by the Company or such other corporation, partnership, joint venture or other entity. In addition, the knowledge and/or actions, or failure to act, of any director, officer, agent or employee of the Company or such other corporation, partnership, joint venture or other entity shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement. The provisions of this Section C.8(c) shall not be deemed to be exclusive or to limit in any way the other circumstances in which the Indemnitee may be deemed to have met the applicable standard of conduct set forth in this Agreement.

(d) "Independent Counsel" means a law firm, or a member of a law firm, that is experienced in matters of corporation law and neither presently is, nor in the past five (5) years has been, retained to represent (i) the Company or Indemnitee in any matter material to either such party (other than with respect to matters concerning the Indemnitee under this Agreement, or of other indemnitees under similar indemnification agreements), or (ii) any other party to the Proceeding giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term "Independent Counsel" shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee's rights under this Agreement. The Company agrees to pay the reasonable fees of the Independent Counsel referred to above and to fully indemnify such counsel against any and all Expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

(b) Requirements.

- (i) In order to be valid and effective, each such agreement under which Licensee sublicenses the license rights granted by Licensor to Licensee in Section 2.1 above and Section 2.2 above (each, a "Sublicense Agreement") must: (A) be in writing and entered into prior to the exploitation by the applicable proposed Third Party sublicensee of any license right granted by Licensor to Licensee in Section 2.1 above and Section 2.2 above, (B) be at least as restrictive and protective of the HMH Products, Destination Marks and Houghton Mifflin Harcourt brand as the provisions of this Agreement, and (C) subject to the immediately following sentence, provide that the Sublicense Agreement is governed by New York Law and that the parties thereto consent to the jurisdiction of the state and federal courts in the state of New York in the event that HMH asserts its rights under the Sublicense Agreement, including without limitation the enforcement of any judgment in favor of HMH. Licensee will use commercially reasonable best efforts to require that each Sublicense Agreement is governed by New York Law and requires exclusive jurisdiction in the state and/or federal courts located in the State of New York for purposes of the enforcement by HMH of its rights under the Sublicense Agreement, including without limitation the enforcement of any judgment in favor of HMH; provided, however, that Licensee will not be obligated to require that a Sublicense Agreement is governed by New York Law and be subject to exclusive jurisdiction in the state and/or federal courts located in the State of New York to the extent that the applicable proposed Sublicensee is precluded by applicable Law from executing an agreement governed by New York Law and/or that is subject to such venue requirements.
- (ii) In the event of early termination of this Agreement, (A) each Sublicense Agreement shall remain in full force and effect, subject to the terms and conditions contained therein, (B) each Sublicense Agreement will be deemed a direct license of the relevant Intellectual Property Rights, on the same terms, by HMH (replacing Licensor) to the Sublicensee, and (C) each Sublicensee will be permitted to exercise Licensee's rights under Section 5 below in accordance with the terms and conditions of such Section 5. Licensor hereby consents to such arrangement and agrees that the Sublicensees are third party beneficiaries of this provision with full power and authority to enforce it. Each Sublicensee Agreement will include a provision to such effect. Notwithstanding anything herein to the contrary, HMH will, in such event, have no greater obligations to the Sublicensee than it does to Licensee under this Agreement.

(c) Third Party Beneficiary of Sublicense Agreements; Enforcement; Liability.

(i) In addition to the provisions of Section 2.3(b) above, Licensor will be a named third party beneficiary in each Sublicense Agreement with full power and authority to enforce the terms and conditions (including limitations and restrictions) of the applicable agreement against the applicable Sublicensee only in connection with the protection of the HMH Products, the Harcourt Mark and related Intellectual Property Rights sublicensed to the applicable Sublicensee.

- (ii) In the event that any Party learns of or suspects any material breach or violation by a Sublicensee of any terms or conditions of this Agreement or a Sublicensee Agreement with respect to any HMH Products, the Destination Marks, the Harcourt Mark or the Houghton Mifflin Harcourt brand (a "Breaching Sublicensee"), such Party will promptly inform the other Party in writing. Licensee will use commercially reasonable best efforts to enforce the applicable terms and conditions against the applicable Sublicensee. If Licensor notifies Licensee in writing of any Sublicensee conducting any such prohibited activities, Licensee will thereafter use commercially reasonable best efforts to enforce the applicable terms and conditions against the Breaching Sublicensee within thirty (30) days after its receipt of such notice and confirm in writing to Licensor that Licensee has commenced such efforts. If Licensee does not commence efforts to enforce the applicable terms and conditions against the Breaching Sublicensee within 30 days after receipt of written notice from Licensor, then Licensor will have the right at Licensee's reasonable expense to enforce the applicable terms and conditions against the Breaching Sublicensee. If Licensor may not enforce the terms and conditions of any Sublicensee Agreement against the applicable Sublicensee because the applicable Law, transfer, as may be necessary, the applicable terms and conditions to Licensor so that Licensor may enforce the applicable terms and conditions against the applicable Sublicensee.
- (iii) Licensee shall indemnify Licensor for any damages it incurs (and that are not otherwise reimbursed) as a result of a material breach of this Agreement by any Sublicensee up to a maximum amount equal to the greater of (A) the sum of all amounts for royalties, fees and other payments (1) actually received by Licensee from the applicable Sublicensee prior to the period of such breach and (2) attributable to the period of such breach and received at any time or (B) US\$1,000,000, plus, in either case, the amount of Licensor's reasonable legal fees and expenses for the enforcement of the applicable terms and conditions against the applicable Breaching Sublicensee.
- (d) Other. Licensee will provide a copy of each such Sublicense Agreement within 15 days after the execution of such Sublicense Agreement; provided, however, that competitively sensitive data, including, but not limited to, the economics of the Sublicense Agreement may be redacted. Notwithstanding the foregoing, none of the following may be redacted: the name of the Sublicensee, the applicable HMH Products sublicensed, the applicable territory or territories, the applicable Field and the provisions of the Sublicense Agreement that evidence compliance with this Agreement.

2.4 Third Party Rights.

(a) Third Party Assets Included in HMH Products. This Agreement will not operate to license any rights (including any Intellectual Property Rights) in or to any materials, works or other subject matter (whether comprised within any HMH Product or otherwise), or to utilize in any way, any Intellectual Property Rights or subject matter thereof that is owned or controlled by any Third Party (collectively, "Third Party Intellectual Property") unless Licensor has the right to grant to Licensee a license, sublicense or distribution right in, to or under such Third Party Intellectual Property without requiring the payment of any royalty or any other fee to the applicable Third Party.

(b) Existing Third Party Licenses. None of the restrictions or exclusive licenses included in this Agreement will apply to the Existing Third Party Licenses. In addition, if any of the Existing Third Party Licenses are exclusive or otherwise restrictive in Licensee's Field and/or territory, Licensee's license rights will be subject to such Existing Third Party Licenses.

2.5 Reservation of Rights.

- (a) <u>HMH's Reservation.</u> Licensee hereby acknowledges and agrees that: (i) as between the Parties, on the one hand, and HMH, on the other hand, HMH has all right, title and interest in and to all Intellectual Property Rights in and to the HMH Products, Destination Marks, Harcourt Mark and Houghton Mifflin Harcourt brand, (ii) Licensee will not acquire any right, title or interest in or to any Intellectual Property Rights in and to the HMH Products, Destination Marks, Harcourt Mark and Houghton Mifflin Harcourt brand, by implication, estoppel or otherwise, other than the express license rights granted to Licensee set forth in Sections 2.1 above and Section 2.2 above and (iii) no Third Party will acquire any right, title or interest in or to any Intellectual Property Rights in or to the HMH Products, Destination Marks, Harcourt Mark and Houghton Mifflin Harcourt brand, by implication, estoppel or otherwise, other than pursuant to a valid Sublicense Agreement entered into in accordance with Section 2.3 above.
- (b) <u>Licensee's Reservation.</u> Licensor hereby acknowledges and agrees that, as between the Parties, Licensee has all right, title and interest in and to all Intellectual Property Rights in and to Licensee's products and services, other than any portion of any HMH Product included therein or used therewith, or any Destination Mark, Harcourt Mark or the Houghton Mifflin Harcourt brand affixed thereto or used in connection therewith.
- 2.6 <u>U.S. Schools Market</u>. Notwithstanding anything to the contrary in this Agreement, Licensee acknowledges that HMH retains the right, for itself and its Affiliates, to use and license the use of the Destination Marks to advertise and promote any products or services in the U.S. Schools Market, including in China

3. [Intentionally omitted.]

4. CertainCovenants.

- 4.1 <u>Licensee Covenants</u>. Licensee hereby covenants as follows.
- (a) <u>School Product Advertising or Marketing.</u> Neither Licensee nor any of its Sublicensees will advertise or market any products or services offered by Licensee or the applicable Sublicensee in the exercise of any of the license rights described in Section 2.1 above as part of any school product or service. For clarity, this Section 4.1(a) does not preclude advertising or marketing any ELL products or services offered by Licensee or the applicable Sublicensee in the exercise of any of the license rights described in Section 2.1 above if (i) the tuition for the applicable instruction is the responsibility of the student or the student's parent/guardian and (ii) the applicable product or service is not part of a school curriculum.
- (b) <u>Use of HMH Intellectual Property.</u> Licensee will not use or otherwise exploit any HMH Product, any Destination Mark, or the Harcourt Mark in any manner that exceeds the scope of the license grants in Section 2 above.

- (c) Online Exploitation; Protection of HMH Products. If Licensee makes any portion of any HMH Product available over the Internet or other electronic network Licensee will, to the extent commercially reasonable, use reasonable technology to block access to such HMH Product to individuals not present in, or a resident of, the Territory. Licensee will use reasonable efforts to prevent unauthorized access to or use of the HMH Products and, in any event, will not afford the HMH Products with any less protection than Licensee affords its own content, Technology and Intellectual Property Rights. Such technology may include, without limitation, password protection, right-click copy deactivation, and other such measures adequate to properly secure the applicable HMH Product.
- 4.2 <u>HMH MLA Covenants</u>. As of the Effective Date, HMH has retained rights in the Licensed Material and has, in the Master License Agreement, made certain covenants set forth below, which covenants will be directly between HMH and Licensee upon HMH's assumption of this Agreement under Section 2.5(b)(ii) of the Master License Agreement and under which Daplon has no obligations. For purposes of Section 4.2, "Parties" and "Party" refer to HMH and Licensee and do not include Daplon.

(a) ELL Field Covenants.

- (i) Subject to the rights granted in Section 2.1(a)(i)(A) above (which Licensee understands HMH has agreed in the Master License Agreement are exclusive as to HMH too), HMH may access, use and/or otherwise exploit no more than one-third (1/3) of any HMH ELL Destination Products, measured by titles, lesson count, grade level and type of lesson for purposes of enhancing, creating or otherwise delivering any ELL course delivered in the applicable Learning Center by HMH in the ELL Field in the Territory, other than China. HMH will impose the foregoing restriction on any Third Party licensee that takes a license from HMH after the MLA Effective Date with respect to any HMH ELL Destination Products to offer any ELL course in the Territory and the ELL Field.
- (ii) The foregoing restrictions will not apply to the Existing Third Party Licenses, but will apply to any amendment, supplement, or renewal thereof after the MLA Effective Date.
- (b) Restriction on ELL Learning Centers. HMH will not open any Learning Centers in the ELL Field in China for a period of two years following the MLA Effective Date. For the avoidance of doubt, during such two-year period, HMH may (i) engage or participate in any business activity in preparation to open any Learning Centers in the ELL Field in China, with the exception of advertising, as long as it does not open such a Learning Center or solicit any customers for same, and (ii) execute investment or acquisition agreements with respect to any business that operates any Learning Centers in the ELL Field in China, as long as the closing of the acquisition does not occur during such two-year period. Notwithstanding the foregoing to the contrary, HMH shall not be deemed to be in breach as a consequence of its ownership interest in Reader China as of the MLA Effective Date, though any further or additional investment in Reader China by HMH after the MLA Effective Date is subject to this restriction.

- (c) HMH Licensees. Licenses granted by HMH to HMH Licensees (i) will be in writing and (ii) will not violate or otherwise conflict with this Agreement. In the event that any Party learns of or suspects any material breach or violation by an HMH Licensee of any terms or conditions of this Agreement with respect to any HMH Products or the Destination Marks (a "Breaching HMH Licensee"), such Party will promptly inform the other Party in writing. HMH will use commercially reasonable best efforts to enforce the applicable terms and conditions against the applicable Breaching HMH Licensee. If Licensee notifies HMH in writing of any HMH Licensee conducting any such prohibited activities (a "Licensee Notice"), HMH will thereafter use commercially reasonable best efforts to enforce the applicable terms and conditions against the Breaching HMH Licensee within thirty (30) days after its receipt of such Licensee Notice and confirm in writing that HMH has commenced such efforts. If HMH commenced using commercially reasonable best efforts to enforce the applicable terms and conditions against the Breaching HMH Licensee within thirty (30) days after its receipt of such Licensee Notice but is unable to cause the Breaching HMH Licensee to cure the applicable breach or violation within ninety (90) days after its receipt of such Licensee Notice, then HMH will, upon request of Licensee, cooperate in good faith with Licensee in the joint enforcement of the applicable terms and conditions against the applicable Sublicensee. Each party will bear its own costs in connection with such enforcement.
- (d) <u>Limited Exception for Reader China.</u> Notwithstanding anything to the contrary in this Agreement (including without limitation Section 2.1 above or this Section 4.2), with the prior approval of Licensee (such approval not to unreasonably withheld, conditioned or delayed), in exchange for the relinquishment of rights by Reader China in the Kid Pix and/or Reader Rabbit product lines, HMH may license some or all HMH Products to Reader China, including in China, in the ELL Field and/or without imposing the limitations of Section 4.2(a) above.
- (e) <u>HMH Licensees; Indemnification Obligation.</u> HMH shall indemnify Licensee for any damages it incurs (and that are not otherwise reimbursed) as a result of a material breach of this Agreement by any HMH Licensee up to a maximum amount equal to the greater of (A) the sum of all amounts for royalties, fees and other payments (1) actually received by HMH from the applicable HMH Licensee prior to the period of such breach and (2) attributable to the period of such breach and received at any time or (B) US\$1,000,000, plus, in either case, the amount of Licensee's reasonable legal fees and expenses for the enforcement of the applicable terms and conditions against the applicable breaching HMH Licensee.

(f) RISE Marks.

- (i) From the MLA Effective Date through the tenth anniversary of the MLA Effective Date, except as expressly described in Section 4.2(f)(ii) below, HMH will not use any RISE Mark, or any mark reasonably confusingly similar to any RISE Mark, to advertise or promote any products or services in the Territory. After the tenth anniversary of the MLA Effective Date, (i) if Licensee or any Sublicensee has not yet commenced using any RISE Mark to advertise or promote any products or services in a country in the Territory, this Section 4.2(f) will not preclude HMH from using any RISE Mark to advertise or promote any products or services in such country and (ii) if Licensee or any Sublicensee has commenced using any RISE Mark to advertise or promote any products or services in the Field in a country in the Territory, except as expressly described in Section 4.2(f)(ii) below, HMH will not use any RISE Mark to advertise or promote any products or services in any Field in such country until the date on which Licensee or any Sublicensee ceases using any RISE Mark to advertise or promote any products or services in the Fields in such country.
 - (ii) Notwithstanding the foregoing to the contrary,

- (A) HMH may use any Mark that contains the word RISE but that is not one of the RISE Marks in the Territory to advertise and promote programs of classroom-based instructional materials;
- (B) in the event that all or substantially all of the assets and business of HMH are acquired, in a Change of Control or otherwise, this Section 4.2(f) will only apply to the business or business units of HMH that existed immediately preceding the applicable acquisition transaction; and
- (C) in the event that HMH acquires, in a Change of Control or otherwise, all or substantially all of the assets and business of a Third Party that includes any RISE Mark(s), or any Mark(s) reasonably confusingly similar to any RISE Mark, this Section 4.2(f) will not preclude HMH from using any and all such acquired Marks to advertise or promote worldwide (including in the Territory) the same products and/or services that had been advertised or promoted using such Marks prior to the applicable acquisition transaction; provided, however that HMH may not use any such acquired Marks to advertise or promote any product or service in the ELL Field.
- (iii) If necessary in connection with the prosecution or maintenance of any RISE Mark, the Parties agree to enter into mutually acceptable consents or co-existence agreements that acknowledge and establish peaceful co-existence based on the above-described division of markets and which the Parties will negotiate in good faith, and for which each Party shall bear its own costs and expenses.

(g) Existing Third Party Licenses.

- (i) HMH represents and warrants that the terms of the Existing Third Party Licenses that expire on or before January 31, 2013, as reflected in Exhibit C attached hereto, do not grant the applicable counterparty a right to an amendment, supplement, or renewal of the applicable Existing Third Party Licenses. HMH will not amend, supplement, or renew such Existing Third Party Licenses in any way that will violate or otherwise conflict with the rights granted to Licensee under this Agreement.
 - (ii) Nothing in this Section 4.2(g) will alter, amend or otherwise expand the licenses granted to Licensee in Section 2 above.
 - 4.3 <u>Destination Marks</u>. Each of Licensor and Licensee covenant as follows.
 - (a) Filing, Prosecution and Maintenance of Existing Destination Registrations.

If Daplon until the date on which Licensee becomes a direct licensee of HMH under Section 2.5(b)(ii) of the Master License Agreement and HMH thereafter decides not to exercise its rights in Section 4.3(a)(i) above, then Licensor shall give notice to Licensee of such determination to cease prosecution and/or maintenance of the Existing Destination Registrations on a country by country basis in the Territory and Licensee shall have the right, in its sole discretion, to continue prosecution and/or maintenance of such Existing Destination Registrations at its own expense and in the name of HMH ("<u>Licensee Prosecution Controlled Destination Marks</u>"). If Licensee elects to continue prosecution and/or maintenance of any such Licensee Prosecution Controlled Destination Marks, Licensor shall cooperate, and will use commercially reasonable efforts to seek HMH's cooperation, with Licensee at Licensee's expense as may be reasonably necessary in a timely manner for Licensee to perform any prosecution or maintenance of any Licensee Prosecution Controlled Destination Marks.

(b) Filing, Prosecution and Maintenance of New Destination Registrations.

- (i) Subject to the terms and conditions of this Section 4.3(b), Licensee, by counsel it so chooses, has the first right, but not the obligation, to file, prosecute and maintain with the patent and trademark governmental offices or agencies of any and all countries in the Territory, in the name of HMH and at Licensee's sole expense, any trademark or service mark registrations and applications for trademark or service mark registrations, in each case for all Destination Marks other than the Existing Destination Registrations that are the subject of Section 4.3(a) above (all such Destination Marks other than the Marks that are the subject of the Existing Destination Registrations, the "New Destination Marks" and all such trademark or service mark registrations and applications for trademark or service mark registrations, the "New Destination Registrations").

8. Ownership.

8.1 <u>HMH Products</u>. Licensee hereby acknowledges that HMH will, at all times, retain all right, title and interest in, to and under the HMH Products and all related Intellectual Property Rights, and this Agreement will not be read or understood to convey to Licensee any title to any HMH Product or any related Intellectual Property Rights.

8.2 Derivative Works.

- (a) All right, title and interest in and under all derivative works of any HMH Products created prior to or on the Initial Transfer Date (as such term is defined in the Framework Agreement) by Licensee or any permitted Sublicensee in accordance with the license right in Section 2.1 above or Section 2.2 above, will vest in and be retained at all times by Licensor, and Licensee hereby assigns, for itself and on behalf of its permitted Sublicensees, all such right, title and interest therein and thereunder to Licensor. All right, title and interest in and under all derivative works of any HMH Products created after the Initial Transfer Date (as such term is defined in the Framework Agreement) by Licensee or any permitted Sublicensee in accordance with the license right in Section 2.1 above or Section 2.2 above, will vest in and be retained at all times by Licensee or the applicable Sublicensee. Notwithstanding anything to the contrary in this Agreement, Licensee's ownership of any derivative work under this Agreement will not vest in Licensee any right, title or interest in or to any HMH Product from which such derivative work was derived.
- (b) Licensee will, and will require its Sublicensees in writing to, provide written notice to all of its employees and other Persons engaged to create derivative works of any HMH Product that HMH owns the HMH Products and that such HMH Products are subject to the terms and conditions, including the Field and Territory restrictions, of this Agreement.
 - 8.3 <u>Registration of Intellectual Property Rights</u>. Licensee will not (and will not permit or authorize any Third Party to) apply to register any Intellectual Property Rights in or to any subject matter that is the same or similar to any HMH Product anywhere in the world, without the prior written consent of Licensor, which consent shall not be unreasonable withheld, delayed, or conditioned.

9. Term and Termination.

- 9.1 <u>Term.</u> Unless earlier terminated in accordance with this Section 9, the term of this Agreement will commence on the Effective Date and continue until the date of expiration of the last to expire copyrights in the HMH Products.
- 9.2 <u>Termination</u>. Notwithstanding the provisions of Section 9.1 above, this Agreement may be terminated at any time in accordance with the following provisions:
- (a) <u>Termination for Breach</u>. Licensor or Licensee may terminate this Agreement if any other Party (the "<u>Breaching Party</u>") materially breaches this Agreement, other than Section 6.2(c) above (which is contemplated by Section 9.2(b) below). The following provisions will apply in connection therewith.
- (i) The non-breaching Party must give no less than sixty (60) days prior written notice of the proposed termination to the Breaching Party.
- (ii) The Breaching Party will be entitled to materially remedy such breach within a further sixty (60)-day period, and if the breach is so remedied, the proposed termination will not occur.
- (b) <u>Termination for Breach of Section 6.2(c)</u>. Licensor may terminate either (i) the ability of Licensee or a Sublicensee to access, use or otherwise exploit certain of the HMH Product(s) or (ii) this Agreement if Licensee or a Sublicensee (the "<u>Licensee Breaching Party</u>") materially breaches Section 6.2(c) above. The following provisions will apply in connection therewith.

- (i) Licensor must give no less than sixty (60) days prior written notice of the applicable breach of Section 6.2(c) above;
- (ii) The Licensee Breaching Party will be entitled to materially remedy such breach within such sixty (60)-day period, and if the breach is so remedied, the proposed termination will not occur; and
- (iii) If Licensor exercises its rights under this Section 9.2(b), the resulting termination will be limited to the applicable Licensee Breaching Party's access, use or other exploitation of the HMH Product(s) that is (or are) the subject of the applicable Licensee Breaching Party's breach of Section 6.2(c) above;

provided, however, that, (A) in the case of breaches of Section 6.2(c) above by a Sublicensee, Licensee will terminate the applicable Sublicense Agreement if such Sublicensee breaches Section 6.2(c) above with respect to three (3) separate circumstances during any rolling twelve (12) month period and (B) in the case of breaches of Section 6.2(c) above by Licensee, Licensor will be entitled to terminate the entire Agreement if Licensee breaches Section 6.2(c) above with respect to five (5) separate circumstances during any rolling twelve (12) month period. For clarity, breaches that are cured in accordance with Section 9.2(b)(ii) above will not count toward the number of breaches specified in the foregoing clauses (A) and (B).

(c) Bankruptcy.

- (i) If either Party is subject to a petition for relief under any bankruptcy legislation, or makes an assignment for the benefit of creditors, or is subject to the appointment of a receiver for all or a substantial part of such Party's assets, and such petition, assignment or appointment is not dismissed or vacated within sixty (60) days, the other Party will have the right to terminate this Agreement in full upon written notice to such affected Party.
- (ii) Licensor may terminate this Agreement on written notice if Licensee initiates a court-administered bankruptcy process or commences a legal proceeding seeking liquidation, reorganization or other similar relief under applicable bankruptcy Laws.
- (d) <u>Termination for Cessation of Business</u>. Upon not less than thirty (30) days prior written notice, Licensor may terminate this Agreement if Licensee ceases to carry on its business or substantially the whole of its business and the rights granted to Licensee hereunder cease to be utilized, unless a successor or assign of Licensee has succeeded to and is conducting Licensee's business or substantially the whole of its business. Licensee will be entitled to recommence its business or substantially the whole of its business within such thirty (30)-day period, and if Licensee so recommences its business, the proposed termination will not occur. For clarity, in the event that this Agreement is terminated in accordance with this Section 9.2(d), the provisions of Section 2.3(b)(ii) above shall apply.
- (e) <u>Cumulative Rights</u>. The termination rights set forth in this Section 9.2 are in addition and without prejudice to any other rights or remedies of a Party.

9.3 Effect of Termination.

- (a) Upon the expiration or termination of this Agreement for any reason, each Party will return or destroy the other Parties' Confidential Information provided hereunder and Licensee will return to Licensor all of the HMH Products. Licensee and any Sublicensee will have the right for a period of five (5) years following any such termination to sell its remaining inventory of print publications produced under the license rights set forth in Section 2.1(a) above prior to the date of termination (the "Sell-Off Rights"); provided that Licensee any and all applicable Sublicensees will discontinue all sales of all such products and any derivative works thereof immediately upon the expiration of the Sell-Off Rights.
- (b) Upon expiration or termination of this Agreement for any reason, the following provisions will survive: Sections 1, 2.3(b)(ii), 2.3(c), 2.5, 2.6, 4.2(e), 7.3 (for the period specified therein), 8, 9.3, 10, 11, 12, 14, and 17, and, with respect to Sublicensees, Section 5. Notwithstanding the foregoing to the contrary, a Party will not have any obligation under Sections 2.3(c)(iii) above, Section 4.2(e) above or Section 11 below with respect to any events, facts, or circumstances that occur after the expiration or termination of this Agreement, other than with respect to any Claim, regardless of when asserted, if such Claim arises from events, facts, or circumstances that occurred prior to the expiration or termination of this Agreement.

10. Representations and Warranties.

- 10.1 <u>Licensor's Representations and Warranties</u>. Licensor represents and warrants to Licensee that:
- (a) it has the requisite power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby (including, for the avoidance of doubt, granting all the licenses under Section 2.1 above and Section 2.2 above);
- (b) the execution, delivery and performance by Licensor of this Agreement and the consummation by Licensor of the transactions contemplated hereby have been duly authorized by all necessary corporate action on the part of Licensor and no other corporate proceeding is necessary for the execution and delivery of this Agreement by Licensor, the performance by Licensor of its obligations hereunder and the consummation by Licensor of the transactions contemplated hereby;
- (c) other than the Existing Third Party Licenses, the execution, delivery and performance by Licensor of this Agreement does not and will not violate or conflict with, result in a breach of, constitute a default (or an event which, with or without notice or lapse of time or both, would constitute a default) under, or permit cancellation of any agreement to which Licensor or any applicable Affiliate of Licensor is a party or by which any of them is bound; and
- (d) Licensor has not assigned, sold or transferred to any Person any Claim, whether known, unknown, or unknowable, that Licensor has or previously had against Licensee.

- 10.2 Licensee's Representations and Warranties. Licensee represents and warrants to Licensor that:
- (a) it has the requisite power and authority to execute and deliver this Agreement and the ancillary agreements delivered herewith and to consummate the transactions contemplated hereby; and
- (b) the execution, delivery and performance by Licensee and, as applicable, its Affiliates, of this Agreement and the consummation by Licensee and, as applicable, its Affiliates, of the transactions contemplated hereby have been duly authorized by all necessary corporate action on the part of Licensee and, as applicable, its Affiliates, and no other corporate proceeding is necessary for the execution and delivery of this Agreement by Licensee and, as applicable, its Affiliates, the performance by <u>Licensee</u> and, as applicable, its Affiliates, of their obligations hereunder and the consummation by <u>Licensee</u> and, as applicable, its Affiliates, of the transactions contemplated hereby.

11. Indemnification.

- 11.1 <u>Licensor Indemnity</u>. Licensor hereby agrees to indemnify and hold harmless Licensee and Licensee's Affiliates and Sublicensees, and its and their respective directors, officers, employees and agents ("<u>Licensee Indemnified Persons</u>") from and against any loss, liability, claim, damage or expense ("<u>Damages</u>"), which are suffered or incurred by any Licensee Indemnified Person and which arise from or as a result of or a direct consequence of a Third Party claim arising out of or relating to:
 - (a) the gross negligence or willful misconduct of Licensor in the performance of Licensor's obligations under this Agreement, or
- (b) a breach by Licensor of this Agreement, provided, however, that Licensor will not be obligated to indemnify a Licensee Indemnified Person for any Damages incurred by such Licensee Indemnified Person (i) to the extent attributable to any breach of this Agreement by Licensee, a Licensee Indemnified Person or Licensee's contractors/licensees, or to any act or omission constituting gross negligence or willful misconduct on the part of Licensee, a Licensee Indemnified Person or Licensee's contractors/licensees, or any action taken by Licensor or its Affiliates or its or their employees, agents, officers and directors upon the direction of Licensee or a Licensee Indemnified Person or (ii) arising from or as a result of or a direct consequence of a Third Party claim for infringement of Intellectual Property Rights arising from the use of the Destination Mark by a Licensee Indemnified Person.
 - 11.2 <u>Licensee Indemnity</u>. Licensee hereby agrees to indemnify and hold harmless Licensor and Licensor's Affiliates, and its and their directors, officers, employees and agents ("<u>Licensor Indemnified Persons</u>" and, together with Licensee Indemnified Persons, the "<u>Indemnified Persons</u>", and each an "<u>Indemnified Person</u>") from and against any Damages which are suffered or incurred by any Licensor Indemnified Person and which arise from or as a result or a direct consequence of a Third Party claim arising out of or relating to:
- (a) any translation, adaptation, publication, printing, licensing or sale of any derivative work created by Licensee or a Sublicensee pursuant to an exercise of rights under Section 2 above or any service in which any such derivative work is used, distributed or made available, including, without limitation any claim by a Third Party that any of the foregoing activities infringes, misappropriates or otherwise violates the Intellectual Property Rights of such Third Party,

- (b) the gross negligence or willful misconduct of Licensee or a Sublicensee in the performance of Licensee's or a Sublicensee's obligations under this Agreement, or
 - (c) a breach by Licensee or any Sublicensee of this Agreement;

provided, however, that Licensee will not be obligated to indemnify a Licensor Indemnified Person for any Damages incurred by such Licensor Indemnified Person to the extent attributable to any breach of this Agreement by Licensor, a Licensor Indemnified Person or Licensor's contractors/licensees, or to any act or omission constituting gross negligence or willful misconduct on the part of Licensor, a Licensor Indemnified Person or Licensor's contractors/licensees, or any action taken by Licensee or its employees, agents, officers and directors upon the direction of Licensor or a Licensor Indemnified Person or that would otherwise constitute an indemnifiable claim pursuant to Section 11.1 above.

- 11.3 HMH Indemnity. Upon Licensee becoming a direct licensee of HMH under Section 2.5(b)(ii) of the Master License Agreement, in addition to HMH stepping into the place of Licensor for purposes of Section 11.1, HMH hereby agrees to indemnify and hold harmless the Licensee Indemnified Persons from and against any Damages which are suffered or incurred by any Licensee Indemnified Person and which arise from or as a result or a direct consequence of a Third Party claim arising out of or relating to, subject to the provisions of Section 2.4 above, a claim by a Third Party that the use of any HMH Product licensed hereunder infringes, misappropriates or otherwise violates its Intellectual Property Rights or contractual rights. Notwithstanding anything to the contrary herein, as per Section 2.5(b)(ii) of the Master License Agreement, HMH shall have no greater indemnification obligations to Licensee than it does to Daplon under the Master License Agreement.
- 11.4 <u>Indemnification Procedure</u>. The obligations and liabilities of a Party (and HMH upon Licensee becoming a direct licensee of HMH under Section 2.5(b)(ii) of the Master License Agreement) against which indemnification is sought hereunder with respect to claims resulting from the assertion of liability by Third Parties will be subject to this Section 11.3.
- (a) Promptly after receipt by any Indemnified Person of notice of any demand or claim or the commencement of any action, proceeding or investigation (an "Asserted Liability") that could reasonably be expected to result in Damages with respect to which such Indemnified Person may be entitled to seek indemnification under this Agreement, the Indemnified Person will give notice thereof (a "Claim Notice") to the Party obligated to provide indemnification pursuant to Section 11.1 above or 11.2 above (the "Indemnifying Person"). Each Claim Notice will describe the Asserted Liability in reasonable detail, and will indicate the amount (estimated, if necessary) of the Damages that have been or may be suffered by the Indemnified Person. The rights of any Indemnified Person to be indemnified hereunder will not be adversely affected by its failure to give, or its failure to timely give, a Claim Notice with respect thereto unless, and if so, only to the extent that, the Indemnifying Person is prejudiced thereby.

- (b) The Indemnifying Person will have the right, exercisable by written notice to the Indemnified Person within sixty (60) days after receipt of a Claim Notice from the Indemnified Person, to assume the defense of such Asserted Liability, using counsel selected by the Indemnifying Person and reasonably acceptable to the Indemnified Person, provided, that the Indemnifying Person has confirmed its indemnification obligation to such Indemnified Person under Section 11.1 above or 11.2 above, as applicable, with respect to such Asserted Liability. If the Indemnifying Person elects to assume the defense of the Asserted Liability, the Indemnified Person will not be liable to the Indemnified Person for legal expenses incurred by the Indemnified Person will reasonably cooperate in the defense against such Asserted Liability. If the Indemnifying Person elects not to defend the Asserted Liability or fails to notify the Indemnified Person of its election as herein provided (the "Non-Defending Person"), the Indemnified Person may pay, compromise or defend such Asserted Liability. The Non-Defending Person may participate, at its own expense, in the defense of such Asserted Liability. If the Indemnifying Person chooses to defend any claim, the Indemnified Person will make available to the Indemnifying Person any books, records or other documents applicable to such claims within its control, and the reasonable assistance of its employees.
- (c) If any Indemnifying Person has assumed the defense of an Asserted Liability in accordance with the terms hereof, it may not consent to the entry of judgment with respect to, or otherwise settle or compromise such Asserted Liability without the consent of the Indemnified Person if such judgment, settlement or compromise would (i) require payment by any Indemnified Person, (ii) materially adversely affect the rights granted to any Indemnified Person, (iii) constitute an admission of wrongdoing or fault of any Indemnified Person, or (iv) materially conflict with the terms of this Agreement. In the case of Licensee as the Indemnifying Person, Licensee will not make any admission or agree to any settlement or compromise that would have a material and adverse impact on any HMH Product without obtaining Licensor's prior written consent. Regardless of whether the Indemnifying Person elects to assume the defense of the Asserted Liability in accordance with the terms hereof, the Indemnified Persons will not admit any liability with respect to, consent to the entry of judgment with respect to, or otherwise settle such Asserted Liability without the prior written consent of the Indemnifying Person, which consent will not be unreasonably withheld, delayed or conditioned. For clarity, in connection with any such settlement or compromise, Licensee will not have the right to sublicense any HMH Product other than as expressly set forth in Section 2.3 above.
- 12. LIMITATION ON LIABILITY. EXCEPT FOR BREACH OF SECTION 14 BELOW (CONFIDENTIALITY), OR TO THE EXTENT ARISING FROM THE PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY, OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION, ANY LOST PROFITS OR LOSS OF BUSINESS STEMMING FROM OR ARISING OUT OF THIS AGREEMENT, WHETHER THE BASIS OF THE LIABILITY IS BREACH OF CONTRACT, TORT, STATUTE, OR ANY OTHER LEGAL THEORY, AND WHETHER SUCH FIRST PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR NOT. THE FOREGOING EXCLUSIONS OF DAMAGES ARE NOT INTENDED TO LIMIT THE INDEMNIFICATION OBLIGATIONS HEREUNDER TO THE EXTENT THAT THE THIRD PARTY CLAIMS COVERED BY SUCH OBLIGATIONS INCLUDE THE TYPE OF DAMAGES THAT ARE EXCLUDED HEREUNDER. NOTWITHSTANDING ANYTHING IN THIS AGREEMENT TO THE CONTRARY, IN NO EVENT SHALL EACH PARTY OR ANY OF ITS AFFILIATES' AGGREGATE LIABILITY UNDER THIS AGREEMENT TOGETHER WITH ALL OTHER LIABILITY FOR INDEMNIFICATION OBLIGATIONS OR OTHERWISE UNDER THE FRAMEWORK AGREEMENT OR ANY OTHER AGREEMENT OR DOCUMENT ENTERED INTO OR DELIVERED IN CONNECTION WITH THE TRANSACTIONS AND RESTRUCTURING (AS DEFINED IN THE FRAMEWORK AGREEMENT) EXCEED THE MONETARY LIMITATIONS SET FORTH IN SECTION 9.2(D) OR 9.3(B), AS APPLICABLE, OF THE FRAMEWORK AGREEMENT. FOR THE AVOIDANCE OF DOUBT, UPON LICENSEE BECOMING A DIRECT LICENSEE OF HMH UNDER SECTION 2.5(B)(II) OF THE MASTER LICENSE AGREEMENT, THE PRECEDING SENTENCE SHALL NOT APPLY TO HMH.

13. Third Party Infringement.

13.1 <u>Notice</u>. Each Party will promptly notify the other Party in writing of any actual or suspected infringement or misappropriation in the Territory of any HMH Product or related Intellectual Property Rights (any such infringement or misappropriation in the Territory, a "<u>Third Party Infringement</u>"). Such notification will include details of the identity of the infringing Third Party and the infringing act in the Territory.

13.2 Enforcement.

- (a) <u>Licensor's Rights</u>. In the case of any Third Party Infringement, as between the Parties, Licensor shall have the sole right, but not the obligation, under its own control and at its own expense, to enforce the Intellectual Property Rights in the applicable HMH Products against the applicable Third Party. Licensor may enter into any settlement, consent judgment, or other voluntary final disposition of any infringement action hereunder, but shall not grant any license for said Intellectual Property Rights that would conflict with the Intellectual Property Rights granted by Licensor to Licensee under this Agreement, without the prior written consent of Licensee. At the cost and expense of Licensor, Licensee shall reasonably assist Licensor in any action or proceeding being prosecuted by Licensor if so requested, and shall join such action or proceeding if reasonably requested by Licensee or required by applicable Law.
- (b) <u>Licensee's Rights.</u> If, within three (3) months after written notice of any Third Party Infringement, Licensor has not exercised its rights in Section 13.2(a) above with respect to such Third Party Infringement, then Licensor shall give notice to Licensee reasonably in advance of any deadline for such enforcement and, Licensee shall have the right in its sole discretion to bring suit on its own behalf, at its own expense, solely with respect to such specific claim of infringement. At the cost and expense of Licensee, Licensor shall reasonably assist Licensee in any action or proceeding being prosecuted by Licensee if so requested, and shall join such action or proceeding if reasonably requested by Licensee or required by applicable Law.
- (c) <u>Settlements.</u> Notwithstanding the foregoing to the contrary, (i) neither Licensor nor Licensee will make any admission or agree to any settlement or compromise that would have a material and adverse impact on such other Party, or otherwise obligate such other Party to pay financial consideration, without obtaining such other Party's prior written consent and (ii) Licensee will not make any admission or agree to any settlement or compromise that would have a material and adverse impact on any HMH Product without obtaining Licensor's prior written consent. For clarity, in connection with any such settlement or compromise, Licensee will not have the right to sublicense any HMH Product other than as expressly set forth in Section 2.3 above.

(d) Recovery. Any recovery obtained from such proceedings will accrue to the Party that brought the applicable action or proceeding.

14. Confidentiality.

- 14.1 <u>Use and Disclosure of Confidential Information</u>. Each Party acknowledges that, in connection with the negotiation of and the transactions contemplated by this Agreement, it will obtain access to the Confidential Information of the other Party. From and after the date hereof, all Confidential Information conveyed by Disclosing Party will be used by Receiving Party solely as required or otherwise reasonably necessary to perform its obligations, exercise or enforce its rights under this Agreement or comply with applicable Law, and for no other purpose. The Receiving Party will not disclose, or permit the disclosure of, any of the Disclosing Party's Confidential Information to any Person except those Persons to whom such disclosure is reasonably necessary to permit the Receiving Party to perform its obligations, exercise or enforce its rights under this Agreement or comply with applicable Law. The Receiving Party will treat, and will cause its Affiliates and its and their Representatives and to treat, the Disclosing Party's Confidential Information as confidential, using the same degree of care as the Receiving Party normally employs to safeguard its own confidential information from unauthorized use or disclosure, but in no event less than a reasonable degree of care. Notwithstanding the foregoing, nothing contained herein will limit or restrict Licensee's or its Affiliates' right to use the HMH Products for any purpose that is consistent with the licenses granted pursuant to Section 2 above of this Agreement.
- 14.2 <u>Disclosure Required by Law.</u> In the event that the Receiving Party is requested pursuant to, or required by, applicable Law to disclose any of the Confidential Information, it will use all reasonable efforts to notify the Disclosing Party (if permitted by Law) in a timely manner so that the Disclosing Party may seek a protective order or other appropriate remedy. Each Party will reasonably cooperate in connection with any reasonable actions to be taken for the foregoing purpose. In any event, the Receiving Party may furnish the Confidential Information as requested or required pursuant to applicable Law (subject to any such protective order or other appropriate remedy) without liability under this Agreement, provided that the Receiving Party furnishes only that portion of the Confidential Information which the Receiving Party is advised by of its counsel is legally required, and the Receiving Party exercises reasonable efforts to obtain reliable assurances that confidential treatment will be accorded such Confidential Information.

14.3 Terms of this Agreement.

(a) Neither of the Parties will disclose any of the terms of this Agreement or the other agreements referred to herein to any Third Party without the prior written consent of the other Parties. Notwithstanding the foregoing, any Party may disclose such terms as are required to be disclosed to (i) its accountants and advisors who have a "need-to-know" solely for the purpose of providing services to such Party, including without limitation the preparation of such Party's periodic financial statements and reports and tax returns, (ii) any bona fide potential licensee or Sublicensee and its advisors, or (iii) existing and potential investors, lenders and acquirers and the accountants and advisors of any of the foregoing; provided, however, that any such recipient is bound by a written agreement (or in the case of attorneys or other professional advisors, formal ethical duties) requiring such recipients to treat, hold and maintain the terms of this Agreement as confidential information and only use the terms of this Agreement to (A) in the case of the foregoing clause (i), provide services to the applicable Party, (B), in the case of the foregoing clause (ii), consider taking the applicable license or sublicense and, if so taken, exercise the permitted license or sublicense rights, and (C) in the case of the foregoing clause (iii), consider or advise on a potential investment, loan or acquisition.

- (b) In addition, this Agreement and the other agreements referred to herein and terms hereof and thereof may be disclosed by any Party in connection with its periodic financial statements and reports and tax returns, to enforce its rights under this Agreement or such other agreements or as otherwise required pursuant to applicable Law, rule or regulation of any governmental or regulatory organization; provided that, before making such a disclosure as required by Law, rule or regulation, such Party will inform the other Party in writing a reasonable time prior to such required disclosure, will provide such other Party with a copy of the text of such proposed disclosure sufficiently in advance of the proposed disclosure to afford such other Party a reasonable opportunity to review and comment upon the proposed disclosure (including, if applicable, the redacted version of this Agreement or other agreement referred to herein) and will reasonably consider, consistent with applicable Law, rule and regulation (including interpretations thereof), the requests of such other Party regarding confidential treatment for such disclosure.
- 15. <u>Bankruptcy Treatment</u>. Licensor hereby waives any rights or remedies it may have (or any of its Affiliates may have on its behalf) under any local, state, federal or foreign insolvency, bankruptcy or other laws ("<u>Bankruptcy Laws</u>"), including but not limited to 11 U.S.C. Section 365 or any provision of any Bankruptcy Laws similar thereto, to reject, cancel, suspend, modify or terminate this Agreement or any rights granted hereunder to Licensee or any of its Sublicensees. Licensor agrees that 11 U.S.C. Section 365(n) and any provision of any other Bankruptcy Law similar thereto shall apply to this Agreement.

16. [Intentionally omitted.]

17. Miscellaneous.

- 17.1 Entire Agreement; Modification.
- (a) The following are collectively intended to be the entire and complete statement of the terms of the agreement between the Parties with respect to the subject matter hereof:
 - (i) this Agreement; and
 - (ii) all Exhibits attached to this Agreement,

Notwithstanding the existence of any such executed abbreviated license agreement or other document, the terms and conditions of this Agreement shall control in all respects in the event of any conflicting terms and conditions or dispute regarding the interpretation, applicability or enforcement of such abbreviated license agreement or other document. Licensee covenants that any Sublicense Agreement executed or amended and restated in its entirety on or after the date hereof shall contain a provision requiring that, notwithstanding the existence of any executed abbreviated license agreement or other document concerning the license rights contemplated under this Agreement, the terms and conditions of the applicable Sublicense Agreement shall control in all respects in the event of any conflicting terms and conditions or dispute regarding the interpretation, applicability or enforcement of such abbreviated license agreement or other document.
- 17.2 <u>Expenses</u>. Subject to the forgoing, this Agreement will be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns.

17.5 <u>Waivers</u>. The failure of a Party hereto at any time or times to require performance of any provision hereof will in no manner affect its right at a later time to enforce the same. No waiver by a Party of any condition or of any breach of any term, covenant, representation or warranty contained in this Agreement will be effective unless in writing, and no waiver in any one or more instances will be deemed to be a further or continuing waiver of any such condition or breach in other instances or a waiver of any other condition or breach of any other term, covenant, representation or warranty.

The Section headings used herein are for reference and convenience only, and shall not enter into the interpretation of this Agreement. Unless otherwise expressly provided herein, any reference to a number of "days" hereunder shall refer to calendar days. References to Sections include subsections, which are part of the related Section (*e.g.*, a section numbered "Section 3.1(a)(i)" would be part of "Section 3", and references to "Section 3" would also refer to material contained in the section described as "Section 3.1(a)(i)").
- 17.7 Governing Law; Consent to Jurisdiction. All disputes, claims or controversies arising out of or related to this Agreement, or the negotiation, validity or performance of this Agreement, or the transactions contemplated hereby will be governed by and construed in accordance with the Laws of the state of New York without regard to its rules of conflict of Laws that would result in the application of the law of another jurisdiction. Each of the Parties hereto hereby irrevocably and unconditionally consents to submit to the sole and exclusive jurisdiction of the courts of the state of New York and of the federal district court situated in the Southern District of New York located in Manhattan, New York (the "New York Courts") for any litigation between the Parties hereto arising out of or relating to this Agreement, or the negotiation, validity or performance of this Agreement. Each of the Parties hereto also irrevocably and unconditionally waives any objection to the laying of venue of any such litigation in the New York Courts and agrees not to plead or claim in any court or other forum anywhere in the world that such litigation brought in the New York Courts has been brought in an inconvenient forum or that there are indispensable parties to such litigation that are not subject to the jurisdiction of the New York Courts, or any other claim that would result in the Party avoiding adjudication of the litigation in the New York Courts.
- 17.8 <u>Cooperation; Severability</u>. Each Party will cooperate fully with the other in order to give full effect to the rights granted hereunder, including the execution of further documents and taking such actions as reasonable necessary in connection therewith. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction will, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition and unenforceability in any jurisdiction will not invalidate or render unenforceable such provision in any other jurisdiction, and the parties will use their best efforts to amend this agreement, consistent with applicable legal obligations, to achieve the original intent of the parties hereunder.
- 17.9 <u>No Third Party Beneficiaries</u>. Except for (a) any Sublicensee for purposes of enforcing rights under Section 2.3(b)(ii) above and as provided in Section 17.12 below, and (b) the potential non-Party indemnities identified in Section 11 above, there shall be no third-party beneficiaries, either express or implied, to this Agreement.

- 17.10 <u>Construction</u>. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the Parties and no presumption or burden of proof will arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement. Unless expressly indicated otherwise, illustrations or examples are not meant to be interpreted by means of limitation.
- 17.11 <u>Counterparts</u>. This Agreement may be executed in two or more counterparts, each of which will be deemed to be an original, and such counterparts will together constitute one and the same instrument. A facsimile or electronic transmission in portable data format of an executed counterpart signature page will be deemed an original.
- 17.12 <u>Third-Party Beneficiary</u>. Until Licensee becomes a direct licensee of HMH under Section 2.5(b)(ii) of the Master License Agreement, HMH is a third-party beneficiary to this Agreement, with full power and authority to enforce its terms and conditions against the Licensee, but only in connection with the protection of its interest in the HMH Products and related Intellectual Property Rights licensed to Licensee under this Agreement.
- 17.13 Reversal. Notwithstanding anything to the contrary contained herein, in the event the Final Transfer Date (as defined in the Framework Agreement) does not occur in accordance with the terms and conditions of the Framework Agreement, this Agreement shall be null and void *ab initio* and the Parties agree that and each Party shall, and shall cause its Affiliates to, take any and all actions to the extent necessary to reverse the transactions that have occurred and to return any payments made prior to the termination of this Agreement so that the Parties will be in a position as if the transactions covered by this Agreement had not occurred. The cost for such reversal shall be borne in accordance with the terms of the Framework Agreement. For the avoidance of doubt, upon Licensee becoming a direct licensee of HMH under Section 2.5(b)(ii) of the Master License Agreement, the preceding sentence shall not apply to HMH.

Upon written instruction of Licensee, HMH will deliver applicable HMH Finished Goods as necessary to Licensee or the applicable Sublicensee, and Licensee or such Sublicensee will fulfill delivery to its own customers. HMH is under no obligation to fulfill orders intended for shipment directly to end user customers.
- (b) <u>Master Account Data</u>. Licensee will maintain, and cause its Sublicensees to maintain, complete and accurate ship to and bill to information as well as the specific geographic territories for which such entity has the rights to do business. Any product substitutions necessary shall be coordinated directly by the HMH SVP, Global Supply Chain Services and the HMH EVP, Content Development Services, or appropriate designees. 8. Sales Forecasting, Demand and Inventory Planning.

- (a) <u>Sales Forecasting and Demand Planning</u>. Licensee, on behalf of itself and its Sublicensees, will be required to comply with current HMH Demand Planning Procedures. Such procedures, as may be amended by HMH from time to time, will include sales forecasts by country in the Territory at a title level for a 9-month forward horizon with ranges of percentage probabilities of materializing into a sale for both quantity and timing. These forecasts must be reasonably supported by market model intelligence, including, but not limited to, market size, market share, and enrollments. Such underlying analyses will also be provided to HMH for consideration of converting into a Demand Plan. The process will be a monthly exchange of data between the Parties and a live dialogue and/or meeting about the analysis no less than quarterly. HMH Supply Chain personnel will meet with Licensee within ninety (90) days after the MLA Effective Date and notification of the establishment of a new operating location to provide and establish reporting templates to govern these procedures. HMH will use reasonable efforts to capture knowledge of business cycles and forecasting requirements within such templates. It is incumbent upon Licensee to notify all existing and future Sublicensees of these requirements for collecting and exchanging this data.
- (b) <u>Inventory Levels & Print Decisions</u>. HMH makes no representation or warranty as to inventory availability other than it will use commercially reasonable efforts to make inventory available to Licensee in support of reasonably demonstrated sales forecasts. It is Licensee's responsibility to comply with demand planning procedures and to place orders with sufficient lead times to allow for HMH to fulfill such order. If an Licensee order is presented with a quantity of fewer than one hundred (100) units of the applicable HMH Finished Goods and HMH has not received other sufficient orders for such HMH Finished Goods, HMH will have the right to reject such order in writing.
- (c) <u>Minimum Lead Times</u>. HMH will make commercially reasonable efforts to have inventory available, and if such inventory is out of stock to source the quantities necessary to fulfill orders placed. HMH, in all instances, will require a minimum of seventy five (75) days to source any out-of-stock items. Accommodations, if made, for deliveries on out-of stock items on a basis shorter than that described above may, at HMH's sole discretion, have a premium cost associated with it. HMH makes no representation that it can provide such accommodations.
- 9. Order Processing and Fulfillment. HMH or its suppliers will not be responsible for warehousing any Licensee purchases of HMH Finished Goods.

- 10. Reporting. Licensee is required on a semi-annual basis to report the following to HMH for itself and all of its Sublicensees:
- (a) <u>Inventory On-Hand Report</u>. A "by title" inventory report of all HMH Finished Goods that are held by Licensee and each Sublicensee and a simple roll-forward of movements (aggregate receipts from HMH and shipment to customer) for the prior rolling 12- month period.
- (b) <u>Demand Forecast vs. Current Enrollment and Planned Growth Report</u>. A summary report aligning the Demand Forecast against current/known business and expected growth. As the uses cases in support of Licensee and Sublicensee operations may vary, the definitive version of a summary report will be established as Licensee adds each new Sublicensee.
- 11. <u>Fulfillment</u>. HMH, at its sole discretion, will fulfill Licensee's orders for HMH Finished Goods either directly from HMH warehouses, HMH vendors or through HMH wholesale distribution relationships within the various jurisdictions within the Territory. HMH will fulfill shipments, in bulk to the Licensee locations as designated in the Customer Account Maintenance process and not to individual consumers (e.g. not teachers or students).
- 12. <u>Terms of Sale</u>. All sales will be on net 45-day-payment terms and will be nonreturnable other than for reasons of damage or defect. Approval of all orders are subject to HMH credit checks, and HMH, in its sole discretion, reserves the right to discontinue/suspend or alter the terms of sale if its determination of credit risk is outside of the normal course or if an account becomes past due.

This Loan Agreement (this "Agreement") is entered into by and between the following parties on November 11, 2016:

- (1) **Rise Tianjin Education Information Consulting Co., Ltd.** (the "**Lender**"), a wholly foreign-owned limited liability company established in accordance with laws of the People's Republic of China (the "**PRC**") with its domicile at No. B206, B212, B213, B214, B217, B221, 2/F, Building (1), No. 8 Huanhe West Road, Tianjin Free Trade Zone (Airport Economic Area); and
- (2) **Peng ZHANG** (ID Card No.:) (the "**Borrower**"), a PRC citizen with an address at 206, Building 6, Lane 88, Huichuan Road, Changning District, Shanghai.

The Lender and the Borrower are hereinafter collectively referred to as the "Parties" and, individually, as a "Party".

Whereas:

- (A) The Borrower and Zhenyu Zhang (a PRC citizen, ID Card No.:

) entered into an Equity Transfer Agreement on November 11, 2016, according to which Zhenyu ZHANG shall transfer 80% of the equity interests held by him in Beijing Step Ahead Education Technology Development Co., Ltd., a limited liability company registered in Beijing, the PRC, with its domicile at No. C01-1, 4/F, No. 42 Beiyuan Road, Chaoyang District, Beijing, (the "Domestic Company") to the Borrower (the "Equity Transfer") at the price of RMB1,600,000 (the "Consideration of Equity Transfer"), and the Borrower shall assume the tax payable in respect of the execution and performance of the Equity Transfer Agreement. The equity interests of the Domestic Company purchased by the Borrower under the Equity Transfer Agreement are hereinafter referred to as the "Target Equity Interests";
- (B) The Lender hereby agrees to provide the Borrower with the loan in accordance with this Agreement for the purpose that the Borrower has sufficient funds to pay the Consideration of Equity Transfer and the tax payable in respect of the execution and performance of the Equity Transfer Agreement; and
- (C) The Parties agree to enter into this Agreement to clarify and confirm the rights and obligations of the Parties.

Therefore, the Parties enter into this Agreement as follows upon friendly negotiation:

1. Loan

- 1.1 Upon and subject to the terms hereof, the Lender agrees to provide the Borrower with, and the Borrower agrees to borrow from the Lender, a loan in an aggregate amount of principal (the "Loan") equivalent to a sum of (1) RMB1,600,000 (in word: Renminbi one million six hundred thousand) and (2) the tax payable in respect of the execution and performance of the Equity Transfer Agreement.
- 1.2 Within twelve (12) months after the execution date of this Agreement, the Borrower may notify in writing or orally the Lender from time to withdraw the Loan (the "Utilization Notice"). The Borrower shall inform the Lender of the information on the RMB bank account for loan withdrawal when the Utilization Notice is sent to the Lender.
- 1.3 The Lender shall release the Loan to the Borrower within three (3) Working Days after the receipt of the Utilization Notice and remit the principal amount of the Loan to the RMB bank account as designated by the Borrower. The date on which the Lender releases the Loan to the Borrower is hereinafter referred to as the "Utilization Date".
- 1.4 The Borrower hereby undertakes to use the Loan only for the purpose of paying the Consideration of Equity Transfer to Zhenyu ZHANG and the tax payable in respect of the execution and performance of the Equity Transfer Agreement, and not to use the Loan for any other purpose.
- 1.5 The term of this Agreement (the "**Term**") shall be ten (10) years from the Utilization Date, unless as extended upon the Lender's consent or earlier terminated in accordance with the provisions hereof. Subject to Article 1.6, the Borrower shall repay all amounts outstanding in respect of the Loan (including any penalty or interest thereon) and any other compensation liability hereunder in accordance with Article 1.7 and Article 1.8 upon the expiry or early termination of the Term.
- 1.6 Without the Lender's prior written consent (which may be granted at the Lender's sole and absolute discretion on a case by case basis), the Borrower shall not make any prepayment of the Loan prior to the expiration of the Term, provided that in case of any one or more of the following circumstances, all amounts unpaid by the Borrower under the Loan shall become immediately due and payable and shall be repaid in accordance with Article 1.7 and Article 1.8:
 - (a) the Borrower becomes deceased, bankrupt or mentally incapacitated or otherwise loses, or has limitations in, capacity for civil acts;
 - (b) the Borrower, for any reason, ceases to be the holder of Target Equity Interests, or the proportion of Target Equity Interests held by it is less than that set forth in Recital (A) above, except that the transfer of Target Equity Interests is consented by the Lender;

- (c) the Borrower violates its representations, warranties or undertakings under this Agreement in any material aspect;
- (d) the Borrower engages in any criminal act or is involved in any criminal activities; or
- (e) thirty (30) days have passed since the Lender gave a written notice to the Borrower requiring the repayment of the amount unpaid by the Borrower under the Loan (the Lender may give such notice in its sole and absolute discretion).
- 1.7 Unless as otherwise provided in Controlling Agreements, the Borrower shall repay the Loan under this Agreement by transferring all of the Target Equity Interests held by the Borrower to the Lender or a person as designated by the Lender in accordance with the Call Option Agreement (Restatement), the Proxy Agreement (Restatement), the Business Cooperation Agreement (Restatement) and the Equity Pledge Agreement (Restatement) entered into by the Borrower with the Lender, the Domestic Company and certain other parties at the Lender's reasonable request (collectively, the "Controlling Agreements").
- 1.8 The Borrower shall pay all interest of the Loan, together with the principal and penalty (if any), at the expiry or early termination of the Term or when each of such relevant amounts becomes due. If the Transfer Price (as defined in the Call Option Agreement) is higher than the amount of the repayable principal of the Loan hereunder, the excess amount shall be deemed as the interest payable in respect of the Loan, and the Borrower shall pay such interest in proportion to the percentage of the Target Equity Interests proposed to be transferred. If the aggregate amount of such interest is higher than the loan interest limit (if any) as prescribed by relevant laws, the Borrower shall pay the aforementioned excess amount to the Lender in a way as instructed by the Lender.
- 1.9 On the premise that the Borrower has repaid the Loan in accordance with Article 1.7 by transferring all Target Equity Interests held by it to the Lender or the person as designated by the Lender, the Borrower shall not have any further obligation to the Lender with regard to the principal, interest or penalty (if any), except that the Borrower is liable for the indemnification under Article 4.2.
- 1.10 Any part or whole of the Loan repaid by the Borrower under this Agreement may not be re-borrowed without the Lender's consent.

2. Representations and Warranties

 - (d) This Agreement shall constitute lawful, valid and enforceable obligations on the Borrower upon execution.
 - (e) Unless otherwise required in the Controlling Agreements or agreed by the Parties, the Borrower shall not (i) create any mortgage, guarantee or other security interest on the whole or part of the Target Equity Interests, (ii) make any offer to any third party or accept any offer made by any third party for the transfer of the whole or part of the Target Equity Interests, or (iii) enter into any agreement with any third party for the transfer of the whole or part of the Target Equity Interests (unless as consented by the Lender). The Borrower's spouse has no right to or interest in the Target Equity Interests, and the Target Equity Interests shall be the Borrower's individual property instead of marital property.

 - Each Shareholder hereby confirms and agrees that upon his death (or declared death), the Call Option shall be entirely granted to WFOE (or its designated entity or individual) and WFOE (or its designated entity or individual) is the sole owner of the Call Option. - 3.5 WFOE or its designated entity(ies) or individual(s) shall pay the Shareholders the Transfer Price within the time specified in the relevant equity transfer agreement.
- 3.6 Upon the execution of this Agreement, each of the Shareholders shall respectively enter into a power of attorney (hereinafter the "Power of Attorney", the form of which is set forth in Appendix IV attached hereto) to authorize a person acceptable to WFOE to sign, on behalf of such Shareholder and according to this Agreement, any and all legal documents necessary for the transfer of the Option Equity to WFOE or its designated entity or individual upon WFOE's exercising of the Option. Such Power of Attorney shall be delivered to WFOE and WFOE may, at any time if necessary, require the Shareholders to respectively execute multiple copies of the Power of Attorney and deliver the same to the relevant government authority.
- 3.7 In the event that the transferee is a WFOE's designated entity or individual, it shall pay the transferors the Transfer Price in the following way: the transferee shall assume the transferors' repayment obligations of the loan principal and interest under the Loan Agreement and other payment obligations under the Loan Agreement (if any) in proportion to the percentage of Option Equity transferred to such transferee.

In the event that the transferee is the WFOE, the Transfer Price shall be set off against the corresponding amount of the Shareholders' payment obligations of the loan principal and interests and other payment obligations (if any) under the Loan Agreement.

All Parties confirm and agree that, subject to relevant provisions of the Loan Agreement, if the Transfer Price is higher than the registered capital of the Domestic Company, such exceeding amount shall be deemed as the interest accrued on the loan under the Loan Agreement.

To the fullest extent permitted by the PRC Law, WFOE or WFOE's designated entities or individuals are not obliged to bear any responsibility to the Shareholders regarding the value of the Option Equity beyond the portion of the Transfer Price or the value of the Option Equity or the Transfer Price exceeding the amount of the obligations of the Shareholders under the Loan Agreement (If applicable).

CODE OF BUSINESS CONDUCT AND ETHICS of RISE Education Cayman Ltd

INTRODUCTION

Purpose

This Code of Business Conduct and Ethics, or this Code, contains general guidelines for conducting the business of RISE Education Cayman Ltd, a Cayman Islands company (the "Company"), consistent with the highest standards of business ethics. To the extent this Code requires a higher standard than required by commercial practice or applicable laws, rules or regulations, we adhere to these higher standards.

This Code applies to all of the directors, officers and employees of the Company and its subsidiaries (which, unless the context otherwise requires, are collectively referred to as the "Company" in this Code). We refer to all persons covered by this Code as "Company employees" or simply "employees." We also refer to our chief executive officer and our chief financial officer as our "principal executive and financial officers."

Seeking Help and Information

This Code is not intended to be a comprehensive rulebook and cannot address every situation that you may face. If you feel uncomfortable about a situation or have any doubts about whether it is consistent with the Company's ethical standards, seek help. We encourage you to contact your supervisor for help first. If your supervisor cannot answer your question or if you do not feel comfortable contacting your supervisor, contact the Compliance Officer of the Company, who shall be a person appointed by the Board of Directors of the Company as the Compliance Officer for the Company. Jianing Wang can be reached at +86-10-8559 9007 and jennywang@rdchina.com. The Company will notify you if the Board of Directors appoints a different Compliance Officer. You may remain anonymous and will not be required to reveal your identity in your communication to the Company.

Reporting Violations of the Code

All employees have a duty to report any known or suspected violation of this Code, including any violation of the laws, rules, regulations or policies that apply to the Company. If you know of or suspect a violation of this Code, immediately report the conduct to your supervisor. Your supervisor will contact the Compliance Officer, who will work with you and your supervisor to investigate the matter. If you do not feel comfortable reporting the matter to your supervisor or you do not get a satisfactory response, you may contact the Compliance Officer directly. Employees making a report need not leave their name or other personal information and reasonable efforts will be used to conduct the investigation that follows from the report in a manner that protects the confidentiality and anonymity of the employee submitting the report. All reports of known or suspected violations of the law or this Code will be handled sensitively and with discretion. Your supervisor, the Compliance Officer and the Company will protect your confidentiality to the extent possible, consistent with law and the Company's need to investigate your report.

It is the Company policy that any employee who violates this Code will be subject to appropriate discipline, which may include termination of employment. This determination will be based upon the facts and circumstances of each particular situation. An employee accused of violating this Code will be given an opportunity to present his or her version of the events at issue prior to any determination of appropriate discipline. Employees who violate the law or this Code may expose themselves to substantial civil damages, criminal fines and prison terms. The Company may also face substantial fines and penalties and many incur damage to its reputation and standing in the community. Your conduct as a representative of the Company, if it does not comply with the law or with this Code, can result in serious consequences for both you and the Company.

Policy Against Retaliation

The Company prohibits retaliation against an employee who, in good faith, seeks help or reports known or suspected violations. Any reprisal or retaliation against an employee because the employee, in good faith, sought help or filed a report will be subject to disciplinary action, including potential termination of employment.

Waivers of the Code

Waivers of this Code for employees may be made only by an executive officer of the Company. Any waiver of this Code for our directors, executive officers or other principal financial officers may be made only by our Board of Directors or the appropriate committee of our Board of Directors and will be disclosed to the public as required by law or the rules of the NASDAQ Global Select Market.

CONFLICTS OF INTEREST

Identifying Potential Conflicts of Interest

A conflict of interest can occur when an employee's private interest interferes, or appears to interfere, with the interests of the Company as a whole. You should avoid any private interest that influences your ability to act in the interests of the Company or that makes it difficult to perform your work objectively and effectively.

Identifying potential conflicts of interest may not always be clear-cut. The following situations are examples of potential conflicts of interest:

- <u>Outside Employment</u>. No employee should be employed by, serve as a director of, or provide any services not in his or her capacity as a Company employee to a company that is a material customer, supplier or competitor of the Company. *If you are uncertain whether a particular company is a material customer, supplier or competitor, please contact the Compliance Officer for assistance.*
- <u>Improper Personal Benefits</u>. No employee should obtain any material (as to him or her) personal benefits or favors because of his or her position with the Company. Please see "Gifts and Entertainment" below for additional guidelines in this area.

- <u>Financial Interests</u>. No employee should have a significant financial interest (ownership or otherwise) in any company that is a material customer, supplier or competitor of the Company. A "significant financial interest" means (i) ownership of greater than 1% of the equity of a material customer, supplier or competitor or (ii) an investment in a material customer, supplier or competitor that represents more than 5% of the total assets of the employee.
- <u>Loans or Other Financial Transactions</u>. No employee should obtain loans or guarantees of personal obligations from, or enter into any other personal financial transaction with, any company that is a material customer, supplier or competitor of the Company. This guideline does not prohibit arms-length transactions with banks, brokerage firms or other financial institutions.
- <u>Service on Boards and Committees</u>. No employee should serve on a board of directors or trustees or on a committee of any entity (whether profit or not-for-profit) whose interests reasonably would be expected to conflict with those of the Company.
- Actions of Family Members. The actions of family members outside the workplace may also give rise to the conflicts of interest described above
 because they may influence an employee's objectivity in making decisions on behalf of the Company. For purposes of this Code, "family
 members" include your spouse or life-partner, brothers, sisters and parents, in-laws and children whether such relationships are by blood or
 adoption.

For purposes of this Code, a company is a "material" customer if that company has made payments to the Company in the past year in excess of US\$100,000 or 10% of the customer's gross revenues, whichever is greater. A company is a "material" supplier if that company has received payments from the Company in the past year in excess of US\$100,000 or 10% of the supplier's gross revenues, whichever is greater. A company is a "material" competitor if that company competes in the Company's line of business and has annual gross revenues from such line of business in excess of US\$500,000. If you are uncertain whether a particular company is a material customer, supplier or competitor, please contact the Compliance Officer for assistance.

Disclosure of Conflicts of Interest

The Company requires that employees disclose any situations that reasonably would be expected to give rise to a conflict of interest. If you suspect that you have a conflict of interest, or something that others could reasonably perceive as a conflict of interest, you must report it to your supervisor or the Compliance Officer. Your supervisor and the Compliance Officer will work with you to determine whether you have a conflict of interest and, if so, how best to address it. A supervisor may not authorize or approve conflict of interest matters or make determination as to whether a problematic conflict of interest exists without first providing the Compliance Officer with a written description of the activity and seeking the Compliance Officer's written approval. If the supervisor is himself involved in the potential or actual conflict, the matter should instead be discussed directly to the Compliance Officer.

Although conflicts of interest are not automatically prohibited, they are not desirable and may only be waived as described in "Waivers of the Code" above.

CORPORATE OPPORTUNITIES

As an employee of the Company, you have an obligation to advance the Company's interests when the opportunity to do so arises. If you discover or are presented with a business opportunity through the use of corporate property, information or because of your position with the Company, you should first present the business opportunity to the Company before pursuing the opportunity in your individual capacity. No employee may use Company assets, property, information or his or her position with the Company for personal gain (including gain of friends or family members). In addition, no employee may compete with the Company.

You should disclose to your supervisor the terms and conditions of each business opportunity covered by this Code that you wish to pursue. Your supervisor will contact the Compliance Officer and the appropriate management personnel to determine whether the Company wishes to pursue the business opportunity. If the Company waives its right to pursue the business opportunity, you may pursue the business opportunity on the same terms and conditions as originally proposed and consistent with the other ethical guidelines set forth in this Code.

Confidential Information and Company Property

Employees have access to a variety of confidential information while employed at the Company. Confidential information includes all non-public information that might be of use to competitors, or, if disclosed, harmful to the Company or its customers. Every employee has a duty to respect and safeguard the confidentiality of the Company's information and the information of our suppliers and customers, except when disclosure is authorized or legally mandated. In addition, you must refrain from using any confidential information from any previous employment if, in doing so, you could reasonably be expected to breach your duty of confidentiality to your former employers. An employee's obligation to protect confidential information continues after he or she leaves the Company. Unauthorized disclosure of confidential information could cause competitive harm to the Company or its customers and could result in legal liability to you and the Company.

Employees also have a duty to protect the Company's intellectual property and other business assets. The intellectual property, business systems and the security of the Company property are critical to the Company.

Any questions or concerns regarding whether disclosure of Company information is legally mandated should be promptly referred to the Compliance Officer.

Safeguarding Confidential Information and Company Property

Care must be taken to safeguard and protect confidential information and Company property. Accordingly, the following measures should be adhered to:

- The Company's employees should conduct their business and social activities so as not to risk inadvertent disclosure of confidential information.
 For example, when not in use, confidential information should be secretly stored. Also, review of confidential documents or discussion of confidential subjects in public places (e.g., airplanes, trains, taxis, buses, etc.) should be conducted so as to prevent overhearing or other access by unauthorized persons.
- Within the Company's offices, confidential matters should not be discussed within hearing range of visitors or others not working on such matters.
- Confidential matters should not be discussed with other employees not working on such matters or with friends or relatives including those living in the same household as a Company employee.
- The Company's employees are only to access, use and disclose confidential information that is necessary for them to have in the course of performing their duties. They are not to disclose confidential information to other employees or contractors at the Company unless it is necessary for those employees or contractors to have such confidential information in the course of their duties.
- The Company's files, personal computers, networks, software, internet access, internet browser programs, emails, voice mails and other business equipment (e.g. desks and cabinets) and resources are provided for business use and they are the exclusive property of the Company. Misuse of such Company property is not tolerated.

COMPETITION AND FAIR DEALING

All employees are obligated to deal fairly with fellow employees and with the Company's customers, suppliers and competitors. Employees should not take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other unfair-dealing practice.

Relationships with Customers

Our business success depends upon our ability to foster lasting customer relationships. The Company is committed to dealing with customers fairly, honestly and with integrity. Specifically, you should keep the following guidelines in mind when dealing with customers:

- Information we supply to customers should be accurate and complete to the best of our knowledge. Employees should not deliberately
 misrepresent information to customers.
- Employees should not refuse to sell, service, or maintain products the Company has produced simply because a customer is buying products from another supplier.

Customer entertainment should not exceed reasonable and customary business practice. Employees should not provide entertainment or other
benefits that could be viewed as an inducement to or a reward for customer purchase decisions. Please see "Gifts and Entertainment" below for
additional guidelines in this area.

Relationships with Suppliers

The Company deals fairly and honestly with its suppliers. This means that our relationships with suppliers are based on price, quality, service and reputation, among other factors. Employees dealing with suppliers should carefully guard their objectivity. Specifically, no employee should accept or solicit any personal benefit from a supplier or potential supplier that might compromise, or appear to compromise, their objective assessment of the supplier's products and prices. Employees can give or accept promotional items of nominal value or moderately scaled entertainment within the limits of responsible and customary business practice. Please see "Gifts and Entertainment" below for additional guidelines in this area.

Relationships with Competitors

The Company is committed to free and open competition in the marketplace. Employees should avoid actions that would be contrary to laws governing competitive practices in the marketplace, including antitrust laws. Such actions include misappropriation and/or misuse of a competitor's confidential information or making false statements about the competitor's business and business practices.

PROTECTION AND USE OF COMPANY ASSETS

Employees should protect the Company's assets and ensure their efficient use for legitimate business purposes only. Theft, carelessness and waste have a direct impact on the Company's profitability. The use of Company funds or assets, whether or not for personal gain, for any unlawful or improper purpose is prohibited.

To ensure the protection and proper use of the Company's assets, each employee should:

- Exercise reasonable care to prevent theft, damage or misuse of Company property.
- Report the actual or suspected theft, damage or misuse of Company property to a supervisor.
- Use the Company's telephone system, other electronic communication services, written materials and other property primarily for business-related purposes.
- Safeguard all electronic programs, data, communications and written materials from inadvertent access by others.
- Use Company property only for legitimate business purposes, as authorized in connection with your job responsibilities.

Employees should be aware that Company property includes all data and communications transmitted or received to or by, or contained in, the Company's electronic or telephonic systems. Company property also includes all written communications. Employees and other users of Company property should have no expectation of privacy with respect to these communications and data. To the extent permitted by law, the Company has the ability, and reserves the right, to monitor all electronic and telephonic communication. These communications may also be subject to disclosure to law enforcement or government officials.

GIFTS AND ENTERTAINMENT

The giving and receiving of gifts is a common business practice. Appropriate business gifts and entertainment are welcome courtesies designed to build relationships and understanding among business partners. However, gifts and entertainment should not compromise, or appear to compromise, your ability to make objective and fair business decisions.

It is your responsibility to use good judgment in this area. As a general rule, you may give or receive gifts or entertainment to or from customers or suppliers only if the gift or entertainment would not be viewed as an inducement to or reward for any particular business decision. All gifts and entertainment expenses should be properly accounted for on expense reports. The following specific examples may be helpful:

- Meals and Entertainment. You may occasionally accept or give meals, refreshments or other entertainment if:
 - The items are of reasonable value;
 - The purpose of the meeting or attendance at the event is business related; and
 - The expenses would be paid by the Company as a reasonable business expense if not paid for by another party.

Entertainment of reasonable value may include food and tickets for sporting and cultural events if they are generally offered to other customers, suppliers or vendors.

- Advertising and Promotional Materials. You may occasionally accept or give advertising or promotional materials of nominal value.
- <u>Personal Gifts</u>. You may accept or give personal gifts of reasonable value that are related to recognized special occasions such as a graduation, promotion, new job, wedding, retirement or a holiday. A gift is also acceptable if it is based on a family or personal relationship and unrelated to the business involved between the individuals.
- <u>Gifts Rewarding Service or Accomplishment</u>. You may accept a gift from a civic, charitable or religious organization specifically related to your service or accomplishment.

You must be particularly careful that gifts and entertainment are not construed as bribes, kickbacks or other improper payments. See "The Foreign Corrupt Practices Act" below for a more detailed discussion of our policies regarding giving or receiving gifts related to business transactions.

You should make every effort to refuse or return a gift that is beyond these permissible guidelines. If it would be inappropriate to refuse a gift or you are unable to return a gift, you should promptly report the gift to your supervisor. Your supervisor will bring the gift to the attention of the Compliance Officer, who may require you to donate the gift to an appropriate community organization. If you have any questions about whether it is permissible to accept a gift or something else of value, contact your supervisor or the Compliance Officer for additional guidance.

COMPANY RECORDS

Accurate and reliable records are crucial to our business. Our records are the basis of our earnings statements, financial reports and other disclosures to the public and guide our business decision-making and strategic planning. Company records include booking information, payroll, timecards, travel and expense reports, e-mails, accounting and financial data, measurement and performance records, electronic data files and all other records maintained in the ordinary course of our business.

All Company records must be complete, accurate and reliable in all material respects. Undisclosed or unrecorded funds, payments or receipts are inconsistent with our business practices and are prohibited. You are responsible for understanding and complying with our record keeping policy. Ask your supervisor if you have any questions.

ACCURACY OF FINANCIAL REPORTS AND OTHER PUBLIC COMMUNICATIONS

As a public company we are subject to various securities laws, regulations and reporting obligations. These laws, regulations and obligations and our policies require the disclosure of accurate and complete information regarding the Company's business, financial condition and results of operations. Inaccurate, incomplete or untimely reporting will not be tolerated and can severely damage the Company and result in legal liability.

It is essential that the Company's financial records, including all filings with the Securities and Exchange Commission ("SEC") be accurate and timely. Accordingly, in addition to adhering to the conflict of interest policy and other policies and guidelines in this Code, the principal executive and financial officers and other senior financial officers must take special care to exhibit integrity at all times and to instill this value within their organizations. In particular, these senior officers must ensure their conduct is honest and ethical that they abide by all public disclosure requirements by providing full, fair, accurate, timely and understandable disclosures, and that they comply with all other applicable laws and regulations. These senior officers must also understand and strictly comply with generally accepted accounting principles in the U.S. and all standards, laws and regulations for accounting and financial reporting of transactions, estimates and forecasts.

In addition, U.S. federal securities law requires the Company to maintain proper internal books and records and to devise and maintain an adequate system of internal accounting controls. The SEC has supplemented the statutory requirements by adopting rules that prohibit (1) any person from falsifying records or accounts subject to the above requirements and (2) officers or directors from making any materially false, misleading, or incomplete statement to an accountant in connection with an audit or any filing with the SEC. These provisions reflect the SEC's intent to discourage officers, directors, and other persons with access to the Company's books and records from taking action that might result in the communication of materially misleading financial information to the investing public.

COMPLIANCE WITH LAWS AND REGULATIONS

Each employee has an obligation to comply with all laws, rules and regulations applicable to the Company's operations. These include, without limitation, laws covering bribery and kickbacks, copyrights, trademarks and trade secrets, information privacy, insider trading, illegal political contributions, antitrust prohibitions, foreign corrupt practices, offering or receiving gratuities, environmental hazards, employment discrimination or harassment, occupational health and safety, false or misleading financial information or misuse of corporate assets. You are expected to understand and comply with all laws, rules and regulations that apply to your job position. If any doubt exists about whether a course of action is lawful, you should seek advice from your supervisor or the Compliance Officer.

COMPLIANCE WITH INSIDER TRADING LAWS

The Company has an insider trading policy, which may be obtained from the Compliance Officer. The following is a summary of some of the general principles relevant to insider trading, and should be read in conjunction with the aforementioned specific policy.

Company employees are prohibited from trading in shares or other securities of the Company while in possession of material, nonpublic information about the Company. In addition, Company employees are prohibited from recommending, "tipping" or suggesting that anyone else buy or sell shares or other securities of the Company on the basis of material, nonpublic information. Company employees who obtain material nonpublic information about another company in the course of their employment are prohibited from trading in the shares or securities of the other company while in possession of such information or "tipping" others to trade on the basis of such information. Violation of insider trading laws can result in severe fines and criminal penalties, as well as disciplinary action by the Company, up to and including termination of employment.

Information is "non-public" if it has not been made generally available to the public by means of a press release or other means of widespread distribution. Information is "material" if a reasonable investor would consider it important in a decision to buy, hold or sell stock or other securities. As a rule of thumb, any information that would affect the value of stock or other securities should be considered material. Examples of information that is generally considered "material" include:

- Financial results or forecasts, or any information that indicates the Company's financial results may exceed or fall short of forecasts or expectations;
- Important new products or services;
- · Pending or contemplated acquisitions or dispositions, including mergers, tender offers or joint venture proposals;
- Possible management changes or changes of control;
- Pending or contemplated public or private sales of debt or equity securities;
- Acquisition or loss of a significant customer or contract;
- Significant write-offs;
- · Initiation or settlement of significant litigation; and
- · Changes in the Company's auditors or a notification from its auditors that the Company may no longer rely on the auditor's report.

The laws against insider trading are specific and complex. Any questions about information you may possess or about any dealings you have had in the Company's securities should be promptly brought to the attention of the Compliance Officer.

PUBLIC COMMUNICATIONS AND PREVENTION OF SELECTIVE DISCLOSURE

Public Communications Generally

The Company places a high value on its credibility and reputation in the community. What is written or said about the Company in the news media and investment community directly impacts our reputation, positively or negatively. Our policy is to provide timely, accurate and complete information in response to public requests (media, analysts, etc.), consistent with our obligations to maintain the confidentiality of competitive and proprietary information and to prevent selective disclosure of market-sensitive financial data. To ensure compliance with this policy, all news media or other public requests for information regarding the Company should be directed to the Company's Investor Relations Department. The Investor Relations Department will work with you and the appropriate personnel to evaluate and coordinate a response to the request.

Prevention of Selective Disclosure

Preventing selective disclosure is necessary to comply with United States securities laws and to preserve the reputation and integrity of the Company as well as that of all persons affiliated with it. "Selective disclosure" occurs when any person provides potentially market-moving information to selected persons before the news is available to the investing public generally. Selective disclosure is a crime under United States law and the penalties for violating the law are severe.

The following guidelines have been established to avoid improper selective disclosure. Every employee is required to follow these procedures:

- All contact by the Company with investment analysts, the press and/or members of the media shall be made through the chief executive officer, chief financial officer or persons designated by them (collectively, the "Media Contacts").
- Other than the Media Contacts, no officer, director or employee shall provide any information regarding the Company or its business to any investment analyst or member of the press or media.
- All inquiries from third parties, such as industry analysts or members of the media, about the Company or its business should be directed to a
 Media Contact or other appropriate persons designated by them. All presentations to the investment community regarding the Company will be
 made by us under the direction of a Media Contact.
- Other than the Media Contacts, any employee who is asked a question regarding the Company or its business by a member of the press or media shall respond with "No comment" and forward the inquiry to a Media Contact.

These procedures do not apply to the routine process of making previously released information regarding the Company available upon inquiries made by investors, investment analysts and members of the media.

Selective disclosure is a topic of intense focus with the SEC following the release of SEC Regulation FD (selective disclosure). Although foreign private issuers, such as the Company, are exempt from Regulation FD, the Company remains liable for selective disclosure. Please contact the Compliance Officer if you have any questions about the scope or application of the Company's policies regarding selective disclosure.

THE FOREIGN CORRUPT PRACTICES ACT

The Foreign Corrupt Practices Act (the "FCPA") prohibits the Company and its employees and agents from offering or giving money or any other item of value to win or retain business or to influence any act or decision of any governmental official, political party, candidate for political office or official of a public international organization. Stated more concisely, the FCPA prohibits the payment of bribes, kickbacks or other inducements to foreign officials. This prohibition also extends to payments to a sales representative or agent if there is reason to believe that the payment will be used indirectly for a prohibited payment to foreign officials. Violation of the FCPA is a crime that can result in severe fines and criminal penalties, as well as disciplinary action by the Company, up to and including termination of employment.

Certain small facilitation payments to foreign officials may be permissible under the FCPA if customary in the country or locality and intended to secure routine governmental action. Governmental action is "routine" if it is ordinarily and commonly performed by a foreign official and does not involve the exercise of discretion. For instance, "routine" functions would include setting up a telephone line or expediting a shipment through customs. To ensure legal compliance, all facilitation payments must receive prior written approval from the Compliance Officer and must be clearly and accurately reported as a business expense.

ENVIRONMENT, HEALTH AND SAFETY

The Company is committed to providing a safe and healthy working environment for its employees and to avoiding adverse impact and injury to the environment and the communities in which we do business. Company employees must comply with all applicable environmental, health and safety laws, regulations and Company standards. It is your responsibility to understand and comply with the laws, regulations and policies that are relevant to your job. Failure to comply with environmental, health and safety laws and regulations can result in civil and criminal liability against you and the Company, as well as disciplinary action by the Company, up to and including termination of employment. You should contact the Compliance Officer if you have any questions about the laws, regulations and policies that apply to you.

All Company employees should strive to conserve resources and reduce waste and emissions through recycling and other energy conservation measures. You have a responsibility to promptly report any known or suspected violations of environmental laws.

The Company is committed not only to complying with all relevant health and safety laws, but also to conducting business in a manner that protects the safety of its employees.
